ASSESSOR'S REPORT.

ASSESSOR'S OFFICE,
SAN FRANCISCO, July 6, 1896. }

To the Honorable the Board of Supervisors
Of the City and County of San Francisco—

GENTLEMEN: In compliance with Resolution No. 14,460 (Third Series) of your Honorable Body, I herewith submit my annual report as City and County Assessor for the fiscal year ending June 30, 1896.

On July 6th I delivered to John A. Russell, Esq., Clerk of your Board, the Assessment Roll of Personal Property, which, with the secured personal property assessed on the real estate book, amounts to \$83,406,790, and the Real Estate Assessment Roll contained in fifty-four (54) volumes, amounting to \$276,919,241, of which \$187,578,691 was the assessment against land and \$89,340,550 was the assessment on improvements. In addition to the above, I also delivered one volume containing assessments for the payment of principal and interest on Dupont Street Bonds, four volumes of Indexes, and fifty-four (54) Block Books of Maps of all the lands and subdivisions of real estate within the City and County of San Francisco.

The Personal Property Roll last year footed up \$62,786,542, while the Real Estate Roll amounted to \$265,018,605. We therefore find a net increase of \$32,520,884 on personal property and real estate over last year, the entire assessment last year having been \$327,805,147, as compared to \$360,326,031 in 1896.

The Receipts and Expenditures of the Office were as follows :

RECEIPTS.

Tax on personal property unsecured by Real Estate.....	\$608,144 92
Poll Tax.....	73,216 00
Total.....	\$681,360 92

EXPENSES.

Salary of Assessor.....	\$4,000 00
Salary of Deputies (regular).....	24,000 00
Salary of Deputies (extra).....	78,977 42
Rolls, Stationery, Block Books, etc.....	2,617 79
Horse and buggy hire.....	556 50
Telephone service (approximate).....	100 00
Subscription to papers.....	25 00
Total.....	\$110,576 71

ASSESSOR'S REPORT.

I herewith submit for your inspection a copy of my annual report to the Surveyor General of this State, with the statistics of the mechanical and manufacturing interests of this City and County.

Very respectfully,

JOHN D. SIEBE,
Assessor of the City and County of San Francisco.

REPORT
OF THE
PUBLIC ADMINISTRATOR
FOR THE
FISCAL YEAR ENDING JUNE 30, 1896.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: A. C. Freese, Public Administrator of the City and County of San Francisco, respectfully makes this return of all estates of decedents which have come into his hands for the twelve months ending June 30, 1896.

A. C. FREESE,
Public Administrator.

June 29th, to Public Administrator.

HEALTH OFFICER'S REPORT.

SAN FRANCISCO, July 1, 1896.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: In submitting this my annual report of the Health Department for the fiscal year ending June 30, 1896, it is my earnest desire to call the attention of the Board of Health and the public to some of the most urgent needs of the Health Department. A reform and general revision of some of the old methods which have so long prevailed and the introduction of the new methods which conform to the requirements and teachings of modern sanitary science is what is needed here at the present time. San Francisco has reached a critical period in her health history, a fact which is emphasized by the events of the past year and the demands of the present moment.

A city which in its infancy is endowed with the most favorable climatic and topographical conditions, with an atmosphere remarkable for its high average of dryness and purity, with a soil which possesses the characteristic essential to free and rapid drainage, with water sources which in their original quality and quantity guarantee a safe supply for generations to come, and with a possible area which admits of active extension without the coincident danger of early overcrowding—such a city is apt, in the plenitude of its sanitary advantages, to pass through its early stages of growth and to develop into a metropolis before it awakens to a recognition of the truth that this heritage is exhaustible, that its credits are of necessity encroached upon in the course of time, and that ultimately, for the preservation of its health interests, it must throw around them the protective agencies of modern sanitary science.

San Francisco at the present time finds herself in such a position. She has such an inheritance to boast, and she has a past of such reckless reliance upon her natural advantages to repent. She is faced with such a necessity for sanitary reform. Her people have come to a point where they cannot ignore the fact that the chemistry of nature is no longer sufficient; that earth, air and water are suffering pollution from the accumulated waste products of human and animal life and from the remains of human and animal dead.

The rapid growth of the population, multiplication of factories, mills and slaughter houses, and of apartments and tenement buildings, the progressively increasing number of vaults, garbage pits and cesspools, the inclusion of cemeteries within the city limits, each and all contribute to this result. Village methods have been perpetuated under metropolitan conditions. Sanitary improvements have not kept pace with natural progress, and the health record of the city suffers in consequence.

Recognizing this condition of affairs to be true, it becomes the duty of the health authorities to carefully consider the needs of the hour. While we may sympathize with the popular idea of retrenchment at this stage of our municipal affairs, we must realize that the health interests of a large city cannot be sustained upon the financial basis which was ample for their support twenty years ago. The truest economy suggests some degree of active expenditure toward those natural health conditions which have done so much to give the city its prestige of the past.

Artificial must be rapidly substituted for natural drainage; the vault and cesspool must be abandoned for the closet and the sewer; modern sanitary plumbing and ventilation must be required. The sewage must be diverted from its deleterious duty of polluting our soil, and must be conveyed to points of discharge into the bay. Animal and vegetable refuse must be destroyed by fire rather than by the tardy process of chemical decomposition. Our food supplies should be subject to careful inspection in the stockyard, the dairy, the bakery and the places of sale. All these reforms press with persistent urgency upon us.

The present Board of Health have endeavored to establish sanitary reforms and modern methods of inspection, and considering the apathy of the public and the active opposition of some of the press and a majority of the Board of Supervisors, they are to be congratulated on the success they have achieved. One of the most important innovations that has been established by the present Board of Health is the system of milk and dairy herd inspection that is now being so successfully carried out.

The amount of adulterated milk that was found and the large number of tuberculous cows that were revealed by the tuberculin test was a surprise and shock to the public, and has demonstrated beyond a doubt the absolute necessity for a continuance of this inspection. This cannot be carried out, however, without the expenditure of a considerable outlay, comprising a sufficient force of inspectors, a veterinary surgeon, a bacteriologist, chemist and a properly equipped laboratory for chemical and bacteriological work.

The health inspection service of the department is entirely inadequate for anything like thorough or effective work. The number of inspectors employed on this service is six, and their time is mostly taken up investigating complaints that are made by citizens at this office and in abating nuisances that come under observation in their respective districts. Nothing like a systematic house to house inspection under the present conditions is possible. The number of inspectors in this department should be increased

so that in certain portions of the city a thorough and systematic house to house inspection could be instituted and a rigid enforcement of the sanitary laws be required in certain localities in this city, notably Chinatown, and the section known as the Latin quarter, and the cheap and over-crowded lodging and tenement houses, located for the most part on the south side of Market street. Many of these houses are in a deplorable condition and are utterly unfit for human habitation, reeking with filth, without any ventilation and worn-out and defective plumbing. These houses should be condemned and torn down.

In the Chinatown and Latin quarter districts there is an immense amount of work that should be done. Many of the houses should be condemned and torn down. The underground cellars in Chinatown, into which the light of day never enters, and in which there is no ventilation whatever, are occupied and used as opium smoking dens and sleeping quarters by hordes of Chinese. The owners of these places should be forced to close them, if necessary, by filling them up with earth. The plague spot known as Chinatown, and located in the choicest part of this city, should be entirely abolished, and with the necessary force of inspectors at my disposal I would gladly undertake the accomplishment of this event.

I have only referred in detail to a few of the reforms and nuisances that might be mentioned. The last few months, I am happy to say, has seen the solution of some of these problems, but the greater part remains to be solved. The history of the sanitary events of the past year will, I trust, hasten the solution of many of the problems that now confront us.

The deaths numbered 5,966, as against 6,059 for the corresponding term of last year. The classification of diseases is as follows:

I—Zymotic, 472.	II—Constitutional, 1,460.
III—Local, 3,068.	IV—Developmental, 581.
V—Violent deaths, 383.	V—Unascertained, 2.

Very respectfully,

A. S. LOVELACE, M. D.,

Health Officer.

HEALTH DEPARTMENT.

MEMBERS OF THE BOARD OF HEALTH.

HON. ADOLPH SUTRO, Mayor and ex-officio President.

G. J. FITZGIBBON, M.D.,	HENRY H. HART, M.D.,

PLUMBING INSPECTOR'S REPORT.

SAN FRANCISCO, July 1, 1896.

A. S. Lovelace, M.D., Health Officer—

DEAR SIR: I herewith submit my report as Plumbing Inspector for the fiscal year ending June 30, 1896:

Number of plans submitted.....	914	Number of inspections in construction..	1,116
Representing houses.....	1,006	Number of inspections on completion..	883

Representing the following classes of buildings:

Private houses, one family.....	358	Churches.....	2
Apartment flats for two families.....	246	School-houses.....	2
Apartment flats for three families.....	92	Club-houses.....	2
Stores and flats.....	69	Factories.....	4
Stores and office buildings.....	10	Stables.....	3
Stores and rooming houses.....	25	Railroad car houses.....	2
Stores.....	26	Additions and alterations.....	119
Hotels and lodging-houses.....	5	Engine houses, S. F. F. D.....	7
Public halls.....	1	Apartment flats for four or more families	29
Warehouses.....	3	Parrott Building.....	1

I respectfully call your attention to the performance of the work of this department in the construction of plumbing in new buildings. I have done all in my power to enforce the rules as strictly as possible, and at the same time treat every one justly. With the exception of a few cases, no difficulties have been encountered. The plumbers in most instances did what they knew to be their duty, and thus assisted me. Two or three arrests were made, and several times work had to be torn out and reconstructed; but only in a few cases was stubbornness exhibited on the part of the plumbers in their refusal to do the work properly.

From my experience I concluded that many additions and alterations could be made in the rules, and I accordingly compiled a new set, which have recently been adopted by the Board of Health. The adoption of these rules involves more work on the employes of this department, and also adds to a great extent to the duties of the Secretary, Mr. Edmond Godchaux.

The late rules applied only to plumbing in new buildings; while those recently adopted

apply to plumbing work in all buildings, whether new or old. The proper enforcement of these rules will require an increase in the number of assistants. In the majority of cases it involves no more expense to do work in compliance with these rules than it did before their adoption. They have received the hearty indorsement of all fair-minded and honest plumbers.

In conclusion, I must not forget the valuable assistance rendered me by the Assistant Plumbing Inspector, Mr. Thomas McGrath, and also thanking you kindly for the assistance rendered this department, I am,

Yours respectfully,

JOHN J. SULLIVAN,

Plumbing Inspector.

ASSISTANT PLUMBING INSPECTOR'S REPORT.

SAN FRANCISCO, July 1, 1896.

A. S. Lovelace, M.D., Health Officer:

DEAR SIR: Herewith please find report of Assistant Inspector of Plumbing and Drainage for the fiscal year ending June 30, 1896:

Number of feet iron-stone sewer inspected	4,730
Number of feet cast-iron sewer inspected.....	62,665
Number of traps at curb of sidewalk inspected	583
Number of inspections made.....	1,547

Respectfully submitted,

THOMAS McGRATH,
Assistant Inspector of Plumbing and Drainage.

CHIEF MARKET INSPECTOR'S REPORT.

SAN FRANCISCO, CAL., July 1, 1896.

To the Honorable the Board of Health—

GENTLEMEN—The past fiscal year has been an extremely busy one for this branch of the Health Department. In addition to my regular duties as inspector of meats, markets, etc., I have, in conjunction with the Milk Inspector, made an examination of the various dairies; inspected poultry as it arrived at the railroad yards, and fruits brought to the city by transportation companies. Many thousands of pounds of shark, which were offered for sale as halibut, have been seized by my assistants and myself. In this particular case, the dealers were ignorant of the fact that they were violating the laws, as the law had never before been enforced.

Under the direction of your Honorable Board, the cows in the Alms House have been inspected, and thirty-one having been found to be afflicted with tuberculosis, were killed. Other ranches have been inspected and the cows subjected to the United States Tuberculin test. Where consumption has been found by the Milk Inspector and myself, the cattle have been condemned and killed.

I would respectfully call the attention of your honorable body to the present poor and inefficient laws governing this branch of the service. They are far below any of the various eastern cities in regard to the thorough inspection of meats and markets, and are lacking in all the essential points at present included in the market laws adopted by these Eastern cities. With a new set of laws, placing this city on a par with those in the east, my assistants and myself could do much more efficient service, in spite of the well known fact that it is almost an impossibility for such a small force to watch every point throughout the city suspected of being an ingress for poor meats. I would also recommend that the board pass an order prohibiting the hanging of meats outside of markets in this city. The reason for this is that the meats become impregnated with the dust from the streets, and in some cases, with the germs of disease. In the poorer sections of the city this is quite noticeable. Such regulations are now in force in Eastern cities.

All of which is respectfully submitted.

BEN. DAVIS,
Market Inspector.

Total number of markets inspected during the year.....	2,861
Total number of restaurants inspected during the year.....	54
Total number of bakeries inspected during the year.....	12
Total number of vegetable stands inspected during the year.....	241
Total number of poultry places inspected during the year.....	128

We have made twenty-one arrests during the year, out of which seventeen were convicted; the others were dismissed on technicalities.

Respectfully submitted,

BEN DAVIS,

Chief Market Inspector.

J. L. RIVER,

A. D. TURNER,

WM. H. JORDAN,

Assistant Inspectors.

HEALTH INSPECTORS' REPORTS.

REPORT OF HEALTH INSPECTOR, DISTRICT No. 1.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health
Of the City and County of San Francisco—*

GENTLEMEN: I hereby submit my report for District No. 1 for the fiscal year ending June 30, 1896:

Number of complaints filed during year.....	696
Number of complaints abated.....	570
Number of complaints, no cause.....	93
Number of complaints referred to other departments	24
Number of complaints unabated	9
	696
Number of cases diphtheria reported	18
Number of cases scarlatina reported.....	12
	30
Number of fumigations.....	31

Respectfully submitted,

DAVID FAY,
Health Inspector, District No. 1.

REPORT OF HEALTH INSPECTOR, DISTRICT No. 2.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health
Of the City and County of San Francisco—*

GENTLEMEN: I hereby submit my report for District No. 2 for the fiscal year ending June 30, 1896:

Number of complaints filed during year.....	392
Number of complaints abated.....	275
Number of complaints, no cause.....	103
Number of complaints referred to other departments.....	14
	392

Number of cases diphtheria reported.	13
Number of cases scarlatina reported	5
	18
Number of fumigations.....	18

Respectfully submitted,

OTTO LUDERS,
Health Inspector, District No. 2.

REPORT OF HEALTH INSPECTOR, DISTRICT No. 3.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health
Of the City and County of San Francisco—*

GENTLEMEN: I hereby submit my report for District No. 3 for the fiscal year ending June 30, 1896:

Number of complaints filed during year.....	620
Number of complaints abated.....	492
Number of complaints, no cause.....	85
Number of complaints referred to other departments.....	29
Number of complaints unabated.....	14
	620
Number of cases diphtheria reported	22
Number of cases scarlatina reported	11
Number of cases of typhoid fever reported	10
	37
Number of fumigations.....	37

Respectfully,

A. T. PATTON,
Health Inspector, District No. 3.

It would appear on its face that, contrasting this report with that of my predecessor, the latter had accomplished much more. An examination of his reports on work done shows that he counted complaints of "dead animals" and "contagious diseases" (amounting to much over one hundred in number) among the list of "complaints filed." In this report "dead animals" are not noted, and contagious diseases are separate.—A. T. P.

REPORT OF HEALTH INSPECTOR, DISTRICT No. 4.

—————
 SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health
 Of the City and County of San Francisco:*

GENTLEMEN: I hereby submit my report for District No. 4 for the fiscal year ending June 30, 1896:

Number of complaints filed during year.....	683
Number of complaints abated.....	532
Number of complaints, no cause.....	89
Number of complaints referred to other departments.....	41
Number of complaints unabated.....	21
	—————
	683
Number of cases diphtheria reported.....	28
Number of cases scarlatina reported.....	29
Number of cases typhoid fever reported.....	15
	—————
	72
Number of fumigations.....	52
Laundries examined and found in a sanitary condition (not included in above number of nuisances).....	56

Much time has been spent investigating hog rauches and getting them condemned, which has resulted in an ordinance passed by the Board of Supervisors removing them from certain limits six months from date of its passage.

Respectfully,

W. H. DUREN,
 Health Inspector, District No. 4.

REPORT OF HEALTH INSPECTOR, DISTRICT No. 5.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health
Of the City and County of San Francisco—*

GENTLEMEN: I herewith most respectfully submit my report for the fiscal year ending June 30, 1896.

It will be observed that in the tables given herein the statement of the work done between July 1, 1895, and August 15, 1895, is segregated. This was done for the reason that prior to August 15th (at which time I was installed), the records of my predecessor show nothing as to what was done in abating complaints, except the word "Abated," written across the original entry. I therefore deemed it expedient, in order to clearly show what had been done under the present administration, that such a segregation be made.

Of the 498 complaints filed from August 15, 1895, to July 1, 1896, 234, or about 45 per cent were filed at the Health Office by citizens, while 264, or about 55 per cent, were discovered by going out into the District and looking for them.

Of the 234 complaints filed by citizens 45 were anonymous, and 79 of them, or about 33 per cent, proved to be without sufficient cause for action; hence only about 37 per cent of the actual work done was initiated by the complaining citizen.

In classifying the complaints in Table No. 1, I have been obliged to be more or less arbitrary, as many complaints contain a number of items each; hence I have endeavored to group them under such terms as would most fully embrace the complaint. For instance, a complaint which enumerates a wooden sewer, an open privy vault, a sink not trapped and rotten planking in yard, would be placed under the term, "Defective Plumbing." In Table No. 3 these various items would be found under the appropriate headings, and while this table does not by any means include all the work done in abating the 471 complaints enumerated, it serves to show the nature and extent of said work.

During the period covered by this report, 20 arrests have been made, but in most cases the persons were allowed to go without prosecution, after they had complied with the rules.

A very important sanitary measure effected has been the draining of Mission Bay mud flats, situated south of Channel street and west of Kentucky street. A 24-inch iron pipe was put in by the Southern Pacific Company across Kentucky street, near Merrimac. This pipe is provided with a gate operated so as to draw off the stagnant water at low tide and admit the salt water at high tide.

TABLE No. 1.

SHOWING TOTAL NUMBER OF COMPLAINTS FILED DURING THE YEAR,
CLASSIFIED.

COMPLAINT	July 1, 1895, To Aug. 15, 1895.	Aug. 15, 1895, To July 1, 1896.	Total.
Defective plumbing.....	21	188	209
Open privy vaults.....		32	32
Defective drainage, sewers, etc.....	4	31	35

In conclusion I desire to thank the Members of the Honorable the Board of Health, Health Officer Dr. A. S. Lovelace and my fellow employees in the Health Department for the universal kindness and courtesy which they have shown me during the time I have had the pleasure to be with them.

Very respectfully,

A. B. KINNE,
Health Inspector, District No. 5.

REPORT OF HEALTH INSPECTOR, DISTRICT No. 6.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health**Of the City and County of San Francisco—*

GENTLEMEN: I hereby submit my report for District No. 6 for the fiscal year ending June 30, 1896:

Number of complaints filed during year.....	595
Number of complaints abated.....	361
Number of complaints, no cause.....	204
Number of complaints referred to other departments.....	22
Number of complaints unabated.....	8
	595
Number of buildings condemned.....	1
Number of cases diphtheria reported.....	16
Number of cases scarlatina reported.....	18
Number of cases membranous croup.....	1
Number of cases typhoid fever.....	8
	63
Number of fumigations.....	58

Respectfully,

GEORGE H. STOUT,
Health Inspector, District No. 6.

REPORT OF CITY BACTERIOLOGIST.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health**Of the City and County of San Francisco—*

GENTLEMEN: The annual report of your Bacteriologist will comprise a brief resumé of the work performed by him during the nine months of his incumbency, and certain recommendations for the better and more efficient conduct of this branch of the Health Department.

The reports rendered during the period previous to the issuance of the improved form of monthly report were not obtainable; hence it is not possible to give them more in detail than to state that the work consisted chiefly in the examination, microscopically, qualitatively and quantitatively, of between fifty and one hundred samples of milk seized by the Milk Inspector, Mr. Dockery. As a result, the findings in the majority of the specimens were the chief evidence in securing the conviction and punishment of the purveyors of impure and adulterated milk.

Various specimens of suspected food products, chiefly meat or diseased animal tissues, submitted by the Market Inspector, Mr. Davis, were also examined. An examination of the drinking water from the various sources of supply, as well as a personal inspection of the manner and method of its collection and distribution, was made and duly submitted to your Honorable Board.

Owing to the fact that the Health Department possesses absolutely nothing in the way of equipment for bacteriological work, the incumbent has availed himself of the generous courtesy of Dr. M. Herzstein, of this city, in the use of his bacteriological laboratory for the preparation of the various culture-media and access to the necessary apparatus for the carrying on of bacteriological examination. The complete equipment of this laboratory has placed no restriction on the labors of your Bacteriologist. Various advisory communications relative to the use of tuberculin and the establishment of stations for the distribution of the materials for the accurate diagnosis of diphtheria, both by letter and in person at Board meetings, are also on file.

Fortunately, our city is remarkably free from that dread scourge of infancy, diphtheria. There is a sufficient number of cases, however, to warrant the equipment of distributing points for sterilized swabs, a printed list of which should be sent to every physician in the city and county; thus the least possible time will be lost between the discovery of a suspected case of diphtheria and the absolute and positive bacteriological diagnosis, either affirmative or negative. By way of comparison, the Bacteriological Division of the Health Department of New York city is regarded as one of the most important, if not the most important, branch of the service.

Ample appropriation is made, commensurate with the recognized invaluable aid of the Bacteriological Department, in supervising the hygiene of the city. The appropriation for that department alone amounts to nearly, if not quite, as much as that for the entire Health

Department of this city. It is to be acknowledged that New York city possesses an ideal equipment in this department, including numerous laboratory assistants and a plant for the manufacture of antitoxins of various kinds.

San Francisco, with a population of close to 400,000, can hardly afford to rest quietly beneath the opprobrium of being absolutely unequipped in a branch of its Health Department so essential to the intelligent supervision over the hygiene of the city. The Bacteriological Division of New York's Health Department has recently succeeded in producing a tetanus antitoxin for successfully combating the results of infection with the tetanus bacillus. They have also prepared a diphtheria antitoxin of much greater antitoxic power than that ordinarily obtainable. These few data are cited by way of comparison and with the sole object of increasing the efficiency of the Health Department. A completely equipped laboratory could be established at a maximum cost of \$1,000.

Since it has become a well established fact that one of the principal agencies in the spread of tuberculosis consists in the inhalation of the dried and pulverized sputum from tuberculous individuals, on the part of others who are either predisposed or in a receptive condition, it becomes necessary to restrict the "expectoration habit." In New York city, expectoration in public conveyances is prohibited; in St. Louis there is the same prohibition, fortified by a warning and subsequent arrest and punishment for what is now classified as a misdemeanor. Among the many cities and towns which have taken a stand on this matter is our neighboring city of Alameda. Surely we cannot afford to be outdone in a question of so great sanitary importance as this by Alameda? If tuberculous individuals, or those whose catarrhal expectorations are a source of danger and disgust to the community, are willfully or ignorantly unmindful of the safety and sensibilities of their fellow-citizens, it seems proper that the Board of Supervisors should be advised by your Honorable Board of the danger lurking in this habit, and the necessary enactment promulgated to check the same, and thus aid in minimizing the sources of contagion from tuberculosis.

With all due modesty, it may be proper to state that some of the valuable results thus far attained by your Honorable Board looking to the purification of the food supply would not have been possible without the co-operation of one versed in the use of the microscope and the necessary technical knowledge.

In conclusion, I wish to express to your Honorable Board my deep appreciation of the confidence reposed in me. It shall always be my endeavor to be in every way worthy of its continuance, and to exert myself to second your efforts on behalf of the city's hygienic welfare, to the best of my ability.

Respectfully submitted,

JOHN C. SPENCER, M.D.,
City Bacteriologist.

CHEMIST'S REPORT.

*To the Honorable Board of Health
Of the City and County of San Francisco*

GENTLEMEN: Herewith as Chemist to your Honorable Body I beg to make the following statement to embody in your annual report:

That during the past fiscal year I have analyzed thirteen (13) samples of water at your request, a report of which has been submitted to you. Also, analyzes of twelve samples of Fruit Jellies obtained from Eastern, Local and Domestic make, a report of which has also been placed in your hands. I have not been idle in prosecuting the matter of Fruit Jellies, and have found Lemon and Pineapple Jellies, which do not contain a trace of these fruits, together with other jellies manufactured from decayed fruit, the decomposition products of which I deem a menace to health. I would recommend that a chemical and microscopical analysis of other articles of food be instituted to embrace such articles of food, many of which are adulterated to an alarming extent, together with Liquors, Wines and Drugs.

In order to do this work thoroughly a Laboratory, suitably equipped to do such work, is an absolute necessity.

Respectfully submitted,

W. T. WENZELL.

CITY CEMETERY SUPERINTENDENT'S REPORT.

SAN FRANCISCO, July 1, 1896.

To the Honorable the Board of Health
Of the City and County of San Francisco—

GENTLEMEN: I have the honor of submitting for your consideration my annual report for the fiscal year ending June 30, 1896.

Of the several societies having burial plots in the City Cemetery, there have been interred as follows :

From Italian M. B. Society.....	178	From Grand Army of Republic.....	13
“ French “ “	19	“ Colored O. F. M. B. Soc.....	2
“ German “ “	19	“ Old Friends.....	2

Very respectfully,

J. O'KANE,

Sup't City Cemetery.

DISINTERMENT INSPECTORS' REPORT.

SAN FRANCISCO, July 1, 1896.

*To the Honorable Board of Health**Of the City and County of San Francisco—*

DEAR SIR: We respectfully submit our report of disinterments and removals for the fiscal year ending June 30, 1896:

Disinterments took place at the following cemeteries, viz.:

City (white).....	36	Home of Peace.....	84
City (Chinese)	313	Giboth Olam	544
Laurel Hill (white).....	41	Mission Dolores	13
Laurel Hill (Chinese)	5	National.....	1
I.O.O.F.	59	Angel Island.....	1
Calvary	102		
Masonic.	34		
		Total	1,233

Removals were as follows, viz.:

City	6	St. Paul, Minn.....	1
Laurel Hill	15	Niles, Mich.....	1
I.O.O.F.....	8	Cincinnati, Ohio.....	1
Masonic	11	New York City, New York....	1
Calvary	1	Worcester, New York.....	1
San Mateo County—		Tarrytown, New York.....	1
Cypress Lawn.....	65	Wisconsin.....	1
Holy Cross.....	109	New Bedford, Massachusetts..	1
New Salem.....	35	Northampton, Massachusetts..	1
Home of Peace.....	85	Massachusetts.....	1
Hills of Eternity.....	513	Chicago, Ill.....	1
Oakland.....	27	New Orleans, La.....	1
San Jose.....	1	Philadelphia, Penn.....	1
Los Angeles.....	2	St. Louis, Mo.....	1
Sacramento	1	Kansas City, Mo.....	1
Stockton.....	1	Lowell, Massachusetts.....	1
Valley Springs.....	2	Nashville, Tenn.....	1
Santa Clara.....	2	Wasica, Minn.....	1
San Diego.....	2	Middleberg, Va.....	1
Vallejo.....	1	Honolulu, H. I.....	1
St. Helena.....	3	Masonic Temple and return to Laurel Hill.....	
Monterey	1	China	318
Bandon, Oregon.....	1		
Virginia City, Nev.....	1		
Nevada.....	1	Total.....	1,233

In addition to the supervision of the above disinterments and removals, we have inspected the vaults in the various cemeteries throughout the year, and have found them all in excellent condition.

Respectfully,

A. K. HAPERSBERGER, M. D.,
RICHARD M. JONES,
Disinterment Inspectors.

QUARANTINE OFFICER'S REPORT.

SAN FRANCISCO, July 1, 1896.

I would respectfully call the attention of your Honorable Body to the dilapidated and unhealthful condition of the Twenty-sixth Street Hospital.

Time and again the City Physician's office has called the public attention to this institution, which is a disgrace to the civilized community in which we live. Years have rolled by, and time and weather have so wrecked the hospital buildings that repair is impossible, and our only alternative is a new hospital for the poor, unfortunate inmates of this institution.

Its present situation is anything but conducive to good health, for the reason that it is surrounded by filthy swamps, into which some of our sewers enter, and the effluvia is deadly.

In justice to the unfortunate outcasts who are obliged to occupy this hospital, I would recommend that your Honorable Body take some steps towards the building of a new one for contagious diseases.

Respectfully submitted,

A. P. O'BRIEN, M. D.,
City Physician.

ASSISTANT CITY PHYSICIAN'S REPORT.

SAN FRANCISCO, July 1, 1896.

*To the Honorable Board of Health**Of the City and County of San Francisco—*

GENTLEMEN: I have the honor of submitting for your consideration the following annual report of the City Receiving Hospital, for the fiscal year ending June 30, 1896.

The number of cases admitted from June 30, 1895, to June 30, 1896, was 6,549, averaging 545.8 a month. 456 of these cases were insane. The slight decrease of 155 cases, against the previous year, is readily explained by the smaller number of insane (456 against 521), and the strict observance of the rule to refer cases of long standing, and not in immediate danger to the various polyclinics.

Of the proposed and necessary improvements, but few could be carried out. A more spacious room on the first floor was acquired for the surgeons on duty, and preparations have been made to change the former surgeons' room into a second operating room. The surgical outfit for the latter, however, and the badly needed instruments could not be obtained for the want of necessary funds. For the same reason all efforts to procure healthier and more appropriate accommodations for the insane have proved futile, and also has it been impossible to replenish our most deficient stock of bedding and furniture.

Very respectfully,

DR. CONRAD WEIL.

CLASSIFIED LIST OF AILMENTS AND INJURIES TREATED AT THE CITY RECEIVING
HOSPITAL DURING THE FISCAL YEAR ENDING JUNE 30, 1896.

Abrasions of arms, hands and fingers....	91	Bright's disease.....	1

Waste Land.....	4
Total	80

LIVE STOCK.

Horses	12	Hogs, small.....	27
Cows.....	3	Chickens.....	47
Hogs, large.....	34	Ducks	9
Total.....			132

The appropriation for the use of the Almshouse for 1895-6 was \$80,000. The Auditor's figures show that the amount paid out on the Almshouse account was \$79,844.38, leaving a balance of \$155.62 of the appropriation to revert to the City treasury.

From the opening of the Almshouse to the present time, 17,252 inmates have been admitted and provided with a comfortable home.

During the month of April, 1896, 19 cows and 2 bulls, having been found to be infected with tuberculosis, have been killed by order of the Health Department. Consequently an extra outlay of \$900 for milk was caused for the last two months of the past fiscal year. I beg to recommend an early purchase of at least twenty cows, being absolutely necessary for the reduction of cost of milk, as well as a necessary supply of manure for our farm.

We have raised most of the vegetables used for the board of the inmates, and the product of twenty-eight acres of potatoes. We also raised and used 2,727 pounds of beef and pork.

The necessity of building a new laundry is well known to your Honorable Board, and I hope to be able to accomplish that during the coming fiscal year, as well as make many other necessary repairs.

We supply water to an adjoining milk ranch and take in payment one can of milk (three gallons) per day, valued at 50 cents per can. Received for the sale of one calf \$6, which amount has been turned over to the City Treasurer by the present Superintendent, this being all the money received during his term of office, since May 15, 1896.

To those of San Francisco who have kindly contributed reading matter and other articles, and to the taxpayers, we return our sincere thanks.

Thanking the Honorable Board of Health and Board of Supervisors for their kind support and co-operation, we most respectfully submit the above report.

E. A. REDDY,
Superintendent.

REPORT OF MEDICAL DEPARTMENT OF ALMSHOUSE.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health
Of the City and County of San Francisco—*

GENTLEMEN: I hereby present to your Honorable Board the yearly report of the Medical Department of the City and County Almshouse for the fiscal year ending June 30, 1896:

Number of inmates July 2, 1896.....	870
Average number of inmates.....	847
Number of inmates died.....	146
Number of patients treated during year.....	4,755
Number of prescriptions during year.....	8,330
Cost of drugs, alcohol and liquors during year.....	\$1,459 00
Cost of drugs, alcohol and liquors per month.....	\$121 66 $\frac{2}{3}$

Respectfully submitted,

W. E. CONLAN, M.D.,

Resident Physician.

HOSPITAL REPORT.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Health
Of the City and County of San Francisco—*

GENTLEMEN: I have the honor to submit for your consideration the following, being the forty-third annual report of the City and County Hospital for the fiscal year ending June 30, 1896.

The summary of items, as appended, will be further described in detail, as per inclosed reports.

SUMMARY.

Patients in Hospital July 1, 1895.....	266
Patients admitted in Hospital during year.....	3,422
Total to be accounted for.....	3,688
Patients discharged cured.....	1,372
Patients discharged improved.....	1,430
Patients sent to Almshouse.....	127
Patients died during year.....	465
Patients remaining July 1, 1896.....	294
	3,688
Smallest number at any time—July 3, 1895.....	254
Largest number at any time—January 27 and 28, 1896.....	380
Total number of days' treatment.....	121,952
Daily average of patients.....	332.2
Daily average of employees.....	99.36
Percentage of deaths to results.....	14.49
Percentage of deaths to total number treated.....	12.61
Average time under treatment (days).....	33.07
Cost of provisions per person per day.....	\$0.1829
Total expense per patient per day.....	0.6872
Total amount expended.....	\$82,932 11
Furnished to Smallpox Hospital, etc.....	4,779 59
Actual outlay for running expenses.....	77,152 52
Amount of appropriation.....	80,000 00
Balance of appropriation, less running expenses.....	2,847 48

BUILDINGS.

The condition of the buildings and their defects have been repeatedly alluded to in very uncomplimentary terms by former Superintendents. That they should be allowed to stand after having outlived their usefulness seems a shame and a lack of proper regard for those who are housed here as patients or officials.

The Honorable the Board of Supervisors have promised to repair the buildings and put them in as serviceable a condition as their age will warrant. It is also intended to erect a building, capable of housing twenty patients, thereby providing for the segregation of offensive and contagious cases.

As soon as these improvements have been made, the efficiency of the Hospital will have been materially increased.

NURSES.

It has been found necessary to increase the number of nurses owing to the increased number of patients. The training school, as now organized, will prove to be successful, insuring better results both to patients and nurses.

I must reiterate the statement of my predecessor, that the nurses' quarters are wholly inadequate for the purpose they are intended to serve. An appropriation should be obtained looking to their comfort, by the construction of a building sufficiently large to provide suitable living quarters and classrooms.

The number of internes has been increased from nine to thirteen, thereby insuring complete and reliable records of all cases treated, as well as better service in the wards and out-clinics.

DAILY EXPENSE.

The daily expense, as per appended report, compared with the previous fiscal year, shows a reduction to the following extent, viz.:

	1894-95.	1895-96.
Subsistence per patient per day	\$00.2653	\$00.2549
Subsistence per person per day	00.2040	00.1829
Total cost per patient per day	\$00.7242	\$00.6872

I remain, very respectfully,

Your obedient servant,

F. H. STAHL, M.D.,

Superintendent Physician City and County Hospital.

STEWARD'S REPORT.

SAN FRANCISCO, July 1, 1896.

*F. H. Stahle, M. D., Superintendent Physician
Of the City and County Hospital—*

DEAR SIR: I beg to hand to you my report for the fiscal year ending June 30, 1896.

The expenses have been heavy in repairs and renewal of equipment, but I anticipate a much lower expenditure next year, in view of the superior manner in which our repairs have been made and the decrease in cost of staple provisions. These causes, together with the economic changes made during your administration, if steadily pursued, will insure a very satisfactory result.

The condition of the Hospital is very well expressed in the following extract from the report of a predecessor, Mr. Coe, in 1886: "The Hospital is getting old, and almost constant repairing is necessary; in fact, there is a general decay progressing throughout the buildings; besides, the demand for the supply of bedding will be very heavy in the near future."

All our repairs have been, and shall be, substantially made, and in renewing our equipment modern ideas shall have a place, and the general and permanent improvement of the institution be the main object.

I append, for your information, a general statement of the principal repairs effected; the whole in detail would consume too much space.

In the Executive Building the officers' dining-room has been tinted, painted and grained. New tables (made on the premises) have been furnished; new window shades have been provided where needed; the closets and bath-rooms have been tinted and painted, new pots placed where necessary, tanks and valves repaired and stop-valves fitted to every tank. A new clinic room has been added, namely, the Medical Out-Clinic, and equipped with the necessary examination tables and screens, made on the premises. Both Clinic Rooms have been tinted and grained. A Club Room for the internes has been built in the basement, and supplied with matting, chairs, etc. Basement water-closets have been refitted, and much has been done to improve the sanitary condition of the building.

In the Patients' Dining-room the ceiling has been re-plastered where the plaster had fallen, the room tinted and grained, and the furniture put in good condition. The table furniture here will be modernized as quickly as funds will permit.

In the nurses' quarters a class-room has been made in the corridor, lighted by gas, large table, chairs and curtains provided; water-closets and bath-room tinted and painted, new pots placed where necessary, valves and tanks overhauled, and stop-valves fitted to every tank.

In the kitchen the ranges have been repaired, copper utensils repaired and re-tinned, new faucets fitted over sinks and many other necessary repairs made.

In the laundry the engine has been overhauled and the lost motion has been taken up. This was done by our machinist. The centrifugal separator was repaired by outside help, and the washing drums by our carpenter.

In the boiler room and machine shop we repaired the Worthington pump, put in new piston and valves in both steam and water ends, remodeled pipes of pump and boiler throughout, and effected a great saving of fuel by using hot water for feed. Furnished new lubricator for pump; put in new backstand grate-bar and bridge-wall plate, and calked tubes and seams; repaired tools, built new work-bench and laid new floor underneath.

In the wards, etc., repaired 32 water-closets, fitted 9 new Rainier and 3 Budde pots, 20 half-inch inlet valves and 20 half-inch stop valves; furnished two new coal stoves for Wards C and E; repaired and painted 32 bedsteads; re-tinted Ward N closets and bath room; also several pantries and stairways; traced water-supply pipes, fitted stop-valves and boxed same, so as to be able to shut water off from any ward.

In the stables four new stalls were re-built and new flooring laid. Repaired sewers and laid new sewer-pipes, where necessary, as far as the funds at our disposal would permit.

The cost of the principal repairs is as follows:

Repairs to buildings, sewers, etc., including material	\$1,075 00
Repairs to laundry.....	102 43
Repairs to boiler and machinery.....	328 90
Inspection of boiler.....	25 00
Repairs to stoves and kitchen utensils.....	180 00
	\$1,711 33

In view of the fact that the Supervisors promised to create a special fund for repairs, and an expert has been sent by them to ascertain their extent, I omit my list of requirements in that direction.

Respectfully,

GEORGE ROBINSON,
Steward City and County Hospital.

MILK INSPECTOR'S REPORT.

SAN FRANCISCO, July 1, 1896.

*To the Honorable Board of Health**Of the City and County of San Francisco—*

GENTLEMEN: I have the honor to submit the following report for the fiscal year ending June 30, 1896.

The work of inspection has proceeded with anything but smoothness. Numerous obstacles were encountered from the fact that dealers were unused to have their wagons stopped and adulterated milk destroyed. It gives me great pleasure, however, to state that good results have been obtained, considering the short space of time, viz., nine months, since my appointment, and considering the further fact that there is but one Milk Inspector for a city over seven miles square, and that there is no appropriation for any inspection according to a general system.

I am sorry to see that after the strenuous and untiring efforts of the Board of Health, together with the splendid results which have been produced in the inspection of milk, that the department has not met with the assistance which it deserves.

San Francisco is the only large city in the Union which has not a complete milk and food inspection department, and, unless a thorough system is established, it is almost useless to expect much improvement in the general condition of affairs as they now exist. The most necessary recommendation that can be made at this time is the opening of the four food inspection stations which have been established and should have been in operation many months ago. Considering that milk arrives in this city during every hour of the day and night, and from all adjacent counties, you will at once recognize the importance of the above recommendation. It is also a matter of grave importance, and in fact most necessary, that the department establish and maintain a laboratory in order that the proper analysis of foods can be made.

Following is a summary of work done from October 1, 1895, to June 30, 1896:

Number of arrests.....	228
Number of dairies visited.....	127
Number of samples of milk taken from wagons.....	1,722
Number of gallons of milk condemned and destroyed.....	7,280
Number of samples of milk taken from grocery stores, hotels and restaurants.....	265
Number of cows inspected.....	3,784
Number of cows killed.....	56

Respectfully,

JAMES P. DOCKERY,

Milk Inspector.

REPORT OF THE BOARD OF HEALTH

OF THE CITY AND COUNTY OF SAN FRANCISCO.

To the Honorable the Mayor of the City and County of San Francisco—

DEAR SIR: While it has not been customary for the Board of Health of this city to make or file any report of its proceedings and official conduct, other than such as is to be found in the minutes of its meetings and its correspondence, it would seem in the last degree not only proper but necessary that such a report should be made annually.

As no provision is made therefor, we have concluded that such a report should be directed to the Mayor of the city, who is not only the head of the city government, but seems to have been specially charged with attention to the matter of the public health, being made, by virtue of his office of Mayor, the President of the Board of Health.

This Board entered upon its duties of office on the 17th day of July, 1895, the day of its first meeting. A brief survey of the situation then existing will be at least significant.

The total expense of the city government for the year 1895 was over \$6,400,000. The total appropriation for the Department of Public Health in that year was \$26,000. This appropriation had remained practically stationary for about twenty-five years, during which time the population, the populated area and the city's expenses had about doubled. The law provided for the following officers of the Health Department, namely: A Health Officer, a Secretary and Assistant, six Health Inspectors, one Market Inspector and one Messenger. The Board of Supervisors, however, had appropriated sufficient money for a Plumbing Inspector and Assistant and three Assistant Market Inspectors. This was the force provided by law for the Public Health Department of a city seven miles square, containing 350,000 inhabitants.

We have attempted to indicate the deficiencies of this Department by a statement of what the Department had, rather than what it lacked, in order to bring this report within reasonable limits; but it may not, nevertheless, be improper to mention the fact that the city was without an ambulance system, and that it had no laboratory of any kind, nor any Chemist nor Food Inspector, nor any Inspector of Schools, Baths or Laundries, or Bakeries or Sewers; and that its City and County Hospital, its Pesthouse, its Almshouse and its Emergency Hospital, whose officers were appointed by this Board, were all four far from creditable to the city.

Former Boards of Health had considered that further legislation or additional appropriations were alike practically impossible, and therefore accepted what seemed to them to be the inevitable and left this Department as they found it—wretched, insufficient, disgraceful and, as they thought, hopeless of betterment. This Board believed, first, that the paramount functions of its office must be accompanied by legal powers equally great, and, secondly, that the public would approve of the appointments and sanction the appropriations necessary to safeguard the public health. And so believing, it proceeded on both of these lines of legal power and public approval to make such appointments and obtain such municipal appropriations as would accomplish this important purpose.

In its work in this regard the Board has had the good fortune to be aided, not only by its regular attorney, the late Mr. Dennis Spencer, who devoted himself to this work with earnestness and enthusiasm, and since his death by its eminent counselor, Mr. Garret W. McEnerney, but both as a friend and a private legal adviser of the Board, its work has been furthered by Mr. J. B. Reinstein and also by Mr. Isidor Jacobs, the latter of whom has been a tireless and efficient worker in the interest of the public health, and the former of whom first gave to this Board a clear and convincing exposition of its paramount legal powers in matters concerning the public health; who drew and aided the adoption of the Milk Ordinance of this city and suggested therein the plan for the four Open Public Food Inspection Stations; who indicated the line of procedure to destroy premises unfit for human occupation, and the movement for obtaining additional appropriations, and, in fact, consulted and advised with this Board almost daily on every important step it has taken since the Board was organized.

Though this Board was informed in July, 1895, that it had the legal power to make all appointments necessary for a proper Health Department, it preferred first to try to obtain the necessary appropriations and sanction from the usual channel, namely, the Board of Supervisors. Therefore, only the most necessary appointments, such as a Public Vaccinator, a Milk Inspector, a Veterinary Surgeon and a Bacteriologist, were made at once, and milk and dairy inspections were begun promptly, and the Milk Ordinance passed, with what immediate and complete success and saving of infant mortality this community is generally well aware and the records clearly show. The effective and courageous public service of the Milk Inspector, Mr. James P. Dockery, is deserving of more than passing notice. His experience has made clear the fact, not only that adulteration of food, especially milk, was general in this city, but that the present system of inspection, by one or two men, of the food coming into a city seven miles square during every hour of the twenty-four, was utterly inadequate, and that the plan of Open Food Inspection Stations at the four approaches to the City, which stations are kept open night and day, is the only method which will insure a thorough and systematic inspection of the daily food supply of the inhabitants.

With the force at first appointed, however, this Board undertook and made, not only the inspections of milk and dairies, but also the examination of dairy herds by the United States Tuberculin Tests, and the killing of tuberculous cattle, which has resulted most advantageously to this City, and also a thorough examination of the water supply of the City, taking numerous samples from all reservoirs, careful analysis of which samples indicated an excellent water supply, except in one instance, which was remedied promptly. It also undertook, and has carried to a successful conclusion and termination, the destruction of premises unfit for human occupation, and has made good, and generally appreciated in this community, the language of the public letter of this Board indicating its purpose in this behalf: "*This Board will see to it that light, SUNLIGHT if possible, and pure air, shall permeate the habitation of every human being in San Francisco, and that the dark, damp, foul places below and above ground which breed and emphasize disease, moral as well as physical shall do so no longer.*"

This work was done by calling into conference with this Board the Chiefs of the Police and Fire Departments and the Chinese Consul to aid the Board in the enforcement of sanitary regulations, especially those which had to be carried out in the so-called Chinese quarter. After considerable discussion, and the expression of some doubt as to the power of the Board to destroy premises, except after judicial condemnation thereof, an inspection of the premises sought to be condemned was made by this Board and the Health Officer,

and the Chiefs of the Police and Fire Departments, the President of the Police Commission and representatives of the Chinese Consulate, and thereafter condemnations were made by the Board in numerous instances; and, after legal notice to the tenants to vacate the condemned premises, such premises were torn down to the ground, and the cost of so doing made a lien upon the property, thus vindicating the superior right and claim of life and health over so-called property. Up to the present time twenty-eight houses have been condemned by this Board as public nuisances, of which fourteen have been destroyed by the Board, three by their owners, and the balance await destruction; while thirty-eight other houses have been inspected and will be condemned shortly. In a few instances injunction suits were brought against the Board to restrain it from destroying condemned buildings, but in every case reached thus far the plaintiff has either been beaten or has abandoned his suit, or has torn down his own premises at his own expense. These condemnations will be continued in every portion of the City as rapidly as the number of officers of this Board will permit. In this connection it may be well to note that this Board has ordered, and there is now being conducted, a house-to-house inspection of every building in this City for the purpose of determining whether all sanitary regulations are being properly carried out, such inspection being conducted by the entire Police force of this City: every officer, regular or special, having a regular beat in this City being ex officio a Health Inspector. This method is found to work most advantageously, and is practically the only one approaching anything like thoroughness and system. For the first time in the history of this City, about 500 policemen have been engaged as Health Inspectors, making a thorough and systematic investigation and report of the sanitary condition of every part of the City. During the short period of this inspection 15,147 houses have been visited and 402 nuisances abated therein, all due to such inspection. For the invaluable aid of the Police and Fire Departments of this City in the foregoing matter, too much praise cannot be given to Mr. P. J. Crowley, Chief of the Police Department, and Mr. Dennis Sullivan, Chief of the Fire Department, whose assistance and counsel have been rendered to this Board at all times and in all proper ways in furtherance of the public health.

This Board also inaugurated a system of flushing the sewers, cess-pools and gutterways of the streets at the same time, by opening a large number of hydrants at once along the line of a single street, from the top of the hill to the sewer outlet, a method which has resulted not only in cleaning the gutter-ways and the corner cess-pools, but in throwing a large volume of water through the sewers of a single street, in this way doing effective service.

From the time this Board has been in office, it has been engaged continuously down to the 21st day of September, in persistent, ceaseless and varied efforts to obtain from the Board of Supervisors of this city a sufficient appropriation for a proper Health Department. These efforts were made by letters and verbal appeals to the proper committees of the Board of Supervisors, who were addressed on that subject frequently; by correspondence with the Board itself, and with the late Grand Jury, setting forth the needs of this Department; by a public meeting of all the associations in the city, organized in the city's interest, called the Chamber of Commerce, and generally attended, which meeting and its committees were addressed by Mr. Hugh Craig, President of the Chamber of Commerce, Rev. Dr. Stebbins, Mr. Isidor Jacobs, Mr. J. B. Reinstein and others, and which meeting adopted resolutions favoring the demanded appropriation, and which resolutions, setting forth the amounts demanded, were generally signed by taxpayers, including almost every commercial bank and real estate agent, wholesaler and capitalist, and building and loan association in the city.

At no time within twenty years past was it so difficult as during the present year to

obtain such an appropriation. The tax levy for the year 1895 of \$2.25 per hundred, coupled with the long-continued serious business depression, had given the public much reason to complain, and the Board of Supervisors ground to refuse the requested appropriation.

The Finance Committee of the Board had reported against any additional appropriation, except an insignificant one; but the Board of Supervisors, rising above political considerations and public clamor, to their credit be it said, gave the appropriation asked, almost in toto, and on September 21st, the appropriation for the Health Department of San Francisco was made \$65,000 00, instead of \$26,000 00, as fixed for the year 1895, and for the first time in its history San Francisco had an appropriation sufficient for a laboratory, for chemists, for an ambulance system, and school, bath, bakery, sewer, laundry and food inspectors, a clerk of vital statistics, a bacteriologist, a vaccinator, a veterinary surgeon, a typewriter and sufficient office expenses. While at practically the same time \$10,000 00 was set apart for the repairs of the City and County Hospital, and a sufficient appropriation to permit the destruction of the ram-shackle Pest House, which has disgraced the city for many years; sufficient money for the entire and proper outfitting of the Emergency Hospital, with operating tables, instruments and materials; and for the repairing and erection of sufficient buildings at the Almshouse to make that institution more creditable to the city.

It will be understood readily that as this department had been neglected so long, this Board has rendered far more service, and its time and attention have been absorbed far more than is usual, or was to be expected, in the conduct of this office. It will not be surprising, therefore, to learn that our regular meetings have averaged about one a week, while the conferences, inspections and investigations have necessitated our daily attention since our term of office began. These conferences have been with the representatives of professions, trades and pursuits, such as physicians, nurses, merchants, milkmen, butchers, bakers, plumbers, etc.; with the various officers of the city government, with the State Board of Health, with the federal authorities in the Quarantine Service, not only by day, but by night, and frequently with the same representatives time and time again.

Our inspections have been made of the schools and of the so-called Chinese and Latin quarters and the various other portions of the city, of the Pest House, the Almshouse, the hospitals, the bakeries, Butchertown, the slaughter-houses, hog-ranches, water supply and dairies, sewer system and the quarantine service. In addition to the ordinary inspections of the City and County Hospital and the Almshouse, the former has been investigated by a special committee for that purpose during many months, and the Almshouse likewise. The investigation of the last named institution being made under and in spite of political clamor and general prejudice, in favor of the Superintendent, whom we removed despite public outcry and press criticism and Grand Jury favoritism.

In the latter part of June of this year the United States authorities attempted to take charge of the Quarantine Service in a manner we considered demeaning to the dignity of the State of California. The correspondence of this Board in that behalf will indicate that the position taken by this Board was promptly recognized as correct by the United States, as proper toward the State of California, and resulting in greater efficiency of the Quarantine Service.

The care, or rather lack of care, of the insane of this city preliminarily confined prior to final commitment, has been most disgraceful for many years. Owing to the efforts of this Board, aided by the effective and kindly service of His Honor, Judge J. C. B. Hebbard, such persons are now treated with proper consideration and humanity, and have been given vastly improved accommodations.

The long neglect of almost every branch of the Health Department has necessitated

our almost constant attention to the most pressing immediate needs of the department. These we have labored steadily to mitigate, and hope still to continue so doing, while in addition we are anxious to take up and remedy certain great forms of evil and injury to the public health, of which we have not lost sight for a moment for the past year. Notably among these will be the tracing out and locating the causes of the many cases of Typhoid Fever in this city, and the attempt to prevent so great a mortality as hitherto exhibited in the records. Also the investigation and abolition of the unsanitary conditions which result in the spread of Diphtheria among school children, but above all the putting forth of still more vigorous efforts to check the progress of Tuberculosis.

Before concluding this report, the Board desires to emphasize and invites your attention to the matter of quarantining and destroying tuberculous cattle, as being an absolute and imperative necessity for the preservation of the health of the community. Carefully compiled statistics have shown that one-seventh of all deaths in the United States are the result of tuberculosis, and this Board has recognized with humiliation and chagrin that up to this time this most insidious and most fatal of all diseases has been permitted by ignorance, apathy and a spurious conservatism on the part of local authorities to become so prevalent as to cause the City of San Francisco to be identified as one of its favorite breeding places.

The neglect and indifference to the lamentable state of affairs evidenced by officials who have presumably been gifted by nature with the intelligence to recognize, and have been vested by popular suffrage with the power to prevent and abate this blight upon our population, calls for the most bitter condemnation, and should be classed as a crime against humanity. That vigorous and impartial action is necessary has been demonstrated to a certainty since the establishment of the Dairy Quarantine and the use of Tuberculin Tests. Previous to this action of the Board, the earnest efforts and warnings of the State Board of Health had fallen on ears which heard not, and were entirely ignored by those to whom they were addressed, but so soon as the milk supply of this great city was threatened, which was done by the letter of this Board addressed to the Board of Health of every county of this State, establishing a quarantine after October 1, 1896, on all cows, and the milk from cows, not subjected to the United States Tuberculin Tests, the commercial instinct and self-interest of stockmen and dairymen of every county contributing to the supply of this city, as well as to the cities of the interior, forced them into obedience to the dictates of the health authorities.

Although reference to the report of the Secretary shows a flattering decrease in the rate of infant mortality, a fact which is in itself very satisfactory to the Board, and can be credited beyond a doubt to the establishment of milk inspection, yet we feel that the work of active sanitation has but begun, and a vast deal remains to be accomplished.

This warfare against disease and unsanitary conditions of every form will be carried still further and with more aggressiveness than before. The efforts of the Board will include the recommendation of the adoption of an ordinance prohibiting, under penalty of arrest, the habit of indiscriminate expectoration in streets and other public places, as well as other measures which will tend to educate the general public up to the proper recognition of Tuberculosis as a most fatal and infectious disease, and subject to the same regulations and same restrictions as those diseases which are now classed as dangerous and infectious, but which in comparison with Tuberculosis deserve but a fraction of consideration.

G. J. FITZGIBBON,
H. H. HART,
J. F. MORSE,
J. M. WILLIAMSON.

REPORT

OF THE

BOARD OF PARK COMMISSIONERS.

PARK OFFICE, July 1, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: The Park Commissioners herewith present a report of their management of the grounds under their charge for the year ending June 30, 1896.

JOSEPH AUSTIN,
IRVING M. SCOTT,
JOHN ROSENFELD,
Board of Park Commissioners.

THE BOARD OF PARK COMMISSIONERS.

LIST OF DONATIONS RECEIVED DURING THE YEAR 1895-96.

Mrs. Jos. Austin.....	1 Package of Sequoia Gigantea Seed
D. and W. J. Stewart.....	1 Deer
H. R. Noack.....	1 Owl
J. Burt Davy.....	Seeds of Cypress and Eucalyptus Drepanophylla
J. Burt Davy.....	Seeds of Eucalyptus Rostrata and Eucalyptus Gunnii
Miss E. Rodda.....	1 Crane
Mrs. R. E. Queen.....	1 Orchid
M. Hecht.....	2 Deer
Thomas Williams.....	2 Rossignols
Mrs. E. Kane.....	1 Cockatoo
Mrs. C. Nevills.....	1 Cassowary
A. P. Redington.....	Collection of Tree Seeds
Mrs. Jos. Roylance.....	50 Canaries
Mrs. Sturge.....	1 Squirrel
James Nealon.....	Collection of Wild Flower Seeds from Yellowstone Park
Dr. R. Bowie.....	Collection of Nelumbium Seeds
E. A. Leigh.....	Seeds of Honey Locust from Washington's Tomb, Mount Vernon
Mrs. L. Fisher.....	Collection of Seeds from Africa
C. W. Coburn.....	1 Package Atriplex Semilacatum Seed
J. D. McGilvray.....	Collection of Colorado Blue Spruce Trees
Miss E. Ackerman.....	1 Ring Dove
Ed. Doneborg.....	1 Owl
M. Manson.....	1 Package Juniper Seed
A. Morris.....	Collection of Birds
Mrs. Ramey.....	1 Minor
Dr. L. Yates.....	Collection of Seeds
F. Bennett.....	Root of Nelumbium Speciosum
Wm. Greenfield.....	3 Alaskan Geese
I. C. Coggin.....	1 Package Sugar Maple Seed
California Fruit Growers Association.....	1 Box of Assorted Seed from Guatemala
H. W. Skinner.....	1 White Squirrel
S. H. Friedlander.....	1 Pair Mongolian Pheasants
Fish Commissioners.....	20 Yearling Green Sunfish, 8 Large Mouth Black Bass Yearling
Fish Commissioners.....	4 Yearling Yellow Perch, 12 Yearling Sunfish
T. Lee.....	Collection of Plants
Hon. Wm. Alvord.....	Package of Seed and 52 copies of the Gardeners' Chronicle
Schwerin Bros.....	7 Plants Adiantum and 2 Plants Alpinia Nutans
R. T. Van Nouse.....	1 Package Tussac Grass Seed from Samoa
A. Lindholm (Steamer "Alameda").....	1 Tamarind Tree
Allan J. Roy.....	1 Deer
Mr. S. Simons.....	1 Package Balsam Apple Seed

GOLDEN GATE PARK MUSEUM.

ACCESSIONS DURING THE YEAR, FROM JULY 1, 1895, TO JUNE 30, 1896.

DONATIONS.

NAME.	RESIDENCE.	ARTICLES DONATED.
Adams, W. W.....	Union Springs, New York.....	Thirty Indian stone implements.
Aver, J. H.	San Francisco, Cal.....	One flying fish.
Ætna Mine Co.....	Pope Valley, Napa Co., Cal.....	One specimen cinnabar (quicksilver).
Atwood, E. N.....	San Francisco, Cal.....	Three photographs of Klamath Indians, California.
Allardyce, Miss C.....	San Francisco, Cal.....	One canary bird.
American Museum of Natural History....	New York City.....	One copy of Annual Report, 1895. ¹
Atkinson, T. E.....	San Francisco, Cal.....	One old book, one old newspaper; one rare U. S. Internal Revenue stamp.
Breon, Mrs. Paul.....	San Francisco, Cal.....	Nine specimens Zuni Indian pottery; four Navajo Indian bows; thirteen Navajo Indian arrows.
Breon, Mr. Paul.....	San Francisco, Cal.....	One head (stuffed) of Rocky Mountain wild sheep.
Brink, Mrs. H.....	San Francisco, Cal.....	One curious crossbill hen.
Burtis, S. R.....	San Francisco, Cal.....	Six rare bird's eggs; one specimen curious seaweed kelp.
Burbridge, Mrs. S. L..	San Francisco, Cal.....	Two canary birds (stuffed and mounted),
Braverman, Mr. M....	Visalia, Cal.....	Two scientific books; three specimens cavern stalactites; fourteen specimens gem chrysoprase; one specimen milky quartz from Tulare County, Cal.; one carved wooden vessel of Haida Indians of Queen Charlotte's Island, B. C.

GOLDEN GATE PARK MUSEUM—CONTINUED.

NAME.	RESIDENCE.	ARTICLES DONATED.
Blodgett, V. V.....	San Francisco, Cal.....	One specimen hercules beetle, South America.
Boston Museum of Fine Arts.....	Boston, Mass.....	One copy Annual Report, 1895.
Blaisdell, Henry.....	Lakeport, N. H.....	Two Colonial relics.
Bement, C. S.....	Philadelphia, Pa.....	Five specimens gem minerals.
Bardwell, John L.....	San Francisco, Cal.....	Twenty-three Japanese bronzes; nine carved wood grotesque masks, Japan; seven carved wood panels, Japan; six carved wood plaques, Japan; twenty-eight Japanese curiosities and carvings; three large Japanese vases; five specimens attractive minerals and gems; fifteen old coins and medals; fifteen Indian relics; seven animal horns; walrus tusks, whale's teeth, etc.; sixteen old papers; historical relics, etc.; twenty-six miscellaneous curiosities.
Cochrane, Capt. H. C.	U. S. Marine Corps....	One historical relic Admiral Farragut's Flag Ship.
Craig, Mrs. M. L.....	Redlands, Cal.....	One Indian bow; ten Indian arrows; one pair Indian moccasins; one fan made of feathers of red-shafted flicker; three parcels of miscellaneous sea shells and minerals; one horned toad, Southern Cal.
Clough, W. O.....	Visalia, Cal.....	Seven cavern stalactites, Tulare County, California.
Carmen, Mrs. W.....	San Francisco, Cal.....	Two reptiles in alcohol; one bird's nest; one skin of lizard; one specimen sea anemone; three specimens nerides in alcohol.
California State Mining Bureau.....	San Francisco, Cal.....	One specimen colemanite; one copy Annual Report.

GOLDEN GATE PARK MUSEUM—CONTINUED.

NAME.	RESIDENCE,	ARTICLES DONATED.
Cawston, Edwin.....	Norwalk, Cal.....	Fifteen ostrich feathers; two ostrich eggs; two photographs of California ostrich farm.
Chamberlain, Arthur.	Newark, N. J.....	Twenty-three specimens minerals, rock and ores.
Cheney, E. S.....	Oregon City, Oregon...	Five ornithological photographs.
Carr, Richard.....	Gilford, N. H.....	One parcel of native flax.
Chapman, Brothers..	Philadelphia, Pa.....	Three pieces of coins and medals; three coin and medal publications.
California Midwinter International Expo- sition	San Francisco, Cal.....	Twelve hundred and ninety-eight articles, consisting of antique furniture, rare China and porcelain, ivory carvings, miniature paintings on ivory and metal, antique pottery and glassware, rare objects of rock crystal and jade, marble and bronze statuary, musical instruments, antique wrought iron-work, armor, guns, pistols, swords and other weapons, Greek frieze, etc.; three hundred and seventy-nine silver and bronze coins and medals; two hundred and forty-three wood and plaster models of mineral crystals; ninety-nine glass models of gem stones and crystals; four plaster relief maps; five plaster models of famous gold nuggets; six large models of cliff dweller ruins; one model of whale (papier mache); eight hundred and sixty-eight books for museum reference library.
Dickinson, Prof. T. A.	Worcester, Mass.....	Two Colonial relics,
Davis, J. Z.....	San Francisco, Cal.....	Seventeen pieces translucent onyx, polished; two hundred and eighty-eight specimens precious opal, various localities.

GOLDEN GATE PARK MUSEUM—CONTINUED.

NAME.	RESIDENCE.	ARTICLES DONATED.
Foster, S. L.....	San Francisco, Cal.....	Thirty-seven specimens of birds, stuffed and mounted.
Fisher, George.....	San Francisco, Cal.....	One bronze medal.
Field Columbian Museum.....	Chicago, Illinois.....	Pub. I., Vol. 1, No. 1; Pub. II., Vol. 1, No. 2; Pub. III., Vol. 1, No. 1; Pub. IV., Vol. 1, No. 1; Pub. V., Vol. 1, No. 1: Pub. VI. Vol. 1, No. 1.
Fyfe, Claude.....	San Francisco, Cal.....	One photograph of hummingbird.
Folsom, J. G.....	Lakeport, N. H.....	Two Colonial relics.
Garden, J.....	San Francisco, Cal.....	Two old Spanish silver coins.
Gordon, Miss Aug. E.	San Francisco, Cal.....	One old newspaper.
Gall, William.....	San Francisco, Cal.....	One curious formation of granite.
Gumper, Joseph.....	San Francisco, Cal.....	Sixteen historical papers, etc.
Gruber, Prof. F.....	San Francisco, Cal.....	Two gray monkeys (stuffed).
Griffin, S. S.....	Auburn, N. H.....	Four archæological specimens.
Gunther, C. F.....	Chicago, Illinois.....	Collection of photographs of war relics.
Golden Gate Park.....	San Francisco, Cal.....	One cassowary; one emu; one white swan; one black swan; one maccaw; one mallard duck; one grey squirrel; twenty-one small birds; total, twenty-eight specimens received in the flesh from the Aviary and Animal Quarters in Golden Gate Park.
Hendy, Mrs. F. A.....	San Francisco, Cal.....	Two skins of ashy petrel; one skin of cassius anklet, Farallon Islands, Cal.
Hackmeier, Wm.....	San Francisco, Cal.....	Two garter snakes (stuffed); one young sea otter.
Hafford, H. M.....	San Francisco, Cal.....	One jawbone of porpoise.
Higgins Lewis.....	San Francisco, Cal. ...	One young alligator, Florida.

GOLDEN GATE PARK MUSEUM—CONTINUED.

NAME.	RESIDENCE.	ARTICLES DONATED.
Hubbard, Mrs. F. V..	San Francisco, Cal.....	One ancient loom ; one ancient shuttle ; one bound book for reference library.
Hunt, Miss Jane.....	Newport, R. I.....	Two specimens pink and green obsidian, Alaska; two art publications; one parcel of mineral specimen.
Houston, Mrs. J. T....	San Francisco, Cal.....	Eight Indian arrow points.
Herrick, H. S.....	Cripple Creek, Colo....	Three specimens gold ore, showing much free gold.
Hagenkamp, L. K....	San Francisco, Cal.....	One shell decorated with painting of San Luis Obispo Mission, Cal.
Huguenin, J. G.....	San Francisco, Cal.....	One skin of flying squirrel.
Hornung, Doctor.....	San Francisco, Cal.....	One skull of pouched gopher; one rattlesnake in alcohol.
Hubbs, C. L.....	Daggett, Cal.....	One specimen iron ore, seventy pounds, from San Bernardino County, Cal.
Irelan, W.....	San Francisco, Cal.....	One small Japanese spider crab.
Janke, W. A.....	San Francisco, Cal.....	One historical picture, early days of San Francisco.
Joseph, Nathan.....	San Francisco, Cal.....	Seven photographs of Warner's "Cobweb Palace" (historical).
Jenness, William.....	Lakeport, N. H.....	Two Colonial relics.
Jewell, Hon. E. F.....	Laconia, N. H.....	Three archæological photographs.
Kunz, George F.....	New York City.....	One copy "Folk Lore," on precious stones.
Kinrade, J. J.....	San Francisco, Cal.....	Two specimens American rubies.
Kauffman, Miss S....	San Francisco, Cal.....	Forty specimens sea shells and minerals; eleven miscellaneous curiosities.
Klefeker, Mr. L.....	San Francisco, Cal.....	One double-headed chicken.
Lloyd, Reuben H....	San Francisco, Cal.....	One golden eagle (stuffed and mounted); one fossil hip-bone of a mastodon; one cranium and long tusk of a giant walrus, Behring sea; one large crystal gem aquamarine (beryl), Topsham, Maine.

POLICE REPORT.

The report of S. M. Thomson, Captain of the Park Police, shows the total number of arrests to have been 86 during the past fiscal year.

Amount received from fines for the above arrests is.....\$360 00 }

COUNTY RECORDER'S REPORT.

OFFICE OF THE COUNTY RECORDER, }
HALL OF RECORDS. }

SAN FRANCISCO, July 15, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In pursuance of Resolution No. 14,460 (Third Series), adopted at a meeting of the Board of Supervisors, held June 1, 1896, I herewith respectfully submit to your attention report of transactions of this office for the fiscal year 1895-96. Receipts amounting to \$58,783.50 during the past year, as against \$55,538.75 for the year 1894-95, and a surplus of \$19,023.04, as against \$17,658.95 for the previous year, shows a natural and substantial increase to be expected in the business of the office.

The County Clerk has issued, as per his report, 3,164 marriage licenses, and collected two dollars (\$2.00) per license, amounting to \$6,328, of which this department is entitled to a credit of one-half, or one dollar per license, for recording, making a total of \$3,164. The report of expenses for stationery, books, etc., shows an expenditure of \$1,957.34. This amount, however, embraces the cost of some permanent fixtures, including the sum of \$482.70, paid for a metallic safe for the security of filed papers, maps and miscellaneous records, heretofore exposed to loss or destruction. A comparison of expenses as found in Schedule "C," herewith submitted, with the reports of previous administrations, will show greatly to the credit of this administration for economy in such expenditures.

In this report, I beg leave to particularly call your attention to this matter, on account of an editorial notice published a couple of weeks ago in one of our daily newspapers, and directing attention to this office as a fit place for the investigation of the Grand Jury.

The notice referred to made a comparison of the receipts and expenditures of this administration with those of the fiscal year 1891-92, to the discredit of the present one. Now, if the management of that newspaper was better informed as to the facts, it might not have published the editorial, but it is perhaps excusable on account of the misleading nature of the report of 1891-92. Assuming that this particular editorial has met your notice, I beg leave to submit to your attention the following statement: In my report of July 15, 1893, I wrote the following: "It has been the habit of past administrations to only report the expenses of this office as against the Recorder's appropriation, and therefore make the surplus appear larger, evidently to the credit of the administration. Now, gentlemen, I desire to report all expenses of this department as against the total receipts of the office, for the fiscal year ending, as I think it the more correct way. Of course the surplus will be less, compared with previous years, but all expenses occurring should be balanced with the receipts, in order to show a thoroughly correct state of affairs and transactions of this department."

That statement and course I have followed to the letter, and it in a general way explains matters. But to be more explicit, I am compelled to request you to examine the published report of the year 1891-92. A comparison of it with the Auditor's books will show that the report is false on the face of it, as regards the expenses of that term. For instance, the report of the fiscal year 1891-92, shows the monthly reports of salaries in lump sums. This very poorly conceals the fact that neither the monthly salaries of the Recorder, \$333.33; one Deputy, \$150; one extra Clerk, \$100 and the Janitor \$70, are anywhere included in the report under the head of expenses. The report of salaries purports on its face to show an accounting of *all* salaries, when in fact it shows only the salaries of the Folio Clerks, Chief Deputy, one additional Deputy, a Mortgage Clerk and a Porter or Messenger. Even this is not correct, for the returns given in it are falsified. As proof of this statement I will instance the report for the month of July, 1891. According to it the salaries for that month amount to \$3,025.96 According to the Auditor's books it reads:

Folio Clerks.....	\$2,475 96
Chief Deputy.....	250 00
Additional Deputy.....	150 00
Mortgage Clerk.....	125 00
Porter.....	75 00
	\$3,075 96

Making a total of \$3,075.96, as against \$3,025.96 in published annual report, and showing a difference of \$50. In other words, \$50 has been deliberately deducted in the month of July, and the same course has been consistently pursued in the report of each of the following eleven months of the year, making in all a deduction of \$600 for the year.

By this false method of compiling the annual report, the salaries of the Recorder, one Deputy, one extra Clerk, the Janitor, and \$600 deliberately and intentionally deducted, as shown above, amounting in all to \$8,440 for the year, are not shown as expenses, and the surplus earnings are made to appear just that amount larger, and the expenses just that amount (\$8,440) smaller than they were in reality.

If this administration was to follow the same course, its surplus would appear \$8,440 larger, and its expenses \$8,440 smaller. Deducting \$8,440 from the 1891-92 reported surplus of \$27,832.45, as should have been done, there would appear a real surplus of but \$19,392.45, against receipts of \$62,922.20, and adding \$8,440 to the reported expenses, as should have been done, there would appear a real expense of \$47,127.75, or \$4,203.29 more than required by this administration on an income of \$58,783.50. As to whether the report of expenses incurred under the head of stationery and books is correct, I have at hand no immediate means of determining. This explanation of facts will perhaps satisfy all inquiries as to the conduct of the present administration when compared with some former ones. The reasons for taking such liberties with the report of 1891-92, can be found, I think, in the fact that it was made just previous to a hotly contested election for municipal office, and a consequent desire to show a minimum of expenditures and a maximum surplus earning for the city and county.

In my present report I have eliminated the expense item of the janitor, who is provided for under another head of the municipal government. Heretofore, however, I have always figured it as an expense incurred by this office, and as such, it is taken in comparison with the report of 1891-92.

RECORDER'S REPORT.

I beg leave to call your attention to the necessity of duplicating a large number of official maps in this office, no duplicates of which exist, and in that respect would call to your notice the recommendation of the Grand Jury, that \$500 be set aside for this purpose.

The Hall of Records is greatly in need of repairs and whitening, not having been attended to since 1876.

Respectfully submitted,

THOMAS J. GLYNN,

County Recorder.

REPORT
OF THE
COLLECTOR OF LICENSES

OFFICE OF THE COLLECTOR OF LICENSES, }
SAN FRANCISCO, July 16, 1896. }

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In compliance with Resolution No. 14,460 (Third Series), I herewith submit my Annual Report of the operations and results of this office for the fiscal year ending June 30, 1896, the same showing the revenue derived by the city from licenses of all classes, and also the expense entailed in collecting the same.

I have the honor to remain, gentlemen, very respectfully,

FRED. W. LEES,
Collector of Licenses.

LICENSE COLLECTOR'S REPORT.

REPORT

OF THE

CLERK OF THE JUSTICES' COURT.

SAN FRANCISCO, July 10, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In compliance with Resolution No. 14,460 (Third Series) of your Honorable Body, I herewith submit the report of the transactions and business of the Justices' Court of the City and County of San Francisco for the fiscal year ending June 30, 1896.

Number of civil suits instituted, for which fees have been paid.....	8,403
Number of civil suits instituted in forma pauperis	121
Number of suits instituted for State and City and County delinquent taxes.....	18,250
Total number of suits instituted during the fiscal year.....	<u>26,774</u>

RECEIPTS.

Total amount of fees collected and paid into the City and County Treasury..	\$23,881 00
---	-------------

EXPENDITURES.

Salary of Presiding Justice of the Peace.....	\$2,700 00
Salaries of four Associate Justices of the Peace.....	9,600 00
Salary of Clerk of the Justices' Court.....	2,400 00
Salaries of deputies and assistants.....	7,200 00
Total expenditures for fiscal year.....	<u>\$21,900 00</u>
Total excess of receipts over expenditures.....	\$6,981 00
Increase of receipts over previous fiscal year.....	\$1,598 00

It will be seen from the above report that the business of the Justices' Court has increased during the last fiscal year, there being an increase in the number of civil suits filed over the previous year of 465, and an increase of the delinquent tax suits filed of 2,959, also a corresponding increase of receipts amounting to \$1,598.

During the fiscal year ending June 30, 1895, the increase and volume of business was so great that extra clerical assistance was employed, which assistance has proved necessary and essential for the proper conducting of the business of this department. Nor has said employment of extra clerks been a drain upon the city and county, for the total expenses of this department, as will be seen from above (including the salaries of said extra clerks, judges, etc.), were \$21,900, while the receipts amounted to \$28,881, the excess paid into the Treasury during the year being \$6,981, a handsome profit for a department of this character, wherein the fees are small, it being the intention of the Legislature to have it merely self-sustaining.

Respectfully submitted,

E. W. WILLIAMS,

Clerk of the Justices' Court.

REPORT OF CHIEF OF POLICE.

OFFICE OF THE CHIEF OF POLICE, }
SAN FRANCISCO, July 1, 1896. }

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco:*

GENTLEMEN: In compliance with Resolution No. 14,460 (Third Series) of your Honorable Board, I submit herewith the annual report of the Police Department for the fiscal year ending June 30, 1896.

EXHIBIT "A."

Tabulated statement of offenses charged and arrests made by the police during the fiscal year ending June 30, 1896.

EXHIBIT "B."

Comparative statement of the number of arrests and strength of the police force for the thirty years ending June 30, 1896.

EXHIBIT "C."

Comparative statement of population and police force of nine principal cities of the Union, as shown by latest reports received at this office.

EXHIBIT "D."

Number of witnesses subpoenaed for the Police and Superior Courts and lost children restored to their parents or guardians during the fiscal year ending June 30, 1896.

EXHIBIT "E."

Amount of property stolen and lost, and amount recovered, during the fiscal year ending June 30, 1896.

EXHIBIT "F."

Unclaimed money and other property in the hands of the Chief of Police, on the 30th day of June, 1896.

REPORT OF CHIEF OF POLICE.

EXHIBIT "G."

Number, character, and nationality of incoming vessels boarded by the police during the fiscal year ending June 30, 1896.

EXHIBIT "H."

Number of lottery tickets (exclusive of Chinese) seized by the police during the fiscal year ending June 30, 1896.

EXHIBIT "I."

Amount of money received from Sheriffs of other counties, masters of vessels and others for keeping prisoners in the City Prison during the fiscal year ending June 30, 1896.

EXHIBIT "J."

Amount of fines and forfeitures in Police Courts for arrests made by the Police Department during the fiscal year ending June 30, 1896.

EXHIBIT "K."

Police stations and their locations.

EXHIBIT "L."

Summary of action taken by the Board of Police Commissioners in retail liquor dealers' licenses during the fiscal year ending June 30, 1896.

EXHIBIT "M."

Strength of Police Department and summary of action taken by Board of Police Commissioners in the trial of complaints against members thereof during the fiscal year ending June 30, 1896.

EXHIBIT "N."

Correspondence, and synopsis of business, transacted in the office of Chief of Police during the fiscal year ending June 30, 1896.

EXHIBIT "O."

Summary of Police Patrol wagon service during the fiscal year ending June 30, 1896.

EXHIBIT "P."

Number of nuisances abated by the police during the fiscal year ending June 30, 1896.

EXHIBIT " Q."

Fugitives from justice arrested in the City and County of San Francisco and delivered to the authorities of other counties and States during the fiscal year ending June 30, 1896.

The percentage of arrests for drunkenness shows a marked decrease during the fiscal year, but it is not to be understood that 13,831 persons were arrested for drunkenness during the year, for it is a matter of record that the same persons were arrested many times during the year for this offense.

The total arrests for the principal charges show a small increase.

The majority of the manslaughter charges were the result of railroad accidents, in which defendants proved their non-liability.

SUGGESTIONS.

It is required that in each annual report suggestions be made for such improvements in the arrangement and addition to the equipment of the service as experience has shown to be useful and necessary.

In my annual reports of previous years I have suggested that the City and County purchase lots and erect thereon station houses fitted up with dormitories for the accommodation of a reserve force of police in cases of emergency.

The Fire Department station houses are owned by the city. Why should the station houses occupied by the Police Department be located in rented buildings, without the necessary accommodations for officers; badly lighted and ventilated, and very few of which are in a sanitary condition as to drainage and plumbing. In all large cities in the East the police stations are city property and fitted up to accommodate all officers in the district where located, thus giving the force a place of rendezvous where they can be concentrated in case of anticipated riot, etc., and kept in readiness night and day. These station houses should be constructed with stables for the horses and patrol wagons in use in the district.

The destruction of property by riots, which has occurred in other cities, and the danger to which we have been exposed from the like cause should warn us to use reasonable diligence to avert such disasters.

A small body of police, properly drilled and skillfully handled, thrown suddenly upon incipient rioters, will generally quell them before property is destroyed and life sacrificed, when by delay serious and disastrous consequences might follow. A reserve force could, if provided with such accommodations, be kept in the station at all times except when sent out on duty or for outdoor drill.

It should be borne in mind that the taxpayers are obliged to pay for property destroyed by riotous mobs, and it is seriously urged that the reasonable precautionary measures to which your attention is directed would be a very

cheap insurance against the heavy losses which may be incurred by neglecting to take that care of the public interests which any reasonable person would take in the management of his private affairs. The matter is of such a serious nature that I deem it proper to repeat my recommendations of previous years and urge upon your honorable Board the necessity of having proper places constructed for the accommodation of officers when not on duty and who might be required at a moment's notice. I have called the attention of the Board of Supervisors to this matter year after year, and no attention has been paid to it. I predict that we will have the experience of locking the barn door after the horse has been stolen. Several Eastern cities have had the barn door experience.

The foregoing suggestions and recommendations I shall continue to make in my annual report as long as I am Chief of this department of the city government, or until such action is taken as will render them no longer necessary.

The patrol and signal system is now in operation at five police stations, to wit: Central Station, New City Hall, with 37 boxes; California Street Station, with 43 boxes; North End Station, Polk and Jackson, with 30 boxes; Southern District Station, 827 Folsom, with 49 boxes; Seventeenth and Howard Street Station, 207 Seventeenth street, with 41 boxes.

Your attention is invited to Exhibit "O" of this report, which gives in tabulated form the service rendered by this system during the past fiscal year.

The area covered by the signal system is too limited, and should be extended at once by the addition of signal boxes in the Richmond district and in the southern suburbs on the Mission, San Bruno and Ocean House roads, which are now covered by a mounted patrol. Circumstances frequently occur, during the day and night, when it becomes necessary for the patrolmen to communicate important information to the district station and police headquarters, and by reporting at intervals from each signal box in the districts patrolled by them, they can receive orders which otherwise could not be transmitted without great loss of time.

There should be constructed as early as possible four covered patrol wagons to replace those nearly and quite worn out after a service of more than five years. Two of the wagons now in use should be fitted with covers. In all the large Eastern cities, except St. Louis, the police patrol wagons are covered, and the same system should be adopted here, as the difference in cost is trifling and the objections of our citizens to the exposure of prisoners to the public gaze removed.

There should be established a police station in the vicinity of Steiner and Union or Greenwich streets, as that district, owing to the topography of that part of the city, the pleasure resorts at Seaside Gardens, Harbor View Park, Presidio and Fulton Iron Works, gas works, lumber yards, etc., and the isolation from the main lines of street railways, requires special police protection.

There should be established a police station at or near Golden Gate Park, for the district bounded by McAllister street on the north, Fillmore street on the east and Waller street on the south. The establishment of a station in this locality is almost an imperative necessity, owing to the large increase of population in the vicinity of the Park and Ashbury Hights.

There should be established a police station north of Golden Gate Park and west of First avenue, in what is known as the Richmond district, which is rapidly increasing in population and three and one-half miles from the nearest police station.

The increase during the last year of the mounted patrol for duty in the outlying districts has demonstrated the value and necessity of this branch of the service, and is highly commended by the residents of those districts. I would recommend in the near future a further increase of the mounted patrol.

Golden Gate avenue should have a mounted patrol from Market to Divisadero, to stop dangerous fast driving and runaways on that thoroughfare.

The Harbor Police should be provided with a steamer to patrol the water front.

I recommend that Section 32 of Order 1,587 be so amended as to compel the closing of all places where liquor is sold and music played at 12 o'clock midnight, whether operated under a theatrical license or not.

I recommend, as in my annual reports for 1892, 1893, 1894 and 1895, the repeal of Order No. 1,850, regulating and imposing a license on all bals masque, or masked balls, and that an ordinance be passed prohibiting all such entertainments. They are scenes of debauchery, demoralizing to the youth of both sexes, and a disgrace to the city.

I recommend that an ordinance be passed prohibiting the sale and indiscriminate use of fire-works and fire-crackers in any form.

I recommend that an ordinance be passed prohibiting all parades of whatever nature (except funerals), without first obtaining a written permit from the Mayor, and said permit should designate the time and the streets over which said parade should pass.

I recommend that an ordinance be passed prohibiting on the streets all public meetings, political or otherwise, without first obtaining a written permit from the Mayor, stating the time and place of such meeting.

To William S. Barnes, Esq., District Attorney of the City and County of San Francisco, I desire to express my sincere thanks for valuable services at all times rendered this department.

In conclusion I will state that the department is efficient, the officers well drilled and disciplined, responding promptly to every call, and, notwithstanding the force is smaller in proportion to population than in any other sea-port town in the United States, the preservation of order and the suppression of crime will compare favorably with that of any of the great cities.

Respectfully submitted,

P. CROWLEY,
Chief of Police.

REPORT
OF THE
CITY AND COUNTY SURVEYOR.

SAN FRANCISCO, July 15, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: Pursuant to Resolution No. 14,460 (Third Series), I herewith submit the following report of surveys made and certificates issued for the fiscal year ending June 30, 1896:

Surveys made.....	570
Certificates issued.....	604

Yours most respectfully,
CHAS. S. TILTON,
City and County Surveyor.

REPORT

OF THE

SUPERINTENDENT OF PUBLIC STREETS, HIGHWAYS AND SQUARES.

OFFICE OF THE SUPERINTENDENT OF PUBLIC STREETS,)
HIGHWAYS AND SQUARES,)
SAN FRANCISCO, July 1, 1896.)

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In accordance with Resolution No. 14,460 (Third Series), I respectfully submit herewith the annual report of the operations of the Department of Public Streets, Highways and Squares for the fiscal year commencing July 1, 1895, and ending June 30, 1896.

During this period there have been constructed—

$6\frac{114}{5280}$ miles of bituminous rock pavement.
 $2\frac{3979}{5280}$ miles of basalt block pavement.
 $\frac{617}{5280}$ miles of cobble pavement.
 $1\frac{693}{5280}$ miles of brick sewers.
 $9\frac{649}{5280}$ miles of ironstone-pipe sewers,

and the city has accepted $8\frac{710}{5280}$ miles of paved streets, making a total of $151\frac{3935}{5280}$ miles of accepted paved streets in this city.

The money appropriated by your Honorable Board to conduct this Department during the fiscal year, amounting to \$526,500, was expended as follows:

For wages.....	\$169,190 25
For street sweeping, as per contract.....	115,717 44
For materials furnished.....	52,415 23
For work performed in front of public property, as per contract.....	11,581 69
For work let by Board of Supervisors.....	86,939 39
For work let by Superintendent of Streets.....	1,658 07
For contract work in front of parks and squares.....	66,270 96
For contract work, improving parks and squares.....	21,415 19
Total expenditures.....	\$525,188 22

Leaving a surplus of \$1,311 78, all of which will more fully appear in the tabulated statement hereto annexed and made part of this report.

The ordinance recently passed by your Honorable Board on the recommendation of this Department, directing the Superintendent of Streets to report to the attorney for the collection of delinquent bonds the names of contractors, together with their bondsmen, who have failed to enter into contract, or, having done so, have failed to complete the work called for in their contracts, has materially reduced the number of delinquents. Work that has been actually necessary has been protested from time to time, and when such protests were overruled, and the work advertised for public bids, an extremely low bid was often tendered for the purpose of securing the contract and with no intention of the bidder ever performing the work, and postponing indefinitely the carrying out of some needed improvement. The Street Law should be so amended as to empower the Board of Supervisors by resolution to transfer a contract to the bondsmen, in the event that the principal should neglect the performance of the work. Under the present law there is no protection for bondsmen who are willing to perform the work, as the Superintendent of Streets is compelled to issue the assessment to the contractor or his assignee.

During the past fiscal year I have covered with concrete the interior bottoms of some of our brick sewers, and the result has been very satisfactory. The bottoms of these sewers were badly worn. The specifications for the construction of brick sewers should be changed so as to provide for at least seven courses of basalt blocks, the same to be grouted with cement, which would give better satisfaction than brick work.

The sewer across the Presidio Reservation is now nearing completion, and some provision should be made for the construction of receiving sewers to convey the sewage to the bay. As these sewers will receive the storm waters of a large area of water-shed on Presidio Heights, the system should be completed without delay.

The sewers now constructed on Mission street from Canal street south are wholly inadequate to serve the purposes for which they were built. These sewers, being for the most part only 18-inch ironstone-pipe, are already overtaxed at each rainfall, and your Honorable Board will in the near future be called upon to provide for a large system to render the service effective.

That portion of the streets bordering on the water front for which the city is liable for the cost of improvement is badly in need of repair and in a dangerous condition. It should receive immediate attention.

Respectfully submitted,

THOMAS ASHWORTH,

Superintendent of Public Streets, Highways and Squares.

DISTRICT ATTORNEY'S REPORT.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: Pursuant to the resolution of your Honorable Board, I beg leave to submit the report of the District Attorney's department for the fiscal year ending June 30, 1896.

During the year ending June 30, 1896, 560 felony cases were received in this department. Of these 103 were convicted as charged, 24 of lesser offenses (felony), 22 of burglary in the first degree, 68 of burglary in the second degree, 3 of murder in the first degree, 3 of murder in the second degree, 10 of attempt to murder, 67 of lesser offenses (misdemeanor), and 104 were acquitted. Eighty-eight appeals were received from the Police Courts during the year ending June 30, 1896, in addition to 28 appeals reported pending July 1, 1895; of these, 44 were affirmed, 32 reversed and dismissed, 4 modified, 2 were reversed and new trial granted, 4 dismissed in furtherance of justice, and 30 were pending July 1, 1896. Ninety writs of habeas corpus were received during the fiscal year, in addition to the 26 reported pending July 1, 1895, making a total of 116 for the year; of these, 33 were granted, 50 denied, 15 dismissed and 11 discharged; no return has been made upon the remainder prior to June 30, 1896. During the fiscal year 13 incorrigible minors were committed through this department to the various reform schools, no record being kept of cases in which complaints were refused. For further information I refer you to the detailed report that accompanies this communication.

In making this, my sixth annual report to the Board of Supervisors, I feel it my duty to again call attention to the cumbersome and obsolete methods of enforcing justice at present in use in this city, although I am fully aware that any remedy for this state of facts lies, to a great extent, outside the power of the Board of Supervisors, and is a matter with which the Legislature alone can deal.

I am firmly convinced that, instead of the District Attorney's office, there should be a Department of Crimes and Punishments, of which the District

Attorney should be the official and responsible head. Through this department all warrants should issue, and the District Attorney should have charge of all criminal prosecutions, whether for felony or misdemeanor, from their inception in the Police Court to their final determination by the Supreme Court; not, as at present, having one set of officials for preliminary examination and misdemeanor trials, another for the Superior Courts, and another for the Supreme Court. By this method I believe that criminal procedure could be shortened and expenses reduced.

In conclusion, I desire to express my appreciation of the services of John A. Hosmer, First Assistant District Attorney, who has prepared the detailed report that accompanies this letter, in addition to his regular work.

Respectfully submitted,

WILLIAM S. BARNES,
District Attorney.

REPORT

OF THE

CITY AND COUNTY ATTORNEY.

OFFICE OF THE CITY AND COUNTY ATTORNEY, }
SAN FRANCISCO, July 1, 1896. }

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: Herewith appended you will find a detailed report of the business of the office of the City and County Attorney for the fiscal year ending June 30, 1896.

Two money judgments were obtained against the city and county during the year: one for \$759 81, in a case tried in the fiscal year 1894-5, became final by an opinion of the Supreme Court this year; the other, for \$600, is being appealed from to the Supreme Court of this State by the City and County.

There were 313 suits in charge of this office on July 1, 1895. In addition to these, during the year 1895-6, 41 were commenced against the city and county or its officers, in which the city and county was interested, and 3 by the city and county. There are now pending in the office 270 cases, exclusive of the 18 on appeal.

Eight cases were decided by the Supreme Court of the State in which this office represented the city and county. Six were decided in favor of, and two against the city.

Judgments were had in 49 cases, 41 in favor of, and eight against the city and county.

Thirteen appeals were taken from these judgments—three by the city and county and ten by unsuccessful plaintiffs.

Forty-six demurrers were filed; thirty-six of them were argued and disposed of.

Twenty-six briefs were written.

Twenty written opinions were given the Board of Supervisors and other officials.

HARRY T. CRESWELL,
City and County Attorney.

Total	\$7,520 40

Respectfully submitted,

FRED. A. OSBORN,

Poundkeeper.

FREE PUBLIC LIBRARY REPORT.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco:

GENTLEMEN: The Trustees of the Free Public Library herewith present to your Honorable Body the report for the fiscal year ending June 30, 1896, in accordance with the directions of the statute under which they are organized. The report of the Librarian, which is appended hereto, gives in detail the statistical information of the working of the library during the year, and the financial report of the Secretary shows the disposition of the money which was appropriated for the use of the Library by your Honorable Body at the commencement of the fiscal year. It will be seen therefrom that the sum of \$9,683.19 has been expended for the permanent enlargement and improvement of the library. Of this sum \$1,275 was used in the payment of the Slevin purchase, made during the previous year, and \$1,200 for a complete file of the *Alta California* from its commencement. During the year 3,719 volumes have been added to the main library and 1,096 to the branches, making a total of 4,815 volumes. The aggregate number of volumes now upon the shelves of the main library and its branches is 87,727. Thirty-one books were lost during the year, amounting in value to \$33 07.

The Trustees have sought in various ways to bring the advantages of the library within the reach of the public, and to increase the facility with which the public may know its worth and avail itself of the benefits it affords. The books belonging to the Juvenile Department, amounting to about 3,000 volumes, have been placed in the north gallery of the library room, and the young people have been given direct access to the shelves, under the supervision of the assistants in charge of this department. The results of this change have been very gratifying, both in diminishing the labor of the assistant and in respect to the character of the books withdrawn by the readers. By being brought into direct contact with the books, they have been able to acquire a knowledge of authors and works previously unknown to them, and to select books with greater discrimination and profit. The reference room and the periodical room have also been well attended throughout the year. In these rooms, also, patrons are allowed access to the shelves with comparatively little restraint.

The North Beach Branch, on Stockton street, was found to be inadequate to the wants of its patrons, and it has recently been removed to 1505 Powell street, where more commodious quarters have been obtained. The increasing patronage of this branch at its new quarters has fully justified the expectations of the Trustees in changing the location. Another branch has also been established during the year, at 720 Harrison street, giving to the residents of that vicinity an opportunity to enjoy the advantages of the library without the trouble and time required in visiting the main library. Five branches have now been established in different parts of the city, and the extent to which the residents of the vicinities in which they are severally located have availed themselves of the facilities they afford shows very clearly the wisdom of their establishment. The expenditures for these five branches during the year have been \$10,384 86.

The number of cards issued during the year has been 8,642, making the number of cards outstanding 16,814. This number represents the regular patrons of the library, exclusive of those who use it merely within its rooms. During the year there have been delivered to the patrons over the delivery desk 342,140, making an average of nearly 1,000 volumes per day.

The difficulty of access to the library, by reason of the many stairs to be climbed before reaching its rooms, has prevented a large number of residents from availing themselves of its advantages; but we are happy to know that, owing to the energy of our Committee on Municipal Relations, this difficulty will soon be removed. The City Hall Commissioners have commenced the construction of an elevator which we have every reason to believe will be in operation by the 1st of September, and we may then reasonably expect a greater patronage of the library. This will, however, entail additional expense, as well for attendance upon the elevator as for the necessary service in the library. We are fully confident, however, that, as the members of your Honorable Body may see the extent to which the library is patronized and the benefit it confers, we may rely upon an appropriation sufficiently large to meet all the expenditures necessary for its proper development and enlargement. The only mode in which a public library may fulfill its mission is by being able to supply the demands of the public for the books which they desire for reading and for the study and investigation of particular subjects. The activity of the human intellect at the present day, and almost universal spirit of investigation in industrial, scientific and sociological matters, results in the publication of a largely increasing number of books each year, and unless these books can be placed within the reach of its patrons, the library ceases to possess the high character which the public has the right to demand, and to this extent fails in its mission. This result can be obviated only by an appropriation from the public treasury of a sufficient amount of money to meet these increasing demands. We do not fail to recognize the liberality which characterized your Honorable Body in making the appropriation at the commencement of the present fiscal year, and we trust that you will perceive the necessity of as great liberality in the appropriation you are about to make.

We labor under a great disadvantage arising from the fact that the fiscal year for which an appropriation is made expires on the 30th of June, while the appropriation itself is not fixed until later in the year. The result of this is that during the interim we are left in uncertainty regarding the amount of money which we may expend, and are compelled to refrain from expending any except such as may be needed for keeping the library open. Not only are we prevented from making any additions to the library, but, in order that the employees may receive their salaries as they fall due, we are compelled to keep money in the treasury for that purpose that might be advantageously expended for books. Another disadvantage arises from the fact that, although the fiscal year begins on the 1st of July, the taxes are not payable until October, and, consequently, the appropriation that may be made is not, in reality, available for nearly three months. It will be seen from the Secretary's report that at the close of this fiscal year the sum of \$12,174 54 remains in the Treasury to our credit from the last appropriation. We have been compelled to retain this amount in order to meet the expenditures for the succeeding three months, while, if the financial system of the city were differently arranged, we would have been able to expend a goodly portion of this sum in permanent additions to the library. We present these statements with the suggestion that, in view of the disadvantage sustained by us therefrom, your Honorable Body may be able to devise some mode of relief.

During the year a system analogous to civil service reform has been put in operation by the Trustees in the appointment of its employees. Competitive examinations are required on subjects pertaining to library work, and only those who are able to pass a satisfactory examination are eligible to a situation in the library. By a system of promotion from subordinate to higher places as vacancies occur, the library staff is constantly improving, and we have reason to believe that at an early day it will be classed among the first in the land for both competence and experience. Our present efficient Librarian, Mr. George T. Clark, is heartily in accord with this system, and has given us much valuable aid, both by suggestion and co-operation.

During the year Mr. E. J. Casey resigned his position as Secretary, and Mr. George A. Mullin has just been appointed in his place.

We wish to acknowledge the kindly interest shown us throughout the year by the various members of the press, and also our obligation for the many suggestions given and the friendly articles in reference to the library that have from time to time appeared in their respective journals.

Respectfully submitted,

RALPH C. HARRISON,

President.

ANNUAL REPORT OF THE LIBRARIAN.

To the Trustees of the San Francisco Free Public Library—

GENTLEMEN: I have the honor to submit herewith the report of the Librarian for the year ending June 30, 1895. †

USE OF THE LIBRARY.

The tables appended to this report supply the usual information concerning the number and character of the books issued. The home circulation for the Main and Branch Libraries, is 263,069 volumes, an increase of 18,586 volumes on the number issued during the preceding year. The increase in the library use is greater than is apparent from the statistics, for the reason that we now keep no account of the current periodicals read in the Periodical Room, nor of the library use of books in the Juvenile Department. The number of borrowers' cards in force is 16,814.

JUVENILE DEPARTMENT.

This department was opened on October 10, 1895, in the north gallery. All books in the Library especially suitable for children, aggregating some 3,000 volumes, have been transferred to it, and placed on shelves to which all may go without hindrance. The contact with good books thus brought about has greatly improved the quality of the reading. An experienced attendant is in charge of the department, and, in so far as it is practicable, endeavors, by advice and assistance, to develop good habits in reading and a taste for the best literature. A catalogue of the books has been prepared, and is now in the printer's hands.

CATALOGUE DEPARTMENT.

The work incidental to the removal and renumbering of the juvenile books occupied much of the time of this department during September and October. In January the last of the entries from the printed catalogues were inserted in the Rudolph Indexers. Since that date the cataloguers have been engaged on the current accessions and in the preparation of the finding list for the Juvenile Department.

LIBRARY STAFF.

The sad death of Miss Lelia E. Arnold, the efficient librarian of the Potrero Branch, and the opening of the Harrison Branch occasioned vacancies which were filled by appointments under the provisions adopted by your Honorable Board, May 7, 1895. Written examinations were held on February 15, at which thirty-three applicants were present. Nine attained the required standard, and after a further test of probationary service, eight of these were placed upon the list of eligibles.

ACCESSIONS.

Owing to the legal complications affecting the tax levy, the amount of our resources was in doubt and the funds unavailable until the fiscal year was well advanced. Hence no

book orders were issued until December, and in April further ordering was practically discontinued when it became apparent that we should have to reserve enough of the year's appropriation to cover running expenses for at least three months of the next fiscal year. In other words, the appropriation for twelve months had to be made to cover the expenses for fifteen, and in consequence the purchases were restricted to books most urgently needed. However, we have added a fair selection of new publications, put in more copies of popular works in many cases where our supply was insufficient to meet the demand, materially strengthened the Juvenile Department, and made some purchases of considerable importance to the permanent value of our collection. In this connection should be mentioned the acquisition of a file of the *Alta-California* newspaper covering the period from 1849 to 1891, embodying a vast amount of matter of local interest. In comparing the amount expended for books with the number received, allowance must be made for the Slevin collection, paid for during the present year, although it constituted a portion of the accessions for the year 1894-95.

BRANCH LIBRARIES.

During the year the North Beach branch has been moved to larger quarters in a more accessible location, the Mission branch has been renovated and provided with new shelving, and a fifth branch, the Harrison, has been established in the densely populated district south of Market street. The system of open shelves has been in operation at the Mission branch since February, and the results thus far are very gratifying. The people get what they want in much less time and with less labor on the part of the attendants than was possible with the closed shelves, and the contact with the books cannot but exercise a beneficial influence. The disadvantages of displacement and possible loss are not likely to be felt seriously, at least not while the branch collection remains comparatively small and the number of patrons is limited. The statistics show a marked increase in the number of branch books circulated from the date the system was put on trial. The North Beach branch opened in its new quarters on the first of June, and simultaneously the system of open shelves was put on trial. The home circulation of branch books for the month is almost double what it was during May, and 30 per cent larger than it was for the corresponding month of 1895. While the more convenient location and the addition of new books doubtless contributed to the increase, there is abundant evidence to prove that open shelves do much to popularize the branches and enlarge their usefulness. Their most urgent need at present is for more books. With a fair supply of them we may look forward to increased activity.

Respectfully submitted,

GEORGE T. CLARK,

Librarian

The following report submitted by the Architect, F. T. Shea, May 19, 1896, on the completion of Contract No. 69, O'Connell & Lewis, contractors, is herewith appended :

SAN FRANCISCO, May 19, 1896.

To the Honorable

The Board of New City Hall Commissioners—

GENTLEMEN: Contract No. 69, for the erection and completion of certain work upon the tower dome surmounting the New City Hall, being hereby completed and accepted by your Architect, it is necessary for me to submit a statement to your Body in order that you may properly and intelligently formally issue your final acceptance at this, the date of the conclusion of the work.

Certain changes in the original contract upon said dome were authorized by you and set forth in a new agreement dated January 7, 1895. Together with said changes the Architect by said agreement was permitted to utilize the structural metal in such form and manner as his best judgment during the progress of the work might dictate to the extent of the full weight of said metal as called for in the original contract.

In forwarding the work of the dome, I have distributed the metal to the very best advantage necessary to insure a most perfect job.

The metal of the twelve steel ribs of the lower dome has been transformed into members for the upper structural work and the weights of metal of small staircase at the base of dome has been converted into members necessary to make the grand square staircase in the center most complete.

In addition to these changes, as the work progressed I found it necessary to use about twenty tons of metal over and above the weights which were called for in original contract, and as an equitable balance for said excess of metal, I have omitted the following items which are part of the aforesaid agreement.

The partitions of the rooms which were to be placed upon the floor styled the Fire Alarm floor: Three granite steps to each doorway of the first or lower order of the dome, and the rough window frames of the new openings which were to be of oak were changed to Oregon pine.

Excepting the above mentioned items, the original contract and the supplemental aforesaid contract or agreement have been carried out to the letter in the most perfect and workmanlike manner; and considering the monumental character and vast proportions of the work just finished, which necessitated the placing of six thousand tons of brick work, twelve hundred tons of terra cotta work, and eight hundred and fifty tons of metal work at such great altitude, without injury to a single workman, and considering the splendid opportunities afforded the Architect, of which full advantage has been taken, in the not too rapid progress of the work to alter and improve the conception as only mature study will permit, and considering the fact that the cost of this structure three hundred and thirty feet in height was but two hundred and fifty thousand dollars, less by far than any edifice of such character and proportions has cost, and I dare say ever will be erected for, whether reared by public or private enterprise. I have simply to say that this Commission, realizing these facts, can justly feel that it has commenced and consummated during its administration one of the largest and most perfectly constructed, most economical, and not over tardy building enterprises of any Commission or public body which has preceded it.

Most respectfully,

FRANK T. SHEA.

On May 26, 1896, proposals for contracts for a new roof were received. The estimates of bidders ranged from \$187,900, the lowest, to \$224,450, the highest. After due consideration the Commissioners finding that the condition of the New City Hall Fund would not warrant the expenditure of such a large amount at this time for building a roof, decided to reject all proposals and directed the Architect to prepare plans and specifications for a new roof that will bring proposals within the amount that might be expended for that purpose.

Contracts have been awarded for the completion of the inner dome of the rotunda and tower dome. Californian material will be used almost exclusively in the decorative and finishing work. The first floor will be laid with ceramic mosaic tile of variegated figures with an ornamental center-piece appropriate in design and emblematical of California.

The interior walls will be wainscoted with California travertine marble. The grand stairway and floors of the upper galleries will be finished with Californian marbles of various colors and qualities. The inner dome will be of stained art glass work designed and executed by the Pacific-American Decorative Company, John Mallon Secretary. The work on the rotunda and inner dome is to be completed before January, 1, 1897.

New City Hall Directories, designed by the architect with accompanying diagrams, have been placed in conspicuous positions on each floor of the building, thus enabling persons readily to ascertain the location of the various departments and court-rooms throughout the building.

An electrical elevator has been contracted for to be placed in the northeast wing for the benefit of patrons of the Free Public Library.

The Legislature of 1895 amended the law creating the New City Hall Commission and providing a New City Hall Fund, by directing the Board of Supervisors to include in the tax levy for the fiscal year 1895-96, a tax of ten cents on each one hundred dollars of valuation for the New City Hall Fund. It was estimated that \$320,000 would be the amount thus obtained. The amount received from taxes was \$323,550.56.

The Commissioners are endeavoring with the greatest devotion to economize in expenditures to so adjust plans for necessary work and purchase of materials, to finally complete the New City Hall with the funds now at their disposal within the briefest period practicable.

Respectfully submitted,

J. J. MCCARTHY,
Secretary New City Hall Commissioners.

REPORT

OF THE

BOARD OF ELECTION COMMISSIONERS.

THE BOARD OF ELECTION COMMISSIONERS

OF THE

CITY AND COUNTY OF SAN FRANCISCO,

Created by an Act of the Legislature, approved March 18, 1878.

OFFICE OF THE REGISTRAR OF VOTERS, }
 SAN FRANCISCO, September 23, 1896. }

*To the Honorable the Board of Supervisors
 Of the City and County of San Francisco—*

GENTLEMEN: In compliance with Resolution No. 14,460 (Third Series), adopted by your Honorable Body June 1st, 1896, I respectfully submit the following report of this office for the fiscal year ending June 30, 1896:

An Act of the Legislature was passed, approved March 23, 1895, with the intention of creating a Board of Election Commissioners. July 1, 1895, the Mayor, Hon. Adolph Sutro, in pursuance of the provisions of this Act, appointed Albert N. Castle, James Denman, S. Foster and P. M. Wellin, as a Board of Election Commissioners. On presentation of demands for first month's salary of these Commissioners payment was refused by the Auditor, Hon. William Broderick, on the ground of the unconstitutionality of the Act. Hon. James Denman then brought suit to enforce payment of the demands. On January 22, 1896, the Supreme Court sustained the Auditor, declaring the Act to be unconstitutional.

624 BOARD OF ELECTION COMMISSIONERS' REPORT.

The Act of March 27, 1895, which provided a Primary Election Law for the City and County of San Francisco and the County of Los Angeles, was declared unconstitutional by the Supreme Court, in a decision sustaining the judgment of Judge Van Dyke of Los Angeles.

In pursuance of the amended section 1,094 of the Political Code, registration commenced May 27, one hundred and sixty days previous to the next general election, instead of ninety days as under the special act of 1878, which accounts for the amount expended for clerk hire, printing, stationery and other necessary supplies.

OFFICE EXPENSES.

Salary of Registrar of Voters.....	\$3,600 00	
Salary of Registrar's Clerk.....	880 00	
Salary of Clerk and Messenger.....	1,200 00

REPORT

OF THE

BOARD OF FIRE COMMISSIONERS.

HEADQUARTERS FIRE DEPARTMENT,
OFFICE BOARD OF FIRE COMMISSIONERS,
NEW CITY HALL,
SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco:*

GENTLEMEN: In compliance with Resolution No. 14,460 (Third Series) of your Honorable Body, the Board of Fire Commissioners herewith present and submit their Annual Report, containing a statement of the expenditures of the Department for the fiscal year ending June 30, 1896; also Report of the Chief Engineer, showing the condition of the Department, a statement of the fires and alarms and their causes, and other information pertaining to the Department.

ORGANIZATION.

The Fire Department as now constituted consists of a Board of Fire Commissioners who act without compensation, a Chief Engineer, one First Assistant Chief Engineer, four Assistant Engineers, four Engineers of Relief engines (acting as Assistant Engineers), thirty-three steam fire engine companies, seven hook and ladder companies, seven chemical engine companies, one water tower company, two monitor battery companies, and employees of office and corporation yard, composing a force of 557 men of all grades and positions.

In addition to said companies, the Board of Fire Commissioners, on the 30th day of January, 1896, organized four steam fire engine companies for relief and emergency purposes, in pursuance of Order No. 2,951 of the Board of Supervisors, and appointed four engineers for said companies at a salary of \$140 per month each, and said engineers were thereafter detailed to perform the duties of Assistant Engineers, as above stated, in addition to the duties imposed on them by virtue of their positions in said relief engine companies. The remainder of the crews of said companies are detailed from the members and employees in service and employed in the Department, and serve without extra compensation.

BOARD OF FIRE COMMISSIONERS.

GEORGE T. BOHEN,

PRESIDENT.

FRANK G. EDWARDS,

JOHN W. McDONALD,

COLIN M. BOYD,

JOSEPH MARSHALL.

GEORGE F. MAXWELL,

SECRETARY.

M. L. SPINETTI,

ASSISTANT SECRETARY.

D. R. CONNIFF.

MESSENGER.

UNIFORMED FORCE AND PAY-ROLL.

1 Chief Engineer, salary per annum.....	\$3,000
1 Assistant Chief Engineer, salary per annum.....	2,400
4 Assistant Engineers, salary per annum, each.....	1,800
4 Engineers of Relief Engines (acting as Assistant Engineers), each.....	1,680

FIRE COMMISSIONERS' REPORT.

Machinery and tools in repair shops.....	20,000 00
Hydrants in use, 3,091.....	254,600 00
	\$1,267,600 00
Total.....	\$1,267,600 00

REPORT OF THE CHIEF ENGINEER

OF THE

SAN FRANCISCO FIRE DEPARTMENT.

HEADQUARTERS FIRE DEPARTMENT, }
NEW CITY HALL, }
SAN FRANCISCO, CAL., July 1, 1896. }

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: Herewith I have the honor to submit to you the annual report of the Fire Department of this City and County for the fiscal year ending June 30, 1896.

NEW COMPANIES, ETC.

During the year seven new engine companies and two Monitor Battery companies were organized, and placed in service as follows, to-wit:

COMPANY.	LOCATION.
Engine Company No. 27.....	Hermann street, bet. Fillmore and Steiner streets.
Engine Company No. 28.....	S. W. corner Francisco and Stockton streets.
Engine Company No. 29.....	Bryant, opposite 11th street.
Engine Company No. 30.....	Waller street, between Schrader and Stanyan streets.
Engine Company No. 31.....	Pacific street, between Jones and Leavenworth streets.
Engine Company No. 32.....	Seventeenth street, between Folsom and Division streets.
Engine Company No. 33.....	Broad street, near Plymouth avenue, (Ocean View).
Monitor Battery Company No. 1...	Is stationed in Engine House No. 3, on California street, near Leavenworth.
Monitor Battery Company No. 2....	Is stationed in Truck House No. 1, on O'Farrell street, near Grant avenue.

CHIEF ENGINEER'S REPORT.

In addition to said companies, four engine companies for relief and emergency purposes, were organized with crews from the force of employees and mechanics of the Department and the apparatus thereof is stationed at the Corporation Yard No. 1, ready for service whenever required.

HOSE COMPANIES DISBANDED.

Hose companies Nos. 2 and 4 were disbanded, and Engine companies Nos. 28 and 30 organized and placed in service, and the crews of said Hose Companies were transferred therein.

NEW HOUSES.

During the year seven new engine houses were built for the following companies, to-wit: Engine companies 28, 29, 30, 31, 32 and 33, and Chemical Engine No. 4. Also built a new large store-house and work-shop, and a large and commodious stable, with all the latest improvements and accommodations for sick and disabled horses.

ALTERATIONS AND REPAIRS TO HOUSES.

Extensive alterations and repairs were made to Engine Houses No. 14, 16, 20, 3, 9, 18, 25 and 32, and to Corporation Yard No. 1 and the old Department Stables, and to a number of other houses of the Department.

REAL ESTATE.

The Department purchased two lots during the year, one for Engine Company No. 30, on Waller street, near Stanyan, and the other for Engine Company No. 33, at Ocean View.

HOSE APPARATUS AND HORSES.

During the year the Department also purchased six new steam fire engines, seventeen new hose wagons, one third-class truck, 20,800 feet of cotton hose and eighty-one horses, and the mechanics employed at the Corporation Yard of this Department built two Monitor Batteries, which are now in service.

COMPANIES PROVIDED WITH THREE-HORSE HITCH.

All the Engines and Trucks in service in the Department have been provided with three horse hitch except the following companies, to-wit: Engines 6, 9, 11, 16, 20, 26, 30 and 33, and Trucks 5 and 6.

WATER SUPPLY.

The following additions have been made to the water supply for fire purposes during the year:

AMOUNT.	FEET.
4-inch pipe laid.....	6,687
6-inch pipe laid.....	5,030
8-inch pipe laid.....	75,406
12-inch pipe laid.....	33,403
16-inch pipe laid.....	13,662
22-inch pipe laid.....	368
24-inch pipe laid.....	1,722
30-inch pipe laid.....	3,740
Total.....	140,018

There was taken up;

AMOUNT.	FEET.
4-inch pipe.....	20,379
6-inch pipe.....	10,387
8-inch pipe.....	3,102
Total.....	33,868

This pipe which was taken up and replaced by pipes of larger diameters.

In the above list the most important fire pipes of 8-inch, 12-inch and 16-inch diameters laid last fiscal year were as follows:

Amount of 8-inch pipe laid, $14\frac{1}{2}$ miles, being ten miles more than in 1894 and 1895.

Amount of 12-inch pipe laid, $6\frac{1}{2}$ miles, being four miles more than in 1894 and 1895.

Amount of 16-inch pipe laid, 2 3-5 miles, being nearly two miles more than in 1894 and 1895

There are now available for fire purposes 343 miles of water mains.

HYDRANTS.

774 new and additional hydrants were set during the year and 171 hydrants reset.

FIRE CISTERNS.

No new fire cisterns were built, and the cisterns in the following locations, being in a very bad condition, were condemned as being unfit for further use or service to the Department:

LOCATION.	LOCATION.
Bush and Montgomery Pacific and Kearny Ohio and Broadway Sixteenth and Mission Greenwich and Dupont Ellis and Powell Kearny and Post Broadway and Dupont Jackson and Powell	Sacramento and Kearny Filbert and Powell Jackson and Jones Sixteenth and Folsom California and Davis California and Kearny Guerrero and Cumberland Pacific and Powell

The number of fire cisterns now available for fire purposes being thirty-two.

APPARATUS.

The apparatus of the Department, all in good condition, includes forty steam fire engines, thirty-six hose wagons, three hose carriages, nine chemical engines, nine hook-and-ladder trucks, one water tower, two Monitor batteries, a number of Babcock extinguishers and 69,300 feet of hose.

HOUSES.

The houses of the Department are all in good condition generally, except Engine House No. 10 and Truck House No. 3.

NEW BUILDING ORDINANCE.

Upon the recommendation of the Board of Fire Wardens, the Board of Supervisors passed a new building ordinance on the 26th of November, 1895, defining the fire limits of the City and County of San Francisco, and making regulations concerning the erection and use of buildings, etc., in said City and County.

HOSE TRANSFERRED.

The following hose was loaned and transferred by authority of the Board of Supervisors:

1,000 feet to the Street Department, 250 feet to the Roman Catholic Orphan Asylum, and 100 feet and one nozzle to the County Jail.

APPARATUS, ETC., TRANSFERRED.

The following apparatus, etc., was loaned to his Honor Mayor Sutro, for protection of the Cliff House and the surrounding property;

One hose cart, 800 feet of cotton hose, one set of harness, two hose covers, two blunderbusses, two shut-off nozzles, two lanterns, two axes, six spanners, two wheel chocks, and one cap wrench.

DEPARTMENT PROPERTY TRANSFERRED.

Upon the recommendation of the Board of Fire Commissioners, the Board of Supervisors ordered the transfer of Fire Department lot on the south line of O'Farrell street, between Devisadero and Broderick streets, to the Police Department for its use until such time as it may be required by this department.

DEATHS.

Charles H. Watson, messenger of the Department, died February 14, 1896, of heart disease. He became a member of the Department July 9, 1895.

J. J. Walsh, hoseman of Engine Company No. 17, died June 24, 1896, of consumption. He became a member of the Department, August 1, 1893.

RETIRED.

Three members were retired under the provisions of the Firemen's Pension Fund Act, as follows;

Samuel Gardner, driver, Engine Company No. 30, retired August 8, 1895, because of physical disability contracted while in service. He died shortly after his retirement. He became a member of the Department July 1, 1878.

Thomas Minton, hoseman, Engine Company No. 14, retired January 30, 1896, because of injuries of a permanent character and physical disability received and contracted while in the service. He became a member of the Department July 6, 1876.

J. J. Murphy, truckman, Truck Company No. 5, retired April 9, 1896, because of injuries of a permanent character received while in the service. He became a member of the Department in the month of October, 1887.

ALARMS OF FIRE.

During the year the Department responded to 498 first-bell alarms, nineteen second-bell alarms, and two third-bell alarms, making a total of 519 bell alarms. The Department also responded to 291 still alarms during the year.

CHIEF ENGINEER'S REPORT.

LOSSES BY FIRE, INSURANCE, ETC.

1895.	LOSS.	INSURANCE.	PAID.
July	\$93,112.22	\$392,865.00	\$85,815.95

Total	\$993,555.56	\$4,822,756.53	\$883,893.01

NOTABLE FIRES.

At four o'clock on the morning of the 18th of July an alarm from Box 213 summoned the Department to Bush and Laguna streets. On arriving there the Department found the beautiful three-story flat owned by M. J. Simmons at 1914 Bush street in flames. A high wind was blowing at the time, and fanned the flames so that they spread to several adjoining buildings. The fire started in the basement of the building, and it was evident that it was caused by rats trifling with matches. From the basement the fire made its way to the flat on the ground floor, which was vacant. The fact that nobody was living in the apartments gave the flames an opportunity to gain a good hold and the blaze soon climbed to the upper stories. The middle floor was occupied by George B. Hall. He had the place elegantly furnished, and about \$10,000 of expensive bric-a-brac, paintings and furniture belonging to him was destroyed by fire and water. In the top flat lived M. B. Boggs and family. They were forced to rush to the streets to save their lives. All the property they left behind was lost. The total loss occasioned by this fire exceeded \$18,000, fully covered by insurance.

On the 24th of last July, at 6:45 A. M., an alarm of fire was given from Box 31, and six minutes later a second alarm was turned in from the same box, for a fire in a three-story brick building at Nos. 411-415 Commercial street, owned by Maison Bros., and occupied as a coffee, tea and spice warehouse by Tillman and Bendel, and in the basement were stored oil and liquors. The fire started in the rear of Tillman and Bendel's. A new coffee roaster was put in, and a defect in its construction is supposed to be the cause of the fire. Close to the roaster there was an elevator shaft, and once the flames reached it they went roaring up to the top floor, Luckily there was a good supply of water, and the water tower was

put in service and did most effective work, and in less than one hour the fire was under control.

Loss over \$44,000, fully covered by insurance.

On the 12th of November an alarm of fire from Box 123 called the Department to No. 1317 Union street. On arriving at the scene it was not difficult to subdue the flames, and the work was quickly done, and it was then discovered that Mrs. Holdredge, an old lady who lived in the house, was burned to death. At 9:30 o'clock on that morning Miss May Chamberlain, a neighbor living next door, saw smoke issuing from the rooms of Mrs. Holdredge. She hastened through the yard and into the building and upon entering saw Mrs. Holdredge lying on the floor. Her clothes had been burned from her body, and her limbs and face were badly burned. It was too late for assistance; life was extinct. Miss Chamberlain then ran out and gave the alarm. It was supposed that the old lady was the victim of an explosion from a coal oil stove with which she did her cooking.

The loss to the building and contents was nominal.

November 18th. Second alarm. The first alarm was given at 3:39 A. M., and at 3:50 A. M. a second alarm was sounded. The fire was first discovered in the barn in the rear of the livery stable of J. R. Coon at No. 3510 Sixteenth street. The fire had gained a good start, and before the apparatus got into action the livery stable was completely destroyed. In the barn were twenty-five horses, and they were all cremated in their stalls. John Nelson and Wm. Newton, hostlers, slept in the front of the stable, and were awakened by the screams and stamping of the terrified horses. So rapidly did the flames spread, however, that the hostlers had no time to release any of the animals in the barn. The men were fortunate in escaping with their own lives. Adjoining was the dairy station of Benedict Bros., which occupied the ground floor of a three-story frame building owned by Annie C. Hines. It was burned to the ground and five horses in the stable perished in the flames. The one-story kindergarten of W. E. Dubois was also swept away, together with three other buildings. With the assistance of the additional engines which responded on the second alarm, the fire was soon under control. Mrs. Benedict had a narrow escape with her life at this fire. When she rushed from her apartment the only means of exit was in flames. In running down the burning stairs and through the door into the street her feet were badly burned. She was taken to the Receiving Hospital. Michael Sheehan, truckman of Truck No. 3, was cutting through the side of the house at No. 2229 Market street at this fire, when the building collapsed and Sheehan was buried in the ruins. He was dug out of the mass of planks and bricks under which he was buried, and was found to be severely injured. His comrades conveyed him to the German Hospital, where it was found that his back was broken, and the lower part of his body paralyzed. The Department provided him with the best medical aid obtainable, and through the skillful efforts of Dr. John F. Morse of the German Hospital his life was saved.

The loss at this fire exceeded \$30,000.

December 7th. Second Alarm. This fire, it is supposed, started in the rear of Friedman and Rodgers' salesroom at No. 8 Battery street about 7:45 o'clock in the evening, and gained great headway before it was discovered. An alarm was turned in from Box 37, followed almost immediately by another alarm from the same box. By the time the Department arrived the entire building was a mass of flames. The heaviest losers were Hoffman, Alexander & Co., manufacturers and wholesale dealers in clothing, whose department covered almost the entire upper floor, and whose salesrooms were at 4 and 6 Battery street. Friedman & Rodgers, wholesale and retail dealers in boots and shoes, at No. 8 Battery street, and the New York and San Francisco Collar Company at No. 10 Battery street.

The fire was confined to the building in which it originated.

Loss about \$200,000.

February 27. 4:07 A.M. Box 65. Second Alarm. This fire occurred in a one story frame building at 1017-23 Mission street, owned and occupied by Jeremiah Noonan as a furniture store. When the Department arrived on the scene the building was a mass of flames. This being a very inflammable district, a second alarm was immediately sent in. The fire was confined to the building in which it originated. Michael Doyle, an employee who slept in the loft of the store, was not aware that the store was on fire until the arrival of the Department. The noise made in breaking in the front doors awoke him, and upon seeing his danger he rushed through the flames to the windows fronting on Minna street and jumped to the ground, where he lay unconscious. He was picked up, and an examination disclosed the fact that he had sustained quite severe injuries about the head and legs, and slight burns while escaping through the flames.

The loss at this fire was estimated at over \$24,000, fully covered by insurance.

March 18. Box 32. Second Alarm. This fire occurred at about 12:50 A.M. in a four-story brick building occupied as a bag and twine factory by Ames & Harris. The fire started in the top floor and spread very rapidly. The water tower did very effective work at this fire, and it was soon under control.

The damage exceeded \$32,000, fully covered by insurance.

May 2d, Box 51. At 3:52 o'clock on the morning of May 2d, the Department was summoned to Beale and Folsom streets for a fire in the paint works of W. P. Fuller and Company at 228-230 Beale street, extending through to Fremont. This was one of the fiercest fires that has ever visited that neighborhood. This establishment was totally destroyed. The fire was first discovered at about 3:50 A. M. by several persons walking along Folsom street. They saw smoke and flames issuing from the sheds at the southwest corner of the corroding plant, and immediately turned in the alarm. The fire must have gained considerable headway before this, as in a few minutes the entire shed area was a roaring furnace from Fremont to Beale streets. Towards the north the flames were shooting up the walls of the adjoining building of the Pioneer White Lead & Color Works, also owned by W. P. Fuller and Company, and to the south over the roofs of residences and machine shops in the direction of Folsom street. A second and third alarm was immediately sent in. The Department worked very hard at this fire for several hours and finally got it under control.

The cause of the fire was supposed to be spontaneous combustion, and the loss amounted to \$221,000.

May 10. Box 52. Second Alarm. The Vulcan Iron Works on Fremont street, between Mission and Howard streets, were destroyed by fire at about 3 o'clock on this morning, and the Reliance Machine Works were partially destroyed by fire and water. Brick walls on the three sides of the fire prevented a disastrous conflagration. The watchman of the Vulcan Works discovered flames near the boilers about 3 o'clock in the morning. He sounded an alarm from Box 52 at Mission and Fremont streets. When the Department arrived on the scene the building was almost enveloped in dense smoke and flames. Casks of oil exploded and added fresh fury to the flames, and a boiler burst with terrific noise. All efforts were directed upon confining the fire within the walls surrounding the Vulcan Foundry, and it was not until after 5 o'clock that the fire was under control.

It was supposed to have been caused by spontaneous combustion, and the loss amounted to over \$58,000, fully covered by insurance.

June 20th, Box 18, 12:56 A. M. As a result of this fire which occurred in an old tenement house at No. 14 Ohio street, Mrs. Henry Johnson was burned to death and Angelo Figoni

was terribly injured by the flames. Angelo Figoni Jr., the 14-year-old son of the injured man, was also quite severely burned and suffered from a number of bruises and sprains occasioned by jumping from the second-story of his house to the pavement below. Ohio street is a narrow cul de sac running from Pacific street to Broadway, midway between Sansome and Montgomery streets. About half way up the alley in two rickety old hovels numbered 12 and 14 is where the fire occurred and they were nearly gutted out. Cause, explosion of coal oil lamp. Damage, \$2,000.

On June 20th, the Department responded to an alarm of fire from box 61 at 11:21 A. M. for a fire at No. 613 Folsom street. This fire was caused by the upsetting of a coal oil stove which was being used at the time by Miss Mary E. Lawton, and she was burned to death. On this morning she was occupied in cooking over the stove in a shed back of her house. Somehow the stove was tipped over, and the outpouring flames caught on to the unfortunate woman's clothing. No persons were at hand to help her extinguish them and she rushed back to the house somewhat distant from the woodshed. By the time she reached her room she was all ablaze. Miss Lawton grabbed the clothes from her bed to smother the flames, but was not successful. The clothes, too, were seized by the fire, and had not the neighbors, who heard her screams for help, rushed to her assistance she would have been burned to a crisp. She was taken to the Receiving Hospital, and there the doctors did all in their power to mitigate her intense agony. Upon examination it was found that she was terribly burned from head to foot. She died at 2 o'clock on the afternoon of the same day.

The loss at this fire did not exceed \$250.

June 22, 3:46 P. M., Box 47. On this day the Brighton Lodging House, a three-story frame building, on the N. W. corner of Fifth street and Mint avenue, collapsed. Two persons were killed and a number of persons were severely injured by the crashing ruins.

A number of men were at work in the sand under the building, replacing the old wooden foundation with one of brick. The usual supports had been taken away and the house was upheld by temporary wooden trusses, such as house-movers use. The carelessness in which this work was being done by the men caused this frightful casualty. The disaster came without the faintest premonitory warning—a sudden creaking of timber, a cracking of glass and then a thundering crash, and the tall frame structure sank in a cloud of dust. Presently the scene was one of wild excitement with crowds pressing forward to see what had happened. The building was used as a lodging-house and coffee saloon, at 20 and 22 Fifth street, immediately opposite the United States Mint.

An alarm of fire from Box 47 was immediately sent in, and when the Department arrived on the scene the work of rescuing those imprisoned within the ruins was immediately commenced. Men, with axes, cut away the roof timbers which were hurled to firemen and volunteers who passed them from one to another until out of the way. Directed by the heartrending cries of the imprisoned people the men plied the axes and tore away protruding scantlings and boards, and every now and then some one was taken out and conveyed to the patrol wagons in waiting to convey them to the Receiving Hospital.

While this work was going on it was discovered that the ruins in the upper rear corner had caught fire from the kitchen range, which had been precipitated into the excavation from the coffee saloon. A few well-directed streams, however, extinguished the fire in a short time.

The work of rescuing was continued for several hours and was exceedingly hard.

When the mass of wreckage had been cleared away and the work completed, it was ascertained that two persons had been killed and thirteen severely injured.

The loss to the building and contents amounted to about \$10,000.

CHIEF ENGINEER'S REPORT.

RECOMMENDATIONS OF THE CHIEF.

I renew my recommendations that the Department be reorganized into a fully paid system, with the entire force continually on duty. The force should also be increased to at least thirty-five Steam Fire Engine Companies, nine Truck Companies, seven Chemical Engine Companies, two Water Tower Companies and one Fire Boat Company.

A light draught, high-power Fire Boat, of good speed and large pumping capacity, should be provided for the harbor front and shipping. Proper laws should be enacted to compel all electric, telegraph and telephone wires to be placed under ground, which would prevent the danger of fire from wires strung on poles and over the roofs of houses.

The office of Inspector of Wires should be created and a competent person appointed to examine and compel the proper insulation of electric wires in buildings; if this be done it would remove one of our greatest dangers of fire; certainly nothing more could be done that would be more welcome to this Department.

The latest improved keyless doors should be placed on the Fire Alarm Boxes in the mercantile district as a means of saving much valuable time in turning in alarms of fire.

The water supply throughout the city should be increased by removing all small and insufficient water mains and replacing them with eight, twelve, sixteen and twenty-four inch mains, in all portions of the city not already supplied with mains of large and sufficient capacity. I also recommend the setting of more hydrants in all districts that are not sufficiently provided therewith.

The cisterns should be repaired, and one hundred additional underground reservoirs, with capacities of not less than 100,000 gallons each, should be built on the corners of streets in the hotel and mercantile districts, and should be fed by six or eight inch pipes with gate valves attached directly from the street mains; by this means many more engines could be stationed closer to fires, and their streams slamed into one large one would enable the Department to fight fires more effectively.

I further recommend that Engine House No. 10 and Truck House No. 3 be torn down and that new houses be built thereon for said companies. I also recommend the immediate removal of the Fire Alarm Office from its present location in Chinatown to the dome of the New City Hall. This office, in its present location, is in very great danger of being destroyed by fire, as the surrounding neighborhood is inhabited exclusively by Chinese, and fires are of very frequent occurrence in that immediate locality. The destruction of this office would result in very serious loss to the city, as all means of communicating alarms of fire would be shut off.

In closing this report I desire to tender my thanks to the Honorable Board of Fire Commissioners for the active interest they have manifested in all matters pertaining to the success of the Department, and I also desire to thank the officers and members of the force for the alacrity manifested on all occasions in complying with my orders. I also desire to express my thanks to his Honor Mayor Sutro, and the Honorable Board of Supervisors for the interest they have manifested in all business pertaining to the Department. To the Chief of Police and members of his force, to Fire Marshal Charles Towe, to Captain Comstock of the Underwriters' Fire Patrol, and to Superintendent Hewitt of the Fire Alarm Office, I am under many obligations for the manner in which they have assisted this Department in the discharge of their duties on all occasions.

Respectfully submitted,

D. T. SULLIVAN,
Chief Engineer Fire Department.

REPORTS OF THE VARIOUS BRANCHES OF THE DEPARTMENT.

REPORT OF SUPERINTENDENT OF ENGINES.

SAN FRANCISCO, July 1, 1896.

To the Honorable Board of Fire Commissioners and the Chief Engineer—

GENTLEMEN: I respectfully report the following repairs and additions to the service at the Corporation Yard, made during the fiscal year ending June 30, 1896:

APPARATUS RECEIVED.

1 second-class Clapp & Jones engine.	2 dozen Archibald wheel hubs.
1 third-class Clapp & Jones engine.	Wood material for two sets wheels.
2 first-class American engines.	1 25-inch by 24-foot bed iron working lathe.
1 first-class La France engine.	1 hand-saw.
1 second-class La France boiler.	1 planer or jointer.
1 set composition tubes for Amoskeag engine	1 twelve-horsepower motor.
1 bronze pump center for La France engine	

APPARATUS BUILT IN THIS CITY FOR USE OF DEPARTMENT.

17 new hose-wagons.	80 electric let-goes built in Corporation Yard.
1 lumber wagon.	50 electric let-goes, re-built in Corporation Yard.
1 delivery wagon.	2 new buggies, built in Corporation Yard
1 breaking cart.	12 buggies repaired, trimmed and painted in Corporation Yard.
1 ten-ton two-horse truck, or dray.	6 buggies repaired in Corporation Yard.
1 third-class truck.	
4 Bangor extension ladders.	
1,045 hydrants and bends.	
1,100 gates (hydrants).	

Together with keeping up the running repairs, repaired 2 large delivery wagons, 1 small delivery wagon, 3 hydrant carts and carpenter's wagon.

Made in Corporation Yard for use of engines, 15 three-horse hitches; for trucks, 4 three-horse hitches. Re-built Trucks Nos. 7 and 4. Plated the shears of Trucks Nos. 3 and 7 with 3-16 sheet steel. Put rubber chaffing-rollers on Trucks Nos. 3, 4 and 5 and Relief Truck No. 1.

Re-built Engines Nos. 9, 14, 16, 13 (general overhauling). Also, repaired Relief Engines Nos. 1, 2, 3, 4, 5, 6, 7. Repaired Engines 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33.

CHIEF ENGINEER'S REPORT.

Many of the above numbered engines have been repaired many times over, together with tender (wagon). Also made alterations and repairs on 3 hose carriages.

We are about changing our power at the Corporation Yard, the gas engine now in use being unsatisfactory on account of faulty construction, causing us continued delays, and expensive repairs being continually made; in fact, the additions lately made to our plant is taxing the engine beyond its capacity, so that in future we will use it as an auxiliary power only. The twelve-horsepower motor just purchased, I believe, will give greater satisfaction with less cost than any other.

Our new 24-foot lathe is giving good results, and we are now prepared to turn sliding-poles; that class of work has heretofore been sent out. The wood-working machinery just purchased and being placed in position will greatly facilitate that branch of the service. There is one tool yet lacking at the Corporation Yard which I trust your Honorable Body will see us provided with at your earliest convenience—that is, a steam hammer. As we are now situated, we are compelled to send out all our heavy forging, such as axle arms, welding crank axles, of which we have quite a number. This tool will pay its cost in two years, besides the convenience of its services.

We have lately concentrated our mechanical forces under one roof, at Corporation Yard No. 1, at 50 Sacramento street, except the paint shop, which is at Corporation Yard No. 2, at 307 Francisco street, and find it much more advantageous.

I will also call your attention to the need of five or six small, or hill, engines, that class being very scarce with us at present; also, the purchase of three new boilers to take the place of some that are becoming thin and are liable to give out at any time.

Yours respectfully,

J. W. REILLY,

Superintendent of Engines

 REPORT OF DEPARTMENT CARPENTER.

SAN FRANCISCO, July 1, 1896.

To the Honorable Board of Fire Commissioners and the Chief Engineer—

GENTLEMEN: The following is a list of carpenter work performed in this department during the fiscal year ending June 30, 1896, both by contract and by the Department Carpenter.

The changes in the fronts of so many buildings was for the purpose of putting in wider doors to allow of a three-horse hitch.

NEW HOUSES BUILT BY CONTRACT.

Engine No. 28.
 Engine No. 29.
 Engine No. 30.
 Engine No. 31

Engine No. 32.
 Engine No. 33.
 Corporation Yard No. 2.
 New stables, Tenth and Bryant streets.

CHIEF ENGINEER'S REPORT.

641

HOUSES REPAIRED BY CONTRACT.

Truck No. 1.
Engine No. 14.

Engine No. 16.
Engine No. 20.

NEW HOUSES BUILT BY DEPARTMENT CARPENTER.

Chemical No. 4.

HOUSES REPAIRED BY DEPARTMENT CARPENTER.

Engine No. 3.
Engine No. 9.
Engine No. 18.
Engine No. 20.
Engine No. 25.

Engine No. 32.
Corporation Yard No. 1.
Corporation Yard No. 2.
New stables.
Old stables.

TRUCK No. 1—CONTRACT WORK REPAIRS.

New front from floor line to lintel, over double doors; moved iron posts far enough to get in double doors 10 feet 6 inches, and single door and window on either side.

Transoms over single door.

New double floor in engine-room. Raised and straightened floor joists. Repaired all broken and cracked plaster.

Papered dormitory, rooms upstairs and halls at landings.

Painted all wood-work inside and outside of building, engine-room walls and ceiling two coats, new work three coats, front of building two coats.

Concrete manure pit with iron cover in front of building.

Galvanized-iron vent pipe from pit to roof.

New plumbing throughout the building; tank closet, porcelain-lined bathtub and wash-basin upstairs, urinal and boiler downstairs.

Repaired all broken glass in building, etc.

ENGINE No. 14—CONTRACT WORK REPAIRS.

New front from sill to bell course, above front doors. Made and hung new double and single doors; 10x10-inch pine sill across entire front of building. Transom over front doors.

New double floor in engine-room. Five new stalls with iron posts.

New hay loft.

Bath-room wainscoted five feet high.

New window in front of building. Repaired all broken glass.

Concrete manure pit in front of the building with iron cover.

Galvanized iron vent pipe from pit to roof.

Old turn table taken out.

Papered dormitory, front and back rooms. Repaired all broken plaster. Changed and repaired gas.

Painted all old wood work inside and outside of building, and floor of dormitory two coats. New wood work three coats.

ENGINE No. 14—CONTRACT WORK REPAIRS—CONCLUDED.

New plumbing throughout building. Porcelain lined bathtub, and tank closet upstairs, urinal and sink downstairs. New eight-inch patent chimney to heater-room. New heater-room 12x20 feet x 7 ft. high bulkheaded all around with two-inch redwood all partitions upstairs, except those that form a part of the front and back rooms taken out. Roof supported with girders and turned columns. New iron spiral stairs.

Planked yard, etc.

ENGINE NO. 16—CONTRACT WORK REPAIRS.

New bridging and bracing throughout building.

New hay loft.

Front, side and rear doors.

Five new stalls with iron posts.

Iron spiral stairs.

Windows, front and rear.

Trap door to heater room.

10x10 inch pine wood sill across double door.

Galvanized iron skylight.

Set of sliding polls.

Bathroom wainscoted five feet high.

Cut floor in hose tower to let hose hang through. Inclosed tower on first floor with 1x4 feet, 7 inches & G, and large doors.

All lath and plaster in building torn off. Engine room walls and ceiling sheathed with 1x4 T and G beaded redwood. Dormitory and rooms upstairs lathed and plastered.

All partitions, except those that formed a part of the front and rear rooms, torn out. Roof carried on girders and columns. New fence, gate and plank in yard. Roof and all tin work two coats of paint; all woodwork, inside and outside, three coats.

New plumbing throughout building. Porcelain lined bathtub and tank closet upstairs, urinal and sink downstairs, etc., etc.

ENGINE No. 20—CONTRACT WORK REPAIRS.

New front from sill to bell course above double doors.

Made and hung new double and single front doors.

10x10 feet pine sill across entire front of building.

Transoms over front doors.

New double floor in engine room. Five new stalls with iron posts.

All lath and plaster torn off walls and ceiling. Dormitory front and rear rooms lathed and plastered. Engine room walls and ceilings sheathed with 1x4 feet T and G redwood. Roof supported with girders and columns.

Bathroom wainscoted five feet high.

Iron spiral stairs.

Sliding poles, set by contractor

Hose tower enclosed with 1x4 feet T and G redwood and double doors.

Hay loft in center of building, 12 feet wide, with double feed bins and chutes.

ENGINE No. 20—CONTRACT WORK REPAIRS—CONCLUDED.

New heater room at rear of building, 4 feet 6 inches below main floor, walls of concrete, 8 feet of wood above main floor, with glass doors and windows. . . .
Repaired all broken rustic. Planked yard.
New door in rear of building. Trap door over heater pipes.
New plumbing throughout building. Porcelain lined bathtub and tank closet upstairs, urinal and sink downstairs.
Painted roof and all tin work two coats paint; all woodwork, inside and outside, three coats paint.
Concrete manure pit in front of the building with iron covers.
Galvanized iron vent pipe from pit to roof. Broken glass repaired, etc., etc.

REPAIRS MADE BY THE DEPARTMENT CARPENTER FROM \$200 AND UP FOR THE FISCAL YEAR ENDING JUNE 30, 1896.

ENGINE No. 18--

Cutting out brick and stone work to put in larger double doors. Making and hanging double doors. Building staging around hose tower to paint from, etc.

CORPORATION YARD No. 1--

Put in skylights and ventilators. Enlarging harness room. Building two large cutting tables. Altering and making new shelving and new flight of stairs. Hanging balcony with iron rods. Removing all stalls out of the Corporation Yard and setting them up in the Sacramento street house, etc.

ENGINE No. 9--

Took out old floor and floor joists and put in new. Dug new heater room and bulkheaded side with 2-inch redwood. Erected four new stalls, new bathroom and new hay loft. Planked part of yard. Fitted up sitting room. Repaired front doors and made new back door. Took out old turn table, etc.

ENGINE No. 3--

Built an addition of ten feet in rear of building. Put in new floor, seven new stalls, new hay loft, new heater room, new bathroom, new manure pit in yard, new doors in rear of building and new fence. Planked part of yard. Changed sliding poles. Repaired wainscoating upstairs. Built ventilator over skylight. Shingled rear end of main building, etc.

CHEMICAL ENGINE No. 4--

Graded lot and built new two-story frame house, 25x40 feet, complete.

CHEMICAL ENGINE No. 5--(Old Hose No. 4 House).

Cut out brick and stone work to put in large double doors. Made large double doors and hung same. Repaired floor in rear of building, etc.

ENGINE No. 20--

Removed earth from two sides of building and placed 2-inch redwood against building, new bulkhead in yard, new shed and stairs to rear yard, etc.

STABLES—

Put in driveway in front of building. Built corrals, laid floor and roofed over alley way. Two skylights in roof. Made shed 100 feet long. New mangers and feed boxes in all stalls. Dampers in ventilators through roof. Guards in front of box stalls in yard.

OLD STABLES—

Remodeled old building for carpenter shop.

CORPORATION YARD No. 2—

Built varnish room. Room for watchman. Room for draughtman. Guard around elevator shaft. Plank in yard, etc.

ENGINE No. 32—

New sidewalk. Runway. Plank in yard. Store room. Box stall, etc.

ENGINE No. 25—

Tore down hose tower and rebuilt same. New window in rear of building under hay loft.

I would respectfully recommend that Engine House No. 10 and Truck houses Nos. 3 and 5 be torn down and rebuilt. That engine houses Nos. 11, 21, 21 and 25 be repaired. That sidewalks and driveways in front of Engine houses Nos. 6 and 25 be torn up and new laid.

Respectfully submitted,

WM. H. AYERS,

Carpenter, S. F. F. D.

REPORT OF DEPARTMENT PLUMBER.

SAN FRANCISCO, July 1, 1896.

To the Honorable the Board of Fire Commissioners and the Chief Engineer—

GENTLEMEN: I herewith submit to you my report of the work done at this Department:

DATE.	BUILDING.	WORK AND MATERIAL.
1896—April 1.....	Corporation Yard No 1..	Running speaking tube for harness shop. 180 feet of 1-inch tin tube. 24 feet of 1-inch elbows. Three 1-inch whistles.
April 4.....	Engine No. 7.....	One sheet of galvanized iron. Two lbs. No. 14 Escut pins.
April 6.....	Engine No. 11.....	Changing sewer connections with stalls and sink wastes. Ten feet of 3-inch soil pipe. One 5x3 inches tee, one 5-inch D. Hub. Two 2-inch D. Hubs, one 2-inch trap. One 3-inch $\frac{1}{4}$ bend, one 2-inch ferrule. One 3 $\frac{1}{2}$ inch strainer, one 1 $\frac{1}{2}$ inch lead trap. Twelve feet of 1 $\frac{1}{2}$ inch lead pipe. Four and one-half days' time.
April 10.....	Engine No. 31.....	Changing heater pipes, repairing washstand and running gas. Two $\frac{3}{4}$ service cocks. One 16-inch basin bowl. Eighteen feet of $\frac{3}{8}$ -inch gas pipe. One 0-8-inch gas bracket. One and a half days' time.
April 13.....	Engine No. 13.....	Disconnecting stalls and water pipe. One day's time.
April 14.....	Engine No. 19.....	Connecting stalls. Three 4x3 last Y branches.

CHIEF ENGINEER'S REPORT.

WORK DONE BY THE PLUMBING DEPARTMENT—CONTINUED.

DATE.	BUILDING.	WORK AND MATERIAL.
April 14.....	Engine No. 19.....	Two 3-inch last traps. Three 2-inch D. hubs. Two 4-inch $\frac{1}{4}$ bends. Three 2-inch D. hubs. Two 2 inch ferrules. Three feet of 4-inch soil pipe.. Fifteen lbs. 2-inch lead pipe. Two 3 $\frac{1}{2}$ -inch fancy strainers. One 4-inch end plug. One 4-inch $\frac{1}{4}$ bend and 25 lbs. lead. One sack charcoal. Five days' time.
April 21.....	Engine No. 8	Repairs to water closet and running gas. One spring and leathers and stand. Twelve feet of $\frac{3}{8}$ -inch gas pipe and one 6-8 inch. bracket. One days' time.
April 22.....	Engine No. 33	Covering stalls with galvanized iron. Five sheets of galvanized iron. Four lbs. Escut pins. One No. 13 Primrose parlor stove. Eight feet of planished stove pipe. One elbow and collar. Four days' time.
April 27.....	Plumbing Shop.....	Three days' time on tin for stables.
May 1.....	Stables	Two days' time on roof.
May 4.....	Engine No. 13.....	Connecting stalls, One 4-inch $\frac{1}{4}$ bend and one 4-inch D. hub. One 4x10 inch reducer and five 3 inch 1-6 bends. Two 3-inch $\frac{1}{8}$ bends and one 3-inch Y tee. One 3-inch Y branch and three 3-inch traps. Four 3-inch D. Hubs and two 2-inch D. hubs, Three 3 $\frac{1}{2}$ inch fancy strainers. Five days' time.
May 9.....	Engine No. 31.	Connecting gas and repairing roof. Twenty feet of $\frac{3}{8}$ -inch gas pipe and 6 $\frac{3}{8}$ -inch fittings. Two and one-half days' time.
May 12.....	Engine No. 12.....	Resetting and repairing water closet. One $\frac{3}{8}$ -inch rubber connection, putty, etc.

CHIEF ENGINEER'S REPORT.

647

WORK DONE BY THE PLUMBING DEPARTMENT—CONTINUED.

DATE.	BUILDING.	WORK AND MATERIAL.
May 13.	Engine No. 22.....	Three hours repairing roof.
May 13.....	Engine No. 27.....	Five hours repairing roof.
May 14.....	Engine No. 25.....	Changing gas and water, one-half day's time.
May 14.....	Corporation Yard No. 1..	Repairing Babcocks, one-half days' time.
May 15.....	Engine No. 20.....	Changing gas pipes, one-half days' time.
May 15.	Engine No. 30.....	Changing gas and water pipes, one-half day's time.
May 18.....	Engine No. 25.....	Tinning roof of hose tower. Eighteen sheets of tin, 3 lbs. solder, 1 lb. wire nails. Two days' time.
May 20.....	Engine No. 5.....	Changing gas pipes. One day's time.
May 21.....	Blacksmith Shop	Changing blacksmith shop and connecting sewer for stables. Two sheets of galvanized iron. Eight feet of 12-inch chimney. Two feet of 4-inch D. hubs, two 3-inch $\frac{1}{4}$ bends. Three 3-inch cast traps. Two 3 $\frac{1}{2}$ -inch fancy strainers. One 1 $\frac{1}{2}$ -inch wash tray plug. Ten lbs. 1 $\frac{1}{2}$ inch lead pipe. Three $\frac{3}{8}$ -inch burner cocks. Three brass pillars and tips. Thirty lbs. calking lead. One sack charcoal. Eight days' time.
June 1.....	Corporation Yard Stable	Three and one-half days' time.
June 4.....	Engine No. 25.....	Running gas in hose tower. One-half day's time.
June 5.....	Engine No. 17.....	Changing sewer connections. Three 4x3-inch Y tees and two 4-inch hubs. Two 3-inch D. hubs and three 3-inch traps. Fifteen feet of 3-inch pipe and one 4-inch end plug Two 2-inch ferrules and five 3 $\frac{1}{2}$ -inch strainers.

CHIEF ENGINEER'S REPORT.

WORK DONE BY THE PLUMBING DEPARTMENT—CONCLUDED.

DATE.	BUILDING.	WORK AND MATERIAL.
June 5.....	Engine No. 17.....	One 1½-inch lead trap. Three ¾-inch Fuller's washers. Two sheets of galvanized iron and 1 lb. Escut pins. One 14-inch basin bowl. Twenty lbs. lead. One sack charcoal. Seven days' time.
June 13.....	Engine No. 22.....	Changing water pipes. One-half day's time.
June 17.....	Truck No. 1.....	Changing sewer connections. Four 3-inch ¼ bends and three fancy strainers. Four feet of 2-inch lead pipe. Three days' time.
June 22.....	Engine No. 6.....	Changing sewer connections for stalls. One 3x6 inch cast offset. Two 3-inch ¼ bends and one 3-inch ½ bend. Five 3½ inch fancy strainers. Six lbs. of No. 14 Escut pins. Eleven sheets of galvanized iron. Three ½-inch galvanized tee's and three ½-inch caps Twenty-five feet of 3-inch cast pipe. Three 3-inch traps and three 3-inch D. hubs. Two 2-inch D. hubs and and one 3-inch Y and tee Three ½-inch hose bibs and flanges. Two ¾-inch gas brackets and one ¼ stop cock. Twenty feet of ½-inch pipe. Eighteen feet ½-inch fittings. Thirty-five lbs. calking lead. Two sacks charcoal. Six and one-half days' time.
June 30.....	Engine No. 17.....	One Bedfordshire urinal and repairs. Sink waste. One day's time.

GOODS IN STOCK—JUNE 30, 1896.

TINNING AND REPAIRING—APRIL, MAY AND JUNE.

ARTICLES USED.	ARTICLES USED.
Tinning shed for stable— Eight boxes of Menlo tin, 14x20. Ninety pounds of solder. Ten pounds of roof nails. Twenty pounds of rosin. Three sacks of charcoal. Ten gallons of boiled oil. Thirty-five pounds of metallic paint. (Ten days' time.)	Engine Co. No. 25— Five hundred shingle flashings. Ten gallons boiled oil. Forty pounds paint. (Four days' time.) Carpenter shop— Repairing roof. (One day's time.)
Tinning skylights— Thirty-six sheets of tin. Five pounds of solder. One-half sack of charcoal. (Two days' time.)	Corporation Yard, galvanized iron on stalls— Eleven sheets of galvanized iron. Six pounds Escut pins. Five pounds wire nails. (Six days' time.)
Galvanized iron for stalls of stables— Twenty-five sheets of galvanized iron, three hundred and ninety pounds. Twelve pounds wire nails. (Fifteen days' time.)	Engine Co. No. 32, tinning roof of shed— Two boxes of tin. Twenty pounds of solder. Two sacks charcoal. Three pounds wire nails. (Five days' time.)
Engine Co. No. 27, repairing and painting roof— Nine gallons of boiled oil. Thirty pounds of metallic paint. (Two days' time.)	Engine Co. No. 6, galvanized iron for stalls— Eight sheets of galvanized iron. Five pounds Escut pins. (Three days' time.)
Carpenter shop— Fifteen gallons of oil. Seventy pounds of metallic paint. (Two and one-half days' time.)	Engine Co. No. 2, tinning on ventilators. Twenty-five sheets of tin. Eight pounds of solder. One sack charcoal. Two gallons of paint. (Three days' time.)
Engine Co. No. 25, tinning and painting roof— Forty sheets of tin. Two pounds nails. Six pounds solder. One sack charcoal. Three gallons paint. (Two and a half days' time.)	Engine Co. No. 4, tinning on ventilators— Twenty sheets of tin. Seven pounds solder. One sack charcoal. One pound of wire nails. (Three days' time.)
Engine Co. No. 22— Repairing roof. (One day's time.)	

Respectfully submitted,

F. FITZSIMMONS,

Department Plumber.

REPORT OF DEPARTMENT PAINTER.

SAN FRANCISCO, July 1, 1896.

To the Honorable the Board of Fire Commissioners and Chief Engineer—

GENTLEMEN: I herewith submit to you my annual report of the work done at this Department:

Painted Engine No. 14.

Painted five new Truck ladders.

Painted tanks and touched up and varnished Chemical Engine No. 4.

Painted three coats of lead on four new buggies, body and wheels.

Painted new rims and five new spokes on wheels of Relief Truck.

Painted Engineer Wells' buggy.

Painted rims on two sets of engine wheels.

Oiled and varnished new Chemical Engine ladders.

Painted Chemical Engine No. 5.

Touched up and varnished new work on Engine No. 31.

Painted Battery No. 1.

Painted Engine No. 27's hind wheels.

Painted Chief Sullivan's relief buggy.

Painted new rims and four new spokes on Assistant Chief Dougherty's buggy

Painted new work on brake on new Engine No. 1.

Painted new spoke in two wheels of Engine No. 11's carriage.

Touched up and varnished Engine No. 2.

Painted Engine No. 19.

Painted set of old wheels for relief buggy for Engineer Fernandez

Painted new ladder for Truck No. 1.

Painted Truck No. 7.

Painted and lettered six new blackboards.

Painted Engineer Conlon's buggy.

Painted Engine No. 28.

Touched up and varnished Engineer Wells' buggy.

Painted three coats of paint on new Battery No. 2.

Painted Engine No. 18.

Painted Wagon No. 20.

Touched up and varnished Chief Sullivan's new buggy.

Painted new rims and five new spokes on Assistant Chief Dougherty's buggy

Touched up and varnished buggy for hydrantmen.

Touched up and varnished Engineer's relief buggy.

Painted one large extension ladder.

Painted one brace ladder.

Painted one iron frame ladder.

CHIEF ENGINEERS REPORT.

Painted two chains.
 Painted two handles for Truck No. 3.
 Painted new Bangor ladder.
 Painted new ladders at carpenter shop for Truck No. 5.
 Painted new buggy for Bob Harris, stableman.
 Painted gear, touched up and varnished wheels and body of Chief Sullivan's buggy.
 Touched up, painted and varnished body and gear on Assistant Chief Dougherty's buggy.
 Painted gear, touched up and varnished Engineer Fernandez's buggy.
 Painted new Crane Delivery Truck.
 Painted rims on Engine No. 9's wheels.
 Painted new work, repair work, and touched up Engineer Conlon's buggy,
 Painted hydrantman's cart.
 Painted Engineer Shaugnessey's buggy.
 Painted one full set of Truck ladders.
 Painted one new Boston extension ladder with frame and pole.
 Painted Engineer Waters' buggy.
 Painted set of relief ladders.
 Painted four sets of engine wheels.
 Painted one set of tower wheels.
 Painted two sets of truck wheels.
 Painted one set of chemical engine wheels.
 Besides this there has been work performed, such as touching up, mixing paint, work around yard, etc.

Respectfully submitted,

FELIX P. DESMOND,

Department Painter.

 REPORT OF HARNESS DEPARTMENT.

SAN FRANCISCO, July 1, 1896.

To the Honorable Board of Fire Commissioners and Chief Engineer—

GENTLEMEN: I hereby submit the annual report of the harness shop of this Department, with an account of all new work, repairs, stock on hand, etc., ending June 30, 1896.

This shop has made during the year:

Sets double harness.....	20
Sets of single buggy harness.....	4
Sets of single buggy harness, cut and finished.....	79
Horse blankets, cut out ready for finishing.....	29

Total.....

108

Also made:

Horse boots, shin.....	7
Horse boots, ankle.....	13
Horse boots, shin and ankle.....	2
Horse boots poultice.....	2
Leather cases for shutoff nozzles.....	36
Leather cases for nozzle tips.....	34
Leather cases for circulating nozzles.....	5
Leather cases for ceiling hooks.....	33
Leather boxes for insulated wire cutting plyers and rubber gloves.....	10
Leather book cases to hold books, showing sizes of water mains.....	7
Leather book cases to hold Assignment Books.....	2
Hose clamps.....	4
Horse muzzles.....	4
Hose and ladder straps.....	28
Sets (2) of water-proof canvas hose wagon covers and 12 inside covers (36 in all) to protect the cotton hose in wet weather, for the following Engine Companies: Nos. 1, 7, 12, 13, 18, 22, 24, 27, 28, 30, 31, 32.....	12
New canvas bags for three-way siamese connections.....	5
New canvas bags for two-way siamese connections.....	9

All apparatus holes have about two feet of the butt covered with leather to prevent the pole from being chafed by the trace chains or from chafing the horses. We covered the poles of all new apparatus and a greater part of old apparatus which was brought in to be repaired, including engines, hose wagons, shaft ends of buggies and hydrant carts. Trimmed iron dash-frames of six buggies and three light delivery wagons. Made eighty-eight dozen straps of all sizes, sixty-seven dozen assorted leather washers for engine suction, nozzles and hose-couplings and thirty-one and one-half dozen assorted rubber gaskets for hydrants, and fitted new harness to seventy new collars.

We have repaired more or less the harness for the whole Department, with the exception of about four companies. These repairs were made on harness used by Officers, Engines, Hose wagons, Chemical Engines, Trucks, Water Tower, two Batteries, Draymen's harness and Department Stable harness. We also repaired thirty-six harness and collars.

We have in use in the Department:

"Hale" patent harness with collars.....	122
"Berry" patent harness with collars.....	89
"Armstrong" patent harness with collar.....	1
"Smith" patent harness with collar.....	1
Ordinary Boston team collars for draymen and stable use.....	8

In reserve:

"Hale" patent harness and collars.....	23
"Berry" patent harness and collars.....	4
Buggy harness and collars.....	5
Boston team collars.....	2

CHIEF ENGINEER'S REPORT.

The harness in use consists of:

Double sets in companies.....	97
Double sets for teamsters.....	4
Single sets of buggy harness for officers.....	10
Single sets of buggy harness for hydrantmen.....	3
Single sets of harness for light delivery wagons.....	3

Harness in reserve:

Double sets of engine harness.....	10
Double set of teamsters harness.....	1
Single set of hydrant cart harness.....	1
Single set of light delivery wagon harness.....	1

Stock on hand:

Bits on hand July 1, 1895.....	14
Bits received from July 1, 1895, to June 30, 1896.....	192
Bits delivered from July 1, 1895, to June 30, 1896.....	109
Bits on hand July 1, 1896.....	97
	<u>206</u>
	<u>206</u>

Straight whips on hand July 1, 1895.....	12
Straight whips received from July 1, 1895, to June 30, 1896.....	72
Straight whips delivered from July 1, 1895, to June 30, 1896.....	27
Straight whips on hand July 1, 1896.....	57
	<u>84</u>
	<u>84</u>

Bow whips on hand July 1, 1895.....	14
Bow whips received from July 1, 1895, to June 30, 1896.....	120
Bow whips delivered from July 1, 1895, to June 30, 1896.....	51
Bow whips on hand July 1, 1896.....	83
	<u>134</u>
	<u>134</u>

Armstrong snaps on hand July 1, 1895.....	20
Armstrong snaps received from July 1, 1895, to June 30, 1896.....	195
Armstrong snaps delivered from July 1, 1895, to June 30, 1896.....	93
Armstrong snaps on hand July 1, 1896.....	122
	<u>215</u>
	<u>215</u>

Received two bales of grey horse blanketing September 21, 1895, each bale making fifty-four blankets.....	108
Delivered from September 21, 1895, to June 30, 1896.....	55
Complete (ready for delivery when wanted) July 1, 1896.....	24
Cut out, but not finished July 1, 1896.....	20
	<u>108</u>
	<u>108</u>

Received June 29, 1896, one and three-fourths bales (or ten bolts) of grey horse blanketing, and have that amount on hand,

We have enough stock on hand, including leather and harness hardware, such as snaps, buckels, rivets, etc., to last about eight months and probably longer. So there will be very little if any purchased this fiscal year.

Our greatest saving is made in collars, hose wagon covers and blankets.

Formerly the maker of patent harness would not furnish the harness unless the collars went with them. We were dissatisfied with the quality of the collars and the fitting of the harness to the same.

On notifying the harness-makers that we wanted the harness alone or nothing, they agreed to furnish the harness separately.

We had the collars made here and got a cheaper and better article, and fitted the harness to the collars ourselves, doing the work carefully and much more accurately, thereby saving unnecessary repairs and having the collars lock and work sure and accurately at all times.

A set of hose-wagon waterproof duck covers (inner and outer covers) formerly cost twenty-five dollars per set. We now buy the duck at wholesale prices, give it two coats of waterproofing compound, and make the covers complete for eight dollars and fifty cents per set, including wages and material.

The blankets cost, by contract, nine dollars and fifty cents each. By buying blanketing by the bale, we are making the same blanket, in every particular as regards to material, finish and workmanship, for five dollars and ten cents each. Previous to the letting of contracts to the lowest bidders, the same style of blankets cost twelve dollars apiece.

During the year the harness shop was greatly improved by the Department carpenters. It was enlarged and better lighted by the placing of four new skylights in main roof. A cutting table, on which to cut out leather and blanketing, and a No. 50 Singer Machine were purchased and connected to the main line of shafting which enables us to do all light machine stitching.

The harness throughout the Department is all in first-class condition.

Respectfully submitted,

I. GURMENDEZ,

Foreman Harness Maker.

VETERINARY SURGEON'S REPORT.

SAN FRANCISCO, July 1, 1896.

To the Honorable the Board of Fire Commissioners—

GENTLEMEN: I herewith beg to submit my annual report:

There are now in service in the department two hundred and seventy horses, including those kept for relief.

With the exception of eighteen that are under treatment at the hospital for various ailments, and four that are being treated at the engine-houses for slight injuries, they are all in first-class condition.

During the year eighty-one horses were purchased; twenty-four were condemned as being unfit for further service, nine of which were sold at public auction; and the remaining fifteen transferred to the House of Correction by order of the Board of Supervisors.

During the year five horses died under treatment at the hospital, viz.: three from influenza and diseases of the lungs, one from peritonitis and one from tetanus.

Two horses dropped dead in harness from over-exertion.

Two were shot on account of having broken legs.

One was shot on account of being useless and incurable.

One was found dead at pasture (the post-mortem examination showing the cause of death to be gastritis, due to accumulation of sand in the stomach).

Making a total of eleven deaths.

Three hundred and eighty-four cases have been treated in the hospital, and 136 in the engine-houses for sickness or injury that did not necessitate their being taken out of service.

All of the horses in the department had their teeth attended to.

I visited and inspected the horses in each of the engine-houses once a month, and visited the hospital and stables every day.

Two mares that were purchased in August of last year had colts in July of this year, i. e., about eleven months after they were bought.

The colts have been retained in the department, making a total of two hundred and seventy horses and two colts.

Respectfully submitted,

WILLIAM F. EGAN, M. R. C. V. S.,

Veterinary Surgeon.

RULES AND REGULATIONS.

OFFICE.

1. The Office of the Board of Fire Commissioners shall be the office of the Chief Engineer of the Department, and shall be known as the Headquarters of the San Francisco Fire Department. Office hours for the transaction of business shall be from 9 A. M. to 4 P. M. Sundays and legal holidays excepted.

DIVISIONS.

2. There shall be two divisions of the Fire Department of the City and County of San Francisco, viz. :

Division No. 1, comprising Districts Nos. 1, 2 and 5, under the immediate supervision of the Assistant Chief Engineer of the Department.

Division No. 2, comprising Districts Nos. 3, 4, 6 and 7, under the immediate supervision of the Second Assistant Chief Engineer of the Department.

HEADQUARTERS.

4. The headquarters of the Chief Engineer shall be, during office hours, at the headquarters of the Fire Commissioners. After office hours, which shall be construed as being between the hours of 6 A. M. and 4 P. M., Sundays and legal holidays excepted, he shall be at the house of Engine Company No. 2, on Bush street, above Kearny.

Headquarters of Assistant Chief Engineer and Chief of Division No. 1, shall be, during office hours, at the office of the Chief Engineer, and after office hours, at the house of Engine Company No. 17, on Mint avenue, near Fifth street.

Headquarters of Second Assistant Chief Engineer and Chief of Division No. 2, shall be at the house of Engine Company No. 19, on Waller street, between Octavia and Laguna.

Headquarters of District Engineer of District No. 1, shall be at the house of Engine Company No. 1, on Pacific street, near Sansome.

Headquarters of District Engineer of District No. 2, shall be at the house of Engine Company No. 2, on Bush street, near Kearny.

Headquarters of District Engineer of District No. 3, shall be at the house of Engine Company No. 4, on Second street, near Howard.

Headquarters of District Engineer of District No. 4, shall be at the house of Engine Company No. 13, on Valencia, near Twenty-fifth street.

Headquarters of District Engineer of District No. 5, shall be at the house of Engine Company No. 3, on California street, near Leavenworth.

Headquarters of District Engineer of District No. 6, shall be at the house of Engine Company No. 15, on California street, between Laguna and Buchanan.

Headquarters of District Engineer of District No. 7 shall be at the house of Engine Company No. 27, on Hermann street, between Fillmore and Steiner streets.

CLERK.

5. The Clerk of the Board of Fire Commissioners shall attend daily at the headquarters of the Department, and shall devote his whole time and attention to the duties thereof. He shall keep a true record of all the proceedings of the meetings of the Board of Fire Commissioners, and shall enter in the minutes of each monthly meeting all the appointments made by the Commissioners and by whom made; and shall perform such other duties as may be prescribed by said Board and Chief Engineer. He shall also perform the duties of clerk to the Chief Engineer and Assistant Chief Engineer.

CHIEF ENGINEER'S REPORT.

MEMBERSHIP.

6. Every person hereafter appointed a member of the San Francisco Fire Department must at the time of his appointment be over twenty-one years of age, a citizen of the United States, and be able to converse understandingly in the English language. He shall make application to the Board of Fire Commissioners in writing over his own signature, stating the position he is an applicant for, his name, age, birthplace, residence and business occupation. Any person applying for the position of hoseman or truckman must be of sound bodily health, and over twenty-one and not over thirty years of age. All hosemen appointed shall weigh 135 pounds stripped, and all truckmen 155 pounds stripped.

Each and every member of the Department hereafter appointed shall procure a certificate from the Board of Examining Physicians appointed by the Board of Fire Commissioners that he is in sound health. Failing to comply with this requirement within five days from the date of his appointment, the position shall be declared vacant.

THE CHIEF ENGINEER.

7. The Chief Engineer shall devote his whole time and attention to the Fire Department, have sole and entire command at fires and alarms of fires over all officers, members and employees of the Department, and all apparatus and appurtenances belonging to the same, and he shall take all measures which he shall deem expedient for the extinguishment of fires, protection of property, preservation of order, and observance of the laws of the State, ordinances of the City, and rules and regulations of the Board of Fire Commissioners. It shall be the duty of the Chief Engineer to examine into the condition of all the houses, apparatus and appurtenances belonging to the Department, to examine Engine, Hose and Hook and Ladder companies, and to appoint all clerks and assistant foremen of companies in the Department. The Chief Engineer is vested with the power to suspend any officer, member or employee of the Department who shall refuse or neglect to perform the respective duties assigned them, or shall refuse or neglect to comply with the rules and regulations of the Commissioners, and report such action. It shall be the duty of the Chief Engineer to report from time to time to the Commissioners the name of such officer or member of the Department, if any, who, in his judgment, should be removed or discharged, with his reasons therefor. In all cases of removal from the Department, the name of the party removed, with a statement of the reasons therefor, shall be entered in the minutes of the Board. He shall be responsible to the Board of Fire Commissioners for the conduct and management of the members of said Department and shall report to the Board of Fire Commissioners any officer or member of the Department who, by reason of age, disease, accident, or other incompetency, does not or cannot fully, energetically promptly and properly perform his duty in the Department.

ASSISTANT CHIEF ENGINEER.

8. The Assistant Chief Engineer shall devote his whole time and attention to the Fire Department. It shall be his duty to respond to all alarms of fires except in case of sickness or the absence of the Chief Engineer, to take charge at fires and alarms of fire, and in case of the absence of the Chief Engineer he shall assume the same duties and have the same power as devolves upon the Chief Engineer. It shall be his duty to visit the houses connected with the Department at least once in every week, and report the condition of each to the Chief Engineer.

ASSISTANT OR DISTRICT ENGINEERS.

9. It shall be the duty of the District Engineers to devote their whole time and attention to the Fire Department; to respond to all alarms of fires within their respective districts assigned to them and report to the Chief or Assistant Chief on his arrival at the fire, and report in writing daily to the Chief of his division the conditions of the several houses and apparatus in his district, compiled from written reports from the different officers of the companies in his district as hereinafter provided. They shall also attend to their duties as Fire Wardens within their respective districts, and see that all orders emanating from the Board of Fire Commissioners, or Chief Engineer, or Chief of Division, are strictly enforced within their respective districts. When any member is injured in the discharge of his duty, they shall report the same in writing to the Chief Engineer.

RULES AND REGULATIONS.

659

In case of the absence at a fire the District Engineer shall assume and perform the duties of Chief Engineer until the arrival of the Chief Engineer or Chief of Division.

The District Engineers of Districts Nos. 1, 2 and 5, shall report to Chief of Division No. 1 at his headquarters, daily, in writing, between the hours of 11 A. M. and 1 P. M., and shall immediately return to their respective districts.

The District Engineers of Districts Nos. 3, 4, 6 and 7 shall report to Chief of Division No. 2, at his headquarters, daily, in writing, between the hours of 11 A. M. and 1 P. M., and shall immediately return to their respective districts.

No District Engineer shall, except in case of fire, absent himself from his district, except by permission of the Chief of his division, except when engaged in going to and from his division headquarters.

FOREMAN OF COMPANIES.

10. The Foreman of each Engine, Hose and Hook and Ladder Company shall at all fires direct the apparatus in a suitable position at the scene of fire, and the Foreman of each Engine and Hose Company shall have charge and directing of hose and hosemen.

The Foreman of each Engine, Hose and Hook and Ladder Company shall have charge of the apparatus belonging to his company. He shall preserve order and discipline at all times among the members of the company under him, and require of them and enforce a strict compliance with the rules and regulations of the Department and the orders of the Chief Engineer. He shall report to the Chief Engineer any violation of any of the rules and regulations of the Department, or neglect of duty by any of the men under his charge. He shall see that no person other than a member of the Department (except a substitute acting for a member) shall sleep in the house, nor shall he allow any person not a member of the Department to lounge in and around the house. He shall not excuse any member of his company from answering roll call on returning from an alarm of fire during the hours of 8 P. M. and 5 A. M.

He shall report in writing, to the District Engineer of his district, the name of any member of his company injured in the discharge of his duty, with the cause of accident and injury received.

ASSISTANT FOREMAN.

11. The Assistant Foreman shall, in the absence of the Foreman, exercise the same duties, and shall have the same powers as devolve on the Foreman.

CLERKS OF COMPANIES.

12. It shall be the duty of the Clerk of each company to keep an accurate record of the membership of his company in a book provided for that purpose, and to note accurately therein all absentees at all alarms of fire or drills, and to correctly keep an account of all weights and qualities of feed, fuel, stores and other articles received at the house for the use of the company, and to transmit a correct copy to the Board of Fire Commissioners on the last day of each month. Said Clerk shall make a minute of the reasons on the roll-call of all absentees from said roll-call during the hours of 8 P. M. and 5 A. M.

ENGINEERS OF STEAMERS.

13. Each applicant for the position of Engineer of Steamers shall be a regular practical engineer, and shall, after having passed a medical examination, be examined by the Superintendent or Assistant Superintendent of Engines as to his fitness to run a steam fire engine.

The Engineer of each steamer shall give his entire time to the interest of the Fire Department, and shall always be at the Engine House where his engine is kept, except when directed by the Chief Engineer to perform other duty, or when at meals. He shall, under the direction of the Foreman, have sole charge of the Engine House and of all property therein belonging to the city. He shall be held personally responsible for the care and order of the engine, and shall work and manage the same, and see that it is at all times in condition for immediate use, and while working at fires he shall not be allowed to use over eighty (80) pounds pressure of steam, and not over one hundred and twenty (120) pounds pressure on hose, unless otherwise ordered by the Engineer in charge. It shall be his duty to take the number of the box coming in from all alarms of fires, and report the number of box located to the driver. He shall report daily, in writing, to the Assistant Engineer of his district the condition of the house and apparatus in his charge. He shall also assist in keeping the house and apparatus clean and in good order, and shall have the same ready for inspection daily at 10 o'clock A. M.

CHIEF ENGINEER'S REPORT.

DRIVERS.

14. The drivers belonging to the several companies shall devote their whole time and attention to the Fire Department, shall take care of and properly groom the horses belonging to their respective companies, see that the same are at all times ready for immediate use to convey the apparatus to the scene of the fire on an alarm being sounded, and perform such other duties as may be required of him by the Foreman of his company, and shall also keep everything in and around the stable neat and clean. He shall report daily, in writing, to the Assistant Engineer of the district wherein his company is located, the condition of his horses and harness, and shall have his horses and harness cleaned and ready for inspection daily at ten o'clock A. M. He is strictly prohibited from racing going to or returning from alarms of fire, nor shall he permit his apparatus to pass any other apparatus of the Department unless such apparatus or horses should be disabled; nor shall he drive his horses at a rate of speed that may be liable to cause accident.

FIREMEN OF STEAMERS.

15. The Fireman of each engine company shall devote his whole time and attention to the Fire Department; he shall be under the direction of the Engineer of his company, assist in the care and cleanliness of the apparatus and the house, and see that the engine is properly supplied with fuel and perform such other duties as the Engineer may direct.

TILLERMEN.

16. The Tillerman of each Hook and Ladder Company shall give his entire time and attention to the Fire Department, and shall be required, under direction of the Foreman, to keep the apparatus of his company neat and clean. He shall report, daily, in writing, to the Assistant Engineer of his district, the condition of the apparatus and house, and shall take the box and location that comes in from all alarms of fire, and report the same to the driver; he shall have the house and apparatus ready for inspection daily at 10 A. M.

STEWARDS OF HOSE COMPANIES.

17. The Steward of each Hose Company shall give his entire time and attention to the Fire Department, and shall keep the apparatus and house of his company clean and ready for immediate use, and in the absence of the driver to his meals he shall perform the same duties as the driver. He shall take the number of box and location that comes in from all alarms of fire and report the same to the driver, and shall report daily, in writing, to the Assistant Engineer of the district the condition of the hose and apparatus. He shall obey all orders of the Foreman of his company, and have the house and apparatus ready for inspection daily at 10 A. M.

EXTRAMEN.

18. It shall be the duty of the Hosemen and Hook and Laddermen of each and every company of the Fire Department to attend all fires immediately upon an alarm being sounded, and to report to the officer in command of their respective companies, to obey all orders in respect to the discharge of their duty, and to return to their respective houses with their apparatus to answer roll call. They shall be required to meet as often as once in each month, at regular monthly meetings, to be determined by their respective foremen; and any member of any company who is reported absent at three or more alarms of fire or drills in any one month, without giving a satisfactory excuse to the Chief Engineer, shall be liable to suspension or dismissal from the Department, at the option of the Board of Fire Commissioners, but no member shall be excused from answering roll call between the hours of 8 P. M. and 5 A. M. Each extraman assigned to duty to any truck shall forthwith provide himself with a four-cone leather fire hat, and shall wear the same at all alarms of fires and at drills.

SUPERINTENDENT OF STEAMERS.

19. The Superintendent of Steam Fire Engines shall give his entire time and attention to the Fire Department, and shall supervise all repairs and improvements upon the apparatus of the Fire Department. He shall have general supervision of all the steam fire engines connected with the

Fire Department, and of the Engineers of said engines. He shall examine the engines at least once a week, and report to the Chief Engineer and Board of Fire Commissioners, in writing, once a month, any repairs or improvements necessary. He shall report all cases of neglect of duty or carelessness on the part of any Engineer to the Chief Engineer. He shall answer all general alarms of fire being sounded, repair with all possible dispatch to the point from whence the alarm comes, and see that the Engineers are all in charge of their respective engines and working the same properly.

ASSISTANT SUPERINTENDENT OF STEAMERS.

20. The Assistant Superintendent of Steam Fire Engines shall devote his whole time and attention to the Fire Department, shall be under the direct control of the Superintendent of Engines, and shall faithfully execute all orders issued by him. He shall also perform such other duties as may be prescribed by the Chief Engineer. He shall be in attendance at the Corporation Yard, when not otherwise engaged in the discharge of his duties, daily, Sundays and legal holidays excepted, from 8 A. M. to 5 P. M., and such other times as the Superintendent of Steamers or Chief Engineer may direct.

CORPORATION YARD CLERK.

21. The Clerk and Storekeeper of the Corporation Yard shall, under direction of the Chief Engineer, give his undivided attention to the duties connected with his office. He shall have care of, and deliver to the several companies, all supplies required for the use of the Fire Department. He shall keep a plain and comprehensive set of books, containing an account of all supplies received by him and delivered to the several companies. He shall see that a full supply is kept on hand at the Corporation Yard for distribution to the several companies. In no case shall he deliver any supplies to any company or any member of the Department except upon a written order from the Chief Engineer, assistant Chief, or Clerk of the Fire Department, except at alarms of fire. He shall perform such other duties as may be required of him by the Chief Engineer, and make a monthly report to the Board of Fire Commissioners of stores received and delivered by him to the companies. He shall be at the Corporation Yard daily, Sundays and legal holidays excepted, from 8 A. M. to 5 P. M., and such other times as the Chief Engineer may direct.

CORPORATION YARD DRAYMAN.

22. The Corporation Yard Drayman shall devote his whole time and attention to the Fire Department, report to the Chief Engineer at least once a day and hold himself in readiness at all times to attend to any business connected with the Fire Department. He shall have full charge of all the horses of the Department, shall see that they are properly mated, groomed, etc. He shall have full charge of the Corporation Yard and Department Stables, and see that they are kept in proper order. He shall be in attendance at the Corporation Yard when not otherwise engaged in the discharge of his duties, daily from 8 A. M. to 5 P. M. (Sundays and legal holidays excepted), and at such other times as the Chief Engineer may direct.

MESSENGER.

23. The Messenger at headquarters shall be in attendance daily, Sundays and legal holidays excepted, from 8 A. M. to 5 P. M. He shall attend at all meetings of said Commissioners, keep said office clean and in proper order, and attend to such other duties as the Chief Engineer may direct.

HYDRANTMEN.

24. The Hydrantmen shall attend to all hydrants and cisterns in their respective districts, see that the same are in good working condition, that the hydrants are well oiled and packed, caps securely fastened, and ready at all times for immediate use. They shall see that they are kept free from obstructions of every character, so that they can be readily reached and connections made with them to supply the engines with water when a fire occurs. They shall report each month, in writing, to the Chief Engineer the condition of the same, and shall assist in keeping the Corporation Yard and office of said yard clean and in proper condition; they shall report the number of hydrants attended to in their district, and their location; they shall also be in attendance at the Corporation Yard daily, Sundays and legal holidays excepted, when not otherwise engaged in the discharge of their duties, from 8 A. M. to 5 P. M., and at such other times as the Chief Engineer may direct.

CHIEF ENGINEER'S REPORT.

VETERINARY SURGEON.

25. The Veterinary Surgeon shall hold himself in readiness at all times to attend to any horses of the Fire Department that may require his attention. He shall report to the Chief Engineer at least once every day for orders, and promptly attend to any sick or disabled horses belonging to the Fire Department.

The person assigned to the duties of taking care of the sick and disabled horses shall devote his whole time and attention to the Fire Department; shall report to the Veterinary Surgeon daily the condition of the horses under his charge, and obey all orders the Veterinary Surgeon may direct, and obey all orders emanating from the Chief Engineer.

CORPORATION YARD HOSTLER.

26. The Corporation Yard Hostler shall be in attendance at the Corporation Yard daily between the hours of 8 A. M. and 5 P. M. He shall assist the Drayman and Watchman in taking care of the Corporation Yard stables and the horses and harness connected therewith, and attend to such other duties as the Chief Engineer may direct.

DEPARTMENT STABLE HOSTLER.

27. The Hostler at the Fire Department stable on Alamo square shall devote his whole time and attention to the care of the horses, etc., in his charge; he shall obey all orders in regard to the feeding and care of the horses emanating from the Veterinary Surgeon, and such other duties as the Chief Engineer may from time to time prescribe.

PAINTER.

28. The Fire Department Painter shall be in attendance at the Corporation Yard daily between the hours of 8 A. M. and 5 P. M. (Sundays and legal holidays excepted), when not otherwise engaged in the discharge of his duties; he shall keep his brushes and apparatus in good order, and obey all orders emanating from the Board of Fire Commissioners or Chief Engineer.

CARPENTER.

29. It shall be the duty of the Carpenter to devote his whole time and attention to the Fire Department, to be at the office of the Board of Fire Commissioners daily, when not otherwise engaged in the discharge of his duties, Sundays and legal holidays excepted, from 8 A. M. to 5 P. M. and at any other times the Chief Engineer may direct. Whenever he has need of assistance and material in repairing any property belonging to the Department, he shall make a written application to the Chief Engineer, stating the repairs, etc., necessary to be made. He shall make a report in writing, to the Board of Fire Commissioners monthly of the number of men employed, also the number of days employed, the nature of the repairs made, and the amount of material used in making said repairs.

THE CORPORATION YARD WATCHMAN.

30. The Corporation Yard Watchman shall be in attendance at the Corporation Yard at all times when the yard is closed. He shall be in readiness to fulfill all orders emanating from the Chief Engineer. He shall assist the Corporation Yard Drayman in taking care of and properly grooming the relief horses in the Department, and keep the stable neat and clean, and obey all orders from the Veterinary Surgeon.

LEAVE OF ABSENCE.

31. No member of the Fire Department shall absent himself from the city for more than ten days, except by permission of the Board of Fire Commissioners, and any member of the Fire Department requesting a leave of absence for more than ten days must apply in writing to the Board of Fire Commissioners for the same.

SUBSTITUTES.

32. All substitute Hosemen and Truckmen, all substitute Firemen, Drivers and Stewards, and all substitute Engineers, shall be appointed by this Commission in open Board.

All substitute engineers shall pass the same examination as a regular engineer, and shall be assigned to duty in rotation by the Superintendent of Steamers. All other substitutes appointed by this Commission shall be assigned to duty by the Chief of the Department in regular rotation.

No Engineer, Driver, Fireman, Steward or Tillerman, shall leave the city without having first procured a substitute satisfactory to the Chief Engineer; and any other member of a company about to leave the city shall be required to furnish a substitute, subject to the approval of the Chief Engineer, failing to do which he is liable to dismissal.

Substitute Drivers, Stewards or Firemen selected by the Board of Fire Commissioners shall report daily to the Chief Engineer at headquarters, and shall be in attendance at all times, to be assigned to duty in case of need.

All substitutes for Extramen who are duly appointed by the Chief Engineer to run to fires during the day time, be allowed ten dollars per month for their services.

When a vacancy occurs through failure to report for duty, or any other cause, in the list of names of Substitutes named by the Chief Engineer and approved by this Board, the same shall be filled by the Chief Engineer subject to the confirmation of this Commission.

FINE AND SUSPENSION.

33. To secure and promote discipline in this Department, the Chief Engineer is hereby authorized and empowered, when in his judgment the best interests of the Department are subserved, to punish any member or employee thereof, guilty of any infraction or violation of any of the Rules and Regulations, by suspending from duty for not more than fifteen days, or by imposing a fine of not more than fifteen days' pay, on any such member or employee, and the Chief Engineer shall report such proceedings to the Board of Fire Commissioners at their next regular meeting.

REWARDS.

34. No member of the Department shall receive any rewards or presents of any kind for services rendered in the discharge of his duties without the permission of the Board of Fire Commissioners or the Chief Engineer.

TO SURRENDER PROPERTY.

35. Members of the Fire Department, on resignation or dismissal, will immediately surrender to the Chief Engineer all property in their possession belonging to the Fire Department.

FIRE LINES.

36. No person will be allowed within the lines formed by the police at a fire, unless he be a member of the Fire Department, or wearing the regulation badge authorized by the Board of Fire Commissioners. Members of the Fire Department will, when on duty, have their badges displayed conspicuously on their left breast. Any violation of this rule will subject the offender to suspension.

BADGES.

37. Members of the Department are strictly prohibited from exchanging or loaning badges. Any member losing his badge will be charged the sum of \$1 to replace it.

DRIVING OVER HOSE.

38. Crossing a line of hose, when in use, is, except in cases of absolute necessity, strictly prohibited.

DRIVERS HELD RESPONSIBLE.

39. Drivers will be held responsible for any damage caused by them or carelessness displayed in conveying their apparatus to or from a fire or alarm of fire.

CHIEF ENGINEER'S REPORT.

TO LODGE IN THE COMPANY HOUSE.

40. The Engineer, Firemen, Drivers, Tillermen and Stewards of companies shall lodge in their respective houses, and one of their number shall be on the floor of the house at all times during the day and night, the watch to be set by the Engineer of the district.

PROPERTY TO BE RETURNED.

41. Officers of companies having hose or other property belonging to other companies after a fire, shall return the same to the company to which it belongs as soon as practicable.

DUTIES AT FIRES.

42. The Foreman or Assistant Foreman of each company, when in service, shall remain with the company to direct the operations of the members thereof. Members of the several companies, except when otherwise engaged, or on special duty, shall keep within hearing distance of their respective Foremen and strictly obey all orders emanating from them.

REMOVAL OF APPARATUS.

43. No company will be allowed to take their apparatus away from the house, except in case of fire or drill, without the consent of the Chief or acting Chief Engineer.

The Hook and Ladder Companies must at all fires or alarms of fires report themselves the same as other companies, and take their places as near the fire as practicable, in such a position that they can be found conveniently, and shall remain there until ordered to move.

UNIFORMS.

44. The Chief Engineer, Assistant Chief Engineer, Assistant Engineers, Engineers of Steamers, Drivers, Fireman and Tillerman shall, when on duty (except at fires), wear uniform hereafter described.

The Chief of Department—A white leather cap with eight cones, having a gilded leather front, depending from a gilt edge head, and attached to the front of the cap with the insignia of his rank painted upon it in black shaded with red, and also the word Chief, in black letters shaded with red, upon a scroll of gold. For Assistant Chief, same as the Chief of Department, with the insignia of his rank; also the words Assistant Chief. For Assistant Engineers, same as for Chief of Department, with the insignia of their rank; also the words Assistant Engineer.

FOR INSIGNIA OF RANK.

45. For Chief Engineer—Five trumpets, measuring one and five-sixteenths inches, each crossed with bells outward and projecting beyond mouth-pieces, so as to form a design one and one-half inches in diameter, to be embroidered in gold upon a circle of dark blue cloth. For Assistant Chief Engineer, same as for the Chief Engineer, except that there shall be three trumpets, measuring one and one-half inches each, crossed with bells downward. For Assistant Engineers, same as for the Assistant Chief Engineer, except that there shall be two trumpets embroidered on an oval of dark blue cloth.

FATIGUE HATS.

46. For Chief Engineer, Assistant Chief Engineer and Assistant Engineers—Black felt army hat, with the insignia of their respective ranks on the front of the hat.

COAT.

47. For the Chief Engineer—A double-breasted, close-fitting sack coat, made of dark blue navy cloth, cut to button close to the neck, with rolling collar, and to reach to a point midway between the hip joint and bend of the knee; to have eight medium-size regulation buttons on each breast, grouped in pairs; the cuffs to be made to fit the wrists, and to be closed with four small regulation buttons; to have a pocket on the inside of each breast; the coat to be lined with dark cloth or flannel and the sleeves with linen.

Coats for Assistant Chief and Assistant Engineer and members compelled to wear uniforms—Same as for the Chief of Department, except that the buttons will be six in number on each breast, placed equidistant.

VEST.

48. For all officers and members of the Department compelled to wear uniforms—A single breasted vest, made of the same material as the coat, without collar, and to button with six small regulation buttons to within five inches of the neckband.

TROUSERS.

49. For all officers and members of the Department compelled to wear uniforms—To be made of the same material as the coat, with lap seams; to be cut to fit closely around the waist, but loosely around the hams and legs, to admit of their free use.

SHIRT.

50. For all officers of the Department—White shirt of linen or muslin with turn down collar, and all regular members wearing uniforms—blue shirt.

CRAVAT.

51. For all officers of the Department—A narrow necktie or bow of black silk, tied in a flat knot in front, the ends to extend not more than three inches from the knot, and all regular members wearing uniforms, a black necktie.

FATIGUE CAP.

52. For members of Fire Department compelled to wear uniforms—Of United States Navy pattern, made of dark blue cloth, pure indigo dye, with band one and one-half inches and quarters one and three-quarters inches high, stiffened with hair-cloth, sewed into the seam of top and quarters; the top to have a small hole for ventilation in the center, and to be lined with red silk; a narrow welt around the bottom of band and top of seam of cap; the inner band to be of strong, serviceable leather; the vizor to be plain, solid, black patent-leather, two inches wide, with rounded corners; the chin-strap of black patent-leather, one-half inch wide, with slides of the same material, fastened to the cap on each side with a small regulation button; the insignia of position to be placed in the quarters in center of the front, in gold or gilt letters, the lower points resting nearly upon the upper edge of band.

MISCELLANEOUS.

53. No officer, member or employee of this Department shall belong to any club or political organization having primary politics for its object, nor shall they take part in any primary elections in this city and county, except to exercise their individual suffrage. No member of the Fire Department shall be a delegate in person or by proxy to, or a member of any political or partisan convention, State Central Committee, or County Committee, nor while a member of said Fire Department shall be a candidate before any convention for any political office. All members of this Department shall remain at their respective houses from 11 o'clock P. M. preceding the day of any primary election, and until the closing of the polls on the day of such election. Any member violating this Rule shall, upon conviction, be dismissed from the Department.

54. No member of the Fire Department shall be allowed to bring into any house belonging to said Department any spirituous, malt or intoxicating beverage of any kind; nor shall any permanent member thereof visit any saloon where said beverages are kept or sold while on duty; nor shall there be allowed in said Department any gambling devices of any kind. Nor shall any member, at any time, be under the influence of any spirituous, malt or intoxicating beverages, liquors, drugs or compounds while on duty. Nor shall any member be guilty of immoral or improper conduct, nor engage in any altercation of any kind.

55. No member of the Fire Department shall sell or assign his salary, or incur liabilities for the necessities of himself or family which he is unable or unwilling to pay, or neglect or refuse to honorably discharge; shall not use obscene, immoral, disrespectful, impudent or other improper language, but shall always be respectful and gentlemanly to his superiors and equals, and to citizens.

CHIEF ENGINEER'S REPORT.

56. Interference in any manner by one employee with the duties of, or the performance of the same by another, is prohibited, and it shall be the duty of each employee to make immediate report.

57. All Foremen of Companies are directed and required to report in writing immediately to the District Engineer of their respective district, the name of any member of their Company injured in the discharge of his duty, with cause of accident and injury received, and on receipt of said information the District Engineers are directed to report the same immediately to the Chief Engineer in writing.

58. If by accident or otherwise any person is damaged by any company, it shall be the duty of the Foreman of the company causing the damage to report the same immediately to the Chief Engineer, and he shall immediately investigate the matter and report the same in writing to the Board of Fire Commissioners.

59. Any member of the Fire Department meeting with an accident in the discharge of his duty shall, within ten days, report the same to the Chief Engineer; and he shall, immediately on receiving notice of same, report the same in writing to the Board of Fire Commissioners.

60. Officers, members and employees ordering or receiving machinery, apparatus, horses, goods, wares or merchandise of any kind for this Department will carefully examine all bills therefor, and certify to their correctness in writing before presentation to the office of the Board of Fire Commissioners.

No bill shall be certified to as being correct unless all the goods ordered and charged for therein have actually been delivered and accepted, or the work charged for actually performed.

The bills of the machinists, carpenters, hostlers, workmen and laborers of this Department will likewise be examined and certified to by the heads of the various departments before presentation to this office.

All employees, such as mechanics, laborers, etc., employed in the Corporation Yard, shall be in attendance daily from 8 A. M. to 5 P. M., Sundays and legal holidays excepted. And they, and each of them, shall obey all orders emanating from the Superintendent of Steam Fire Engines, or, in his absence, the Assistant Superintendent of Steam Fire Engines.

61. Telephones in Department houses shall not be used by any person not a member of the Department, nor for any purpose other than business connected with the Fire Department.

62. Nothing contained in these rules shall preclude the Fire Commissioners and Chief Engineer from at any time requiring any or either of the employees of the Department, serving under their direction, to perform such other duties not herein specially prescribed for them, as the interests of the Department service may, in their opinion, demand or require.

DISTRICT ENGINEERS TO REPORT.

63. All District Engineers must report to Department Headquarters in person, through telephone, immediately upon their departure and immediately upon arrival at their respective stations during office hours (except in case of fire). Any District Engineer desiring to leave his district at any time for other than official business, must first procure permission from the Chief Engineer.

All District Engineers must fully report immediately to Department Headquarters upon their return to their stations the result of all alarms of fire in their respective districts, by telephone, and also in writing in their daily reports, including as fully as possible, cause of fire, name of owner and occupant, and amount of loss to the best of their ability, between the hours of 9 A. M. and 4 P. M. At all other times the above report must be made in writing upon their daily report to division headquarters.

VACANCIES TO BE FILLED BY PROMOTION.

64. Upon the recommendation of the Chief Engineer, all vacancies in the department shall be filled by promotion of the incumbent of the next lowest rank; provided, that a competent person can be found fully qualified in every particular to fill the superior position.

Should there not be a person therein fully qualified, then a competent person in the next lowest rank shall be in line of promotion, and so on until a qualified man shall be found for the vacancy.

All vacancies in the position of Hoseman or Hook and Laddermen, shall be filled by promotion from the regular list of substitutes when practical.

65. No officer or member of this Department shall directly or indirectly solicit the influence or intercession of any person or persons, with any member of the Board of Fire Commissioners or Chief Engineer, to effect his promotion or transfer.

All applications for promotion shall be made in writing to the Board of Fire Commissioners and Chief Engineer, and in all recommendations therefor the Chief Engineer will be governed by the competency and previous discipline and deportment of the applicant.

All applications for transfers shall likewise be made in writing to the Board of Fire Commissioners and Chief Engineer, stating therein truly and fully the reasons and necessity therefor.

Any member violating any of the provisions of the foregoing rule shall be punished by fine, suspension or dismissal, as provided in Rule 68 of the Rules and Regulations of this Department as amended.

ATTORNEYS TO ACT AS ADVISORS ONLY.

66. Hereafter when employees of the Fire Department charged with violation of the rules thereof, shall deem it necessary to employ counsel or representation by attorney, said attorney shall be permitted to act as advisor only and shall have no voice in the proceedings, pro or con, that may be before this Commission, etc.

67. Any member of this Department, or person who has heretofore been dismissed, or may hereafter be dismissed therefrom, or any member resigning under charges shall be ineligible to again become a member thereof.

68. Any and all violations of the foregoing rules and regulations, and of all subsequent rules and regulations and General Orders which may be hereafter adopted by the Board of Fire Commissioners or issued by the Chief Engineer, shall be punished by either fine, suspension or dismissal, as the judgment of said Board, after investigation, shall determine; said fine, if any, shall be deducted from the defendant's monthly warrant or warrants, and shall be retained in the General Fund of the City and County, and any evasion of the above, shall constitute sufficient cause for dismissal.

69. All rules and regulations in conflict with the within rules and regulations are hereby repealed.

ORDERS ISSUED

BY THE CHIEF ENGINEER, APPROVED BY THE BOARD OF FIRE COMMISSIONERS
AND MADE PART OF THE RULES AND REGULATIONS
OF THIS DEPARTMENT

ORDER NO. 1.

RULES AND REGULATIONS FOR FEEDING, WATERING AND ATTENDING TO
HORSES OF THE SAN FRANCISCO FIRE DEPARTMENT.

SECTION 1. All horses must be watered first thing in the morning, then given a little hay to eat while the stall is being cleaned out. Feed oats in about half an hour after watering.

2. Water again at noon and feed carrots thereafter or whatever food is recommended by the Veterinary Surgeon of the Department.

3. In the evening the watering must also be done before feeding; then give each horse a bran mash and the usual allowance of hay. Do not water your horse after feeding or when they are hot.

4. A horse must never get water or grain when he is still hot after a run except according to section 5.

5. After each run sponge the horse's mouth and nostrils out with cold water, and give him two or three swallows of the same. Also wipe the sweat from around the eyes and under the tail with a damp sponge.

6. Horses must be blanketed immediately when left standing in the open air.

7. In returning to quarters from an alarm of fire, jog your horses.

8. (a) If a horse be under medical treatment the driver must be careful to follow the instructions of the Veterinary Surgeon in administering the medicine, and otherwise attending to the horse.

(b) If a driver lays off while attending to a sick horse he must instruct his substitute as to how the horse is to be attended to.

9. After returning from exercise or an alarm wash out the feet (not legs) and examine them for nails, loose shoes, etc. Then rub down your horses, and, if warm, blanket them (in houses that have no heaters). Keep the back door shut and avoid draughts as much as possible.

10. In cold weather take the chill off drinking water, or give only a small quantity of cold water at one time.

11. Don't use a bucket to catch the horses' urine in. If you see a horse straining to urinate and afraid to do so, shake straw under him, which will encourage him to pass it. Then rinse the stall out immediately, and if necessary wash it down with a little water. Manure should also be removed immediately.

12. Wash mane and tail once a week with soap and warm water, weather permitting, and the sheath once every two weeks.

13. Horses predisposed to scour should get small quantities of water often, instead of a large drink at one time.

14. Gray or white horses stained on quarters, etc., may have those parts sponged off with warm water and soap, but must be thoroughly dried with a rubber immediately. White legs may be treated likewise when necessary. Otherwise the legs must never be washed, except by orders of the Veterinary Surgeon.

15. Rain, sweat and mud must be removed immediately on getting into the house—first with a scraper, and afterwards with a wad of straw or sack, being careful to dry out the hollow of the heels thoroughly. What is left can be brushed off when dry. Use no water to remove it.

16. The feet should be stuffed every other night in dry weather.

17. Musty or over-dried hay or musty feed of any kind must be rejected, as it is injurious to the horse's wind.
18. The house should be kept at an even temperature of about sixty degrees. Try and keep a good supply of pure air, with as little draught as possible.
19. Clipping horses must be done only under directions of the Veterinary Surgeon.
20. Bedding should be removed from the house in dry weather, where it is convenient to do so.
21. Exercise all horses that have not been to a run during the day for at least one hour, to cover a distance of about five miles, and select the best road for the horses' feet, near the house, and avoid hard paved streets as much as possible.
22. Wash the houses out twice a month, weather permitting; the stalls every day.

ORDER No. 2.

Engineers of steamers and chemical engines and drivers of truck and hose carts will be held strictly responsible for any alterations or changes made in trace or pole chains, other than the necessary adjustment, after the same are delivered from the Corporation Yard.

ORDER No. 3.

Engineers of steamers, draughting from cisterns, must not use the cistern water to feed the boilers of their respective engines, but must provide themselves with fresh water for boiler use, the same as when working on the docks.

ORDER No. 4.

Members of Chemical engines of this Department shall strictly observe the following order:

MEAL HOURS

Breakfast from.....	6:00 A. M. to 9:30 A. M.
Dinner from.....	11:00 A. M. to 2:00 P. M.
Supper from.....	5:00 P. M. to 8:00 P. M.

Members taking three meals per day shall be allowed one hour for each meal, and members taking two meals, one hour and a quarter for each meal.

The Engineer of each company shall keep the time of each member daily on a slate provided for that purpose.

ORDER No. 5.

Engineers of steamers, stewards of hose companies, and all persons using Fire Department hydrants, shall carefully observe that the water is entirely shut off after using, before replacing the cap on the outlet.

ORDER No. 6.

All Engineers of this Department must leave their apparatus in good order upon relief engineer taking charge. A thorough examination by both at the same time must be made before interchange can be effected, and a receipt taken by the party reporting off. Such receipt must be given at once to the Foreman of the company, and by him turned over to the District Engineer.

ORDER No. 7.

Drivers of hose wagons, carriages or carts using cotton hose, shall not allow the same to remain on the wagon or reel more than twenty-four hours in a wet or damp condition if it can be possibly avoided; the said hose shall be changed every fifteen days unless the same has been in actual use during said time, and the clerk shall enter the date and fact of such change in the book provided for that purpose.

Cotton hose, after being in use at a fire, and when returned to quarters, if only wet or damp, will be immediately hung up in the tower. If any hose is in a dirty condition, from mud, etc., it shall be washed clean, using a broom if necessary.

When changing hose, before it is taken from the wagon or reel, lower down from the tower all the hose that is to be put on, and couple the lengths together, seeing that the couplings and swivels are in perfect order, and all have proper washers.

A small quantity of oil or tallow should be used on the threads and swivels, but not enough to run on the fabric or rubber, as grease will injure either. Then remove what hose is necessary from the wagon or reel, and place on it the dry hose; then hoist the wet hose in the hose tower. If any of the lengths are injured, they will not be rolled up and set aside, but will be marked and hung up until called for by the supply wagon.

ORDER No. 8.

All members of the Department must show proper respect by rising and saluting all Commissioners and Officers of this Department or any other public Officer visiting their headquarters,

ORDER No. 9.

The Clerk of each company and the Engineers of chemical engines and water tower, shall keep in a book which will hereafter be provided for that purpose, all orders heretofore issued applicable to their respective companies, and number the same as follows:

Order No. 1—Rules and Regulations for feeding horses, etc.

Order No. 2—Relative to changes in trace or pole chains.

Order No. 3—Relative to use of fresh water for boilers of engines.

Order No. 4—Meal hours of members of chemical engines.

Order No. 5—Completely shutting off water after using hydrants, etc.

Order No. 6—Examination of engine with Relief Engineers, etc.

Order No. 7—Relative to use and properly keeping cotton hose.

All orders hereafter issued shall be kept and placed in said book in like manner.

ORDER No. 10.

Engineers of steam fire engines will carefully instruct their assistants in the engine house in the care and management of the apparatus, heater, syphon, etc., while in quarters; the man having charge of the watch being held personally and solely responsible for said apparatus after having assumed charge of the floor.

ORDER No. 11.

Engineers of steamers are specially directed not to dump the fires of their engines upon pavements of bituminous rock or asphaltum.

ORDERS ISSUED.

671

ORDER No. 12.

The members of each company who may be on watch on the floor at the time goods of any kind are being delivered, shall receive the same and take notice that the full amount of goods called for on the requisitions of contractors and others are delivered, and shall receipt only for the amount of goods delivered.

Coal, 2,240 lbs. to ton.

Wood, per cord, 4 x 4 x 8—123 cubic feet.

Feed, per 100 lbs. or fraction thereof.

ORDER No. 13.

Hereafter you will under no consideration use more than 100 lbs. pressure per square inch on your hose unless ordered to do so by your Foreman or other authorized officer.

ORDER No. 14.

Engineers of chemical engines are specially directed to take particular precaution that the rubber washers in acid jars (one under glass neck and one under lead stopper) are renewed before they become hardened or cracked.

ORDER No. 15.

Engineers of steamers who respond to boxes wherein it becomes necessary to draught from the bay, will each day ascertain from the daily papers the condition of the tide and time thereof, and place the same on the bulletin board; the engineers will then be kept informed when it is high or low water, and whether or not it is possible to draught from the bay in case of fire in the immediate vicinity.

ORDER No. 16.

Permanent members of companies are instructed not to wander about when at a fire, but to remain with their apparatus except when otherwise performing duty.

Engineers of steamers, when in need of fuel at a fire, will immediately direct the Stoker or Driver of the company to immediately procure the same from the nearest engine house.

ORDER No. 17.

Engineers of steamers will under no circumstances use their draughting suction on hydrants, or in line of hose, or for any other purpose other than for draughting, for which they are intended.

ORDER No. 18.

Permanent members of this Department who are on watch on the floor of their respective headquarters, will hereafter step outside every half an hour and take a general survey all round for fires.

CHIEF ENGINEER'S REPORT.

ORDER No. 19.

All members of this Department, when at a fire, shall have exposed on the left breast of their outside garment, the regulation fire badge.

ORDER No. 20.

Officers of companies responding to an alarm, will, when arriving on the ground, immediately place their apparatus in position, and if, in their judgment, the fire does not call for their immediate stretching in, they will report to the Chief, or in his absence to the officer in charge, and remain within sound of his voice, to receive any orders he may issue.

In the absence of the Foreman or Assistant Foreman, any member of the Company will report as above.

ORDER No. 21.

Drivers and stokers of hill companies are hereby ordered, that when responding to alarms that will take their apparatus off the hills, they will be careful to slow up as much as possible at crossings, and watch each street as they cross, so as to avoid passing the fire.

ORDER No. 22.

Hereafter not less than twelve men in each Truck Company shall sleep in the house each night, eight men in Engine Companies and six men in Hose Companies. They shall all be at quarters not later than 11 o'clock P. M., except by special permission of their Superior Officer.

Amended by Order No. 38.

ORDER No. 23.

It shall be the duty of Engineers of Steamers to clean their respective engines unassisted, and they will be held personally responsible for the same. The Engineer, Driver and Stoker of each company will, in conjunction, attend to the cleanliness of the floor whereon the apparatus is stationed. Any rule or rules or parts of same in conflict with the foregoing provisions of this order are hereby repealed.

ORDER No. 24.

Any act or omission of any member of this Department which impedes, injures or hinders, or tends to impede, injure or hinder the discipline, progress or welfare thereof, shall be punished as provided in Rule 68 of the Rules and Regulations of this Department.

Amended by Order No. 34.

ORDER No. 25.

Engineers of Steamers are cautioned against using water in or around the furnace of fire engines of this Department, for removing sparks or other evidence of fire from the furnace; a dry broom only will be permitted.

ORDER No. 26.

When a district is uncovered by reason of a fire, breakdown or other cause, the uncovered district shall be covered by the two nearest Trucks, each Company covering the nearest half of the district uncovered.

Immediately after backing in the apparatus the Tillerman shall telephone to the Truck Companies bordering on his Company's district as follows:

1 Truck	to 2 and 3.
2 Truck	to 1 and 4.
3 Truck	to 1 and 6.
4 Truck	to 2 and 5.
5 Truck	to 4 and 6.
6 Truck	to 3 and 5.

6 Truck will cover 3 Truck's district from Eleventh street out.

1 Truck will cover 3 Truck's district out to Eleventh street.

ORDER No. 27.

Members of the San Francisco Fire Department are hereby notified and directed not to shout or conduct themselves in a boisterous manner while working at a fire, but must at all times conduct themselves quietly.

ORDER No. 28.

When at a fire, water shall be turned on only by order of a Department Officer, Foreman or Assistant Foreman, and not otherwise.

ORDER No. 29.

Members of this Department who are on the pipe, leading into a fire above the ground floor, are specially directed and ordered to shut the nozzle off immediately upon connecting the same to the hose.

ORDER No. 30.

On returning from a run the apparatus will be left on the outside of the house, the horses blanketed, and the running gear thereof washed with small hose; companies having a yard may wash their apparatus therein; the horses will thereafter immediately be stalled and rubbed down with dry cloths or sacks. Washing horses is strictly prohibited.

ORDER No. 31.

Officers and members of companies will take notice that in the event of the tapper system being out of order, that they will respond to any alarm received on the gong from any box to which they respond to on first, second, third or general alarms.

ORDER No. 32.

In case a fifth fire should occur and be tapped out before any of the four previous fires, the following signal should be used:

For the 5th fire out, 1-5-5.
For the 6th fire out, 1-6-6.
For the 7th fire out, 1-7-7.
For the 8th fire out, 1-8-8.
For the 9th fire out, 1-9-9.

ORDER No. 33.

Engineers of Steamers after washing, cleaning and refilling their boilers with cold water, will light their fires and get at least ten pounds of steam before connecting Engine with heater, and at no time thereafter shall there be indicated on the steam gauge a less pressure than ten pounds.

The above order has been repealed.

ORDER No. 34.

(Amendatory of Order 24.)

Any act or omission of any member of this Department, which impedes, injures or hinders, or tends to impede, injure or hinder, the progress, welfare, discipline or good name of the same, shall be punishable as prescribed in Rule 68 of the Rules and Regulations of this Department as amended.

ORDER No. 35.

Engineers of Steamers, on receiving relief or other engine in place of their own, will thoroughly clean and refill the boiler thereof if necessary, and otherwise see that the engine is in a proper and serviceable condition.

ORDER No. 36.

Stokers and Stewards of Companies are hereby ordered not to fold the hose covers. The inner or go-between cover shall be "rolled" and stowed under the seat. The outer covers of Hose Wagons, Carts and Carriages, when not in use, shall be hung at full length or width in a dry place, and not creased in any manner.

ORDER No. 37.

All Drivers of this Department shall rise from bed not later than six o'clock each morning, and shall immediately thereafter attend to the horses under their charge and control, in accordance with, and as prescribed in Section I, of Order No. 1, of the orders of the Chief Engineer as amended.

ORDER No. 38.

(Amendatory of Order No. 22.)

Twelve members of each Truck Company, eight members of each Engine Company and six members of each Hose Company, shall be detailed by the Foreman of the Company to report at the Headquarters of their respective Companies at not later than eleven o'clock each night and remain therein until six o'clock the following morning.

Any member who is detailed for said purpose who refuses or neglects to comply with the same shall be punishable as prescribed in Rule 68 of the Rules and Regulations of this Department as amended.

ORDER No. 39.

Members of Chemical Engine Companies of this Department, shall not leave their respective Headquarters, without permission from the Engineer thereof.

ORDER No. 40.

You are hereby notified that, at a meeting of the Board of Fire Commissioners held August 15, 1895, permission was granted the Health Inspectors to use the telephones in the engine houses of the Department for the transaction of their official business. You are therefore directed to allow said Inspectors the use of the telephone upon showing his badge, and for the transaction of his official business.

ORDER No. 41.

No driver of an engine shall pass a fire to take a hydrant, unless by so doing he can obtain a closer position to the fire without shutting out another company that may be coming from the opposite direction.

ORDER No. 42.

Engineers of steamers will open and close, by hand, the snap valves connecting the engine with the heater, at least once every twenty-four hours; see that the stems are well lubricated, springs properly adjusted so as to insure their closing when the engine leaves its position. The engineer will also see that said snap valves are closed each and every time the engine pulls away from the heater connections.

ORDER No. 43.

(Prescribing certain duties for the hostlers at the Fire Department stables, etc.)

SECTION 1. The three box-stalls in the corral and two of those in the stable shall be reserved for sick horses, and shall be kept in a thoroughly clean condition. They shall not be used except by order of the Veterinary Surgeon.

SECTION 2. The sick horses shall get their medicine and other necessary attendance the first thing in the morning, and no other work shall interfere with their care.

SECTION 3. A stall in which a sick horse has been kept shall be thoroughly cleaned out and ventilated, and if necessary the floor and other parts shall be whitewashed, before it is again used for or occupied by another horse.

SECTION 4. The Veterinary Surgeon shall give his instructions regarding sick horses to the stablemen through the Foreman, or, in his absence, to any of the men in attendance, and they shall promptly lend their assistance, especially in urgent cases.

SECTION 5. The operating room and the stable shall be kept thoroughly clean, and the stable kept at an even temperature of about sixty degrees; this to be done by means of the ventilators, windows, etc.

SECTION 6. Try and keep a good supply of fresh air in the stable, with as little draught as possible.

SECTION 7. The stable drain and washstands shall be washed out with a disinfecting solution once a day.

SECTION 8. The bedding shall be removed from the box stalls occupied by sick horses, daily, while the horses are being exercised or are left in the stalls in the corral during the fine part of the day. Fresh bedding shall be put under them every evening.

ORDER No. 44.

The engineers of engine and chemical engine companies and tillermen of truck companies of this Department will, at the end of each day, sever the tape connected with the register in their

CHIEF ENGINEER'S REPORT.

respective houses on which any any alarm or alarms of fire has or have been registered; thoroughly familiarize himself with each box registered thereon, and then safely keep and store the same away in some convenient place for at least one week.

Whenever there is anything wrong with the tapper, gong or register, or anything in connection therewith, you will report the same to the Fire Alarm Office immediately.

 ORDER No. 45.

SECTION 1. Officers, members and employees of this Department are allowed the privilege and option of riding on the street cars of this city and county without charge only in responding to and returning from a fire or an alarm of fire, and by then exhibiting their official badge of the Department and giving the number thereof to the conductor.

SECTION 2. No officer, member or employee of this Department shall ride, or attempt to ride, on said street cars on his said official badge at any other time or occasion than as above mentioned.

SECTION 3. It is hereby made the duty of the Foreman of each company to immediately direct the attention of the members thereof to this order, and to the attention of each and every member that may be hereafter appointed therein.

 ORDER No. 46.

The watchman of Corporation Yard No. 2 of this Department shall remain on the premises at all hours of the day and night.

He shall diligently care for and keep the apparatus of the Department stored therein, and shall keep the premises in a clean and proper condition.

He shall be allowed to remain away but one hour to each meal.

 ORDER No. 47.

It is hereby made the duty of the Superintendent of Engines of this Department to enter and record in a proper and suitable book supplied to him for that purpose, and to be kept at Corporation Yard No. 1, any and all apparatus of this Department that may be injured, broken or disabled in any way, together with the date of such occurrence, the company or place to which such apparatus belongs, the nature of the injury or disability thereto, the cause (if known) and such other and further information regarding the same as may be necessary and proper.

 ORDER No. 48.

It is hereby made the duty of the Assistant Chief Engineer, the Assistant Engineers and the Acting Assistant Engineers of this Department to take and carry with them into all fires responded to by them, their respective smoke protectors, or respirators, and wear and use the same thereat at all times.

 ORDER No. 49.

SECTION 1. The Superintendent of Engines, Painter, Plumber, Carpenter and Harnessmaker of this Department shall each make and keep in a diary provided to each of them for that purpose, a complete account and record of all the material received, used or distributed, and work done and performed in their respective departments during each day, specifying therein fully the kind or character of the work done and the material employed therein, the company, department, officer, etc., for whom the same was performed, and such other information concerning the same as may be necessary and proper; and they and each of them shall at the end of each fiscal year make a report in writing of the same to the Board of Fire Commissioners.

SECTION 2. The Veterinary Surgeon of the Department shall, with the assistance of the Hostler or Acting Hostler of the Department, make and keep a correct and complete account of the number of horses in the department at all times, and of the condition of all horses under their care and control at the Department stables and elsewhere, together with the number of horses purchased, transferred or otherwise disposed of, deaths and causes thereof, the horses treated by the Veterinary Surgeon, and such other material information as may be necessary and proper. And the Veterinary Surgeon shall, at the end of each fiscal year, report the same in writing to the Board of Fire Commissioners.

ORDER No. 50.

On returning to quarters from a fire or an alarm of fire, the engineers of engine companies will, before pulling the fires of their respective engines and before entering the house with their respective apparatus, ascertain from the register therein if any alarm has been sent in during their absence.

And the engineers of chemical engine companies and water-tower companies, tillermen of truck companies and drivers of monitor battery companies will likewise, on returning from a fire or an alarm of fire, and before entering the house with their apparatus, ascertain from the register therein if any alarm has been turned in during their absence.

ORDER No. 51.

No officer, member or employee of this Department employed in the Corporation Yards of this Department shall absent himself from duty except upon the permission of the Superintendent of Engines, or, in his absence, the Assistant Superintendent of Engines.

ORDER No. 52.

Hydrantmen and acting hydrantmen of this Department will visit and inspect all cisterns once in each week, and keep the same filled with water, in proper condition and ready for immediate and serviceable use at all times. They will report the condition of the same once in each week to the Assistant and Acting Assistant Engineers of the Department who are or may be officially called in case of fire to the districts wherein said cisterns are located; and if any cistern, for any reason, cannot be used, the same shall be immediately reported to said Engineers.

The said hydrantmen and acting hydrantmen shall locate and register in books provided for that purpose the exact location of all hydrant gates in their respective districts, and they and each of them shall see that said gates are conspicuously exposed, and not covered over or hidden in any way by pavement, bituminous rock or other material or substance used for street purposes.

RELIEF ENGINE COMPANIES.

On the 30th day of January, 1896, the Board of Fire Commissioners organized the following Relief Engine Companies pursuant to Order No. 2,951 of the Board of Supervisors, and stationed the same at the Corporation Yard of this Department:

RELIEF ENGINE COMPANY No. 1.

NAME.	RANK.
John Kenney	Foreman.
E. F. McKittrick	Engineer.
John Riley	Driver.
M. McGrath	Fireman.
Wm. Welch	Hoseman.
Felix De-mond	"
J. Rafferty	"
J. Hurley	"
Thos. Moore	"
Patrick Kane	"
Wm. Burch	"
Chas. Whitelaw	"

RELIEF ENGINE COMPANY No. 2.

NAME.	RANK.
Henry Gorter	Foreman.
J. J. Conlon	Engineer.
Wm. O'Connor	Driver.
Wm. Tobin	Fireman.
D. McLaughlin	Hoseman.
J. Buckley	"
J. Meagher	"
Peter Burke	"
I. Gurmendez	"
Henry Heidtman	"
Wm. Hart	"

RELIEF ENGINE COMPANY No. 3.

NAME.	RANK.
P. H. Fleming	Foreman.
Wm. Waters	Engineer.
Robert Harris	Driver.
Thos. Fitzsimmons	Fireman.
Walter Malloy	Hoseman.
Chas. Healy	"
Thos. Carlisle	"
Jno. McQuaid	"
Thos. Killilea	"
Wm. Kennedy	"
Alfred Girot	"
J. Alwood	"

RELIEF ENGINE COMPANY No. 4.

NAME.	RANK.
John W. Reilly	Foreman.
John McCluskey	Engineer.
Phil. Brady	Driver.
Henry Rice	Fireman.
Michael Greggains	Hoseman.
John F. Riley	"
Michael Ryan	"
Thos. Bulger	"
Luke Curry	"
Wm. White'd	"
Jos. Harrington	"

The said Relief Engine Companies are subject to and governed by the following rules and regulations:

1.—Upon the sounding of all third, fourth and general alarms of fire and upon the sounding of two second alarms of fire for fires burning at the same time, said officers and members aforesaid shall immediately report in person to the Corporation Yard of this Department and place their respective companies in readiness to respond to any call, order or alarm of fire that may be given or sounded thereafter.

The Foreman, or in his absence the Acting Foreman of each of said Companies, shall communicate with the Chief Engineer or officer in charge of the Department by telephone or by detailing a member of his Company to receive such orders and instructions from the Chief Engineer or officer in charge as he may deem necessary and proper in the premises, and they shall perform such other and further duties as the Chief Engineer or officer in charge may in his judgment direct and prescribe.

2.—Whenever the said Companies are in service the officers and members thereof shall be subject to and governed by the rules, regulations and orders in force in this Department.

CHIEF ENGINEER'S REPORT.

FIRE ALARM TELEGRAPH.

GONGS, TAPPERS, TOWER BELLS AND WHISTLES.

The number of Gongs, Tappers, Tower Bells and Whistles operated directly from this office is as follows:

Gongs.....	127	
Tappers.....	91	
Tower bells (Hall bell, 4,000 pounds).....	1	
Whistles	1	
	<hr/>	
Total		220
Engine house local gongs.....	25	
Engine house call lines	41	
	<hr/>	
Total.....		66

BATTERIES.

The batteries now in use are as follows:

Electropon cells.....	153	
Gravity cells.....	501	
Leclanche cells.....	696	
Dry battery cells.....	73	
	<hr/>	
Total.....		1,423

WIRES.

The amount of wire now in operation is about 426 miles, divided into circuits as follows:

12 signal or box circuits.....	150 miles.	
6 alarm or gong circuits.....	73 miles.	
4 tapper circuits.....	3 miles.	
20 Police Signal circuits.....	150 miles.	
	<hr/>	
Total.....		426 miles.

EXTENSIONS AND IMPROVEMENTS.

The wires leading to the office over house-tops from Dupont at Washington and Clay streets have been removed and replaced by No. 12 hard drawn copper wire on a line of sixty foot poles down Clay to Brenham Place.

From the office pole the wires are led in through four okonite cables to fuse blocks, each leg of the line being fused.

This change will allow room for bringing in new lines and making new extensions that have been long recognized as needful.

110 poles and 70 miles of covered copper wire were used in reconstruction.

All poles set were given two coats of white paint.

The following houses were wired for tappers, gongs and releasing devices:

Engines—3, 9, 14, 16, 18, 20, 23, 25, 27, 28, 29, 30, 31, 32, 33.

Truck 1.

Chemical Engines—4, 5.

Engines—28, 29, 30, 31, 32, and 33 were wired for incandescent electric lighting.

Engines—14, 16, 20, 28, 29, 30, 31, 32, 33 and Truck 1 were connected from the pole to the house through underground cable—971 feet of ten wire cable and 800 feet 1¼-inch and 100 feet 1½-inch galvanized pipe being used for the same.

Two signal boxes have been placed at Ocean View and connected directly with Engine No. 33.

This provides a local system for that section until such time as the city wires are extended to it.

The old bell striker at No. 10 Engine was taken down and altered to a whistle blower and then placed in circuit at the Edison Light and Power Company's building, Jessie and Fourth streets.

A line station for Engines No. 13 and No. 25, responding to South San Francisco boxes, has been established at box No. 281, San Bruno avenue and Army.

By special arrangement, Capt. Comstock, of the Underwriters' Fire Patrol, is now able to call out his wagons from any signal station in the city.

The Fire Department has been equipped with forty-one single pen registers. The registers are cut in on tapper local circuits and record all signals sent over tapper lines, and thus giving a permanent record of all signals sent out while companies are moving from one house to another when covering in.

All department houses have been regularly inspected.

The police signal system has been maintained as carefully and thoroughly as the limited appropriation will admit.

The North End Station was moved from Jackson and Polk to Washington and Polk streets. The table was rewired, and the outside lines led in from the office pole underground through a twenty wire okonite cable.

The Seventeenth Street Station has been remodeled, and the lines led in from the outside through a twenty wire cable.

All police boxes have been painted and regularly inspected and tested.

Long distance telephones have been placed on the tables of all the police stations as well as in the branch jails, replacing Blake transmitters and affording better service.

FIRE ALARM TELEGRAPH.

The shooting gallery, established during the year by the Police Department, has been wired so that each target is in direct communication with the shooting stand, giving the officer in charge complete control in the manipulation of the targets.

The Treasurer's office has been wired for a complete burglar alarm system. This system is in direct communication with the Central Police Station, and gives as thorough protection as may be expected from electrical system.

In addition to the above, a local call system was put in the Treasurer's office, connecting the several rooms.

At the request of the Chairman of the Committee on Public Buildings, bells were repaired and placed in the City Hall elevators, in the offices of the Mayor, Board of Supervisors Police Commissioners, Judge Bahrs, District Attorney, Assessor and Recorder.

During the past year the repair shop has proved itself to be an indispensable auxiliary, to this department.

One (1) lathe, one (1) gear outter and a drill press were added to the equipment.

About 500 repair jobs were attended to, besides new work as follows:

- 4-20 wire cable fuse boards.
- 1 Ground detector.
- 20 Spring jacks.
- 30 Combination spring jacks and strap keys.
- 50 Double pushes.
- 45 Eight-inch special S. S. gongs.
- 26 Tapper relays.
- 30 Pony relays.
- 1,000 Box keys.
- 24 Character wheels.

 FIRE ALARM TELEGRAPH.

New boxes erected this year as follows:

- 165—Van Ness-Lombard.
- 255—Vallejo-Buchanan.
- 316—Vallejo-Scott.
- 419—California-Fourth avenue.
- 455—Douglass-Twenty-fourth.
- 458—Guerrero-Twenty-seventh.
- 475—Eighth avenue-I street.
- 485—Pt. Lobos avenue-Twenty-second avenue.

The following boxes to be erected during the ensuing fiscal year 1896-97:

- 87—Hayes-Steiner
- 189—Seventh-Townsend.
- 344—McAllister-Pierce.
- 345—Hayes-Central avenue.
- 358—Pacific-Drumm.
- 366—Diamond-Twentieth.
- 396—Stanyan-Parnassus avenue.

541—San Bruno avenue—Fifteenth ave.

546—San Bruno avenue—Silver avenue.

Box No. 5 (Battery—Union) has been changed to box No. 355, same location.

Box No. 486, Sutro Heights.

Arrangements have been made to strike this box upon the receipt of a telephone message for a fire at Sutro Heights, and companies have been detailed to respond to an alarm from this box.

Four new "keyless door boxes" were erected during the year as follows;

32—Drumm—California.

48—Market and Kearny.

264—California and Front.

267—Market and Beale.

New character wheels were made and placed in boxes as follows: Box No. 4, 6, 32 (2), 36, 48, 64, 68, 243, 253, 255, 264, 267, 316, 355, 387, 412, 419, 455, 458, 461, 475, 485, 95.

In its provisions for a full and complete protection of the city, the Fire Department adopted December 17, 1895, the following "fire out" tapper code, to supersede that in use formerly.

This code provides for dispatching home immediately all assignments as soon as they may be spared at a fire, and at the same time provides for the companies covering in, in the houses of absent companies, an alarm or notification of their relief, so that they may return to their home quarters without delay.

Provision is made for five alarms to nine different fires burning at the same time.

The code is sent out on the tappers from the central office upon notification from the District Engineer at the signal box that the assignment has been ordered to "take up."

ENGINEERS' CODE AT BOX.

(Tapping out assignments.)

In tapping out first, second, third, fourth and general alarm assignments, engineers will use the following code:

For first alarm assignments (heretofore "F. O.," "fire out") the code will be.....	10-1
For second alarm assignments.....	10-2
For third alarm assignments.....	10-3
For fourth alarm assignments.....	10-4
For general alarm assignments.....	10-6

This tapping out of any assignment carries with it all companies responding to all succeeding alarms of that box.

For example: Fourth alarm from Box 25, sending home third and fourth assignments—

Engineer, ———, at 25 D. S.			
Operator	— 2 —	— 2 —	
Engineer	— — —	— — — — —	— — — — —
		10	3
Operator	— 2 —	— 2 —	

This indicates that the fourth, as well as the third assignment, has been sent home, while first and second remain at fire.

FIRE ALARM TELEGRAPH.

Sending home second alarm assignments—

Engineer, ———, at 25 D. S.

Operator 2 2

Engineer — — — — — 10 2

Operator — — — — — 2 2

This indicates that the third and fourth, as well as the second, assignments have been sent home, while the *first* remains at the fire.

Sending first alarm assignments—

Engineer, ———, at 25 D. S.

Operator 2 2

Engineer — — — — — 10 1

Operator — — — — — 2 2

This indicates that the second, third and fourth, as well as the first, assignments have been sent home, and that the fire is out and extinguished.

CENTRAL OFFICE.

REPORTING HOME SIGNALS.

Central office to Engine houses:

FIRST FIRE.

	ON TAPERS.		
	WARNING SIGNAL.	NO. OF ALARM.	NO. OF FIRE.
For first alarm companies	10	1

The code for several different alarms has been revised as follows:

RULES FOR RECEIVING AND STRIKING ALARMS.

FIRST ALARM.

From Box 25—Tappers, 25 — 25 (from box direct). Gongs, 25 — 25.

SECOND ALARM.

Engineer at 25 D. S.

Operator — — — — —
 2 2

Engineer then pulls in the box.

Operator then strikes Tappers 2, 2, 2, followed by two (2) rounds of the box on tappers and gongs, thus:

Tappers 2, 2, 2, 25, 25.

Gongs, 25, 25.

THIRD ALARM.

Engineer at 25 D. S.

Operator — — — — —
 2 2

Engineer taps in — — — — — and then pulls the box.
 3 3 3

Operator then strikes Tappers 3, 3, 3, followed by two rounds of the box on tappers and gongs, thus:

Tappers 3, 3, 3, 25, 25.

Gongs 25, 25.

FOURTH ALARM.

Engineer at 25 D. S.

Operator — — — — —
 2 2

Engineer taps — — — — — and then pulls the box.
 4 4 4

FIRE ALARM TELEGRAPH.

769

Operator then strikes Tappers 4, 4, 4, followed by two (2) rounds of the box on tappers and gongs, thus:

Tappers 4, 4, 4, 25, 25.
Gongs 25, 25.

GENERAL ALARM.

Engineer at 25 D. S.

Operator - - - - - 6 - - - - - 6 - - - - - 6 - - - - - and then

pulls the box.

Operator then strikes Tappers 6, 6, 6, followed by two (2) rounds of the box on tappers and gongs, thus:

Tappers 6, 6, 6, 25, 25.
Gongs, 25, 25.

In conclusion, I desire to thank His Honor Mayor Sutro, the Fire Department Committee of the Board of Supervisors for their support; Chief Sullivan and Assistant Chief Dougherty and their assistants, Chief Crowiey and his officers, Captain Comstock of the Fire Patrol for their co-operation and members of the Board of Underwriters for their courtesy, and the employes of this department for the faithful and satisfactory manner in which they have performed their duties.

Respectfully submitted,

W. R. HEWITT,

Superintendent.

GAS INSPECTOR'S REPORT.

NEW CITY HALL,
OFFICE OF THE GAS AND WATER INSPECTOR. }
SAN FRANCISCO, July 1, 1896. }

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In accordance with Resolution No. 14,460 (Third Series), I respectfully submit my report of the workings of the department of Gas and Water Inspector, for the year ending June 30, 1896.

Very respectfully,

C. E. NEWMAN,
Gas and ex-officio Water Inspector.

EXPENSES.

Salary of Inspector.....	\$1,800 00	
Material, including stationery.....	20 50	
Total.....		\$1,820 50

The gas used in the City and County of San Francisco is furnished by the San Francisco Gas Light Company and the Pacific Gas Improvement Company, two private corporations. The rate charged for gas sold to private consumers has been \$1.75 per thousand cubic feet. Gas is furnished the city by contract at the rate of \$1.60 per thousand cubic feet. The street lamps are supplied with gas by the San Francisco Gas Light Company, and the city pays 12 cents per night for every lamp for every night lighted.

The lamps are lighted one-half hour after sunset, and are extinguished one hour before sunrise. They are lighted every night during the year, excepting three nights of each month, viz., the night of full moon and the night preceding and following full moon.

The number of lamps in use June 30, 1896, 5,652.

The San Francisco Gas Light Company furnished the following public buildings and engine houses with gas:

Exempt Engine House; Fire Alarm Station; City and County Hospital; Police Patrol Station; Police Stations—203 Seventeenth street; 827 Folsom street; 32 Sacramento street; Railroad avenue; South San Francisco; 336 California street; Engine Companies Nos. 7, 9, 11, 13, 16, 17, 18, 19, 21, 24, 25, 26; San Francisco Fire Department Stables; Hose Company No. 4; Fire Boat No. 9; Hook and Ladder Company No. 3; Chemical Engines Nos. 3 and 5.

The Pacific Gas Improvement Company furnished the following public buildings and engine houses with gas:

New City Hall; County Jail; Coroner's Office; Corporation Yard; Police Station, Nos. 1, 2, 3, 4, 5, 6, 8, 10, 12, 14, 15, 23; Hose Companies Nos. 2, 8; Truck Companies Nos. 1, 2; Chemical Engine Companies Nos. 1, 2, 7.

The gas furnished by the San Francisco Gas Light Company is manufactured at the Potrero Station, and at the new works called the North Beach Station, situated on Bay and Buchanan streets.

The company also has a plant, not now in use, at Howard and First streets, where the principal business office is located.

The company has holder plants at Howard and Fifth streets and at King and Second streets. The kind of gas made is a mixture of coal gas and water gas.

Estimated capacity of works, 6,700,000 cubic feet per twenty-four hours; storage, about 4,709,000 cubic feet.

The Pacific Gas Improvement Company's works are located on the grounds bounded by Fillmore, Pierce, Francisco and Bay streets. It has also a holder at Townsend, between Second and Third streets, where are also located the work and repair shops of the company.

The principal business office is at the corner of Annie and Stevenson streets. The kind of gas made is a mixture of coal gas and water gas.

Estimated capacity of works, 2,500,000 cubic feet per twenty-four hours; storage capacity, about 1,350,000 cubic feet.

Frequent tests have been made of the gas of both companies for the presence of sulphureted hydrogen, and no trace of it has been found.

The average specific gravity of the gas made by the San Francisco Gas Light Company was 504+, and the average specific gravity made by the Pacific Gas Improvement Company was 503+.

The average power of the incandescent light, 17.07 candles.

The water used by the City and County of San Francisco is furnished by the Spring Valley Water Works, and the rate or amount allowed to be collected for such service must be fixed by the Board of Supervisors some time during the month of February of each and every year. All of the public buildings of the city, such as jails, hospitals, City Hall, engine houses, police stations, school houses, etc., are rated at so much per superficial foot for general purposes, then a specified rate for water closets, urinals and fixtures, and so much per head for inmates of public institutions. Parks and public squares are charged under the rate of irrigation, one-half cent per square yard. Public sprinkling is charged for at the regular meter rate of 30 cents per square hundred cubic feet. The public fire hydrants, for purposes of fire and flushing sewers, are charged for at the rate of \$5.00 per month per hydrant. The rate fixed by the Supervisors applies also to all other consumers and water-takers within the city.

SHERIFF'S REPORT.

SAN FRANCISCO, July 1, 1896.

To the Honorable the Board of Supervisors
Of the City and County of San Francisco—

GENTLEMEN: In accordance with Resolution No. 14,460 (Third Series) of your Honorable Body, I herewith respectfully submit the following report of fees received in this office, together with statistics of the County Jails, for the fiscal year ending June 30, 1896.

The amount of fees received and paid into the City and County Treasury for the fiscal year ending June 30, 1896, as per statement made to the Auditor, is as follows:

1895—July	\$1,338 00	1896—January	\$2,307 50
August	1,393 00	February	1,413 50
September	1,343 75	March	2,421 45
October	1,514 50	April	1,349 00
November	1,975 20	May	1,297 25
December	1,415 75	June	2,768 92
	<u>\$9,280 20</u>		<u>\$11,557 62</u>

The above includes mileage, which was not segregated.

Amount received for board of United States prisoners for the fiscal year ending June 30, 1896—Paid into the Treasury April 14, 1896 \$1,647 20
Fees paid from Superior and Justices' Courts 20,837 82

Grand total paid into Treasury for fiscal year ending June 30, 1896. \$22,485 02

Annexed hereto please find statistics of the County Jails above referred to.

Very respectfully,

R. I. WHELAN,
Sheriff of the City and County
of San Francisco.

RECAPITULATION.

REPORT OF COUNTY JAIL NO. 2.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In submitting the annual report of County Jail No. 2, I desire to call your attention to Exhibits "H," "HH" and "I," which show the number of days' work performed, the kind of work and its value. The number of days' work by prisoners on roads, quarries, stables, farm, in and about Jails Nos. 2 and 3, and in the workshops, was 66,253, and the number of days' work by double teams in hauling rock for the roads was 998. Estimating the value of the labor at 50 cents per day, and the value of teams at \$4 00 per day, the total value of the work performed would be \$37,121. This sum amounts to over three-fourths the cost of maintenance of County Jail No. 2 for the fiscal year. Your attention is also called to Exhibit "II," showing that repairs have been made on buildings at a total cost of \$4,100.

The question of occupation in the case of prisoners is a most important one. It is the prime factor in the hope of reformation. Discipline may do much, and the awakening of self-respect more; but it is conceded by penologists and others that all tried and existing systems for the punishment and reformation of criminals are based upon the fundamental idea that active industry is essential to the best results. Neither the prison reformer nor the labor reformer will consent to the prisoner's idleness.

I desire to call your attention particularly to the alarming increase in the number of young men and boys committed here who are the victims of either opium, cocaine or morphine. The "fiend" is a pitiable object. He is brought here in a most deplorable condition. Deprivation of the drug prostrates him physically and mentally, and his true condition cannot be adequately described. This class of prisoners is a source of extra expense, both as to high-priced drugs and nourishing food.

As a large majority of prisoners, who, victims of intemperance and irregular habits, are of diseased and impaired constitutions, it has been my greatest task to observe strict sanitary regulations. Personal inspection and strict attention to these matters have been productive of the best results. The food of the institution has been ample in quantity and good in quality.

Too much praise cannot be bestowed upon the Rev. Jesuit Fathers and Brothers Tubbs and Henderson for the good and noble work they have done in their spiritual field.

Respectfully submitted,

R. I. WHELAN,
Sheriff.

TEACHERS' RETIREMENT FUND

981

AN ACT

TO CREATE AND ADMINISTER A PUBLIC SCHOOL TEACHERS' ANNUITY AND RETIREMENT FUND IN THE SEVERAL COUNTIES AND CITIES AND COUNTIES OF THE STATE.

The People of the State of California, represented in Senate and Assembly, do enact as follows :

SECTION 1. The Superintendent of Public Schools, the County Treasurer and the Chairman of the Board of Supervisors of each county or city and county, and their successors in office, are hereby constituted a Board of Trustees of the "School Teachers' Annuity and Retirement Fund," to provide for the disbursement of the same and to designate the beneficiaries thereof, as hereinafter directed, which board shall be known as the "School Teachers' Retirement Fund Commissioners."

SEC. 2. They shall organize as such board by choosing one of their number as Chairman and one as Secretary. The County Treasurer shall be ex-officio Treasurer of such fund. Such Board of Trustees shall have charge of and administer said fund, and order payments therefrom according to the provisions of this Act. They shall report annually, in the month of July, to the Board of Supervisors, the condition of such fund, and the receipts and disbursements on account of the same, with a full and complete list of the beneficiaries of said funds and the amounts paid to each of them.

SEC. 3. Whenever any teacher entitled to the benefits of this Act has taught in the public schools of this State for a period of twenty years, and shall become incapacitated from performing the duties of a teacher, such teacher shall, at his or her request, and may, in the discretion of the Board of School Trustees without such request, be retired as a teacher, and shall thereafter receive an annuity out of said fund of forty-five dollars per month; and if such teacher has taught for twenty-five years or over, shall, under the same circumstances, be retired upon an annuity of fifty dollars per month, such payments to be made out of the fund in the different counties in proportion to the length of time taught by such teacher in each county; but in case any teacher should be retired within three years after the passage of this Act, he or she must, in order to receive the benefits thereof, pay into the fund provided for in this Act the sum of three hundred dollars: and provided further, that if at any time there shall not be sufficient money in said fund to pay the warrants drawn thereon as presented for payment, the Treasurer shall register said warrants and mark on the back of each these words: "Presented for payment this — [giving day, month and year], and not paid for want of funds. Treasurer of — County."

and such warrants shall be paid in the order of registration and bear interest at five per cent per annum from date of registration.

SEC. 4 The Board herein provided for shall hold quarterly meetings on the third Saturday of January, April, July and October of each year at the office of the County Superintendent of Public Schools. Such Board shall biennially, at its meeting in January, select from its members a President and Secretary. It shall issue warrants, signed by its President and Secretary, to the persons entitled thereto, for the amount of money ordered paid to such persons from such fund by said Board, stating therein for what purpose such payment is made. It shall keep a record of all its proceedings, which shall be public. It shall, at each quarterly meeting, send to the Treasury of the county, or city and county, and to the Auditor of such county, or city and county, a list of all persons, if any, entitled to payment out of the fund provided in this Act, stating the amount of such payments and for

TEACHERS' RETIREMENT FUND.

what granted, which lists shall be sworn to as correct by the President and Secretary of said Board, and the Auditor shall then enter a copy of said list in a book to be kept for him for that purpose, known as the "School Teachers' Annuity Fund Book." When such list has been entered in such book by the Auditor, he shall transmit the same to the Board of Supervisors of such county, or city and county, which Board shall order the payment of the amount named out of the fund provided for by this Act. A majority of the members of said Board shall constitute a quorum for the transaction of business.

SEC. 5. In addition to the powers hereinbefore granted to said Board, it shall have the further power, first, to subpoena and compel witnesses to attend and testify before it in all matters relating to the operation of this Act, and any member of said Board may administer an oath or affirmation to such witness in the form prescribed in courts of justice; second, to provide for the payment, out of said fund, of all expenses, such as for printing, for stationery and for postage stamps, but the members of said Board, as such, shall serve without compensation; third, to make all such needful rules and regulations for the transaction of their business, from time to time, as may be necessary.

SEC. 6. To provide a fund for the payments provided for in this Act, the Secretary of the Board of Education of each municipality shall certify monthly to the Treasurer of each municipality, and the Board of Trustees in every school district outside of such municipalities shall certify and pay over, in like manner to the County Treasurer of each county, and one per cent of the amount due each teacher as salary for the previous month; and all moneys derived from any other source shall be paid to the County Treasurer to the credit of such fund. Such Board shall also receive and place to the credit of said fund all moneys received from donations, legacies, gifts, bequests or otherwise.

SEC. 7. This Act shall be binding [only] upon public school teachers [who] after the [passage] of this Act, [shall] sign and deliver to the Board of Education of the municipality in which they are employed a notice in substantially the following form :

— — — — —, 1895.

To the Board of Education (or Trustees, as the case may be) of — — — — —

You are hereby notified that I agree to be bound by, and desire to avail myself of the provisions of the Act of the Legislature of California, approved — — — — —, eighteen hundred and ninety-five, entitled, "An Act to Create and Administer a School Teachers' Annuity and Retirement Fund" in the several counties and cities and counties in this State.

— — — — —,
Public School Teacher.

And no teacher employed in the public schools of this State at the time of the passage of this Act failing to give such notice shall be entitled to any benefits under this Act [or] subject to any of its burdens. [And no teacher employed after the passage of this Act, who, within ninety days after such employment, fails to give such notice, shall share the benefits of or be subject to the burdens of this Act.]

Such notices shall be delivered to the Treasurer of such municipality, and a copy thereof to the Commissioners of said fund, and preserved as a record for their information.

SEC. 8. All Acts and parts of Acts in conflict with the provisions of this Act are hereby repealed.

SEC. 9. This Act shall take effect and be in force from and after its passage.

REPORT

OF THE

SAN FRANCISCO LAW LIBRARY.

SAN FRANCISCO, March 23, 1896.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: The Librarian herewith presents the 31st annual report of the affairs of the San Francisco Law Library Association.

The past year has been in the main a successful one.

There have been no applications for life memberships.

During the year there were lost by death: Wm. C. Belcher, A. C. Searle and G. W. Tyler, reducing the number of shareholders to 242.

There were during the year 31 new subscribers.

There have been 1,101 books added to the Library. This is the largest accession list in a number of years and makes the total number of books on the shelves 34,755. Of this number 85 were presented, 838 were purchased and 183 were Supreme Court Records bound.

Donors to the Library were: F. L. Button, C. W. Slack, Bancroft-Whitney Co., J. A. Russell, W. B. Tyler, R. P. Ashe, Supervisors of San Francisco, Secretary of State of California, and Secretaries of Departments at Washington.

The following list shows the character of the books:

986 REPORT OF THE SAN FRANCISCO LAW LIBRARY.

Furniture and carpenter work.....	\$536 00
Electric lighting.....	61 25
Indexer.....	225 00
Stationary.....	46 20
Cataloguing.....	52 50
Assistants.....	2,200 00
Miscellaneous expenses.....	49 15
Total.....	\$7,721 95

The receipts for the year have been:

From subscribers, etc.....	\$1,009 58
From dollar tax.....	6,312 00
Total.....	\$7,321 58

The increase in expenditures is owing to the large accessions and the additional shelving and furniture required. Shelving sufficient for 10,000 volumes has been put in place and there is now ample room for the accessions for five years.

Respectfully submitted,

JAMES H. DEERING,
Librarian.

EXEMPT FIREMEN'S RELIEF FUND.

SAN FRANCISCO, July 6, 1896.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: In accordance with Resolution No. 14,460 (Third Series), and in behalf of the Board of Trustees of the "Exempt Firemen's Relief Fund" I hereby make the following annual report:

During the fiscal year ending June 30, 1896, we have, after due investigation, awarded relief to sixty-three (63) exempt firemen, all of whom were members of the old Volunteer Fire Department of this City and County. It was relief that was much needed and was duly appreciated by the beneficiaries, many of whom were suffering from sickness and injuries in various forms; the infirmities of old age and the affliction of poverty. To these we ordered paid the sum of Eight Thousand Nine Hundred and Fifteen (8,915 00) Dollars. For the necessary office outfit, such as desk, books, and the stationery, etc., required, we ordered paid seventy-six and 30-100 dollars, which left a balance of eight and 70-100 dollars in the fund to our credit at the close of the fiscal year.

From the most reliable information that we can glean from the records and other sources of information, we find that the total number of Exempt Firemen to whom certificates of exemption were issued were twelve hundred and ninety-one (1,291), and that of these there are at present three hundred and thirty (330) survivors. During the past year there were twenty deaths, six of were on the roll of beneficiaries. There are at present fifty-four (54) remaining on the beneficiary roll, and we have ten (10) applications for relief on file, of which a majority are from worthy persons; but a desire on the part of the Board to keep within the appropriation made by your Honorable Board for the year just closed, forbade the bare consideration of these applications. We believe that the current year will be the most costly of the future, as all the needy members will be heard from.

There are three of them at present in the hospital, two of whom are receiving a small allowance as aid, while the third one has been unassisted up to date, for reasons already set forth. For a full and complete account of our expenditures during the year, for the names ages, etc., of the beneficiaries and other minor details, you are referred to the annexed tabulated form.

All of which is respectfully submitted.

JAMES O'DONNELL,
Secretary

992 REPORT OF THE EXEMPT FIREMEN'S RELIEF FUND.

¹Dropped December 17, 1895, because on investigation it appeared that he had a business and ample means to care for himself.

²Dropped December 17, 1895, because he had employment, the ability to labor and neither sick or infirm.

³Died October 15, 1895. This man was found in the Almshouse of the City and County. Then the Board concluded to award him twenty-five dollars a month, in the hope that for that sum he could be taken care of in some better place. When, after diligent search it was found that no person or institution would take him in for the sum allowed by law, and finding after two months that he was not in a fit condition to be removed from the institution, the Board was compelled, after furnishing him with underwear and a few other necessities to leave him in the Almshouse 'till his death in October, 1895, when the relief award for two months was expended on his funeral and burial expenses, for which the Board of Trustees hold vouchers.

⁴Died January 6, 1896.

⁵Died July 25, 1895, in the City and County Hospital. The twenty-five dollars awarded the beneficiary for July was paid over by order of the Board to the officers of the Society of "Old Friends," of whom deceased was a member, to be applied toward defraying his burial expenses.

⁶Dropped June 21, 1896, temporary relief, at beneficiary's request, having been suffering from a severe bodily injury caused by an accidental fall off a roof. When restored to health and able to follow his vocation, he requested to be taken off the roll.

⁷Dropped August, 1895, for habitual intemperance and restored December 17, 1895.

⁸Died November 23 1895,

⁹Tried to labor and failed in the effort, December 1895.

¹⁰Died December 8, 1895.

¹¹Died December 23, 1895.

¹²Dropped October 14, 1895, for habitual intemperance and restored April 21, 1896.

RECAPITULATION.

REPORTS OF SPECIAL COUNSEL.

REPORT OF WALTER M WILLETT, SPECIAL COUNSEL.

SAN FRANCISCO, July 1, 1896

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In accordance with Resolution No. 14,460 (Third Series), I herewith present my report for the fiscal year ending June 30, 1896, embracing the collections for fiscal years 1868-69, 1874-75 to 1881-82, inclusive, 1887-88, 1888-89, 1890-91 to 1895-96 inclusive, for which I acted as special attorney for the collection of delinquent taxes.

During said time I collected the sum of thirteen thousand five hundred sixty-eight 12-100 dollars (\$13,568.12) delinquent taxes for the fiscal year ending June 30, 1896.

MONTH.	TAXES.	PENALTY.	ADVERTISING.	TOTAL.
1895—July.....	\$205 05	\$23 29	\$34 50	\$262 84
August.....	1,282 81	250 22	66 50	1,599 53
September.	239 62	45 47	58 00	343 09
October.....	969 59	183 97	146 50	1,300 06

December.....	1,138 88	197 74	196 50	1,533 12
1896—January... ..	1,366 51	264 25	234 00	1,864 76
February.....	1,058 51	198 21	237 50	1,494 22
March.....	743 55	124 49	147 50	1,015 54
April.....	1,003 85	158 86	126 00	1,288 71
May.....	579 32	102 15	82 00	763 47
June.....	534 73	70 53	82 00	687 26
Totals.....	\$10,160 55	\$1,814 57	\$1,593 00	\$13,568 12

Which said sum of \$13,568.12 I paid to James N. Block, Tax Collector, less commission.

Respectfully submitted,

WALTER M. WILLETT,
Special Attorney.

REPORT OF WALTER H. LEVY, SPECIAL COUNSEL.

SAN FRANCISCO, September 22, 1896.

*To the Honorable the Board of Supervisors**Of the City and County of San Francisco—*

GENTLEMEN: In compliance with the requirements of the Resolution passed by your Honorable Board, I have respectfully to report that during the last fiscal year I have not collected any delinquent personal property taxes. I have authorized the Tax Collector to collect the same, and he has collected all delinquent taxes for fiscal year 1892-93 at his office in the New City Hall pursuant to such authority. Reference is hereby made to the report of the Tax Collector for the amount of delinquent taxes collected for the fiscal year 1892-93 on file in the office of the Clerk of the Board.

Very respectfully,

WALTER H. LEVY,
Special Counsel.

REPORT OF WALTER M. WILLETT, SPECIAL ATTORNEY FOR
THE COLLECTION OF BONDS.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Supervisors**Of the City and County of San Francisco—*

GENTLEMEN: In compliance with Resolution No. 14,490 (Third Series), I herewith submit my report as special attorney for the collection of bonds of delinquent street contractors for the fiscal year ending June 30, 1896. My appointment coming late in the year, I have not been able to report as satisfactory progress in relation to the collection of these bonds as I had hoped to do. I have now in my hands for collection some ten or twelve bonds which in the near future I expect to make collection for settlement. Thus far I have collected one bond for the sum of twenty dollars (\$20), which said sum, less my commission, I paid to the County Treasurer.

Respectfully submitted,

WALTER M. WILLETT.

REPORT OF FISHER AMES, SPECIAL COUNSEL.

SAN FRANCISCO, July 10, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In obedience to Resolution No. 14,460 (Third Series), I herewith submit my report of all taxes for City and County purposes, for the fiscal years 1872-73 and 1873-74, collected by me, as Special Counsel, from June 30, 1895, to and including June 30, 1896, pursuant to the provisions of Orders Nos. 1,185 and 1,197, adopted by your Honorable Board.

Detailed statement of all collections are on file in the office of the Auditor of said City and County, and in the office of the Clerk of your Honorable Board.

Principal collected.....	\$8 10
Advertising.....	1 50
Total collections.....	\$9 60

FISHER AMES,
Special Counsel.

REPORT OF J. E. O'DONNELL, SPECIAL COUNSEL FOR THE
COLLECTION OF FORFEITED BAIL BONDS.

SAN FRANCISCO, September 29th, 1896.

*To the Honorable the Board of Supervisors,
Of the City and County of San Francisco—*

GENTLEMEN: In compliance with your Resolution in this behalf adopted, I present my annual report as special counsel for the collection of forfeited ball bonds.

During the fiscal year ending June 30, 1896, I have commenced eight actions to recover upon forfeited bonds, amounting in the aggregate to the sum of Nine Thousand Nine Hundred Dollars (\$9,900). One of said actions was dismissed by direction of your Honorable Board; in another the forfeiture of the bond was set aside by Judge Wallace, and the remainder of said actions, involving the sum of Four Thousand Nine Hundred Dollars (\$4,900), are still pending, in one of which judgment has been taken against bondsmen.

The number of bonds forfeited in the Police and Superior Courts during the past year has been remarkably small, which, I presume, is owing to the fact that the Judges of said Courts have exercised a careful scrutiny in the selection of bondsmen, and good bonds are seldom forfeited. The crusade against straw bonds inaugurated by your special counsel some years ago (in which I have been ably assisted by the District Attorney's office and the Police Department) seems to have been carried on with successful results, in view of the few forfeitures recorded during the past fiscal year.

Respectfully submitted,

J. E. O'DONNELL,
Special Counsel.

REPORT OF J. P. KELLY, SPECIAL COUNSEL.

SAN FRANCISCO, September 22, 1896.

*To the Honorable the Board of Supervisors**Of the City and County of San Francisco—*

GENTLEMEN: In compliance with the requirements of the Resolution passed by your Honorable Board, I have respectfully to report that during the last fiscal year I have not collected any delinquent personal property taxes. I have authorized the Tax Collector to collect the same, and he has collected all delinquent taxes for the fiscal year 1883-84 at his office in the New City Hall pursuant to such authority. Reference is hereby made to the report of the Tax Collector for the amount of delinquent taxes collected for the fiscal year 1883-84 on file in the office of the Clerk of the Board.

Very respectfully,

J. P. KELLY,
Special Counsel.

REPORT OF W. A. S. NICHOLSON, SPECIAL COUNSEL.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Supervisors**Of the City and County of San Francisco—*

GENTLEMEN: In compliance with the provisions of Resolution No. 14,460 (Third Series) of your honorable body, I have respectfully to present to you my annual report as Special Counsel for the collection of delinquent taxes for the fiscal years 1884-85, 1885-86 and 1886-87, as follows: I have collected and paid over to the Tax Collector of the City and County of San Francisco for the fiscal years 1884-85, 1885-86 and 1886-87, as follows:

I have collected and paid over to the Tax Collector of the City and County of San Francisco for the fiscal year 1884-85, after deducting my 5 per cent. commission, the sum of \$7.13.

Also I have collected and paid over to said Tax Collector for the fiscal year 1885-86, after deducting my commissions, the sum of \$17.06, and for the fiscal year 1886-87 I have collected and paid over to the Tax Collector after deducting my commissions, the sum of \$15.43, making a total paid over, less commissions, the sum of \$39.62.

Respectfully submitted,

W. A. S. NICHOLSON,

Special Counsel for the collection of delinquent personal property taxes for 1884-85,
1885-86 and 1886-87.

REPORT OF J. E. O'DONNELL, SPECIAL COUNSEL.

SAN FRANCISCO, July 1, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In compliance with your resolution in this behalf adopted, I respectfully present my report as Special Counsel for the collection of delinquent taxes for the fiscal year 1889-90.

The amount of my collections during the year ending June 30, 1896, has been \$41.71. After deducting commissions therefrom, I have paid over to the Tax Collector the sum of \$39.63. Statements showing the names of the persons who paid, together with the amounts, have been filed with the Tax Collector, to which reference is hereby made.

Respectfully submitted,

J. E. O'DONNELL,
Special Counsel.

ROBINSON BEQUEST COMMISSION.

To the Hon. Adolph Sutro, Mayor, and Hon. C. L. Taylor,

Hon. J. K. C. Hobbs, Hon. C. E. Benjamin, Finance Committee, Board of Supervisors—

GENTLEMEN: Complying with the Resolution of the Board of Supervisors requiring reports, herewith please find a statement as to the expenditure of the Robinson Bequest Interest Fund since the reception of the money.

On October 6, 1883, there was deposited in the City Treasury the sum of \$47,466.66, it being the gift of Henry E. Robinson, \$40,000.00 for permanent interest bearing fund, and the remainder as interest accumulated subsequent to the death of the donor.

From October 26, 1883, to January 31, 1884, (Hon. Washington Bartlett, Mayor,) the minutes of the Commission show the following expenditures:

Applicants.....	\$3,015 00	
Societies.....	1,650 00	
Expense	811 00	
		\$5,476 00

For the same period the Treasurer's books show additional expenditures amounting to \$1,990 00, being properly evidenced by vouchers, though the minutes entirely omit all reference to them.

From January 14, 1885, to July 18, 1885, (Hon. Washington Bartlett, Mayor,) the minutes of the Commission show the following expenditures:

Applicants	\$1,935 00	
Societies.....	400 00	
		\$2,335 00

For the same period the Treasurer's books show an actual expenditure amounting to \$2,290 00.

On February 16, 1886, (Hon. Washington Bartlett, Mayor) the minutes of the Commission show that the sum of \$940 00 was expended for applicants.

For the same period the Treasurer's books show an actual expenditure of \$925.

From January 17, 1887, to March 1, 1887 (Hon. E. B. Pond, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$1,000 00	
Societies	1,650 00	
		\$2,650 00

From January 9, 1888, to April 21, 1888, (Hon. E. B. Pond, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 782 00	
Societies	1,650 00	
		\$2,432 00

ROBINSON BEQUEST COMMISSION.

1017

From January 9, 1889, to June 22, 1889, (Hon. E. B. Pond, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 746 26	
Societies.....	1,650 00	
		\$2,396 26

January 11, 1890, (Hon. E. B. Pond, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 445 55	
Societies.....	1,950 00	
		\$2,395 55

January 10, 1891, (Hon. Geo. H. Sanderson, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 445 20	
Societies.....	1,950 00	
		\$2,395 20

January 4, 1892, (Hon. Geo. H. Sanderson, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 446 10	
Societies.....	1,950 00	
		\$2,396 10

January 14, 1893, (Hon. L. R. Ellert, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 445 80	
Societies.....	1,950 00	
		\$2,395 80

January 15, 1894, (Hon. L. R. Ellert, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 399 55	
Societies.....	1,700 00	
		\$2,099 55

Of this \$399 55 the records show that \$258 80 was an overplus from the Mayor's office of the year 1893.

February 19, 1895, (Hon. Adolph Sutro, Mayor), the minutes of the Commission show the following expenditures:

Mayor's Office.....	\$ 344 65	
Societies.....	1,300 00	
		\$1,644 65

January 3, 1896 (Hon. Adolph Sutro, Mayor), the Minutes of the Commission show the following expenditures:

Mayor's office.....	\$ 704 05	
Societies.....	1,000 00	
		\$1,704 05

Out of the money apportioned to the Mayor, the Commission afterwards transferred \$125 50 to certain societies.

Up to this date the Mayor has paid out \$531 55, leaving on hand \$49 00.

ROBINSON BEQUEST COMMISSION.

There being some omissions in the minutes, as compared with the Treasurer's books the latter show that the total expenditures of interest in this fund have been \$33,218 36.

The present condition of the original \$40,000.00 Fund is as follows:

Three loans have been made to W. B. Bradbury, secured by mortgages.

First—February 24th, 1894, Loan of \$19,000.00, for five years, on a lot on the northwest corner of Bush street and Van Ness avenue, interest at $5\frac{1}{2}$ per cent, payable annually.

Second—September 16th, 1895, Loan of \$10,000.00, for ten years, on a lot on the northwest corner of Pine and California streets, 87 feet 6 inches on Pine street by 31 feet 3 inches on California street, interest at $5\frac{1}{2}$ per cent, payable annually.

Third—February 10th, 1896, Loan of \$11,000.00, for ten years, on a lot on the east side of Van Ness avenue, commencing $87\frac{1}{2}$ feet north of California street, frontage 54 feet $8\frac{1}{4}$ inches by 100 feet depth, interest 6 per cent, payable annually.

The last two loans were made by the Commission under Mayor Sutro.

The Annual Interest is usually due and distributed in January.

Respectfully submitted,

TAYLOR ROGERS,

Mayor's Clerk and ex-Officio Secretary of the Commission.

Dated, December 15, 1896.

REPORT OF FISH AND GAME WARDEN.

SAN FRANCISCO, July 1, 1896.

To the Honorable Board of Supervisors
Of the City and County of San Francisco—

GENTLEMEN: In accordance with Resolution No. 14,460 (Third Series), I respectfully submit my report of the office of Fish and Game Warden for the year ending June 30, 1896.

JOS. A. MOGAN,
Fish and Game Warden.

Salary of Fish and Game Warden..... \$1,200 00
Expenses of Fish and Game Warden..... 300 00

ROBERT B. BARTLETT.....	

RULES OF PROCEEDINGS.

1. In case the President does not attend, the Clerk, on the appearance of seven members, shall call the Board to order, when a President *pro tem.* shall be appointed by the Board for that meeting, or until the appearance of the President.

2. In case the Clerk shall be absent, the Board shall appoint a Clerk *pro tem.*, provided such substitution shall not continue beyond the day on which it was made.

3. Whenever it shall be moved and carried that the Board go into a Committee of the Whole, the President shall leave the Chair, and the members shall appoint a Chairman of the Committee of the Whole, who shall report the proceedings of the Committee.

4. The Rules of the Board shall be observed in the Committee of the Whole, except the rules regulating a call for the *ayes* and *noes*, and limiting the time for speaking.

5. On motion, in Committee, to rise and report the question, it shall be decided without debate.

6. No amendments shall be allowed in the Board, on any question which has been decided in the Committee of the Whole, unless by consent of two-thirds of the members present.

7. The Clerk shall make a list of the Orders, Resolutions, or Reports on the table, which shall be considered the "general orders of the day."

THE ORDER OF BUSINESS,

Which shall not be departed from, except by the consent of seven members, shall be as follows:

- 1st. Calling the Roll.
- 2d. Reading the minutes of the last Meeting.
- 3d. Quarterly. The requisitions of Sec. 66, Article V, of the Consolidation Act.
- 4th. Presentation of Petitions.
- 5th. Communications and Reports from City and County Officers.
- 6th. Reports of Committees, except Finance Committee.
- 7th. Unfinished Business.
- 8th. Presentation of Bills and Accounts.
- 9th. Report of Finance Committee.

RULES OF PROCEEDINGS.

- 10th. Orders, Motions or Resolutions.
- 11th. Calling the Roll for the introduction of orders, resolutions, etc., not reported on by Committees of the Board.
- 12th. Disposition of Street Work.
- 13th. Special Orders of the Day.
- 14th. General Orders of the Day.

8. If any question under debate contains several points, any member may have the same divided.

9. When any question has been put and decided, it shall be in order for any member who voted in the majority to move for the reconsideration thereof; but no motion for the reconsideration of any vote shall be made after the order, resolution or act shall have gone out of the possession of the Board; and no notice for reconsideration shall be made more than once upon the same question.

10. A motion to refer or lay on the table, until it is decided, shall preclude all amendments to the main question.

11. It shall be the duty of the Clerk to issue such certificates as may be directed by orders or resolutions, and to engross all orders, resolutions or acts requiring the signature of the President, to the end that they may be placed on file, in addition to the records required to be kept by the act creating this Board.

12. All accounts and bills presented shall be referred to committees, that they may report upon the same before action is taken by the Board.

13. The President shall preserve order and decorum, and shall decide questions of order, subject to an appeal to the Board.

14. Every member, previous to his speaking, shall rise from his seat and address himself to the President; and no motion shall be in order if made while the mover is seated or out of his place.

15. When two or more members shall rise at once, the President shall name the member who shall speak first.

16. No member shall speak more than twice on the same question without leave of the Board; nor more than once until every member choosing to speak shall have spoken; nor more than five minutes, except by permission of the President.

17. No question, on a motion, shall be debated or put, unless the same be seconded. When a motion is seconded it shall be stated by the President before debate; and every such motion shall be reduced to writing, if any member desires it.

18. A motion having been stated by the President, it shall be deemed to

be in the possession of the Board; but it may be withdrawn any time before decision or amendment, with the assent of the second.

19. When a question is under debate, no motion shall be received, unless:

- 1st. To adjourn.
- 2d. To lay on the table.
- 3d. The previous question.
- 4th. To postpone to a day certain.
- 5th. To commit or amend.
- 6th. To postpone indefinitely.

Which several motions shall have precedence in the order in which they are arranged.

20. A motion to adjourn and a motion to fix the time of adjournment shall be decided without debate.

21. The previous question, until decided, shall preclude all amendments and debate to the main question, and shall be put in the form, "Shall the main question be now put?"

22. Every member who shall be present when a question is put shall vote for or against the same, unless the Board shall excuse him, or unless he be immediately interested in the question, in which case he shall not vote; but no member shall be permitted to vote upon a division, when a division is called, unless present when his name is called in the regular order.

23. A member called to order shall immediately take his seat, unless permitted to explain, and the Board, if appealed to, shall decide on the case, but without debate. If there be no appeal, the decision of the Chair shall be submitted to.

24. Upon the decision of the Board, the names of those who voted for and those who voted against the question shall be entered upon the minutes, not only in the cases required by law, but when any member may require it; and in all appropriations of public moneys the ayes and noes shall be called by the Clerk and recorded.

25. All appointments of officers shall be by *ballot*, unless dispensed with by the unanimous consent of the Board, and a majority of all the members of the Board shall be necessary to a choice.

26. No member shall leave the Board during its session without permission from the President.

27. All committees shall be appointed by the Board, unless otherwise ordered. Committees appointed to report on any subject referred to them by the Board shall report a statement of facts, and also their opinion thereon, in writing; and no reports shall be received unless the same be signed by a majority of the committee.

28. Every remonstrance, or other written application, intended to be

presented to the Board, must be delivered to the President, or any member, not later than 12 o'clock on the day on which the Supervisors convene, except on extraordinary occasions, and the President, or member to whom it shall be given, shall examine the same and indorse thereon the name of the applicant and the substance of the application, and sign his name thereto, and deposit the same in the office of the Clerk of the Board, so that the members may examine the same before meeting; *only* the indorsement of such remonstrance or application shall be read by the Clerk, unless a member shall require the reading of the paper, in which case the whole shall be read.

29. The members of the Board shall not leave their places on adjournment until the President leaves the chair.

30. Members, in speaking of each other, shall designate them by the number of their respective ward.

31. Seven members shall constitute a quorum to transact business, and no regulation, resolution, ordinance or order of the Board shall pass without the concurrence of at least that number of members; but a smaller number may adjourn from day to day.

32. Should there arise any questions or points of order not embraced in the Rules, the Board shall be governed by the rules of the Senate and the authorities set forth in Cushing's Manual.

33. Every order shall embrace but one subject, and the same shall be expressed in its title.

34. The ordaining clause of the city orders shall be: "The People of the City and County of San Francisco do ordain as follows:"

35. Two-thirds of the members of the Board shall be required to alter, suspend or repeal any of the foregoing rules.

WATER RATES.

The Board of Supervisors, pursuant to the requirements of the Constitution of the State and of the Act of the Legislature approved March 7, 1881, and in compliance therewith, obtained statements from persons or corporations engaged in the business of supplying water during the year 1895, showing their receipts and expenditures, and after consideration and investigation fixed the rates to be collected for furnishing water during the year commencing July 1, 1896, and ending June 30, 1897.

The following article of the Constitution of the State, adopted in 1879, and which went into effect on January 1, 1880, made it the duty of the Board of Supervisors, in the month of February of each year, to fix the rates of compensation to be collected by any person, company or corporation engaged in the business of supplying water for the use of the city and county or the inhabitants:

ARTICLE XIV.

WATER AND WATER RIGHTS.

SECTION 1. The use of all water now appropriated, or that may hereafter be appropriated, for sale, rental or distribution, is hereby declared to be a public use, and subject to the regulation and control of the State, in the manner to be prescribed by law; provided, that the rates or compensation to be collected by any person, company or corporation in this State for the use of water supplied to any city and county, or city or town, or the inhabitants thereof, shall be fixed annually by the Board of Supervisors, or city and county, or City or Town Council, or other governing body of such city and county, or city or town, by ordinance or otherwise, in the manner that other ordinances or legislative acts or resolutions are passed by such body, and shall continue in force for one year and no longer. Such ordinances or resolutions shall be passed in the month of February of each year, and take effect on the first day of July thereafter. Any board or body failing to pass the necessary ordinances or resolutions fixing water rates, where necessary, within such time, shall be subject to peremptory process to compel action at the suit of any party interested, and shall be liable to such further processes and penalties as the Legislature may prescribe. Any person, company or corporation collecting water rates in any city and county, or city or town in this State, otherwise than as so established, shall forfeit the franchises and water works of such person, company or corporation to the city and county, or city or town where the same are collected, for the public use.

SEC. 2. The right to collect rates or compensation for the use of water supplied to any county, city and county, or town, or the inhabitants thereof, is a franchise, and cannot be exercised except by authority of and in the manner prescribed by law.

The following Section of Article XI of the Constitution, as amended in 1885, also granted the right to persons and corporations to use the public streets for supplying water or illuminating light to the inhabitants, on condition that the Legislature shall have the right to regulate the charges:

ARTICLE XI.

RIGHT OF WATER AND GAS COMPANIES TO USE PUBLIC STREETS

"SECTION 19. In any city where there are no public works owned and controlled by the municipality, for supplying the same with water or artificial light, any individual, or any company duly incorporated for such purpose under and by authority of the laws of this State, shall, under the direction of the Superintendent of Streets, or other officer in control thereof, and under such general regulations as the municipality may prescribe for damages and indemnity for damages, have the privilege of using the public streets and thoroughfares thereof, and of laying down pipes and conduits therein, and connections therewith, so far as may be necessary for introducing into and supplying such city and its inhabitants either with gas light or other illuminating light, or with fresh water for domestic and all other purposes, upon the condition that the municipal government shall have the right to regulate the charges thereof."

WATER RATES.

The Legislature of the State, at the session of 1881, passed the following Act, providing for carrying out the objects of Article XIV of the Constitution, by imposing upon the Board of Supervisors the duty of requiring all persons or corporations engaged in supplying water to file statements in the month of January of each year, showing the names, residence and the amount paid by each rate-payer during the year, the revenue derived from all sources and an itemized statement of expenditures made for supplying water during the same time:

AN ACT TO ENABLE THE BOARD OF SUPERVISORS, TOWN COUNCIL, BOARD OF ALDERMEN, OR OTHER LEGISLATIVE BODY OF ANY CITY AND COUNTY, CITY OR TOWN, TO OBTAIN DATA AND INFORMATION, FROM ANY CORPORATION, COMPANY OR PERSON SUPPLYING WATER TO SUCH CITY AND COUNTY, CITY OR TOWN. REQUIRING SUCH BOARD, TOWN COUNCIL OR OTHER LEGISLATIVE BODY TO PERFORM THE DUTIES PRESCRIBED BY SECTION 1 OF ARTICLE 14 OF THE CONSTITUTION, AND PRESCRIBING PENALTIES FOR THE NON-PERFORMANCE OF SUCH DUTIES.

Approved March 7, 1881.

The People of the State of California, represented in Senate and Assembly, do enact as follows:

(Municipal Corporations to Fix Water Rates.)

SECTION 1. The Board of Supervisors, Town Council, Board of Aldermen or other legislative body of any city and county, city or town, are hereby authorized and empowered and it is made their official duty, to annually fix the rates that shall be charged and collected by any person, company, association, or corporation for water furnished to any such city and county, or city or town, or the inhabitants thereof. Such rates shall be fixed at a regular or special session of such Board or other legislative body, held during the month of February of each year, and shall take effect on the first day of July thereafter, and shall continue in full force and effect for the term of one year, and no longer.

(Annual Statements to be Made by Water Companies, etc.)

SEC. 2. The Board of Supervisors, Town Council, Board of Aldermen or other legislative body, of any city and county, city or town, are hereby authorized, and it is hereby made their duty, at least thirty days prior to the fifteenth day of January of each year, to require by ordinance or otherwise any corporation, company or person supplying water to such city and county, city or town, or to the inhabitants thereof, to furnish to such Board or other governing body, in the month of January in each year, a detailed statement, verified by the oath of the President and Secretary of such corporation, or company, or of such person as the case may be, showing the name of each water-rate payer, his or her place of residence, and the amount paid for water by each of such water-rate payers during the year preceding the date of each statement, and also showing all revenues derived from all sources, and an itemized statement of expenditures made for supplying water during said time.

(Additional Statements to be Made by Water Companies, etc.)

SEC. 3. Accompanying the first statement made as prescribed in Section 2 of this Act, every such corporation, company or person shall furnish a detailed statement, verified in like manner as the statement mentioned in Section 2 hereof, showing the amount of money actually expended annually since commencing business in the purchase, construction and maintenance, respectively, of the property necessary to the carrying on of its business, and also the gross cash receipts annually, for the same period, from all sources.

(Refusal by Water Companies to Make Statement a Misdemeanor.)

SEC. 4. Every corporation, company or person who shall refuse or neglect to furnish the statements mentioned in sections two and three of this Act, or either of them, or who shall furnish any false statements in relation thereto, within thirty days after having been required or requested to furnish the same, as prescribed in sections one, two and three of this Act, shall be deemed guilty of a misdemeanor.

(Copies of Statements to be Made and Filed With County Recorder.)

SEC. 5. Upon receiving the statements provided for in sections two and three of this Act, the Board of Supervisors, Town Council, Board of Aldermen, or other legislative body, shall cause a copy thereof to be made and filed in the office of the County Recorder of such city and county, or of the county wherein such city or town is situated.

WATER RATES.

9

(Water Rates to be Equal and Uniform—Proviso.)

SEC. 6. Rates for the furnishing of water shall be equal and uniform. There shall be no discriminations made between persons, or between persons and corporations, or as to the use of water for private, and domestic, and public or municipal purposes; provided that nothing herein shall be so construed as to allow any person, company, association or corporation to charge any person, corporation or association anything for water furnished them when, by any present law, such water is free.

(Excess in Charging Rates Forfeits Franchise, Etc.)

SEC. 7. Any person, company, association or corporation, charging or attempting to collect, from the persons, corporations or municipalities using water, any sum in excess of the rate fixed as hereinbefore designated, shall, upon the complaint of the said Board of Supervisors, Town Council, Board of Aldermen, or other legislative body thereof, or of any water-rate payer, and upon conviction before any court of competent jurisdiction, shall forfeit the franchises and water works of such person, company, association or corporation to the city and county, city or town, wherein the said water is furnished and used.

(Penalty to Supervisors for Neglecting to Enforce Provisions of Act.)

SEC. 8. Any Board of Supervisors or other legislative body of any city and county, city or town which shall fail or refuse to perform any of the duties prescribed by this Act, at the time and in the manner hereinbefore specified, shall be deemed guilty of malfeasance in office; and upon conviction thereof, at the suit of any interested party, in any court of competent jurisdiction, shall be removed from office.

(Act in Effect.)

SEC. 9. This Act shall take effect and be in force from and after its passage.

On December 9, 1895, Supervisor Dimond presented, and on his motion the Board adopted a resolution, of which the following is a copy, calling for water statements to be filed, to wit:

RESOLUTION No. 13,367 (THIRD SERIES).

PROVIDING FOR STATEMENTS BEING FILED BY COMPANIES, CORPORATIONS OR PERSONS ENGAGED IN THE BUSINESS OF SUPPLYING PURE, FRESH WATER FOR USE OF THE INHABITANTS OF THIS CITY AND COUNTY.

RESOLVED, That the Spring Valley Water Works, a corporation, and every other corporation, company or person, if any there be, supplying water to the City and County of San Francisco, or to the inhabitants thereof, be and hereby are required to furnish to the Board of Supervisors of the said city and county, in the month of January, in the year of our Lord one thousand eight hundred and ninety-six, a detailed statement, verified by the oath of the President and Secretary of such corporation or company, or of such person, as the case may be, showing the name of each water-rate payer, his or her place of residence and the amount paid for water by each of such water-rate payers during the year preceding the date of such statement, and also showing all revenue derived by such corporation, company or person from all sources; and an itemized statement of expenditures made for supplying water during said time; and that such statement be accompanied by a further and detailed statement, verified by the President and Secretary of such corporation or company, or of such person, as the case may be, showing the amount of money actually expended annually since commencing business, in the purchase, construction and maintenance, respectively, of the property necessary to the carrying on of the business of such corporation, company or person, and also the gross cash receipts annually for the same period from all sources, in accordance with the provisions of an Act of the Legislature

WATER RATES.

approved March 7, 1881; also a list containing a general description of the property owned by the person or corporation making the statement herein provided for, showing the original cost and present estimated valuation. (Statutes 1881, page 54).

RESOLVED, That the Clerk of this Board is hereby directed to forthwith serve a certified copy of this resolution upon the President and Secretary, respectively, of the said corporation, the Spring Valley Water Works, and every other corporation or company, and upon every person so supplying water to the City and County of San Francisco or to the inhabitants thereof.

And the Clerk is hereby directed to advertise this resolution as required by law.

In Board of Supervisors, San Francisco, December 9, 1895.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Hobbs, Wagner.

Absent—Supervisors Morgenstern, Spreckels.

JNO. A. RUSSELL, Clerk.

On December 13, 1895, certified copies of the foregoing resolution, with blank form of statements required under the statute, were served upon the following persons and corporations, to wit: The Spring Valley Water Works, the Visitacion Water Company, John Center, George T. Pracy, Alfred Clarke and Behrend Joost, parties engaged in supplying water.

The following are extracts from statements filed in response to such notice:

John Center, artesian well, Folsom street near Sixteenth street—Receipts from water rates, \$217 20; expenditures, \$732.

George T. Pracy, artesian well, Twenty-fourth street near Noe street. No receipts. Well for private use.

Visitacion Water Company (artesian), Bay View, South San Francisco—Receipts from water rates, \$15,517 10; receipts from other sources, \$128 75—total receipts for the year 1895, \$15,645 85. Expenditures (cost of coal, labor and maintenance), \$9,881 71; gross amount expended for purchase, construction and maintenance from the year 1883, \$226,394 76; gross cash receipts from the year 1883, \$270,208 50.

Spring Valley Water Works—Receipts from water rates, \$1,687,924 40; receipts from other sources, \$19,309 75; total receipts for the year 1895, \$1,707,234 15; expenditures—operating expenses, \$376,825 72; taxes, \$102,155 84; interest, \$533,738 14; dividends, \$711,000—total expenditures for the year 1895, \$1,723,719 70; expenditures in excess of revenue, \$16,485 55; amount paid on account of new construction and permanent improvements, \$485,910 28.

WATER RATES.

The following additional statement was filed by the Spring Valley Water Works on February 3, 1896, reciting the amount of expenditure in the construction and the cost of the works up to January 1, 1896, the permanent improvements made during, and the cost of the same for the year 1895; also, as to the reductions in household, special and meter rates, etc., with an estimate of the income required, to wit:

COMMUNICATION FROM SPRING VALLEY WATER WORKS.

SAN FRANCISCO, January 31, 1896.

To the Honorable the Board of Supervisors
Of the City and County of San Francisco—

GENTLEMEN: In compliance with the law, we have filed with the Board of Supervisors our annual statement, showing the name of each rate payer, so far as known, the residence and the amount paid for water by each rate payer, during the year preceding January 1, 1896, and also a statement of all expenditures made for supplying water during the same period.

The resolution of the Board calling for other information is answered by previous reports, combined with the present, and will be found in the records of the Board, made according to law. We respectfully refer you to our report for the year 1881 (see page 56, Municipal Reports, 1881-2), in which the cost of the works up to January 1, 1882, is given at \$19,268,044 50, and since January 1, 1882, we have expended in the making of new improvements and the carrying on of the work of construction the sum of \$10,674,691 24, making the total of \$29,942,735 74 expended in the construction of these works up to the 1st day of January, 1896.

With our first statement, as required by law, we gave a detailed statement of the gross cash receipts and expenditures annually up to and inclusive of the year 1881. (This statement will be found on pages 57-58, Municipal Reports for 1881-1882.)

Since filing our first report we have regularly filed an annual statement giving the amount of our total income and the amount which we have expended for taxes, interest, operating expenses, construction and dividends.

The statement as to receipts and expenditures for supplying water for 1895 is as follows:

RECEIPTS.	
From water rents.....	\$1,687,924 40
From other sources.....	19,309 75
Total income	\$1,707,234 15
DISBURSEMENTS.	
For operating expenses	\$376,825 72
For interest.....	533,738 14
For taxes	102,155 84
For dividends.....	711,000 00
	1,723,719 70
Balance.....	\$16,485 55

WATER RATES.

15

The total indebtedness of the company on the 1st day of January, 1896, was \$10,473,583 30 and the total amount of stock issued was \$12,300,000 00.

During the year 1895 we expended for new construction and in making permanent improvements the sum of \$485,910 23. This amount was principally expended for the purchase of new pipe; for work done in laying the same; for construction of the Lake Merced tunnel and sewer; for the building of the Clarendon Hights tank and pumps; for the grading of Ridley street cut; for the laying of the Chenery street pipe; for the work done on the new San Andreas pipe line; for work done at the new Crystal Springs dam; for the purchase of lands, rights of way and riparian rights; for the construction of a new aerating plant at Ocean View; for the construction of a new screen tank at Lake Honda; for the construction of a new 22-inch Lake Merced suction-pipe, one and one-quarter miles in length, and in making other necessary improvements.

In order to maintain the present efficiency of the works and keep pace with the demands of the city concerning its water supply, it is expected that we shall be required to expend about \$400,000 during the year 1896 in the extension of the works.

By reason of the reductions made in water rates by the order taking effect on July 1, 1895, our private rate payers received the benefit of a reduction amounting to about \$8,500 per month.

In order to show that there has been a substantial reduction made in the original water rates charged for water furnished by the Spring Valley Water Works to its private rate-payers, we submit the following:

COMPARISON OF RATES CHARGED IN 1895 WITH RATES CHARGED IN 1879, AT THE TIME OF THE ADOPTION OF THE NEW CONSTITUTION, SHOWING AMOUNT OF REDUCTIONS.

FOR ONE-STORY BUILDINGS.

SQUARE FEET.	1879.	1895.
0- 400	\$2 00	\$0 25
400- 500	2 00	35
500- 600	2 00	45
600- 700	2 00	50
700- 800	2 00	60
800- 900	2 25	70
900-1,000	2 50	75
1,000-1,200	2 75	80
1,200-1,400	3 00	90
1,400-1,600	3 25	95
1,600-1,800	3 50	1 05
1,800-2,000	3 75	1 15

And all of the other General Rates in like proportion.

WATER RATES.

SPECIAL RATES.

	1879.	1895.
Private bath-tubs	\$1 00	\$0 35
Public bath-tubs	2 00	70
Private water-closets.....	50	25
Public water-closets	2 00	65 and 45
Horses.....	1 00	30
Boarders and lodgers.....	25	09
Irrigation per 100 yards ...	1 00	50

METER RATES.

	1879.	1895.
Highest rate.....	\$0 75	\$0 29
Lowest rate	0 37½	13
Number of rate-payers.....	20,444	39,355

We estimate that we shall require, to meet our necessary expenditures for the year 1896, the following amounts:

For operating expenses	\$390,000 00
For interest on bonds.....	498,500 00
For interest on floating debts.....	35,000 00
For taxes.....	100,000 00
For 6 per cent dividends.....	738,000 00
Total	\$1,761,500 00

The relations of the company with its rate payers were never more amicable or satisfactory than at present.

The demand made on the company for an extension of its service to the outlying districts and to higher levels is at present very great, and with these demands the company is inclined to comply, provided it can see its way clear toward obtaining from its water rents a sum sufficient to meet the necessary increase in its expenses which such compliance would entail.

WATER RATES.

17

It is obvious that a sufficient water supply is of first importance to the city, and that any action designed to embarrass the company, or retard the improvements necessary for such supply, would be against the best interests of the city.

Very respectfully,

CHARLES WEBB HOWARD,
President S. V. W. W.

The foregoing statements were referred to the Committee on Water and Water Supply; at a meeting of the Board held on February 10, 1896, the Chairman of the Committee, Supervisor Morgenstern, presented a resolution providing for the Board meeting as a Committee of the Whole on Monday evening, February 17, 1896, to report and act upon the water rates to be established for the year commencing July 1, 1896, which resolution was adopted, and of which the following is a copy, to wit:

RESOLUTION No. 13,779 (THIRD SERIES).

WHEREAS, In the matter of fixing water rates, this Board, in Committee of the Whole, discussed the propositions involved in fixing the rates for the present fiscal year, so that each member was cognizant of the principles governing the action of the Board; therefore,

Resolved, That this Board will meet on Monday evening, February 17, 1896, at 7:30 o'clock, to take action in the matter of fixing water rates for the fiscal year commencing July 1, 1896, and to that end resolve itself into a Committee of the Whole, to consider and report upon the rates to be established.

And the Clerk is hereby directed to advertise this resolution as required by law.

In Board of Supervisors, San Francisco, February 10, 1896.

Adopted by the following vote:

Ayes—Supervisors Scully, Benjamin, Hirsch, Dimond, Dunker, Taylor, Morgenstern, Hobbs, Wagner.

Absent—Supervisors King, Hughes, Spreckels.

JNO. A. RUSSELL, Clerk.

On February 14, 1896, a communication from the Grand Jury relative to the charges made in existing resolution for water supplied shipping, and demanding a reduction in said charges in the rates to be fixed for the year commencing July 1, 1896, was received and referred to the Committee of the Whole, of which the following is a copy, to wit:

COMMUNICATION OF THE GRAND JURY.

FEBRUARY 14, 1896.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: The attention of the Grand Jury having been called to abuses attending the furnishing of water to vessels lying at the wharves within the city limits, we respectfully refer you to the fact that in making rates for the past year, ending June 30, 1896, your Honorable Board allowed to be charged for shipping at the wharves a rate of \$1.75 per 1,000 gallons (by meter measurement), which rate was greatly in excess of the general rates. Upon investigation we are satisfied that the rates allowed to be charged for shipping at the wharves should not be in excess of

a small increase over the regular rates charged to any citizen for domestic or manufacturing purposes, and that such additional charge should be only sufficient to cover the extra expense which is sometimes (but not always) incurred in the use of hose, etc.

We have ascertained that the supplying of water for shipping and the revenue derived therefrom, have been farmed out by the Spring Valley Water Works to Messrs. Goodall, Perkins & Co., and that this latter firm are now distributing water and making arbitrary rates to consumers (greatly, as we are informed and believe, in excess of the rates allowed by Resolution No. 12,262), and that said firm is exercising discrimination between consumers in furnishing water.

We therefore request that in making rates for the coming year, as you are immediately about to do, you will take the above facts into consideration, and we respectfully demand that such rates shall be uniform for all for the same service; and we also suggest that the rates for water supplied to any vessel lying at any wharf within the city limits shall be by meter or tank measurement, and shall be fixed and uniform, whether the same be supplied by any corporation, company, firm or individual, and that any charge or collection for water in excess of such rates shall be a misdemeanor.

After a close and thorough investigation of this matter, the Grand Jury respectfully suggests that your Honorable Body will immediately act on this communication, and relieve the shipping interests of excessive rates and unjust discrimination that are now apparent, to the injury of the commercial growth and prosperity of the city.

Respectfully,

FRANK MASKEY, Foreman.

F. P. McLENNAN, Secretary.

On February 15, 1896, after the receipt of the foregoing communication from the Grand Jury, by direction of Supervisor Morgenstern a communication was transmitted to the President of the Spring Valley Water Works requesting information as to said rates, the expense consequent upon furnishing water to shipping, etc., of which the following is a copy, to wit:

COMMUNICATION TO SPRING VALLEY WATER WORKS.

CLERK'S OFFICE, BOARD OF SUPERVISORS }
SAN FRANCISCO, February 15, 1896. }

Chas. Webb Howard, Esq., President Spring Valley Water Works—

DEAR SIR: I have been directed by Supervisor Morgenstern, Chairman of the Committee on Water and Water Supplies, to call your attention to a communication from the Grand Jury filed in this office on February 14, 1893, relative to the rates fixed in existing resolution for water supplied to shipping at the wharves, and recommending the rates for the coming year be fixed at a small increase over rates fixed for domestic uses to cover the extra expense incurred in the use of hose, etc., for supplying said water.

I am also directed to request you to furnish a statement relative to these rates, the charges and collections made, the expense attendant to supplying water for shipping, and such other information as may be pertinent to this inquiry, on next Monday, the 17th instant, as the Board meet on the evening of that day to consider the question of establishing water rates.

Very respectfully,

JNO. A. RUSSELL, Clerk.

On Monday evening, February 17, 1896, the Board met at 7:30 o'clock, pursuant to adjournment, his Honor Mayor Sutro being absent. Supervisor Benjamin was called to the chair. Supervisors Dimond, Taylor and Spreckels were absent.

On motion of Supervisor Wagner the Board resolved itself into a Committee of the Whole, Supervisor Morgenstern being appointed Chairman, to consider the matter of reporting on water rates to be established for the fiscal year commencing July 1, 1896.

The communication from the Grand Jury relative to water rates charged for supplying water to shipping at wharves was read by the Clerk.

The Committee of the Whole heard Herman Schussler, Engineer, and P. B. Quinlan, of the Spring Valley Water Works, and B. McKinne, representing the Castro street property owners,

B. McKinne complained that the water company had agreed to furnish water to the Castro street district, but as yet no water was supplied between the hours of 8 o'clock in the morning and 8 o'clock in the evening; also, that he had appeared before the committee when the present rates were fixed, and it was understood that the Castro street rights would by this time have had an abundant supply of water, and that on calling on Mr. Schussler he was informed that the delay was due to the fact that the grades were not established; also, that he had been informed by Mr. Tilton, the City and County Surveyor, the grades had been established some two months ago, and on Mr. Schussler being so informed, he stated that although the mains were ordered they had not arrived, and this delay is what the property owners complain of, for the promises have not been carried out.

H. Schussler stated that Goodall, Perkins & Co. supplied water to the shipping; that the Spring Valley Water Works received a lump monthly sum from said firm, who took the water as wanted and supplied the water to the shipping at the wharves and in the stream. That said firm had tug-boats and water-boats for this service.

Also, that in a conference with the Harbor Commissioners, who desired to have a more satisfactory rate, had proposed that the Board should supply the water to shipping at the wharves and pay for it at meter rates, but he had understood that on consultation with the attorney of the Board, Mr. Stratton, he was of opinion that the Board could not assume that duty and liability.

Also, that in the harbor, the company not being in the tug-boat business, if compelled to supply it would require to have tug-boats, water-boats, engineers, officers and employes for this special business, and, having no other employment for them, they would be idle a large portion of the time, which would involve great expense.

Also, that the company was willing to go to any extent to remove any dissatisfaction, and would undertake to furnish the shipping with water at the wharves, if there is no other way, although the expense will be considerable. The company would be willing to do anything to remove friction or any just and reasonable complaint. "We will run the mains to various wharves where there are no mains, and if necessary place meters on the hydrants and attend to all this supply, if nothing else can be done. Under the wharves we have miles of pipes suspended, all of which cost a great deal to take care of, and as long as a responsible firm had charge of this supply at a fixed monthly rental we could afford to use the revenue so derived in the employment of men, etc., to attend to these pipes.

Also, that the company, if desired, will try supplying water to vessels at the wharves, and will furnish your Honorable Board with all the details, repairing and taking care of mains and

pipes, and of the expense of employes to attend to this service, meters and other incidental expenses."

Further stated that the company would do anything to show the Board and all persons interested that everything will be done to remedy any complaint or abuse.

Further, that he was glad of the opportunity given by the comp'aint of B. McKenna, Esq., to show that the company have and will always keep their promises. The large mains for Corbett road district were on hand, and the company waited for the grades to be established. The company, as the records will show, petitioned your Honorable Board to facilitate and hasten the matter of establishing these grades, but they were delayed, and the company was debarred in consequence from going on with the work. When the large fire took place south of Market street, D. T. Sullivan, Esq., Chief Engineer of the Fire Department, required the company to at once lay larger mains in that district. As we had no large mains on hand except those for Corbett road district, the Chief Engineer requested that these mains be used south of Market street, and the company complied with his request, he being desirous of controlling any fire that might thereafter occur in the southern part of the city. The company is now engaged in laying mains and pipes to supply the Corbett road district. We have the mains down as far as Twentieth street, and are proceeding with the work to Twenty-fourth street, when we will commence to supply, and that district will then have an abundant supply. We are doing the best we can for the protection of property and for the supply of water to outside districts. The large main now being laid by the company on Bush street, the district being known as the boarding-house district, is even more important than the Corbett road district, but we are proceeding with all this work so as to redcem our promises. The company promised to have water furnished to Clarendon Hights on the 4th of July last. We completed these works after great difficulties, and turned the water on the 2d day of July, and while pretty close to the time, I simply desire to show that the company fulfilled its promise. The company will have the Corbett road district supplied within three months, and while we promised that this should be done before the end of the present fiscal year, we will have the water to satisfy the people in that district before the time it was promised. Further to show the company's good faith, we have laid during the year 1895 eighteen 9-10 miles of mains. The company has made large expenditures, as shown by their report, in carrying out the substitution of larger mains in the densely populated and business portions of the city and in supplying water to the higher levels, and are now engaged in carrying out and completing many improvements of that character.

The committee, in the matter of the communication from the Grand Jury, were of opinion that these complaints were a matter that should be inquired into by the Committee on Water and Water Supplies, and did not really affect the fixing of water rates, but looked to an adjustment to relieve the shipping of onerous rates that were not imposed by the resolution, and this could be attended to and checked if found to exist by the committee, the company being willing to co-operate to the same end to remove complaints and correct any abuses that might be found to exist.

On motion of Supervisor Hughes, after consideration, the Committee of the Whole were instructed to rise and report in favor of establishing the present water rates as the rates to be fixed for the year commencing July 1, 1896.

The Committee of the Whole rose at 8:45 o'clock, and the Board of Supervisors resumed its

session, Supervisor Benjamin in the chair, and all the members, except Supervisors Dimond, Taylor and Spreckels, being present.

Supervisor Morgenstern, Chairman of the Committee of the Whole, reported to the Board as follows, to wit :

REPORT OF THE COMMITTEE OF THE WHOLE.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN : Your Committee of the Whole consider the matter of fixing water rates for the next fiscal year merely a statutory duty, involving no additional research or investigation as to the principles upon or under which the rates should be again established.

On the former investigation, lasting several months, these matters were carefully considered and a decision tacitly agreed to, that if the Spring Valley Water Works in good faith carried out its proposed improvements, the rates then fixed were to be re-enacted and established during the coming year, to enable the company to continue and carry out the substitution and laying of larger water mains in the business and thickly settled portions of our city, and in affording facilities in the outlying districts to supply water to the higher levels and other projected improvements.

Your committee, on the establishment of the rates for the present year, made a reduction of over \$8,000 per month, being a material reduction of the general and special rates. The sworn exhibit filed by the Spring Valley Water Works, and its receipts and disbursements during the year 1895, show that the sum of \$485,910 has been expended in the purchase and laying of pipes and mains, in the construction of the Lake Merced tunnel and sewer, in building the Clarendon Heights tanks and in laying the Chenery street pipes, all of which were urgent wants.

Your committee are bound to acknowledge that the Spring Valley Water Works have kept faith with the city, and have during the past year made, and are still making, many valuable improvements requisite to furnish an abundant supply of water for the use of the inhabitants and the extinguishment of fires. When it is considered, in addition, the area over which the pipes and mains are laid and are to be laid, fair and reasonable concessions should be made, so that the company may not be prevented from a lack of means to obtain the material, conduct and extend its works to keep pace with the growing wants of the city and its inhabitants, as the outlying districts be built up and improved.

Your Committee of the Whole, therefore, report back that they have considered the subject matter of fixing water rates, and recommend the adoption of a resolution re-enacting the present water rates for the year commencing July 1, 1896.

ALFRED W. MORGENSTERN,
Chairman.

On motion the report of the committee was adopted by the Board.

Supervisor Morgenstern introduced a resolution determining and establishing the water rates for the year commencing July 1, 1896, and recommended its adoption, stating that the rates were the same as fixed for the present year, and on motion of Supervisor Hughes the resolution was adopted and numbered 13,829 (Third Series), Supervisor Hobbs voting against its adoption.

The communication from the Grand Jury relative to water rates charged for water supplied to shipping at the wharves was referred to the Committee on Water and Water Supplies,

WATER RATES.

take such action as might result in preventing discrimination and in regulating the delivery and water.

The following is a copy of Resolution No. 13,329 (Third Series), determining the water rates for the year commencing July 1, 1896, to wit:

RESOLUTION No. 13,329 (Third Series).

DETERMINING WATER RATES AND FIXING THE COMPENSATION FOR WATER FURNISHED FOR FAMILY USES, FOR PRIVATE PURPOSES, FOR MUNICIPAL USES, AND FOR ALL PUBLIC PURPOSES.

RESOLVED, That the monthly rates or compensation to be collected by any person, company, or corporation engaged in the business of supplying water to the inhabitants of the City and County of San Francisco, for family uses, for private purposes, for municipal uses and for all public purposes of said city and county, for the year commencing July 1, 1896, and ending June 30, 1897, are hereby fixed as follows:

GENERAL RATES.

SECTION 1. For buildings occupied by a single family covering a ground surface of (not including porches) —

SQUARE FEET.	ONE STORY.	TWO STORIES.	THREE STORIES.	FOUR STORIES.	FIVE STORIES.
0 to 400.....	\$ 25	\$ 35	\$ 45	\$ 55	\$ 65
400 to 500.....	35	45	55	65	70
500 to 600.....	45	55	65	70	80
600 to 700.....	50	60	70	75	90
700 to 800.....	60	65	75	80	95
800 to 900.....	70	75	80	90	1 05
900 to 1,000.....	75	80	90	95	1 10
1,000 to 1,200.....	80	90	95	1 05	1 15
1,200 to 1,400.....	90	95	1 05	1 15	1 20
1,400 to 1,600.....	95	1 05	1 15	1 25	1 30
1,600 to 1,800.....	1 05	1 15	1 25	1 30	1 35
1,800 to 2,000.....	1 15	1 25	1 30	1 35	1 45

The foregoing rates also apply to public buildings. No single rate less than twenty-five (25) cents.

For all houses one story in height covering a greater area than two thousand square feet there shall be added ten cents (10c.) for each additional two hundred square feet or fraction thereof, and the further sum of ten cents for each additional story.

Where a house or building is occupied by more than one family the general rate for each additional family shall be three-quarters ($\frac{3}{4}$) of the foregoing rates, except where two or more families

occupy the same floor, in which case the rate for each family on the same floor shall be the rate for the floor surface occupied by such family, according to the foregoing table.

NOTE.—The general rate includes water for general household purposes, but does not include any of the following specified rates:

SPECIAL RATES.

SECTION 2. Bathing tubs in private houses—

Each tub.....	35 cents
In public houses, boarding houses, lodging houses, hotels and bathing establishments where meters are not used—	
Each tub.....	70 cents

SECTION 3. For horses, including water for washing one vehicle—

For one horse.....	30 cents
For each additional horse.....	20 cents
Each additional vehicle.....	15 cents
For one cow.....	15 cents
Each additional cow.....	10 cents

SECTION 4. Boarding and lodging houses, not including water for baths, water closets and urinals or for water without the house, shall be charged for each boarder and lodger within the same, in addition to the rates for private families 9 cents

SECTION 5. Irrigation for gardens and grounds, one-half ($\frac{1}{2}$) of a cent per square yard; no monthly charges to be less than twenty (20) cents.

SECTION 6—

WATER-CLOSETS.

For each valve-closet for use of public building.....	.65 cents
For each valve-closet for use of private dwelling.....	.25 cents
Privy vaults (connected with sewer):	
For use of public building, each seat.....	.45 cents
For use of private dwelling, each seat.....	.25 cents
All drain closets to be charged at the same rates as privy vaults.	

SECTION 7—

URINALS AND STATIONARY WASHSTANDS.

For use of public buildings, each.....	10 cents
For use of private dwellings, each.....	5 cents

SECTION 8. Water furnished for building purposes—

Each barrel of lime.....	.15 cents
Each thousand of brick.....	.10 cents

Stores, banks, bakeries, offices, warehouses, saloons, groceries, eating-houses, barber shops, butcher shops, book binderies, blacksmith shops, confectioners, hotels, lodging houses, boarding-houses, churches, halls, laundries, photograph galleries, printing offices, steam engines, greenhouses, markets, market stalls, horse troughs, soda fountains and other places of business, each to be charged according to the estimated quantity used, from one dollar ($\$1$) to six dollars and a half ($\$6.50$), or by meter at meter rates.

SECTION 9—

FIRE-PIPES.

Meters shall be applied to all pipes used specially for fire protection, and monthly bills shall be charged for the same at the rate of 30 cents per 100 cubic feet; provided, that the monthly bill shall not be less than fifty (50) cents for each one-half ($\frac{1}{2}$) inch of diameter of pipe used.

METER RATES.

SECTION 10. Water furnished for any and all purposes not embraced in the above shall be supplied by meter at the following rates:

The first 2000 cubic feet used (between 0 and 2000 cubic feet) shall be charged for at the rate of cents per 100 cubic feet.

WATER RATES.

The next 2000 cubic feet used (between 2000 and 4000 cubic feet) shall be charged for at the rate of 27 cents per 100 cubic feet.

The next 2000 cubic feet used (between 4000 and 6000 cubic feet) shall be charged for at the rate of 25 cents per 100 cubic feet.

The next 2000 cubic feet used (between 6000 and 8000 cubic feet) shall be charged for at the rate of 23 cents per 100 cubic feet.

The next 2000 cubic feet used (between 8000 and 10,000 cubic feet) shall be charged for at the rate of 22 cents per 100 cubic feet.

The next 5000 cubic feet used (between 10,000 and 15,000 cubic feet) shall be charged for at the rate of 21 cents per 100 cubic feet.

The next 5000 cubic feet used (between 15,000 and 20,000 cubic feet) shall be charged for at the rate of 20 cents per 100 cubic feet.

The next 5000 cubic feet used (between 20,000 and 25,000 cubic feet) shall be charged for at the rate of 19 cents per 100 cubic feet.

The next 5000 cubic feet used (between 25,000 and 30,000 cubic feet) shall be charged for at the rate of 18 cents per 100 cubic feet.

The next 10,000 cubic feet used (between 30,000 and 40,000 cubic feet) shall be charged for at the rate of 17 cents per 100 cubic feet.

The next 10,000 cubic feet used (between 40,000 and 50,000 cubic feet) shall be charged for at the rate of 16 cents per 100 cubic feet.

The next 10,000 cubic feet used (between 50,000 and 60,000 cubic feet) shall be charged for at the rate of 15 cents per 100 cubic feet.

The next 10,000 cubic feet used (between 60,000 and 70,000 cubic feet) shall be charged for at the rate of 14 cents per 100 cubic feet.

And all water used in excess of 70,000 cubic feet per month to be charged for at the rate of 13 cents per 100 cubic feet.

No monthly meter bill to be less than two and a half (\$2.50) dollars.

METER RATES FOR SHIPPING.

Water shall be furnished and delivered by meter measurement to shipping lying alongside the bulkhead or any of the wharves on the water front where water pipes or mains are laid, between the hours of 6 o'clock A. M. and 6 o'clock P. M. daily, upon application being made therefor, at the following rates:

One dollar and seventy-five cents per 1000 gallons, and for any less quantity at the rate of \$2.50 per 1000 gallons.

Water shall be supplied and delivered to water boats at the bulkhead or any of the wharves on the water front, as above mentioned, between the hours of 6 o'clock A. M. and 6 o'clock P. M. daily, for the purpose of supplying shipping in the bay of San Francisco, upon application being made therefor, at the rate of \$1 per 1000 gallons, provided the quantity supplied is not less than 5000 gallons.

No water boat furnishing and supplying water to shipping lying at anchor within the limits of the wharves of the City and County of San Francisco shall charge a rate to exceed five (\$5) dollars per 1000 gallons.

SECTION 11. The rates or compensation to be collected for water supplied by and through hydrants to the City and County of San Francisco shall be five (\$5.00) dollars per month for each hydrant, for fire purposes and flushing of sewers.

PREVENTION OF WASTE OR EXCESSIVE USE.

SECTION 12. In no case where the fixed rates above provided, other than meter rates, are applicable, shall any charge for water be made by meter rates, it being the purpose of this resolution to provide for all dwelling houses a fixed monthly rate, which shall not be increased by the person, company or corporation supplying water.

Provided, however, that for the purpose of discovering and repressing waste or excessive use,

all persons, companies or corporations shall have the right in all cases to apply and maintain meters to measure the water used or consumed, and to charge and collect for waste or excessive use under the conditions and to the extent hereafter provided in this section, and not otherwise.

No consumer shall be deemed guilty of waste or excessive use unless the water used or consumed upon his premises in any month shall exceed by fifty (50) per cent the number of cubic feet which at regular meter rates amounts to his rated bill, in which case such excess shall be deemed waste or excessive use.

Immediately after the discovery of any waste or excessive use, the consumer shall be notified thereof by the person, company or corporation supplying water, by notice mailed to his address, or to the agent or person to whom his water bills are presented for collection. After such notice the consumer may be charged, and there may be collected from him for any waste or excessive use thereafter occurring upon his premises at regular meter rates; but such charge or collection shall not exceed for the first month the sum of two (\$2) dollars, for the second month the sum of four (\$4) dollars, or for any following month the sum of five (\$5) dollars.

It shall be the duty of the Gas Inspector and ex-officio Water Inspector of the city and county to inquire into all cases of complaints by water consumers as to charges made against them for waste or excessive use under the foregoing provisions of this section, and to adjust such charges as follows:

Any water consumer against whom a water bill is presented containing a charge for waste or excessive use of water may, within five (5) days after such bill is presented to him (provided that he first pay the fixed rate charged in said bill exclusive of the charge made for said alleged waste or excessive use), make complaint to said Water Inspector that such charge is incorrect, whereupon the said inspector shall promptly inspect the premises of the consumer so complaining and cause a test to be made of the water meter upon said premises, and from such inspection and test and such subsequent inspections and tests as said inspector may see fit and proper to make, shall determine, as near as can be, the amount of water used, consumed or wasted upon said premises during the period covered by said bill. As soon as such determination is made, and within twenty (20) days after the said complaint is made, said inspector shall make his certificate, stating said amount of water so determined to have been used, consumed or wasted, and showing the true and correct amount, if anything, which may be charged against and collected from said consumer under the foregoing provisions of this section for waste or excessive use, and shall immediately transmit such certificate to the person, company or corporation supplying water, and also a copy thereof, by mail to the water consumer.

The said certificate shall be conclusive between the water consumer and said person, company or corporation as to the amount, if anything, which said person, company or corporation shall be entitled to collect from the consumer for waste or excessive use of water during the period covered by the bill of which complaint is made; provided, however, that if either the consumer or the water company is dissatisfied with the certificate of the Water Inspector, appeal may be taken within five days to the Committee on Water and Water Supply of the Board of Supervisors, which shall, within five days after such appeal, hear and finally determine the matter in dispute.

The said Water Inspector shall keep in his office a proper record or records showing the date of each complaint made to him, the name of the consumer complaining, the location of his premises, and stating briefly the inspection made by him of the premises and the tests applied to the meter, the time or times of such inspection and tests, and the results thereof, with the reading of the meter at each test or inspection, and all other material facts connected therewith, such records so kept to be open for public examination in his office.

SECTION 13. All water rates, except meter rates and city and county rates, are due and payable monthly in advance.

Meter and city and county rates are due and payable at the end of each month, and upon meter rates a deposit not exceeding three-fourths ($\frac{3}{4}$) of the value of the estimated quantity of water to be consumed may be required.

SECTION 14. Any consumer may at any time, upon payment of accrued rates, notify the water company in writing to cut off or discontinue the water supply upon his premises, after which no charge shall be made for water for said premises until the use of water is resumed.

SECTION 15. This resolution fixes the maximum, beyond which no person, company or corporation shall be permitted to charge for water supplied.

And the Clerk is hereby directed to advertise this Resolution as required by law.

In Board of Supervisors, San Francisco, February 17, 1896.

WATER RATES.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Hughes, Dunker, Morgenstern, Wagner.

No—Supervisor Hobbs.

Absent—Supervisors Dinond, Taylor, Spreckels.

JNO. A. RUSSELL, Clerk.

The following is a copy of the communication received by the Committee on Water and Water Supply from the Spring Valley Water Works, stating that after July 1, 1896, the company will undertake the supply of water to shipping at the wharves, to wit :

COMMUNICATION OF SPRING VALLEY WATER WORKS.

SPRING VALLEY WATER WORKS. }
SAN FRANCISCO, February 25, 1896. }

To the Honorable Chairman and Members

Of the Committee on Water and Water Supply—

GENTLEMEN: The Spring Valley Water Works begs to state to your Honorable Committee on the subject of the water supply to shipping at the wharves of this city, that the Board of Directors of the company have concluded that from and after July 1, 1896, the company will undertake the direct supply of the shipping at the wharves, and that the experience gathered by the company as to outlay, consumption and expense during the latter half of this year will form the basis for the fixing of shipping water rates for the future at the wharves.

Yours respectfully.

SPRING VALLEY WATER WORKS.

By CHAS. WEBB HOWARD, President.

SERPENTINE AVENUE.

This avenue was surveyed and laid out in the year 1859 by Milo Hoadley and R. H. Sinton, the south line being the boundary line of the Bernal Rancho, that line being determined by the stone wall forming the north boundary line of Donna Carmen's land.

Under the provisions of Order No. 800 of the Board of Supervisors, a Map of Outside Lands was prepared, showing the reservations made for streets and public highways, the blocks formed by the intersection of the streets and public highways, the lots into which said blocks were subdivided, the lots and portions of land set apart for public uses, and the particular use for which each lot or portion of land was set apart. On July 13, 1868, the Board declared said map to be the Official Map of Outside Lands.

On the Map of Outside Lands the northerly line of said avenue, between Mission street and the Old San Jose road, at a point $129\frac{1}{2}$ feet south of Twenty-sixth street, was delineated forty feet wide, thence running diagonally southeasterly to a point forming the intersection of Mission street and the Bernal Ranch, the southerly line of said avenue at last named point being forty feet in width on [the property of] the Bernal Ranch. It was the intention of the Committee on Outside Lands to delineate said avenue, between Mission street and the Old San Jose road, forty feet wide, on the Outside Lands, the south line of Serpentine avenue to be the north line of the Bernal Ranch.

The Outside Land Assessment and the Block Books prepared by the Committee on Outside Lands located Serpentine avenue between Mission street and the Old San Jose road on the Bernal Ranch, the northerly line of said avenue being the northerly line of the Bernal Ranch.

On July 24, 1868, the Board, by Order No. 823, approved the acts of the Committee on Outside Lands, also the map and the reservations set apart for public purposes. Subsequently, on January 14, 1869, on the representations of Dr. Benjamin D. Dean, one of the owners of property on the Bernal Ranch, the Board adopted a Resolution (No. 9,928) authorizing and empowering the City and County Surveyor to correct the lines of Serpentine avenue on the Official Map of Outside Lands so that they will show said street between Mission street and the Old San Jose road, as the same is actually located, to wit: forty feet wide, and the southerly line thereof being the northerly line of the Bernal Rancho, and as directed the City and County Surveyor so changed and delineated the location of Serpentine avenue.

On the application of Daniel Hanlon, in 1870, for a grant of land in Mission Block No. 198, embracing Serpentine avenue, the grant was held in abeyance until 1871, when the question of the power of the Board to make such grant was referred to the City and County Attorney for his opinion, the following being a copy of the communication transmitted, showing the action of the Committee on Outside Lands and the Board, to wit:

COMMUNICATION TO CITY AND COUNTY ATTORNEY.

OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS, }
SAN FRANCISCO, January 26, 1871. }

W. C. Burnett, Esq., City and County Attorney—

SIR: I am directed by the Outside Land Committee of this Board to submit to you the petition of Mr. Daniel Hanlon for a grant of certain lands, for your opinion as to the power

of the Board to make a grant of the land as described in the petition, and consequently of all other property similarly affected.

The following statement of the location of Serpentine avenue (with accompanying diagram), and the previous action of the Outside Land Committee and of the Board of Supervisors in this matter is presented for the purpose of enabling you to determine the proper course to be pursued by the Outside Land Committee.

First—The Outside Land Committee assessed property to the northerly line of the Bernal Rancho, thus making Serpentine avenue entirely on the Bernal Rancho. Said assessment was finally adopted May 3, 1869, as per Resolution No. 9,721 of the Board of Supervisors, as follows:

RESOLUTION No. 9,721.

WHEREAS, The Committee on Outside Lands having made their report of the lands reserved for public use—other than for streets and highways—and of their assessment of the value of the lands so reserved, upon each piece and parcel of land delineated on the map of outside lands, according to the appraised value of the lands so delineated, and having filed their report in duplicate, under their hand—one copy of said report having been filed in the office of the Clerk of the Board of Supervisors, and the other copy of said report having been filed in the office of the City and County Recorder—in accordance with the provisions of Section 10 of Order No. 800; therefore,

Resolved, That the said report of said committee be, and the same is hereby, approved, ratified and adopted in all its parts.

In Board of Supervisors, San Francisco, May 3, 1869.

Adopted by the following vote:

Ayes—Supervisors Harrold, Ashbury, Shattuck, Ring, Cavallier, Shrader, Nunan, Stanyan.

Absent—Supervisors Winkle, Flaherty, Cole, Canavan.

JNO. A. RUSSELL, Clerk.

Second—The Official Outside Land Map, which was adopted as per Order No. 823, approved July 24, 1868, to wit:

ORDER No. 823.

APPROVING THE ACTS OF THE COMMITTEE ON OUTSIDE LANDS, AND RATIFYING THEIR FINAL REPORT ON THE MAP AND RESERVATIONS.

WHEREAS, The Board of Supervisors did, by Order No. 800, entitled "An Order for the settlement and quieting titles to land in the City and County of San Francisco, situate above high-water mark of the Bay of San Francisco and the Pacific ocean, and without the corporate limits of the City of San Francisco," provide for the making of a map of the lands described in Section 1 of said order, and for the reservation of portions of said lands for public uses; which said order has been duly ratified and confirmed by an Act of the Legislature of the State of California; and,

WHEREAS, Said map and reservations for public uses have been made in conformity to the provisions and requirements of said order; and all the conditions and regulations provided in said order for the inspection of said map have been strictly and fully observed; and all the alterations made by the Board of Supervisors in the location and designation of lots set apart for public uses have been made and delineated on said map; and the Committee on Outside Lands has made its final report upon said map and the reservations for public uses, showing that said map has been made to conform in all things to the alterations made by the Board of Supervisors and to the instructions given to the said committee in Resolution No. 8,565 passed

June 22, 1868; and that said map has become and is, by virtue of the provisions of said order eight hundred and the Act of the Legislature ratifying the same, the official map of said lands; and the lands set apart for public use, as thereon shown and designated, have become and are, by virtue of the provisions of said order and the Act of the Legislature aforesaid, absolutely dedicated to the uses for which they have been so severally set apart and designated, and this Board has adopted a resolution conforming to said report.

Now, therefore, to avoid any possible doubt of the legality, sufficiency and binding and conclusive effect of said resolution,

The People of the City and County of San Francisco do ordain as follows:

SECTION 1. All the acts of the Committee on Outside Lands in reference to the map of outside lands and the reservations, setting apart and designation of lots and lands for public uses, are hereby approved, and its final report upon said map and reservations, made June 22, 1868, is hereby approved, ratified and adopted; and the said map has become, and is, and is hereby declared to be the official map of lands described in Section one of said Order 800.

SECTION 2. All the lots and lands shown and designated on said map as set apart for public uses, including those for streets, have become and they are hereby declared to be set apart and absolutely dedicated, under and by virtue of the provisions of said Order 800 and the Act of the Legislature ratifying the same, to the particular uses for which they have been so severally set apart and designated on said map.

SECTION 3. A written description of the lands reserved and set apart for public uses (except those for streets), as shown and designated on said map, shall be made and properly authenticated by the Committee on Outside Lands and the Surveyors, and filed in the office of the City and County Recorder, the said description to conform in all respects to the designation and delineation on the map.

In Board of Supervisors, San Francisco, July 20, 1868, after having been published five successive days, according to law, taken up and passed by the following vote:

Ayes—Supervisors Harrold, Flaherty, Cole, Ashbury, Shattuck, Clayton, Cavallier, Shrader, Nunan, Stanyan.

Absent—Supervisor Canavan.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, July 24, 1868.

FRANK MCCOPPIN,

Mayor and ex-officio President Board of Supervisors.

The Map, although previously approved by Resolutions 8,565 and 8,622, showed Serpentine avenue half on the Pueblo Lands and half on the Bernal Rancho.

Third—As per Resolution No. 9,928, to wit:

RESOLUTION No. 9,928.

RESOLVED, That the City and County Surveyor be and is hereby authorized and empowered to correct the lines of Serpentine avenue on the Official Map of Outside Lands, so that they will show said street between Mission street and the Old San Jose road, as the same is actually located, to wit: forty feet wide, and the southerly line thereof being the northerly line of the Bernal Rancho.

In Board of Supervisors, San Francisco. June 14, 1869.

Adopted by the following vote:

Ayes—Supervisors Harrold, Flaherty, Cole, Ashbury, Shattuck, Ring, Cavallier, Shrader, Nunan, Stanyan.

Absent—Supervisors Winkle, Canavan.

JNO. A. RUSSELL, Clerk.

SERPENTINE AVENUE.

and now so delineated on the Official Outside Land Map—Serpentine avenue is entirely on the Pueblo Lands.

Fourth—The block books of the Outside Land Committee, with the claims delineated thereon, shows the north line of Serpentine avenue to be the north line of the Bernal Rancho.

The question before the committee is: Can a grant of land be made to Mr. Hanlon which has been assessed to his grantor, and on which he has paid his assessment and taxes but which is now delineated on the Official Map as Serpentine avenue ?

Very respectfully,

JNO. A. RUSSELL,
Clerk of Board of Supervisors.

In reply, the City and County Attorney transmitted a communication, of which the following is a copy, to wit:

OPINION OF THE CITY AND COUNTY ATTORNEY.

SAN FRANCISCO, March 10, 1871.

*To Edward Commins, Esq., Chairman of the Outside Land Committee
Of the Board of Supervisors of the City and County of San Francisco—*

SIR: I have received a communication from Jno. A. Russell, Esq., Clerk of the Board of Supervisors, transmitting the petition, etc., of Daniel Hanlon for a grant of outside lands fronting on Serpentine avenue; with a statement that the Outside Land Committee desired my opinion "as to the power of the Board to make a grant of land which has been assessed to the grantor of the petitioner, on which the assessment has been paid as well as the taxes, but which is now delineated on the official map as Serpentine avenue.

I. From a careful examination of Order number eight hundred, and of the Acts of the Legislature confirming the same and relating thereto, I am satisfied that there is no power in the Board to make a grant of any lands that are designated upon the official map of the outside lands as public streets and highways.

II. Whether the lands of Mr. Hanlon are embraced within the lines of Serpentine avenue, as laid down upon the Outside Land Map, is a question of fact for the committee, upon which I have no right to express an opinion.

I herewith return the petition, etc., above referred to.

I have the honor to remain

Your obedient servant,

W. C. BURNETT,
City and County Attorney.

On the receipt of the foregoing opinion, the Committee on Outside Lands held the petition of Daniel Hanlon in abeyance until October 5, 1874, when the committee reported in favor of making the grant of land as petitioned for.

On December 7, 1894, a communication was received from R. P. Clement, Esq., calling attention to the fact that a portion of Serpentine avenue was included in a grant of land made to a petitioner therefor, to wit:

COMMUNICATION FROM R. P. CLEMENT.

SAN FRANCISCO, December 7, 1874.

*To the Honorable Mayor and the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: We take the liberty of calling your attention to the fact that the Order of Grant No. 224 includes a portion of Serpentine avenue, lying between Valencia street and the Old San Jose road.

This avenue is an important public street, and it clearly cannot be the policy of the Board to convey it to an individual or to prejudice the interests of the public by assuming to convert it into private property. We are aware that the gentlemen named in the order of grant referred to claims that Serpentine avenue was not legally laid out. But it seems to us improbable that your Board would intentionally assume to determine a matter so important against the people, merely on the representations of a party claiming adversely, as it is manifestly just that a party claiming under such circumstances should be required, before receiving a grant, to establish his claim by the judgment of a competent court.

We therefore take the liberty of calling your attention to the error of this grant, and respectfully request that your Board will take such action in the premises as will avoid the grant proposed by the order aforesaid, as far as the same affects Serpentine avenue.

Respectfully submitted,

R. P. CLEMENT,

On behalf of owners of property fronting on
Serpentine avenue.

On November 23, 1874, prior to the receipt of the communication from R. P. Clement, Esq., the Committee on Outside Lands recommended grants of land to John S. Morgan, and on December 21, 1874, the Committee made the following report recommending that no certificate be issued by the Clerk to enable applicants to obtain a conveyance of any portion of Serpentine avenue until the question as to the rights of petitioners was litigated and determined, to wit:

REPORT OF COMMITTEE ON OUTSIDE LANDS.

To the Honorable the Board of Supervisors—

GENTLEMEN: Your Committee on Outside Lands, during the past week, have had under consideration the communication from R. P. Clement, Esq., in behalf of certain property owners, who claim that an open public street called "Serpentine avenue," exists on the northern line of the Bernal Rancho and running from San Jose avenue to Mission street.

John S. Morgan and others who had filed petitions for grants of land in that vicinity, including portions of said alleged street, were represented by H. J. Tilden, Esq., and those opposed were represented by R. P. Clement, Esq.

After having heard the evidence presented by said parties and the arguments thereon, your committee come to the following conclusion, viz.:

That they would recommend that the parties represented by Mr. Clement take the necessary steps without delay to vacate and set aside a certain deed of Outside Lands to Daniel Hanlon, which deed includes a portion of said Serpentine avenue, which must be

vacated and set aside, in any event, before said avenue can be opened for public use. In this way the legal existence, or non-existence, of said avenue will be judicially determined, and until that time we recommend that the Clerk of this Board be instructed not to issue any certificate of grant of land that will encroach in any respect upon the line of said avenue or any part thereof.

M. LYNCH,
 STEWART MENZIES,
 JAMES I. KENNEY,
 A. W. SCOTT,
 D. A. MACDONALD,
 Outside Land Committee.

December 21, 1874.

On October 27, 1879, the Committee on Outside Lands recommended grants of land to Charles A. Bayly, Mark Kelly and Bridget McGuire.

The Board of Supervisors made grants of land embracing that portion of Serpentine avenue between Mission street and the Old San Jose road to the following named parties, as recited, in front of and included in the respective blocks between the points named, to wit:

Mission Block No. 197, between Valencia street and the Old San Jose road, to John S. Morgan, on November 23, 1874, by Order of Grant No. 226.

Mission Block No. 198, between Valencia and Bartlett streets, to Daniel Hanlon, on October 5, 1874, by Order of Grant No. 224, and to C. A. Bayly on October 27, 1879, and on December 11, 1882, by Orders of Grant Nos. 255 and 274.

Mission Block No. 198, between Bartlett and Mission streets, to Daniel Hanlon. On October 5, 1874, by Order of Grant No. 224, and to M. Kelly and B. McGuire, on October 27, 1879, by Order of Grant No. 255.

In 1878 the Legislature passed an Act, Statutes 1877-78, page 270, providing for the extension of Army street and for the construction of a sewer therein, which street was extended as described in Order No. 1610 and a sewer constructed, at a cost of \$154,797.61, further extensions being made and sewers constructed necessary for an outlet from time to time at a further expense of about \$30,000 (*vide* Municipal Reports, 1879-80, page 1011). The said Act declared all of Serpentine avenue lying between the Old San Jose road and San Bruno road vacated as a public street or highway and required the Board of Supervisors, under such rules and regulations as they might prescribe, to sell at public auction to the highest and best bidders all of Serpentine avenue, running from the Old San Jose road to the San Bruno road, except such portions thereof as might be required for the purposes of extending Army street and the construction of the sewer therein, also provided that the lands so offered for sale should first be surveyed and subdivided into lots, conforming as near as might be practicable in form and size to the lots next contiguous thereto, and that streets in conformity to and with the streets laid down upon the official plan of said city shall be reserved and dedicated to public use; also requiring the proceeds of sales to be paid into the General Fund and empowering the Mayor to make and execute deeds after payment to the purchasers. On account of assessments for street work on contiguous streets made upon the property included in Serpentine avenue which were paid by the City and County, the Committee on Streets, on October 19, 1891, reported in favor of directing the Surveyor "to make a survey and correctly delineate the property in what was formerly known as Serpentine Avenue, running from Old San Jose road to San Bruno road, and file a map thereof with the Board showing the same delineated into lots as designated by His Honor the Mayor and the Street Committee. Further, that upon the filing and approval of said

map, your Committee recommend that His Honor the Mayor be empowered to cause the said lots to be sold at public auction, as provided for by the Statute, and the proceeds paid into the Treasury to the credit of the General Fund."

On the above date the Board of Supervisors passed a resolution, of which the following is a copy, to wit:

RESOLUTION No. 5,904 (THIRD SERIES).

RESOLVED, That the City and County Surveyor be and is hereby directed to make the necessary survey of the land formerly known as Serpentine avenue, running from old San Jose road to San Bruno road, as described in the Statutes of 1877-78, page 271, and file a map of the same with this Board; said map to contain a correct delineation of the whole of said land divided into lots, as designated by the Mayor and Street Committee of this Board; also to make a correct copy of said map or plat when completed and file the same in the office of the Superintendent of Streets, who, upon receipt thereof, is hereby required and directed to eject all persons found trespassing upon or occupying in any manner any of said lots or land.

RESOLVED, That upon the filing of said map or plat with this Board the Mayor be and is hereby authorized and required to sell by auction to the highest and best bidders the whole of said land herein referred to except such lots as may have heretofore been disposed of, and turn the proceeds of such sale into the Treasury to the credit of the General Fund.

In Board of Supervisors, San Francisco, October 19, 1891.

Adopted by the following vote:

Ayes—Supervisors Jackson, Burling, Curtis, Ellert, Carnes, Coffee, Heyer, Hunt, Taber, Wilkinson.

Absent—Supervisors Evans, Ayer.

JNO. A. RUSSELL, Clerk.

On November 30, 1892, his Honor, Mayor Sanderson, and the members of the Committee on Streets had a conference as to what action should be taken in respect to selling Serpentine avenue and after consideration it was considered expedient to refrain from further proceedings. The following extract from the Examiner newspaper of November 30, 1892, succinctly presents the matter as it then appeared, to wit:

"Serpentine avenue is that peculiar highway which commences on the old San Jose, road near Twenty-sixth street and then winds its tortuous way along Precita creek for three-quarters of a mile to the San Bruno road. It was originally dedicated to public use in 1868 by the Outside Lands Committee, and certain grants were at that time made to property owners, thus giving them recognized rights to frontages on the avenue.

THE ARMY STREET SEWER.

"For some years prior to 1878 the residents of Army and contiguous streets became anxious for a sewer outlet to the bay. The only way to secure this was to extend Army street from San Jose road on a straight line to San Bruno road, and thence running direct to the bay. In order to secure this right of way it was necessary to pass over a portion of Serpentine avenue, then a recognized highway.

"The residents along the avenue protested against the improvement, claiming that they would be robbed of certain rights granted to them by the Supervisors. The matter was taken to the Legislature, which passed the Act referred to, and which required the Supervisors to sell at public auction all of Serpentine avenue from San Jose road to San Bruno road, except such portions as may be required for street and sewer purposes.

"Immediately upon the passage of the Act, proceedings were commenced by the Supervisors for the extension of Army street to San Bruno road and the construction of a sewer therein. The work was finally completed, and at the present time the Army-street sewer is by far the best in the city. But this was not all that was required by the law. It yet remained to sell the property on Serpentine avenue, which was used for street purposes and on which over one hundred pieces of private property fronted."

A TROUBLESOME HITCH.

"It was found, however, that there were some hitches in the proposition which prevented the sale of the land as contemplated by the special statute. It was discovered that certain errors in the surveys of and assessments for Serpentine avenue had been made by the Outside Lands Committee in 1868, which rendered the sale from a legal standpoint exceedingly difficult. Then there was a conflict between general and special laws, regarding the rights of persons owning property on dedicated streets, such as Serpentine avenue, for a period of five years or more. In addition to these obstacles were several grants to property made by the Supervisors to residents, which the Board could not legally cause to be sold. These were the stumbling-blocks that lay in the official path of every Mayor since the enactment of the law in 1878, and they now confront Mayor Sanderson, who has decided to explain to the Board why, in his opinion, he has no right to sell the property referred to.

"The desire of the City to possess itself of Serpentine avenue is based on economical grounds. So long as it is recognized as a public thoroughfare, although not now delineated on the official map as such, the city must pay its proportion for keeping crossings, etc., in repair. This amounts annually to a large sum, and the Supervisors are anxious to be relieved of the burden of expense. On the other hand, the property owners along the avenue insist that the Board has no right to deprive them of their street, and if such action is taken suits for damages will result."

The following is a copy of a communication from Chas. S. Capp, Esq., in reference to Serpentine avenue, which was referred to the Committee on Streets who, on December 12, 1892, recommended that it be placed on file and a copy thereof transmitted to his Honor the Mayor, to-wit:

SAN FRANCISCO, November 30, 1892.

To the Honorable Board of Supervisors:

GENTLEMEN: In the Examiner of to-day is a statement, apparently semi-official, concerning the status of Serpentine avenue. In it occurs the statement that "*Serpentine avenue was originally dedicated to public use by the Outside Land Committee in 1868,*" and certain grants were at that time made to the property owners, thus giving them recognized rights to frontages on the avenue," etc.

The first part of this statement is not correct. Serpentine avenue was in existence and used by the public before there was any Outside Land Committee. It was opened by the owners of the Patent to the Bernal Rancho, who gave half if not the whole (present) width of Serpentine avenue as a street in front of the lots sold by them in the Precita Valley Survey, which has been followed by the City and County Assessor ever since.

Hence, as title to this Patented Land never was either in the City or the State, the Act of the Legislature of 1878, providing for the Army street sewer, could not close the street. Neither could the Legislature vest the title in the City by divesting the owners of lots fronting on that avenue of their rights. It is a question whether the north half of this

avenue was given by the owners of the Treat tract or not, which the old surveys alone can settle. Besides, assuming that the Act of 1878 was effectual at its date to close Serpentine avenue legally, that closure was only a fiction of law, for, in fact, ever since that time, as is notorious, Serpentine avenue has remained an open traveled street, used constantly by the public generally and particularly the owners of lots fronting on that avenue, and the latter have thus acquired new and valid rights to have that avenue remain as it is, an open public street over which they have access to their property.

And your honorable Board by sundry resolutions and ordinances has recognized officially the fact that Serpentine avenue is an open, public and traveled street, which the annual assessment of the adjoining property for taxation also abundantly demonstrates.

Respectfully submitted,

CHAS. S. CAPP.

The following communication from the Hon. L. R. Ellert, Mayor, was received on February 27, 1893, transmitting a communication received by him from M. P. Jones, Esq., requesting some action be taken to determine the status of Serpentine avenue was, on March 2, 1893, referred to the Surveyor and to the Superintendent of Public Streets to examine the condition of the street and report as to whether or not its lines could be correctly determined, to-wit:

COMMUNICATION FROM HIS HONOR MAYOR ELLERT.

SAN FRANCISCO, February 27, 1893.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: I desire to call your attention to the necessity of establishing the status of Serpentine avenue from the old San Jose road to the San Bruno road.

It appears that the Board of Supervisors, acting under the provisions of the Statutes relative to Outside Lands, made grants of the lands embraced in Serpentine avenue from the old San Jose road to Mission or Capp streets (*vide* orders of Grant and Block Books of Outside Lands), also that an Act of the Legislature conferring additional powers upon the Board of Supervisors (Statutes 1877-78, page 270) required the Board under such rules and regulations as they might prescribe, to sell at public auction to the highest and best bidders, all of Serpentine avenue from the old San Jose road to the San Bruno road, except such portions as might be required for the purposes of Army street, or the sewer to be constructed in said street. The said statute also declared said avenue vacated as a public street or highway.

Under the proceedings of the Board and the provisions of the Statute the land designated as Serpentine avenue from Mission street to the old San Jose road, has been granted to parties claiming the same, but no disposition has been made of the land embraced in said avenue from Mission or Capp streets to the San Bruno road.

In October, 1891, the Board of Supervisors (by Resolution No. 5904, Third Series, a copy of which is appended), directed the Surveyor to make the necessary surveys of said avenue and to file a map with the Board showing a correct delineation of the whole of said land divided into lots, as designated by the Mayor and Street Committee, also to file a copy of said map in the office of the Superintendent of Streets, who, upon receipt of the same, was required to eject all persons found trespassing upon or occupying any of said lots or land, the Resolution also required the Mayor to sell the said lots at auction, etc., and to pay the proceeds into the General Fund.

Having been unable to find any record of the Survey, as no map has been filed to cover the instructions of the Board in this matter, no steps have or could be taken to carry out the intentions expressed by offering the lots for sale.

Under the circumstances it seems that some action should be taken by your honorable Board in an examination of the avenue thus closed, to the end that should said avenue be necessary as the only means of access or exit to property fronting on the same, the avenue should be declared by public user, etc., an open public street and its exact location and width determined. If otherwise its maintenance as an open highway is not required, steps should be immediately taken for its disposition as enjoined by the Statute. It is claimed, in addition, that the avenue so declared closed was a portion of the Bernal Rancho, used and declared open by the owners of the said Rancho as a public highway, and, though Pueblo Lands, was a portion of the Bernal Grant, and by reason thereof the Legislature had no power to close or vacate the said avenue.

It may be proper to state that the purpose of the sale of this land was to recompense the city, in part, for the large outlay imposed in acquiring land for the extension of Army street and the construction of a sewer therein, which cost the municipality over \$178,000.

In this connection I enclose a communication received from M. P. Jones, Esq., relative to the importance of speedy settlement and disposition of this property to enable the owners of property to make improvements.

Very respectfully,

L. R. ELLERT, Mayor.

COMMUNICATION FROM M. P. JONES.

SAN FRANCISCO, Cal., February 18, 1893.

Honorable L. R. Ellert,

Mayor of San Francisco—

DEAR SIR: On March 14, 1878, the Legislature passed an Act closing Serpentine avenue between Mission street and San Bruno road, and authorized the Mayor to sell said avenue and provided the way it should be disposed of.

Since that time several attempts have been made to have action taken to carry out the provisions of the Act, but nothing has been done. As the narrow avenue, being but about 30 feet in width, runs through several blocks in a serpentine manner, makes it impossible to straighten the lots of land adjoining, so they can be utilized for building purposes.

Having a large frontage on said avenue and desiring to improve the same, I most respectfully ask that you take such action as will accomplish the intention of the act above referred to.

Respectfully submitted,

M. P. JONES.

The City and County Surveyor on April 10, 1893, transmitted a report, of which the following is a copy, stating that it would be impossible for him to make any report until a complete survey was made, which report was referred to the Committee on Streets, who, in April 17, 1893, reported in favor of instructing the Surveyor to make the necessary surveys and maps, to-wit:

COMMUNICATION FROM THE CITY AND COUNTY SURVEYOR.

SAN FRANCISCO, March 23, 1893.

*To the Honorable the Board of Supervisors**Of the City and County of San Francisco—*

GENTLEMEN: In reply to the communication from his Honor the Mayor, addressed to your honorable body, calling attention to the necessity of establishing the status of Serpentine avenue from San Jose to San Bruno avenues, I beg to report to your honorable body that it would be impossible for me to make any report or claim against any one trespassing on said street or avenue until a complete survey is made of same, showing its exact location and encroachments, which would be a very difficult task, as many of the monuments have been destroyed and a greater portion of said avenue is obstructed with buildings, fences, etc., obliterating all traces of any street or avenue. It is sixteen blocks in length and would cost at least \$1,390 to make the necessary surveys and maps.

Yours respectfully,

WM. M. FITZHUGH (Per M),
City and County Surveyor and Engineer.

The Board on April 24, 1893, finally passed and his Honor the Mayor approved on April 29, 1893, a Resolution numbered 8,595 (Third Series) empowering the City Surveyor to make the necessary surveys and maps for the purpose of establishing the lines of Serpentine avenue from San Jose to San Bruno avenues at a cost of \$1,390.

On August 25, 1893, the Surveyor filed a communication reporting upon the lines, obstructions and encroachments on Serpentine avenue, between San Jose and San Bruno avenues, and submitted a map defining the lines, etc., of said avenue, of which the following is a copy, to-wit:

REPORT OF THE CITY AND COUNTY SURVEYOR.

SAN FRANCISCO, July 23, 1893.

*To the Honorable the Board of Supervisors**Of the City and County of San Francisco—*

GENTLEMEN: In pursuance of Resolution No. 8,595 (Third Series), I beg leave to report to your honorable Board that I have made the necessary surveys and maps, defining the lines and showing the encroachments on Serpentine avenue, between San Jose and San Bruno avenues. In defining the lines and locating obstructions and encroachments on said avenue, between San Jose and San Bruno avenues, I have used for the location of the south line of the avenue, between Mission street and San Bruno avenue, data from Block Books in the Surveyor's office, which data is definite and complete. In locating the north line, between Mission street and San Bruno avenue, I have used such data as is given in the Mission Block Book, which only partially locates the lines. For further location I have taken courses and distances as laid down in a decree of the Old 15th District Court filed December 5, 1865, Reg. A, Case No. 39, entry June 28, 1864, and fixing the north line of the Bernal Rancho, there being a map attached to papers filed. All of the distances on the Mission Block Book agree with the distances on this map. The courses given, however, were only magnetic and did not close. So I have held to distances rather than courses as much as possible, and always to the advantage of the private property owners and against the city, there being, however, at no place any considerable amount of error involved.

SERPENTINE AVENUE.

The location of that portion of the avenue between San Jose avenue and Mission street, I have taken as fixed by the Board of Supervisors, Order No. 823, dated July 21, 1868. The instructions are for the most part rather of the nature of encroachments, except in the portion of the avenue between Mission street and San Jose avenue, where it is in possession of and completely occupied by private parties. The accompanying map gives a definite location of the avenue and also shows obstructions thereon.

By an Act of the Legislature (Stat. 1877 and 1878, page 271), Serpentine avenue, between San Jose and San Bruno avenues, was closed; said Act also providing for the sale of the same by the city, since which time the city has, by Orders of Grant Nos. 224, 226, 255 and 274 disposed of the portion between San Jose avenue and Mission street, hence the occupation of same above referred to.

I would call the attention of your honorable Board to the fact that in closing the avenue a number of property owners have been left without a frontage on any avenue or street, such being the case in that portion between Utah street and Bryant avenue, also between Treat avenue and Capp street. It may also be well to note that the north line of Bernal rancho, as fixed by decree of the 15th District Court above referred to, is also the northerly line of Serpentine avenue, thus putting the avenue entirely on the Bernal Rancho. This location could be corroborated by the testimony of old residents. The avenue having thus been set aside as a road by the parties owning the Bernal Rancho, also being given as a street on the recorded subdivision of the ranch, there may arise a question as to the legality of the Act closing it.

Yours most respectfully,

WM. M. FITZHUGH,
City and County Surveyor.

The Board of Supervisors on February 26, 1894, on recommendation of the Committee on Streets, adopted a Resolution empowering the Mayor to sell at public auction that portion of Serpentine avenue, between San Jose avenue and San Bruno road, of which the following is a copy, to-wit:

RESOLUTION No. 10,009 (THIRD SERIES).

RESOLVED, That his Honor the Mayor be and is hereby empowered to sell at public auction under the provisions of the Act of the Legislature of March 16, 1878 (Statutes 1877-78, page 270), all that portion of Serpentine avenue from the old San Jose road to San Bruno road, and to pay the moneys received therefor into the City Treasury to the credit of the General Fund.

In Board of Supervisors, San Francisco, February 26, 1894.

Adopted by the following vote:

Ayes—Supervisors Goodwin, Rogers, Stanton, Kennedy, Forman, Reis, Ryan, Day, Dundon, Hinton, James, Denman.

JNO. A. RUSSELL, Clerk.

Up to this date, June 30, 1896, no action has been taken either to dispose of the property or to declare it or any portion of the avenue by user to be an open public street.

PERSONAL PROPERTY ASSESSMENT.

The amendments to the Revenue Code made at the sessions of the Legislature of 1891 and 1895, supplemented by the Act passed in 1895 repealing the Act whereby the city and county fixed the levy on the fourth Monday in June in each year, and collected the taxes on personal property for city and county purposes from the second Monday in July until the first Monday in August, materially changed the mode of assessment, the time of making the levy and the collection of taxes in this city and county.

The change so effected provided for the collection by the Assessor, prior to the first Monday in July of each year, of all taxes on personal property, the owners of which possessed no realty, at the rate imposed by the city and county, and the State, the preceding year. The owners of realty having personal property are required to pay the taxes to the Tax Collector, on all personal property and one-half of the taxes on real property, between the first Monday in October and the last Monday in November of each year, the remaining one-half of the taxes to be paid between the first Monday in January and the last Monday in April next succeeding.

In addition, the time of making the levy was changed from the fourth Monday in June to the third Monday in September, and the legislation referred to prevented the city and county from collecting any revenue from taxation until about five months of the fiscal year had expired for which the revenue was to be provided. While the taxes on personal property collected by the Assessor can not be apportioned until after the levy is made on the third Monday in September.

The present Revenue Law was made applicable to this city and county in all its provisions on March 28, 1895, and required the Assessor to enroll on a field enrollment book all male citizens over eighteen and under sixty years of age, all persons subject to poll-tax or military duty, their residence and post-office address, giving street and number, occupation and by whom employed, whether the owner of real estate, nativity, whether naturalized or not.

Owing to the extension of time granted the Assessor by the State Board of Equalization in 1895, the usual assessments of personal property could not be prepared in time for publication in the Appendix to the Municipal Reports.

The Assessment Book of Real Estate and Personal Property for the fiscal year 1896-97 was received from the Assessor on Monday, July 6, 1896, at noon, and thereafter the Board met, examined the Assessment Books and heard applicants for correction of assessments.

The Assessment Books consisted of 75 volumes, 17 volumes being the assessments of personal property unsecured by realty, 54 volumes of real estate improvements and personal property and 4 volumes of indices. In addition, 1 volume was received of the assessments in the matter of the widening of Dupont street, liable for the interest on and sinking funds to redeem the bonds issued; also, 54 block books.

The valuation of real and personal property, as returned as embraced in said assessment book, as reported by the Assessor, was \$360,326,031, of which -

Personal property was assessed at.....	\$83,406,790
Real estate was assessed at.....	187,578,691
Improvements	89,340,550
Total valuation.....	\$360,326,031

PERSONAL PROPERTY ASSESSMENT.

The Military Roll prepared by the Tax Collector was also received on said date, and was opened to public examination.

As considerable attention has been given to assessments of personal property, the following table contains the names of persons, firms and corporations assessed for the sum of \$1,000 and over for personal property, the character, description and value of the same, on the Assessment Book of the City and County of San Francisco for the fiscal year 1896:

NAMES AND ASSESSMENTS.

NAME.	DESCRIPTION OF PROPERTY.	AMOUNT.

The estimate of the Assessor as to the total valuation of property on the Assessment Book of 1896-97 being \$360,326,031, the reductions above would have reduced the valuation of assessable property to \$356,346,600. On the examination by the Auditor, the total assessment was found to be \$357,275,861.

FRANCHISE FOR DISPOSAL OF GARBAGE.

The deposit of garbage, etc., which had been pursued for years in filling up water lots in the northern and southern portions of the city, became such a nuisance that efforts were made from time to time to alleviate the same by changing the location of the dumps, but as the offensive odors and the danger to health were as apparent in one locality as in another, it became a serious question as to what disposition should be made of this material. The various propositions entertained as to dumping the same into the bay and into the Pacific ocean found advocates, but on account of the objections urged as to dumping the material in the bay because of the tide washing the same back on the bay shore, etc., this proposed disposition was abandoned, while the expense contingent on the purchase of steam-tugs and barges to convey the material and deposit it in the waters of the Pacific ocean a mile or two from shore prevented any action. After periodical agitations of the system of dumping the foul aggregation of stinking and putrid matter, several so-called remedial regulations were passed, requiring the matter to be covered with two or three feet of sand, and the practice continued, evoking condemnation from property owners and remonstrances from the Boards of Health.

In December, 1890, the Board finally passed Order No. 2,300, which prohibited the dumping or depositing of butchers' offal or garbage, or any putrid or stinking animal or vegetable matter, or any refuse, dirt, or ashes, cinders, sludge, acids or other like matter, except the same be dumped or deposited into such receptacles, or into such lighters, barges or vessels as may hereafter be provided by a person or corporation authorized to receive all of such material.

At the same time a resolution was passed providing for granting to the Pacific Fertilizing Company the sole and exclusive right, for a period of twenty years, of removing the material named in lighters, barges or vessels, and allowing them to collect not to exceed 25 cents for each cart-load, which resolution was vetoed by the Mayor and the veto sustained on January 12, 1891, by the Board.

The attempted enforcement of preventing the deposit of garbage, etc., in certain portions of the city led to concerted action on the part of the scavengers, in refusing to remove the garbage from the houses, which, after three days' experience of the nuisance, led to a suspension of all prohibitory legislation, householders demanding remedial measures to abate this unlooked-for nuisance existing on their own premises.

In November, 1892, the Board received a proposition from Henry Moffatt and Harvey C. Somers to receive, take charge and dispose of all butchers' offal, garbage, putrid or stinking animal or vegetable matter, or any refuse, etc., in the waters of the Pacific ocean, or its destruction or utilization by cremation for fertilizing or other purposes.

The Board passed an order in December, 1892, providing for granting a franchise to the parties named for a period of twenty-five years, and allowing them to charge not to exceed 20 cents for each cubic yard received, but the order was vetoed by the Mayor, and on January 3, 1893, the veto was sustained.

The dumping of garbage in the southern portion of the city continued, and the city exercised some supervision, by the appointment of what was termed the keeper of the dumps,

to whom was delegated the duty of having the offensive matter covered with sand and the deposits so regulated as to abate the nuisance so far as that was practicable.

The Board of Supervisors having had under consideration the consumption of garbage by cremation, the Finance Committee of the Board consisting of Supervisors J. G. James, James Denman and P. J. Kennedy, on June 19, 1893, in reporting to the Board the appropriations for the fiscal year 1893-94, provided the sum of \$10,000 for the erection of a crematory, commented on the appropriation as follows:

"CREMATORY FOR DISPOSAL OF GARBAGE.—The sum of \$10,000 has been set aside for this purpose; it appears that Order No. 2,300 of the city and county prohibits any other disposition of this deleterious matter than by depositing the same into lighters, barges or vessels that may hereafter be provided by a person or corporation authorized to receive all of such material.

"The order as to its disposition is a dead-letter, owing principally to no facilities being extended by the municipality to aid in carrying out the conditions imposed. While at times various persons have applied for franchises to take and dispose of the garbage and refuse, none of the propositions met with favor, the conditions and emoluments to be derived being considered all to be in the interest of and for the benefit of the applicants.

"The disposition of this decaying matter, other than by filling in lots, where it festers and throws off noxious gases deleterious to health, and, in case of the prevalence of any epidemic disease, a fruitful source of danger to the lives of our citizens, calls for the inauguration of some proceedings whereby garbage and rubbish may be cremated, and unless the municipal authorities take charge of and provide those means, this practice will continue until some disastrous result awakens our people to a sad realization of the criminal neglect which has permitted this nuisance to exist.

"Your committee has given the subject some attention at the instance of his Honor the Mayor, and desire that steps be taken, based upon the action of other cities, to institute and provide a plan for this purpose.

"In this connection your committee would recommend the selection and dedication of a site of sufficient area for the erection of suitable buildings and plant on the lands owned by the city and county and embraced in what was formerly known as Channel street and Mission creek, between Ninth and Eighteenth streets. This selection should be made by your Committee on Health and Police, to whose province this matter properly belongs and on their report the dedication for this public purpose should be made by your honorable Board."

The Board made the appropriation, but were estopped from further proceeding in the matter, as the amount of the appropriation would not allow of the construction of proper reduction works, as an examination of crematories in different parts of the State, as well as those proposed to be erected for such an amount, were, and would be, in the opinion of the committee, a nuisance of themselves, and the construction by the city and county of suitable crematories would far exceed the amount appropriated.

The Committee on Health and Police, consisting of Supervisors P. J. Kennedy, J. I. Stanton, Christian Reis, P. F. Dundon and James Ryan, gave the subject of the disposition of garbage a great deal of attention. On February 23, 1894, the committee heard various parties advocating propositions as to how best to dispose of the garbage. Amongst the number Mr. G. Schumacher desired to take the garbage out of the city and county and utilize it by depositing it upon the marsh lands, building dikes and making roads. In the effort to ascertain the character and quantity of garbage, house refuse, ashes, etc., daily calling for

removal, a representative of the Scavengers' Union stated that from 400 to 500 loads of garbage were hauled by members of the union every day; also, that all refuse was considered as garbage, and if garbage was separated from ashes, etc., it would amount to about one-third of the whole, by far the largest portion being ashes, manure, paper, old cans, etc. The committee published a notice inviting all persons interested to meet the committee on May 4, 1894, to hear and consider all propositions for the collection, also the disposition of garbage and house refuse by cremation. The committee, at their meeting, heard Messrs. Taylor, Clunie, Scheerer, Williams, Johnson, Alpers and others, in addition to considering propositions of a general character from parties in the Eastern States engaged in the construction of crematories, most of which were patented.

The committee finally concluded that, from the representations made, the city and county would be enabled to dispose of a franchise for a term of years, under the provisions of the Statute of 1893, whereby the city and county would be benefited by deriving an income from the gross receipts in addition to the amount which might be required on the granting of the franchise. The committee felt confident, from the large income to be derived from the reduction works and the products as described by the parties, that the competition for a franchise would result in the city obtaining a large sum for the franchise, and in that view the committee abandoned the idea of erecting and maintaining a crematory at the public expense, believing that the operation, construction and maintenance of a crematory by private parties would better accomplish what was desired.

The Board of Health had repeatedly denounced the dumping of garbage on submerged lots for the purpose of filling in the said lots, as detrimental to the public, and on April 20, 1894, the said Board declared that the dumping of garbage, etc., by scavengers on the grounds at the foot of Seventh and Channel streets was a public nuisance.

The Legislature in 1893 passed an act providing for the sale of all franchises or privileges proposed to be granted for a term of more than two years, of which the following is a copy, to wit:

AN ACT PROVIDING FOR THE SALE OF RAILROAD AND OTHER FRANCHISES
IN MUNICIPALITIES, AND RELATIVE TO GRANTING OF FRANCHISES.

[Approved March 23, 1893.]

The People of the State of California, represented in Senate and Assembly, do enact as follows:

SECTION 1. Every franchise or privilege to erect or lay telegraph or telephone wires, to construct or operate railroads along or upon any public street or highway, or to exercise any other privilege whatever hereafter proposed to be granted by the Board of Supervisors, Common Council or other governing or legislative body of any county, city and county, city, town or district within this State, shall be granted upon the conditions in this Act provided, and not otherwise. The fact that an application for such franchise or privilege has been made to such Board of Supervisors, Common Council or other governing or legislative body, together with a statement that it is proposed to grant the same, must first be advertised in one or more daily newspapers of the county, city and county, city, town or district wherein the said franchise or privilege is to be exercised. Such advertisement must continue every day for at least ten days, and must commence at least thirty days before any further action of the Board of Supervisors, Common Council or other governing or legislative body. The advertisement must state the character of the fran-

chise or privilege proposed to be granted, the term of its continuance, and, if a street railroad, the route to be traversed, and the day on which tenders will be received for the same. On the day so stated, the Board, or other governing or legislative body herein mentioned, must meet in open session and read the tenders. The franchise or privileges must then be awarded to the highest bidder; provided, however, that nothing in this section shall affect a special privilege granted for a shorter term than two years.

SEC. 2. Any member of any Board of Supervisors, Common Council, or other governing or legislative body of any county, city and county, city, town or district of this State, who, by his vote, violates or attempts to violate the provisions of this Act, or any of them, shall be guilty of a misdemeanor and of malfeasance in office, and be deprived of his office by the decree of a court of competent jurisdiction, after trial and conviction.

SEC. 3. This Act shall take effect immediately.

On June 11, 1894, the Committee on Health and Police reported to the Board that they had conferences with a number of persons familiar with the subject, and as a result of their inquiries and investigations recommended that the Clerk be directed to advertise for proposals for the sale of a franchise for the cremation of garbage for the term of twenty-five years, under the provisions of an order prepared by the committee containing the conditions required by the Act providing for the sale of franchises.

The resolution embodying the order containing the conditions to be bid for in the franchise to be granted for a term of twenty-five years was adopted by the Board on June 25, 1894, and numbered 10,623 (Third Series). The notice as required was published, bids to be received on September 11, 1894, at which date His Honor the Mayor stated that but one bid had been received for the franchise to cremate garbage, in response to the invitation of the Board; thereupon, by permission, Judge C. N. Fox was heard, and stated that he represented a client in New York who desired to make a liberal bid for the franchise, also that his client was engaged in making a contract with the authorities in New York to dispose of all the garbage of that city, and by reason thereof had been devoting his time to that matter; also, that if a postponement was had for a period of thirty days, his client was willing to come out to San Francisco and make a liberal offer for this franchise. Mr. Joseph Scheerer, by permission, was also heard, and stated that he represented the company who had bid for the franchise in good faith, and claimed that it was not right, in his judgment, under the law (every one having ample opportunity and time) to postpone this matter; also, that his company had bid in good faith, and had refused various offers to combine with others to increase the cost. The whole matter, on motion, was laid over for one week, and the bid received ordered returned without being opened; the Mayor then delivered the only bid received to Mr. Joseph Scheerer, who accepted the same.

On September 18, 1894, the Committee on Health and Police reported that if sufficient time was given competition could be had and the city benefited thereby, and that the whole matter be referred back to the committee with power to direct the Clerk to re-advertise for bids under the statute and the resolution adopted by the Board, whenever, in the judgment of the committee, the best interests of the city could be subserved and competition secured.

The committee heard various applicants from time to time, and on April 15, 1895 (the committee consisting of Supervisors C. E. Benjamin, Chris Dunker, Joseph I. Dimond, Joseph King and A. W. Morgenstern), reported that, with regard to petitions of Louis Thorn et al., D. A. Macdonald et al., Joseph Scheerer, T. J. Wrampelmeier and Palache & Wrampelmeier, requesting that bids be called for from persons wishing to purchase a franchise for the removal and disposition of garbage; that the committee had prepared a resolution embodying a form of order providing for offering for sale of a franchise to cremate or chemi-

cally reduce garbage for a term of thirty-five years, and in favor of directing the Clerk to advertise as required by law for proposals; which resolution was adopted by the Board on the above date and numbered 12,115 (Third Series).

The notice as required was published, and proposals were received on May 27, 1895, as follows:

A. E. Williams—\$2,000 for the franchise; also the further sum of \$23,000, payable yearly on the 27th day May of each year, as follows:

- | | |
|---|--|
| 1. \$200 per year for first two years. | 5. \$800 per year for next five years. |
| 2. \$300 per year for next three years. | 6. \$900 per year for next five years. |
| 3. \$500 per year for next five years. | 7. \$1,000 per year for next five years. |
| 4. \$700 per year for next five years. | 8. \$1,500 per year for next five years. |

To charge for each and every cubic yard or fraction thereof of house refuse, garbage, etc., delivered at the works, 25 cents. The works to be erected and in operation within twenty-four months.

Henry J. Lang—\$1,100 for the franchise. To charge for each cubic yard of the refuse material delivered at the works for cremation or utilization, 20 cents. The works to be constructed and in operation within twenty months.

The proposals were referred to the Committee on Health and Police, who, after hearing the bidders and considering the several bids, on June 17, 1895, reported in favor of referring the whole matter back to the Board, to hear the bidders and take such action as may be deemed proper, and suggesting the Board meet for that purpose and resolve itself into a Committee of the Whole on Wednesday evening, June 26, 1895. The Board met on said date, and in Committee of the Whole heard Mr. M. D. Livingstone and attorneys E. F. Preston, J. H. Miller and F. A. Hyde, and after consideration postponed further action for sixty days.

On September 30, 1895, the Committee on Health and Police reported that "in the matter of the bids received May 27, 1895, for a franchise for the removal of garbage"—

"Your committee report that in the proceedings had the proposals were not called for in conformity with the statute regulating the sale of franchises, in that, in addition to the price to be paid the city, the price to be charged to property owners was a factor in the bids. As the Statute of 1893 provides that the highest bidder must take the franchise, that cannot be determined, as the price to be charged the property owners was not fixed in the order containing the conditions or in the advertisement calling for bids, but determined by the bidder, being thus at variance with the statute. Your committee are therefore in favor of rejecting the bids and of directing the Clerk to re-advertise for proposals, under specifications to be adopted by your committee, which will be prepared, and the rate to be paid for each cubic yard of garbage, etc., to be cremated or otherwise disposed of, fixed in the order, thus allowing bidders to estimate and state a specific sum which they will be willing to pay and thus conform to the statute, as well as enabling the Board to determine the highest bidder."

On October 8, 1895, the Board rejected all bids received on May 27, 1895, for a franchise to cremate garbage for a term of thirty-five years, and directed the Clerk to re-advertise for proposals, under specifications to be prepared and adopted by the Committee on Health and Police, the following being a copy of the resolution, to wit:

RESOLUTION No. 12,979 (THIRD SERIES).

RESOLVED, That all bids received by this Board on May 27, 1895, for a franchise for the right to cremate or otherwise dispose of the garbage, etc., of this city, be and are hereby

rejected, and the Clerk is hereby directed to readvertise for bids under and in accordance with specifications to be prepared and adopted by the Committee on Health and Police of this Board.

In Board of Supervisors, San Francisco, October 8, 1895.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

On November 18, 1895, the Committee on Health and Police reported, in the matter of an application of A. M. Skelly for a franchise to cremate garbage for a term of fifty years, that a form of order had been prepared for submission to and approval of the Board, under which competitive bids would be received. At the same meeting the committee introduced a resolution containing a form of order embodying the conditions under which bids would be received for a franchise for a term of 50 years, and in which the price to be charged and collected was fixed at not to exceed 20 cents per cubic yard for garbage, etc., delivered at the works for cremation or reduction, which was adopted by the Board and numbered 13,231 (Third Series).

The following is a copy of the notice published as required by law, inviting proposals for the franchise, to be received in open session of the Board on Monday afternoon, January 6, 1896, to wit:

FRANCHISE FOR THE CREMATION OF GARBAGE FOR SALE.

CLERK'S OFFICE, BOARD OF SUPERVISORS, }
SAN FRANCISCO, November 26, 1895. }

WHEREAS, Application has heretofore been made to this Board by various persons for a franchise for the term of fifty years for the sole right and privilege to cremate garbage, house refuse, dead animal and putrid vegetable matter and material of a like character, as well as to dispose of the same by some process of reduction equally effective and unobjectionable, and to convert the same, or a portion thereof, into fertilizing matter or other substances, free of all cost or charge to said city and county; and,

WHEREAS, It is the intention of the said Board of Supervisors to grant such a franchise for a term of fifty (50) years, under terms and conditions expressly set forth in an order incorporated in Resolution No. 13,231 (Third Series) of this Board, which can be obtained upon application to this office;

NOW, THEREFORE, pursuant to the provisions of said Resolution No. 13,231 (Third Series), whereby the Clerk is directed to advertise for proposals from persons wishing to purchase said franchise, and in accordance with the provisions of the Act of the Legislature entitled, "An Act providing for the sale of railroad and other franchises in municipalities, and relative to granting of franchises," approved March 23, 1893, public notice is hereby given that it is proposed to grant the said franchise.

Bids for said franchise will be received in open session of the Board of Supervisors on Monday afternoon, January 6, 1896, from 3 to 3:30 o'clock.

All bids must be subject to the conditions and in accordance with the provisions of the forms of franchises, as embodied in Resolution No. 13,231 (Third Series).

NOTICE.—Bidders are required to state:

First—The general character and capacity of the works proposed to be erected, and their probable or estimated cost.

¶ Second—The amount offered for the franchise, under the conditions expressed in the annexed order (it being understood that no bid will be received or entertained, unless the amount of one thousand dollars or over is bid therefor, and unless a certified check for the amount bid, payable to the Clerk of the Board, accompany the said bid.

Further: Bidders will estimate with the express understanding that if the franchise is awarded on a bid, and the successful bidder fails to accept the franchise, as provided in said proposed order, or fails to construct or have in operation the works required, within the time agreed upon, such failure shall work a forfeiture of the franchise granted, which shall, by reason of said failure, become null and void and of no effect.

No bid for the franchise herein referred to and offered for sale will be received or considered unless accompanied by a certified check, as aforesaid, payable to said Clerk, which check must be in and for the amount bid, and on the granting of said franchise to the highest bidder the check accompanying said bid shall be collected by said Clerk and paid into the City and County Treasury to the credit of the General Fund.

JNO. A. RUSSELL, Clerk.

At which meeting three proposals were received, accompanied by certified checks on the respective amounts bid, as follows:

L. V. Merle—\$5,500 for the franchise.

F. E. Sharon—\$2,510 for the franchise; also, two per cent per year on the annual gross receipts for the first fifteen years, and each succeeding year five per cent of the gross receipts.

A. M. Skelly—\$1,105 for the franchise; also, one per cent per year on gross receipts for the first fifteen years, two per cent per year for the next ten years, and three per cent per year for each year thereafter during continuance of franchise.

The following are copies of the proposals received:

PROPOSAL OF L. V. MERLE.

SAN FRANCISCO, January 6, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: Pursuant to Resolution No. 13,231 (Third Series), herewith annexed, I hereby offer to build crematories required by said resolution, of the capacity satisfactory to the Board of Supervisors, the probable cost of which will be in the neighborhood of one hundred thousand dollars (\$100,000), and with a capacity to cremate at least three hundred (300) tons per day.

The general character and capacity of the works to be erected will be, as those used in Philadelphia, Detroit and Washington, and for the sole privilege of cremating refuse butchers' offal, garbage or other material mentioned in Section 3 of the above referred to order.‡

I hereby bid for the franchise referred to in said order the sum of fifty-five hundred dollars (\$5,500), for which amount I herein inclose my certified check.

Respectfully,

L. V. MERLE.

PROPOSAL OF F. E. SHARON.

SAN FRANCISCO, CAL., January 6, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: The undersigned hereby tenders the following proposal for the franchise for the cremation of garbage under proposals called for by your Honorable Board, and in conformity with the provisions of an Act of the Legislature of the State entitled, "An Act providing for the sale of railroad and other franchises in municipalities and relative to granting of franchises," approved March 23, 1893, and, as required, hereby submit a certified check, payable to the Clerk of your Honorable Board, for the sum of \$2,510, which said Clerk is hereby empowered to draw and pay the same into the City and County Treasury if I am the highest bidder, the bid being as follows, in strict conformity with your advertisement, a copy of which is hereby attached and made a part hereof, to wit:

For the franchise, the sum of.....\$2,510 00

In addition I will agree to pay a percentage into the City and County Treasury on the gross annual receipts during the continuance of the franchise, as follows:

For the first fifteen years, each year.....2 per cent
Each and every succeeding year.....3 per cent

The general character and capacity of the works will be of the most approved pattern and subject to your approval, and they will have a capacity, when first put in operation, for cremating 250 tons of garbage, etc., daily, and the estimated cost will exceed \$100,000.

Very respectfully,

F. E. SHARON.

PROPOSAL OF A. M. SKELLY.

SAN FRANCISCO, January 6, 1896.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: On condition that I obtain the franchise for the cremation of garbage under this bid for the term of fifty years, as called for by your duly published notice inviting proposals, my bid is as follows:

For the franchise as advertised, the sum of.....\$1,105 00
On the gross annual receipts for the first fifteen (15) years, a percentage of.....1 per cent
On the gross annual receipts for the second period of fifteen (15) years.....2 per cent
On the gross annual receipts for each and every year thereafter.....3 per cent

A certified check for the sum of \$1,105 is herewith inclosed, payable to the Clerk of your Honorable Board.

Respectfully submitted,

A. M. SKELLY.

The proposals received were referred to the Committee on Health and Police; the said Committee, on February 3, 1896, reported in favor of awarding to L. V. Merle the franchise for the cremation, etc., of garbage, he being, in the opinion of the committee, the highest and best bidder. The committee at the same meeting introduced an order so awarding the franchise, which was, on motion of Supervisor Dimond, laid over for one week. At the next meeting of the Board, held on February 10, 1896, the order so awarding the franchise was again laid over one week on motion of Supervisor King.

At the meeting of the Board held on February 17, 1896, the order purporting to grant the franchise to L. V. Merle was taken up. Thereupon, on motion of Supervisor Dimond, a substitute order granting the franchise to F. E. Sharon was adopted and numbered 2,965, Supervisors Benjamin, Hughes, Dunker and Wagner voting against the passage of the said order.

The following is a copy of the order granting the franchise to F. E. Sharon, his associates and assigns:

ORDER No. 2,965,

GRANTING TO F. E. SHARON, HIS ASSOCIATES AND ASSIGNS, THE SOLE RIGHT AND PRIVILEGE TO CREMATE GARBAGE, HOUSE REFUSE, DEAD ANIMAL AND PUTRID VEGETABLE MATTER AND MATERIAL OF A LIKE CHARACTER, AS WELL AS TO DISPOSE OF THE SAME BY SOME PROCESS OF REDUCTION EQUALLY EFFECTIVE AND UNOBJECTIONABLE AND TO CONVERT THE SAME, OR A PORTION THEREOF, INTO FERTILIZING MATTER AND OTHER SUBSTANCES, FREE OF ALL COST OR CHARGE TO SAID CITY AND COUNTY AND MAKING CERTAIN VIOLATIONS OF THIS ORDER MISDEMEANORS.

WHEREAS, The disposal of house refuse, butchers' offal, garbage, putrid or stinking animal or vegetable matter, refuse, ashes or other like matter, by cremation, or by some process of chemical reduction, is the only effective means to dispose of the same to prevent the said matter and material from being deposited in or upon lots, lands and public streets situate in the city and county or in the waters of the bay, as heretofore, to the prejudice of the public health; and

WHEREAS, Under the provisions of an Act of the Legislature entitled, "An Act Providing for the Sale of Railroad and Other Franchises in Municipalities, and Relative to Granting of Franchises," approved March 23, 1893, bids for a franchise were duly called for; and

WHEREAS, F. E. Sharon was the highest and best bidder for the said franchise, as hereinafter recited, and all the forms and requirements of law necessary thereto being complied with; now, therefore,

The People of the City and County of San Francisco do ordain as follows:

In consideration of the sum of twenty-five hundred and ten dollars, the receipt of which is hereby acknowledged, and in consideration of the further payment of two per centum for the term of fifteen years from and after the date of this franchise, and the payment of five per centum for the remaining term of thirty-five years, on the gross amount of the receipts to be derived by the said F. E. Sharon, his associates or assigns, under this franchise, to be paid into the Treasury of the City and County of San Francisco each and every year during the continuance of this franchise, the franchise hereinafter recited is hereby granted to F. E. Sharon, his associates and assigns:

SECTION 1. The sole and exclusive right and privilege is hereby conferred upon and granted to F. E. Sharon, his associates and assigns, for a term of fifty years from and after the approval of this order, to cremate and destroy, within the city and county aforesaid, by crema-

tories or by a process of reduction, house refuse, butchers' offal, garbage, refuse, dirt, ashes, cinders, sludge, crockery, tins, bones and other like matter, and any dead animals (not otherwise provided for by contract or franchise heretofore granted), and putrid vegetable matter, and fish, flesh and food condemned by the Board of Health of said city and county, as unfit for human food, and the said grantees, their associates and assigns, shall have the right and privilege to charge and collect therefor not exceeding the sum of twenty cents per load, such load not to exceed a cubic yard, on the delivery of the above material or substances at the plant or works where the crematory or reduction plant is established.

SECTION 2. The grantees, their associates and assigns, shall, within a period of twenty-four (24) months after the granting of this franchise, unless the time is extended therefor by this Board, have fully erected and constructed and in operation a suitable building or buildings, and equip, fit up and install the same with the necessary crematories, machinery, tools and appliances required to cremate and destroy by cremation, or by a process of reduction, all obnoxious germs and elements contained in house refuse, butchers' offal, garbage, refuse, dirt, ashes, sludge, crockery, tins, cinders, bones and other like matter, and any dead animal and putrid vegetable matter, and fish, flesh and food condemned by the Board of Health as unfit for human food; the works to be constructed to cremate or reduce at least three hundred tons per day of the materials specified in this section, and the capacity to be increased as required from time to time.

SECTION 3. From and after the erection and construction of the buildings referred to in Section 2 of this order, it shall be unlawful for any person or corporation to remove through the public streets from any houses, hotels, markets, hospitals, factories, restaurants, stores or any other like building or place in this city and county, any refuse, butchers' offal, garbage, dirt, ashes, cinders, sludge, crockery, tins, bones or other like matter, or any putrid animal or vegetable matter, or any fish, flesh or food condemned by the Board of Health as unfit for human food, or dead animals whose removal is not otherwise provided for by contract or franchise heretofore granted, unless the same shall be removed through said public streets in closed vehicles and wagons constructed so as to conceal the contents from public view and to effectually prevent any smell escaping therefrom, as well as to prevent the dropping of any portion of such material or substances on or upon the public streets, and which said vehicles and wagons shall be constructed in accordance with specifications approved by the Board of Health of said city and county.

SECTION 4. From and after the erection and construction of the buildings referred to in Section 2 of this order, it shall be unlawful for any person or corporation to dump or place upon any land within said city and county, or in any water or waterways within said city and county, any refuse, butchers' offal, garbage or other material mentioned in Section 3 of this order; but such refuse, butchers' offal, garbage or other material shall be forthwith delivered to the crematory herein provided for, and there, at the expense of the person or corporation so conveying the same, be cremated or destroyed, or subjected to such disposition and treatment as will at once secure and effect a complete combustion of all gases and odors arising therefrom.

SECTION 5. The said grantees, their associates and assigns, on receipt of any of the material or substances specified in this order, shall, within twenty-four (24) hours thereafter, cremate or reduce the same, or shall subject the same to such process as will secure the complete combustion of all gases or odors arising therefrom. The said grantees, their associates and assigns, shall maintain and operate their plant and crematories, or other apparatus, and the matter and substances received, so as to prevent any obnoxious smells or gases being emitted, either from the deposits of such matter or substances on their premises or from the process of cremation or other treatment thereof, or from the residuum

remaining after cremation or treatment as aforesaid; also, that in the operation of said works no smoke or soot shall be emitted so as to constitute a nuisance.

SECTION 6. The said grantees, their associates and assigns, shall, from and after the first day of December, 1902, have the sole and exclusive right and privilege, during the continuance of the remainder of the term of this franchise, to remove and dispose of the carcasses of all dogs killed at the Public Pound, and all animals impounded and not redeemed by the owners thereof, and which are valueless and cannot be sold; also, to remove and dispose of the carcasses of all dead animals found upon the public streets, and the carcasses of all dead animals in said city and county not slain for human food, which shall not be removed or disposed of by the owners thereof so as not to become a nuisance within six hours after the death of the same; provided, that in the event the parties now holding and exercising this privilege of removing the dead animals not slain for human food should hereafter fail or refuse to remove the dead animals, and should forfeit their contract with said city and county, then, immediately upon such forfeiture, the right to remove said dead animals shall vest in the grantees herein, their associates and assigns, under this order.

SECTION 7. This Board will pass such orders as may be required from time to time to enable the said grantees, their associates and assigns, to enjoy and have the benefit of all the rights and privileges herein granted, and on the completion of the works will pass such other and additional orders as will enable the said grantees, their associates and assigns, to carry out the contemplated destruction of garbage, offal, house refuse and material mentioned in this order, and the conversion of the substances herein named for fertilizing and other purposes, and for the segregation prior to delivery of garbage and offal from ashes and other refuse.

SECTION 8. The said grantees, their associates and assigns, shall at all times be subject to and conform to all health and sanitary regulations and requirements enacted and in force during the existence of this franchise. The said grantees, their associates and assigns, shall receive no compensation whatever from the city and county for any service performed under the conditions of this order in disposing of the material and substances specified in this order.

SECTION 9. This franchise shall cease and determine upon the failure of the grantees, their associates and assigns, to fully carry out and faithfully perform the obligations herein imposed, unless from unavoidable cause beyond the control or power of the grantees, their associates and assigns, by reason of any fire or other casualty, the operations and works shall be destroyed or temporarily suspended in their operation. The said grantees, their associates and assigns, in the event of an accident to or destruction of their works, shall, during the time such works cannot be operated and until said works are repaired or reconstructed, and within such reasonable time as may be allowed and approved by this Board, shall deodorize the material and substances specified in this order and dispose of the same as directed by this Board, so as to prevent all noxious gases or odors escaping therefrom, until the said material or substances are cremated or utilized as provided by this order.

SECTION 10. All of the machinery and appliances used shall be of California manufacture, except such as are manufactured exclusively or patented in the Eastern States or abroad.

SECTION 11. The said grantees, their associates and assigns, shall, within a period of ten days from the date of the approval of this order, file with the Clerk of this Board their acceptance of its provisions and of this franchise.

SECTION 12. Any violation of the provisions of Sections 3 and 4 of this order shall be and are hereby declared to be a misdemeanor, and punishable as such.

SECTION 13. This order shall take effect and be in force on and from its passage.

All orders and parts of orders in conflict with the provisions of this order are hereby repealed and made null and void.

And the Clerk is hereby directed to advertise this order as required by law.

In Board of Supervisors, San Francisco, February 17, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Hirsch, Diamond, Taylor, Morgenstern, Spreckels, Hobbs.

Noes—Supervisors Benjamin, Hughes, Dunker, Wagner.

JNO. A. RUSSELL, Clerk.

On February 20, 1896, A. M. Skelly withdrew the check filed with his proposal, and on February 25, 1896, L. V. Merle withdrew his check.

On February 18, 1896, the Clerk of the Board paid into the Treasury of the city and county the sum of twenty-five hundred and ten (\$2,510) dollars, being the amount bid and received from F. E. Sharon in cash for said franchise, in addition to the other consideration of percentage to be paid annually to the city and county on the gross annual receipts. On February 21, 1896, F. E. Sharon filed in writing a communication accepting the conditions and provisions of Order No. 2,965, granting him a franchise for the disposal of garbage, etc.

The Supreme Court, in the case of Arthur D. Thompson vs. The Board of Supervisors of the County of Alameda, held that "the statute contemplates a cash sale, and a percentage of the gross receipts is in no sense cash."

The following is a copy of the decision, filed March 17, 1896:

MANDATE TO COMPEL A BOARD OF SUPERVISORS TO ACCEPT A BID FOR AN ELECTRIC RAILWAY FRANCHISE—CONSTITUTIONALITY OF THE ACT PROVIDING FOR THE SALE OF RAILROAD AND OTHER FRANCHISES—THE SALE CONTEMPLATED BY THE STATUTE IS ONE FOR CASH.

Appeal from the Superior Court of Alameda County.

For appellant, S. B. McKee.

For respondents, Charles E. Snook.

[Filed March 17, 1896.]

DEPARTMENT I.

ARTHUR D. THOMPSON,

PETITIONER AND APPELLANT,

VS.

THE BOARD OF SUPERVISORS OF THE
COUNTY OF ALAMEDA ET ALS.,

RESPONDENTS.

S. F. No. 277.

This is a proceeding by mandate to compel the Board of Supervisors of Alameda County to accept the bid or tender of one Thompson, the petitioner, and to declare him the highest bidder at the sale of a franchise for an electric railroad upon a certain defined route over the

highways of that county. The proceedings of the Board of Supervisors leading up to the sale of this franchise were taken under a recent Act of the Legislature found in the Statutes of 1893, page 288. That statute is entitled, "An Act providing for the sale of railroad and other franchises in municipalities, and relative to granting of franchises," and provides: "Every franchise or privilege to erect or lay telegraph or telephone wires, to construct or operate railroads along or upon any public street or highway, or to exercise any other privilege whatever, hereafter proposed to be granted by the Board of Supervisors, Common Council or any other governing or legislative body of any county, city and county, city, town or district within this State, shall be granted upon the conditions in this Act provided, and not otherwise." The Act then prescribes the character of notice to be given for the sale, the time of the publication thereof, and fixes the day when tenders will be received for such franchise or privilege. The concluding clause of the section is: "The franchise or privileges must then be awarded to the highest bidder."

It is urged by respondents that the Act is unconstitutional, as being violative of Section 24, Article VI, of the Constitution of this State, which declares, "Every Act shall embrace but one subject, which shall be expressed in its title." The alleged violation is claimed to consist in this, that the title refers to sales of franchises by municipalities only, while the body of the Act attempts to deal also with franchises issued by counties at the hands of their respective Boards of Supervisors. We have no doubt but that the word "municipalities," as used in the title of the Act, is not broad enough to include counties, but the title proceeds further, and uses the very general language, "and relative to the granting of franchises." These words are broad, not limited in terms to municipalities, and appear, by a fair and reasonable construction, to cover all the legislation found in the body of the Act.

The Act went into effect March 23, 1893, and it is insisted that it was repealed by Subdivision 40 of Section 25 of the County Government Act, which went into effect upon the following day. That section declares the general permanent powers of Boards of Supervisors, and Subdivision 40 thereof gives the board power "to grant franchises along and over the public roads and highways for all lawful purposes, upon such terms and conditions and restrictions as in their judgment may be necessary and proper, and in such manner as to present the least possible obstruction and inconvenience to the traveling public." The law looks with disfavor upon repeals by implication, and we see no such inconsistency in these two provisions as to call for a determination by this Court that the earlier provision was repealed by the later. We think full force and effect may be given to both. The franchise may be sold to the highest bidder, and still the terms, conditions and restrictions upon which the franchise will be granted may be fixed by the Board of Supervisors under its general permanent powers. We conclude there is no repeal of that portion of the statute here involved by Subdivision 40 of Section 25 of the County Government Act.

We pass to a consideration of the tenders, or bids, made for the franchise. There are various matters discussed by counsel pertaining to this question, but, weighing the case from the angle at which we view it, the consideration of a single one disposes of this litigation. The Act declares that the franchise must be awarded by the Board of Supervisors to the *highest bidder*, and, in order that petitioner may be entitled to the writ asked for, he must show himself to be such bidder. There were but two tenders, or bids, presented upon the day fixed for the sale. Vandercook, the successful buyer, made a bid to the following: He offered \$25 cash, and also agreed "to pay all of the expenses of advertising in connection with the said matters, and also agreed to erect and maintain clusters of five incandescent lamps, each, or their equivalent, at twenty different places along the route described, at such locations as the Board might direct, and also agreed to furnish said county power

sufficient to run a ten-horse power motor at the county infirmary in Alameda County, when and during the time the railroad is in operation, and further 'agreed to pay to the County of Alameda one-fourth of one per cent of the gross receipts of the said railroad after the first five years of operation.' The petitioner, Thompson, made a bid offering to give the county two per cent of the gross receipts after the road had been completed five years. The Board refused to accept his bid, whereupon he then and there made another bid, substantially duplicating Vandercook's bid, except as to the percentage of the gross receipts, and offered two per cent of the gross receipts, as aforesaid. Respondent insists that there are material differences in these two bids in other respects, but for present purposes we may assume them to be duplicates in the conditions and terms stated. The only legally substantial thing we find in petitioner's bid is the offer of \$25 cash. When the law says a franchise must be sold to the highest bidder, without stating other terms or conditions of sale, it means sold for cash. It does not contemplate that it may be bartered away for meats and produce to feed the inmates of the county infirmary, or traded off for horses to be used in the Fire Department of the municipality. The moment you give a construction to the law by which the officers selling may accept a consideration for the franchise in any other commodity than money, the whole purpose and object of the Act becomes a nullity, for then a discretion is vested in such officers which most probably is not subject to review; and values of personal property to be received, or services to be rendered in return for privileges and franchises dealt out, may assume magnified proportions in the eyes of the municipal or county officers conducting the sale entirely unjustified by the actual facts. If such things were allowed, the law would be a failure and utterly inadequate to meet the purposes for which it was enacted. It would thus seem that petitioner's offer to furnish power for the county infirmary, and erect clusters of electric lamps at twenty different points upon the road, cannot be considered; for the officers intrusted with this sale had no more right to accept such properties and benefits in consideration of the franchise than they had to accept horses, cattle or sheep.

We are also clear in holding that an agreement to pay a percentage of the gross receipts of the road, after completion and when in operation, cannot be received as a legal bid or tender under this Act. As already suggested, when a statute provides that property shall be sold to the highest bidder, in the absence of anything in the statute to the contrary, it must be held to mean, "to the highest bidder for cash." The gross receipts of a prospective electric road may be little and they may be much. The sum total of its annual receipts is a most indefinite and uncertain quantity. Such amount is delusive and dependent upon many conditions. The franchise may be bought and the road put in operation for the single purpose of shutting off competition with other roads, and with no intention of making its gross receipts anything but merely nominal; and, under such circumstances, the bidder might well offer ten, twenty or thirty per cent of its gross receipts for the franchise. Parties desiring to purchase in good faith, for the purpose of operating a competing line, could not afford to make any such bid. At the same time a bid from them of two per cent of the gross receipts might bring more money to the county or municipal treasury than the higher offer from the other parties. These suggestions show how unsatisfactory and indefinite sales of franchises and privileges based upon a percentage of gross receipts would be. But, beyond all such reasons, the statute contemplates a cash sale, and a percentage of gross receipts is in no sense cash. For the foregoing reasons we are justified in holding that petitioner has not shown himself to be the highest bidder, and his application for a writ of mandate

was properly denied. It becomes unnecessary to discuss the legal appropriateness of the remedy of mandate, in view of what has been said.

The judgment is affirmed.

GAROUTTE, J.

We concur:

HARRISON, J.

VAN FLEET, J.

The proposals, as recited heretofore, were: L. V. Merle, \$5,500 for the franchise; F. E. Sharon, \$2,510, with annual percentages on gross receipts, and A. M. Skelly, \$1,105, with annual percentages on gross receipts.

On March 27, 1896, L. V. Merle filed a petition demanding that his bid for the franchise for the sole right and privilege to cremate garbage, etc., be accepted, and that the franchise be awarded to him, which petition was, on March 30, 1896, referred by the Board to the Committee on Health and Police. The following is a copy of the petition of L. V. Merle, to wit:

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: The undersigned, L. V. Merle, hereby demands that his bid for the franchise for the sale of right and privilege to cremate garbage, house refuse, dead animals, putrid vegetable matter and material of like character, made by him under and in accordance with the terms of Resolution No. 13,231 of the Board of Supervisors of the City and County of San Francisco, be accepted. And he demands that said franchise be awarded and granted to him for the term of fifty years, as provided for in said resolution; and he hereby notifies you that he is the highest and best bidder therefor, and is entitled to and claims said franchise, subject to all the terms and conditions of said resolution and the law in relation to the granting of such franchises. He agrees to comply with and perform all the terms and conditions on his part to be performed in connection with the granting of said franchise, in the erection, construction and operation of the works as provided in said resolution.

L. V. MERLE.

On April 13, 1896, the Committee on Health and Police reported against the petition, for the reason that the Board had awarded a franchise by Order No. 2,965, and had no further power in the premises, which report was adopted by the Board as its action in the matter of the application of L. V. Merle.

CITY CHARTER.

At the general election held in the City and County of San Francisco on Tuesday, November 6, 1894, the following named citizens were elected to frame a City Charter in conformity to and under the provisions of Section 8 of Article 11 of the Constitution of the State, to wit: Joseph Britton, George T. Marye Jr., Jerome A. Anderson, Colin M. Boyd, Henry N. Clement, William F. Gibson, M. H. Hecht, Stewart Menzies, J. J. O'Brien, Irving M. Scott, Louis Sloss, Jr., I. J. Truman, Gustave H. Umbesen, William B. Bourn and I. W. Hellman.

The last named citizens, William B. Bourn and I. W. Hellman, were declared ineligible, not having been qualified electors of the city and county for five years prior to election, as required by the Constitution. (People vs. Hecht, 105 California Reports, page 621.)

The Board of Freeholders organized and selected Joseph Britton as President and George T. Marye, Jr., as Vice-President, and appointed J. A. Vaughan Secretary, T. C. Judkins as Assistant Secretary and Charles A. Ritter as Clerk.

The following committees were appointed (the President being constituted ex-officio a member of all the committees), to wit:

COMMITTEES.

1. Boundary, including Rights and Liabilities of Existing Municipality—Messrs. Umbesen, Anderson and Gibson.
2. The Legislative Department, Its Powers and Mode of Procedure—Messrs. Truman, Boyd, Menzies*, Gibson and Clement.
3. Finance, Revenue and Taxation—Messrs. Boyd, Truman and Marye.
4. The Executive Department, including the Duties of the Municipal Officers thereof—Messrs. Menzies*, Umbesen and Sloss.
5. The Judicial Department, including the Duties of Officers Connected with the Administration of Law—Messrs. Clement, Gibson and Marye.
6. Department of Public Works, including Streets, Squares and Parks, and the Regulation of Harbor and Wharves—Messrs. Scott, Sloss and Menzies*.
7. Public Schools and Libraries—Messrs. Gibson, Anderson and O'Brien.
8. Public Institutions of Charity and Correction—Messrs. Britton, Umbesen and Anderson.
9. Public Order and Police—Messrs. Marye, Scott and Clement.
10. The Fire Department—Messrs. Hecht, O'Brien and Scott.
11. The Health Department—Messrs. Anderson, Boyd and Hecht.
12. Department of Elections—Messrs. Sloss, Marye and Hecht.
13. Civil Service—Messrs. O'Brien, Truman and Scott.
14. Salaries—Messrs. O'Brien, Menzies* and Hecht.
15. Miscellaneous Provisions and Schedule—Messrs. Gibson, Scott and Boyd.
16. Revision—Messrs. Clement, Gibson and Marye.

* Resigned January 12, 1895.

The work was completed and the charter signed in duplicate by Joseph Britton, Irving M. Scott, M. H. Hecht, I. J. Truman, Colin M. Boyd, William F. Gibson, G. H. Umbesen, George T. Marye, Jr., Louis Sloss, Jr., J. J. O'Brien, Jerome A. Anderson and Henry N. Clement on February 4, 1895.

The Charter was printed by George Spaulding & Co. in pamphlet form, and bound copies furnished as required, for the sum of \$1,849, and was published in the *San Francisco Chronicle* and in the *Evening Bulletin* newspapers for twenty days at an expense of \$4,950 and \$1,250 respectively.

The total expense incurred by the Board of Freeholders, as certified to, amounted to the sum of \$8,766 50, which was allowed and ordered paid by the Board of Supervisors on December 9, 1895, the following being a copy of the authorization providing for payment of the amounts due, to wit:

AUTHORIZATION No. 5,715.

RESOLVED, That an expenditure of eighty-seven hundred and sixty-six 50-100 (\$8,766 50) dollars be and the same is hereby authorized to be made out of the General Fund in payment to the following named persons, being expenses incurred by the Board of Freeholders when engaged in framing a new Charter for the City and County of San Francisco during January and February, 1895, to wit:

To J. A. Vaughan, salary as Secretary	\$220 00
To T. C. Judkins, salary as Assistant Secretary.....	281 50
To Charles A. Ritter, salary as clerk	155 25
To D. O. Mills, rent of office.....	50 00
To Cunningham, Curtis & Welch, for stationery	6 75
To the San Francisco Towel Company, for towels, etc.....	1 00
To I. J. C. Truman, for drayage	3 00
To George Spaulding & Co., for printing.....	1,849 00
To M. H. De Young, for advertising	4,950 00
To the San Francisco Bulletin Company, advertising.....	1,250 00
<hr/>	
Total	\$8,766 50

In Board of Supervisors, San Francisco, December 9, 1895.

After having been published five successive days, according to law, taken up and passed by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Spreckels, Hobbs, Wagner.

Absent—Supervisor Morgenstern.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, December 10, 1895.

ADOLPH SUTRO,

Mayor and ex-officio President of the Board of Supervisors.

The following is an extract from the schedule prepared by the Board of Freeholders and constituting a portion of the proposed city charter, which recites the action necessary

to submit it to the electors, and in case of its adoption and its approval by the Legislature, when it would go into effect :

“ This charter shall be published for twenty days in the *San Francisco Chronicle* and in the *Evening Bulletin*, two daily papers of general circulation in the City and County of San Francisco, and after such publication, viz.: on Tuesday, the sixteenth day of April, A. D. 1895, it shall be submitted to the qualified electors of said City and County of San Francisco at a special election which shall be held on that day for the purpose of voting upon the adoption of the same; provided, that if for any reason a special election cannot be held at said time, then this charter shall be submitted to the qualified electors of said City and County of San Francisco at the next general election, to be held in the month of November, 1896; and if a majority of the qualified electors of said city and county voting at said election shall ratify the same, it shall be submitted to the Legislature of the State of California for its approval or rejection. If the Legislature shall approve the same, it shall take effect and be in force on and after the first Monday after the first day of January, A. D. 1899; provided, that if such approval be made prior to the first day of April, A. D. 1897, it shall take effect and be in force on and after the first Monday after the first day of July, A. D. 1897, and shall thereupon become the charter and organic law of the City and County of San Francisco, and shall supersede the existing charter of said city and county and all amendments thereof, and all special laws inconsistent with this charter.

“ The form of ballots at said election shall be :

‘ For the New Charter,’

or,

‘ Against the New Charter.’

“ For the sole purpose of the election of the officers directed in this charter to be elected by the people, the said charter shall take effect immediately after its approval by the Legislature, and the election of such officers shall be managed, conducted and controlled by the Board of Election Commissioners in and for said city and county in office at the time of such election, and shall be in all respects conducted in accordance with the then existing laws in relation to elections in said city and county.

“ At the first election to be held for municipal officers provided under this charter, and at each succeeding general election all officers designated by this charter shall be chosen at the election preceding the expiration of the term of office of the present incumbents of those offices.”

The following table shows the members of the respective Boards, the date of each election held at which proposed charters of 1880, 1882, 1886 and 1895 were submitted to the people, the votes cast for and against the adoption, with the expenses consequent upon the preparation and submission of the same to the electors.

The proposed charter of 1895 was submitted to the electors at the election held on November 3, 1896.

Following is a table showing the names of the members of the various Boards of Freeholders elected to frame a charter for the City and County of San Francisco, a statement of the votes cast for and against the adoption of the same at the elections called for that purpose, together with the expense incurred, to wit :

† Declared ineligible by Supreme Court

LINCOLN SCHOOL LOT.

SCHOOL LOT ON THE SOUTHEAST CORNER OF MARKET AND FIFTH STREETS.

Under the provisions of an Act of the Legislature (Approved March 30, 1874), the Board of Supervisors was authorized to lease for a term of twenty years, that portion of the one hundred vara lot No. 128, on the southeast corner of Market and Fifth streets; two hundred and seventy-five feet on Market street, by a uniform depth of one hundred feet, to be leased as a whole or to be subdivided into lots as the Board might determine, to the highest responsible bidder or bidders. The minimum price fixed by the act for the lease of said lot was four dollars per front foot on Market street for the first term of five years; six dollars per front foot for the second term of five years; eight dollars per front foot for the third term of five years; and ten dollars per front foot for the fourth term of five years.

The Board made eleven subdivisions of said portion of School Lot No. 128, each with a frontage of twenty-five feet on Market street, with a depth of one hundred feet, and numbered the lots consecutively, from number one to eleven, commencing with lot on the southeasterly corner of Market and Fifth streets.

Proposals were called, observing the requirements of the act, and on the 20th day of July, 1874, but five sealed proposals were received. The following condition was embodied in the notice inviting proposals, to-wit:

All improvements on said lots, unless purchased by the city and county, shall be removed at the expiration of the lease, by the owners thereof at thirty days notice being given by the Mayor of the city and county; and if not so removed prior to the expiration of said lease, the right shall be forfeited, and the ownership of the same shall vest in the City and County of San Francisco.

On November 23, 1874, the Board awarded to the highest bidders lots Nos. 1, 2, 3, 7, 9, 10 and 11, and the remaining lots, Nos. 4, 5, 6 and 8, on January 25, 1875.

The resolutions awarding the leases provided that the amounts to be paid monthly, in advance, to the Mayor of the city and county; the leases to commence and the first payment to be made five months from the date possession of said lots was given; also authorized and empowered the Mayor to execute the leases on behalf of the city and county, under such conditions and restrictions as might be by him considered necessary and proper to protect the public interests, upon receiving a liquidated damage bond with at least two sureties in a sum not less than \$1,000 for each lot, conditioned that the person to whom the lease was awarded, his successors or assigns, should observe the conditions thereof and pay the monthly rental when due, during the continuance of the same.

The following table shows the lots and the parties to whom leases were awarded:

LINCOLN SCHOOL LOT.

11	H. M. Black.....	4 00	6 00	9 00	12 00	46,500 00
Total amount realized, lease of lots						\$537,596 00

The amount realized for twenty years lease of the property amounted to \$536,100; in addition rents for lots 1, 2, 3, 5 and 6 were collected for the month of September, 1896, with the sum of \$20 increase credited in December, 1891, to said funds, made the aggregate receipts of the Special School Fund, under the control and disposition of the Board of Supervisors, \$537,596.

The Mayor, Auditor and Treasurer were authorized by the act to issue and sell School Bonds to the amount of \$200,000, to be payable twenty years from July 1, 1874, said bonds to bear interest at the rate of six per cent per annum, payable on the first days of July and January, the amount realized to constitute a Special School Fund to be expended by the Board of Supervisors for the sole purpose of purchasing school sites and erecting school buildings.

The money to be realized from the lease of said School Lot was to constitute a Special Fund, to be used for the purpose of paying the principal and interest of the School Bonds issued, and if insufficient, then the Board of Supervisors was to pay the same out of the General Fund, and levy a tax sufficient to meet the deficiency.

Under Order No. 1,153, of the Board the bonds were sold after due public notice by the Mayor, Auditor and Treasurer, to the highest bidder, Charles Sutro, at the rate of \$94.15-100, realizing the sum of \$188,300.

Possession of the lots was given to the lessees on April 1, 1875, and the leases were executed on and before that date; in each case a liquidated damage bond was given in the sum of \$5,000, for each lot, that the terms and conditions would be observed and performed by the lessees.

The monthly payments in advance commenced on September 1, 1875. The leases were made to the parties to whom the same were awarded by the Board; in the case of Jno. Brannigan, to whom was awarded lots Nos. 1 and 2, an assignment was made by him to Jno. Grant, and the lease recited that fact.

The monthly income from the lease of this school property was, for the first term of five years, \$1,365.00; for the second term of five years, \$1,890.00; for the third term of five years, \$2,490.00, and for the fourth term of five years, \$3,190.00, a total of \$536,100.

On July 6, 1874, the Board appointed Mr. J. P. Gaynor architect of the school buildings, to prepare plans and specifications and supervise the construction of the same, at a salary of \$200 per month.

The amount expended by the Board in the purchase of lots and erection of school buildings under the Act are as follows :

September 28, 1874, Rincon School—Contract to remove buildings from front to rear of lot and make necessary alterations, awarded to J. B. Houghton.

Contract price	\$3,990 00	
Extra work on buildings, etc.....	555 00	
		4 545 00

Completed and delivered to Board of Education March, 1875.

October 26, 1874, Mission street, between Fifteenth and Sixteenth—Contract to erect twelve-class building, awarded to Thomas Noble & Co.

Contract price	\$28,000 00	
Extra work.....	225 00	
		\$28,225 00

Completed and delivered to Board of Education, July, 1875.

October 26, 1874, Geary street, between Pierce and Scott streets—Contract to erect twelve-class building, awarded to Thomas Noble & Co.

Contract price	\$26,500 00	
Extra work	150 00	
		\$26,650 00

Completed and delivered to Board of Education, July, 1875.

October 26, 1874, Greenwich street, between Jones and Leavenworth—Contract awarded to Thomas Noble & Co. to erect twelve-class building.

Contract price	\$29,500 00	
Extra work.....	325 00	
		\$29,825 00

Completed and delivered to Board of Education, July, 1875.

November 30, 1874, Eddy street, between Polk and Van Ness avenue—Contract to erect eighteen-class building, awarded to M. C. Smith.

Contract price.....	\$37,000 00	
July 16, 1875, constructing bulkhead around school lot.....	400 00	
		\$37,400 00

Completed and delivered to Board of Education, July, 1875

LINCOLN SCHOOL LOT.

February 1, 1875, Vassar place, 175 feet southeasterly from Harrison street, Rincon School lot—Contract to erect a twelve-class building awarded to McGowan & Butler.

Contract price	\$31,937 00	
Less, for old buildings.....	200 00	
		\$31,737 00
Extra work	260 00	
		\$31,997 00

Completed and delivered to Board of Education, August, 1875.

LOTS PURCHASED.

From Michael Farrell—Consideration, \$15,500.

Commencing at a point on the southerly line of Geary street, distant 60 feet westerly from the corner formed by the intersection of said line of Geary street with the westerly line of Jones street, and running thence westerly along Geary street 57 6-12 feet; thence at right angles southerly 68 6-12 feet; thence at right angles westerly 20 feet; thence at right angles southerly, parallel with Jones street, 69 feet; thence at right angles easterly, parallel with Geary street, 77 6-12 feet; thence at right angles northerly 137 6-12 feet, to point of commencement; being a portion of fifty-vara lot No. 1,091. Deed recorded January 15, 1875, in Liber 763 of Deeds, page 269.

From Margaret Newell, Mary E. Newell, Daniel P., Katie A. and Sabina T. Newell, minors. Consideration, \$6,500.

Commencing at a point on the southerly line of Geary street, distant 117½ feet westerly from the southeasterly corner of Geary and Jones streets, and running thence westerly along said line of Geary street 20 feet; thence at right angles southerly, parallel with Jones street, 68½ feet; thence at right angles easterly 20 feet; thence at right angles northerly 68½ feet to point of commencement; being a portion of fifty-vara lot No. 1,091. Three deeds recorded July 21, 1875, in Liber 797, pages 76, 78 and 80.

On the purchase of the last described lot \$102 was paid by the city for commission and notary fees.

People's Home Savings Bank to City and County of San Francisco—Consideration \$7,000.

Beginning at the southwest corner of Collingwood and Nineteenth streets; thence running southerly along Collingwood street 135 feet; thence westerly, parallel to Nineteenth street, 83 feet; thence northerly, parallel to Collingwood street, 135 feet; thence easterly, along Nineteenth street, to said line of Collingwood street and point of commencement. Being a part of Block 194, Horner's Addition.

Two conveyances of above described property were given, one by John F. Sheehan, Secretary and manager, and the other by the same person as Receiver, of People's Home Savings Bank. Recorded September 12, 1894, in Libers 1616 and 1623 of Deeds, pages 385 and 28, respectively.

Patrick Tully and Sarah E. Tully, his wife, to City and County of San Francisco—Consideration, \$2,800.

Commencing at a point on the southerly line of Nineteenth street, distant one hundred and thirty-seven (137) feet easterly thereon from the easterly line of Diamond street; running thence easterly and along the southerly line of Nineteenth street thirty (30) feet; thence at right angles southerly one hundred and thirty-five (135) feet; thence at right angles westerly thirty (30) feet, and thence at right angles northerly one hundred and thirty-five (135) feet, to the southerly line of Nineteenth street and point of commencement. Being a portion of Horner's Addition block number one hundred and ninety-four (194).

Recorded September 12, 1894, in Liber 1,624 of Deeds, page 42.

On July 1, 1894, the \$200,000 bonds issued were due, and were redeemed on said date.

There being further rentals of the property to be received, in addition to a surplus in the Fund, the Board of Supervisors, on recommendation of the Board of Education, awarded contracts for the erection and repair of school buildings, under plans and specifications prepared by, and under the supervision of T. J. Walsh, architect, as follows:

SCHOOL BUILDING.	COST.
Nineteenth and Collingwood streets—	
Eight-class school building.....	\$28,755 85
Two lots Nineteenth and Collingwood streets.....	9,800 00
(Completed October 30, 1895.)	
Girls' High School—	
Finishing of.....	13,040 02
Tennessee street—	
Eight-class school building	22,893 85
Columbia Primary School—	
Construction of three additional class rooms.....	3,305 50
Potrero Primary School—	
Alterations.....	5,634 80
Haight street, between Masonic and Central avenues—	
Eight-class school building—total cost.....	\$28,845 30
Payments on account, being balance of fund under control	
of Board of Supervisors	14,455 06
Balance of contract to be paid by Board of Education.....	\$14,390 24
Total expenditures by Board of Supervisors.....	\$97,885 18

The contract for the Haight Street School building was awarded by the Board of Supervisors on the recommendation of the Board of Education, who agreed to pay the balance due on the expenditure of the moneys remaining in the Special School Fund under control of the Board of Supervisors.

On March 16, 1895, the amount in the Special School Fund being expended, as recommended by the Board of Education, the Finance Committee on that date reported as to the disposition of the surplus moneys remaining in said Fund after the redemption of the bonds, and presented, a Resolution, of which the following is a copy, as to the payments on account of the Haight Street School Building, to wit:

RESOLUTION NO. 13,982 (THIRD SERIES).

WHEREAS, By an Act of the Legislature, approved March 30, 1874 (Statutes 1873-4, page 848), the Board of Supervisors of the City and County of San Francisco was authorized to lease for a term of twenty years that certain school lot on the southeast corner of Market and Fifth streets (known as the Lincoln School lot), the proceeds of said leases to be paid into the Treasury to be used for the sole purpose of paying the principal and interest of the school bonds authorized to be issued under the provisions of the third section of the Act named, the surplus remaining after the payment of said principal and interest to constitute a special school fund to be expended by the Board of Supervisors for the purpose of purchase of school sites and the erection of school houses; and,

WHEREAS, The total receipts from rents over and above the moneys required for payment of the principal and interest of the bonds above referred to amounted to the sum of \$97,885 08, which sum has been entirely used by this Board for the purchase of a school site and the erection of school houses, etc., as recommended by the Board of Education; and,

WHEREAS, A contract for the erection of a schoolhouse on Haight street was let, the cost of which, added to former expenditures for other schoolhouses, etc., exceeded the amount in the special school fund at the disposal of this Board in the sum of \$13,895 94, which, with balance of architect's fee, \$494 30, amounts to \$14,390 24; and,

WHEREAS, The Board of Education did, by resolution passed July 18, 1895, a copy of which was filed in the office of the Clerk July 19, 1895 (provided the contract provided therefor was awarded), assume the responsibility of the balance of expense incurred in finishing and completing the said Haight Street School building over and above the amounts at the disposal of this Board for the erection of said building; now, therefore,

RESOLVED, That the Board of Education be and is hereby notified that the balances remaining unpaid on contracts for the erection of the Haight Street School building are as follows, and said Board is respectfully requested to make provision for the payment of the same when due, viz.:

CONTRACTOR.	Contract...	Contract Price....	Payments on accounts	Balance...
Gray Bros.....	Excavation, cement work, etc.	\$4,888 00	\$2,379 06	\$2,508 94
Edward Hogan.....	Plumbing work, etc.	2,300 00	1,150 00	1,150 00
Forderer Cornice Works..	Galvanized iron work.....	1,076 00	403 00	673 00
D. Zelinsky.. ..	Painting, etc.....	1,375 00	1,375 00
W. Morgan & Co.....	Heating, ventilating, etc.....	2,352 00	900 00	1,452 00
Hansbrough Bros.....	Carpenter's work, etc.....	15,395 00	8,658 00	6,737 00

Total amount on contracts..... \$13,895 94

T. J. Welsh, architect's fees, \$1,369 30; payment on account, \$875; balance. 494 30

Grand total to be provided for by Board of Education..... \$14,390 24

In Board of Supervisors, San Francisco, March 16, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

J. N. A. RUSSELL, Clerk.

On May 13, 1895, the Committee on Finance reported on the Lincoln School Lots as follows:

“As the leases of the subdivision lots of the school lot on the southeast corner of Market and Fifth streets were made in 1874 and 1875 for a period of twenty years on the condition that all improvements on said lots, unless purchased by the City and County, shall be removed at the expiration of the lease by the owners thereof, upon thirty days' notice being given by the Mayor of the City and County; and if not so removed prior to the expiration of said lease, the right shall be forfeited and the ownership of the same shall vest in the City and County of San Francisco. In order to protect the City and County in its rights, it is thought by your Committee advisable that His Honor the Mayor be required to take such action and serve such notices as are contemplated, so that no laches on the part of the city or its officers may prevent the provisions under which the property was leased from being enforced.”

The Committee also introduced a resolution, of which the following is a copy, requiring the Mayor to serve the notices required, which was adopted by the Board:

RESOLUTION No. 12,245 (THIRD SERIES).

RESOLVED, That in order to protect the City and County in its rights and that no laches on the part of the city or its officers may prevent the enforcement of the conditions under which the school lot situated on the southeast corner of Market and Fifth streets was leased, his Honor the Mayor be and is hereby required to serve a notice upon the lessees of the subdivision lots of said school lot at least thirty days before the expiration of their leases to remove all improvements made upon said lots; and if not removed prior to such expiration, that the ownership of the same shall vest in the City and County of San Francisco.

LINCOLN SCHOOL LOT.

In Board of Supervisors, San Francisco, May 13, 1895.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

The following exhibit shows the receipts into and the disbursements from the Special School Fund, July 1, 1874, to September 1, 1896, which was under the control of the Board of Supervisors, from which last named date the rentals from the Lincoln School property were paid into the Special School Fund, subject to the control of the Board of Education.

The opinions of the City and County Attorney and of Messrs. Rodgers and Paterson were obtained by the Board of Education on May 13, 1895, and July 29, 1895, in which it was held that the improvements on the Lincoln School lots were the property of and belonged to the City and County.

On June 17, 1895, a communication was received from His Honor Mayor Sutro calling attention to the apparent conflict between Resolution No. 12,245 (Third Series), directing him to give certain notices to tenants of the Lincoln School Lots and the opinion of the City and County Attorney relative to the leases of said lots, and requesting further instructions.

The question was referred to the City and County Attorney for his opinion as to the proper action to be taken, and on July 29, 1895, a copy of the opinion of Messrs. Rodgers and Paterson heretofore referred to, as received by the Board of Education, was concurred in by the City and County Attorney, and was received, read and, at the earnest request of the members of the Board of Education, the Board rescinded the resolution requiring His Honor the Mayor to give the notice required by the advertisement inviting proposals for leases of the lots.

The following is a copy of the Resolution:

RESOLUTION No. 12,742 (THIRD SERIES).

RESOLVED, That Resolution No. 12,245 (Third Series), requiring His Honor the Mayor to serve notice upon the lessees of the subdivision lots of the school lot situated on the south-east corner of Market and Fifth streets, etc., be and is hereby repealed.

In Board of Supervisors, San Francisco, July 29, 1895.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Dimond, Hughes, Dunker, Taylor, Morgenstern, Hobbs, Wagner.

Absent—Supervisors Hirsch, Spreckels.

JNO. A. RUSSELL, Clerk.

The Board having performed all the duties imposed by the Act of the Legislature surrendered its trust to the Board of Education on August 31, 1895, the proceeds of rentals and the disposition and use of the property vesting in the Board of Education.

LIGHTING PUBLIC STREETS WITH GAS.

The contract to light the public streets with gas expiring on August 1, 1896, proposals were called for on July 6th, to light the public streets for a term of two years on and from the date named. The parties bidding were required to furnish the lamps and lampposts, and keep the same in repair, with the names of the streets painted thereon and to clean, light and extinguish the lamps in accordance with the specifications included in the notice inviting bids.

The following is a copy of the notice inviting proposals embracing the specifications, to-wit:

TO LIGHT THE PUBLIC STREETS.

CLERK'S OFFICE, BOARD OF SUPERVISORS, }
SAN FRANCISCO, July 6, 1896. }

In accordance with Resolution No. 14,459 (Third Series) of the Board of Supervisors, SEALED PROPOSALS will be received in open session of the Board on MONDAY AFTERNOON July 13, 1896, from 2:30 to 3 o'clock, to light with gas all the public streets of this city and county for a period of two years, on and from August 1, 1896, in accordance with the following specifications:

GAS—The gas to be furnished to be of a standard quality and illuminating power of not less than seventeen candles, said illuminating power to be determined by tests made by the Gas Inspector in his office, who shall use for said tests such burners as will obtain from the gas the greatest amount of light, and practicable for use by the consumer, and consuming at the rate of five cubic feet of gas per hour.

LAMPOSTS AND LAMPS—The Lampposts to be used to be of the same material and not to be less in height than the lampposts now in use, and to be erected and lighted at such locations as may be designated by the Board.

The number of lampposts to be erected and maintained during the continuance of the contract to be not less than 5,100, with the understanding that the number may be increased from time to time under the direction of the Board, but not to exceed 5,800 in all. The lampposts to be erected and maintained at or contiguous to the present locations of street lamps erected throughout the city and county, and at such location as may be designated by the Board, the Board to have the right to change the location of the same from time to time upon payment of the actual cost of labor and material in making said changes or removals. When lamps are ordered to be erected in certain sections of the city where no mains are laid then the mains shall be extended or arrangements made by which the lighting of said sections of the city shall be effected, but in no event shall more lights be erected than can be paid for out of the fund provided for street lighting during the fiscal year. 17

LAMPS—The lamps to be similar to those now in use, or such as may be approved by the Board, and the burner to be used in the lamps in lighting the public streets to consist of a single burner of the same size now used in the main thoroughfares. The burners of the various lamps to average a consumption of not less than five cubic feet per hour.

The lampposts, lamps, service pipes, mains and all appurtenances incidental and necessary to complete and equip the lamps ready for lighting to be furnished by the successful bidders, who shall erect, maintain, and keep the same in proper condition and repair.

LIGHTING LAMPS—The last lamp upon each lamplighter's beat to be lighted one hour after sunset and to be extinguished one-half hour before sunrise; provided that during the months of November to February, inclusive, in each year no lamps shall be lighted during the night of full moon and the night preceding and the night following; also that during the months of March to October, inclusive, in each year no lamps shall be lighted during the night of full moon, two nights preceding and the night following.

CLEANING AND REPAIRING LAMPS—All the lamps to be kept in proper condition and cleaned at least twice in each week, and at each of said cleanings all the glass shall be thoroughly cleaned, both on the inside and outside of the lamp, and all dust and dirt shall be brushed from the frames. The lamps are to be repaired and reglazed within twenty-four hours after any portion of the same is broken.

STREET SIGNS—The names of streets, places and alleys to be painted on the gas lamps throughout the city and county at street crossings, main and subdivision street intersections and at the intersections of places and alleys with the main streets; at main street crossings two names on each lamp, at intersections of main streets not less than two names on each lamp, at intersection subdivision streets, places or alleys not less than two names on each lamp. The letter, color, style and location of the names on the lamps to be approved or designated by the Board of Supervisors. The names of street, etc., on each lamp to be kept clean and in position so as to be plainly visible, and within twenty-four hours in case of breakage to be repaired and the name or names repainted thereon, and in no event are the lamps to be turned so as to misplace the names of the streets as indicated on each lamp.

Bidders will estimate and bid a price per lamp per night, for which they will furnish erect, repair and keep in good repair and condition all lampposts, lamps, services, street signs and appurtenances, furnish gas and light the lamps on all the streets, places and alleys according to the foregoing specifications.

GENERAL NOTICE—Bidders will estimate with the understanding that no compensation shall be allowed for any lamp or lamps except such as shall be lighted during the whole time provided in the foregoing specifications under which a contract may be awarded; also, that within three days prior to the expiration of each month the Gas Inspector shall furnish the parties to whom the contract is awarded the time during which the lamps shall be lighted and extinguished each and every night and morning of the succeeding month. All bills of the successful bidders upon the execution of a contract and a performance in compliance therewith shall be presented and paid monthly at the end of each calendar month.

No bids will be received from parties engaged in the manufacture or supply of gas until said parties have connection with the apparatus in the office of the Gas Inspector, New City Hall building, and have had the illuminating power of said gas tested.

Bidders will be required to deposit with the Clerk of the Board of Supervisors a certified check, drawn to the order of the Clerk, to be approved by said Clerk, upon some bank in

the City and County of San Francisco, in the sum of \$10,000 gold coin, conditioned if the proposal is accepted and the contract awarded; and if the bidder shall fail or neglect to execute a written contract therefor and give a good and sufficient bond, with two sureties, in the sum of \$35,000, for the proper fulfillment of said contract, within ten days after the award is made, then and in that case the said sum shall be paid into the City and County Treasury by said Clerk, as liquidated damages for such failure and neglect.

It is also to be distinctly understood that the Board reserves the right to reject all bids if the public good so requires.

Also, that the party or parties to whom a contract is awarded will be required, prior to or at the time of execution of the contract, to pay the cost of advertising this notice in three daily newspapers.

Blank proposals furnished by the Clerk.

JNO. A. RUSSELL, Clerk.

A proposal of the San Francisco Gas Light Company was received at a meeting of the Board of Supervisors held on July 13, 1896, offering to light the streets, furnish lampposts and lamps, keep the same clean and in good order and repair, place and keep the names of the streets, etc., on street lamps as per specifications, for the sum of twelve (12) cents per night for each lamp erected and lighted. The Board awarded the contract by a Resolution numbered 14,823 (Third Series), which was finally passed on July 27, 1896, by a unanimous vote, receiving the approval of the Mayor on August 3, 1896. The following is a copy of the award to the San Francisco Gas Light Company:

RESOLUTION No. 14,823 (THIRD SERIES).

RESOLVED, That the contract to light with gas all the public streets of this city and county for a period of two years, on and from August 1, 1896, in accordance with specifications, and with the advertisement calling for proposals, be, and the same is hereby awarded to San Francisco Gas Light Company, provided the sureties on its bond, which is hereby fixed at \$35,000, are satisfactory to the Committee on Street Lights of this Board, who are hereby authorized to enter into said contract, it being the lowest responsible bidder therefor, at the following price, viz.:

For each lamp, per night..... 12 cents.

In Board of Supervisors, San Francisco, July 27, 1896.

After having been published five successive days, according to law, taken up and passed by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Dunker, Taylor, Morgenstern, Hobbs, Wagner.

Absent—Supervisors Hughes, Spreckels.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, August 3, 1896.

ADOLPH SUTRO,

Mayor and ex-officio President of the Board of Supervisors.

The contract was duly executed on August 6, 1896, on the part of the San Francisco Gas Light Company by J. B. Crockett, President, and Wm. G. Barrett, Secretary, and a satisfactory bond given in the sum of \$35,000 for its faithful performance, with Levi Strauss and Adam Grant as sureties, and on the part of the City and County by the Committee on Street Lights of the Board of Supervisors consisting of Supervisors Hirsch, Hughes, Hobbs, Morgenstern, Scully.

LIGHTING OUTLYING DISTRICTS WITH ELECTRIC LIGHTS. 205

The amount of \$203,179.54 was paid the San Francisco Gas Light Company for furnishing, lighting and repairing lamps and lampposts during the fiscal year ending June 30, 1896.

LIGHTING OUTLYING DISTRICTS WITH ELECTRIC LIGHTS.

The contract for lighting the outlying districts of the city and county by electricity expiring on August 1, 1896, proposals were called for on July 6th, to provide a certain number of masts and furnish electric lights at certain specified locations for a term of two years from the date named, in accordance with the specifications included in the notice inviting bids.

The following is a copy of the notice inviting proposals embracing the specifications, to-wit:

TO LIGHT OUTLYING DISTRICTS WITH ELECTRIC LIGHTS.

CLERK'S OFFICE, BOARD OF SUPERVISORS, }
SAN FRANCISCO, July 6, 1896. }

In accordance with Resolution No. 14,459 (Third Series) of the Board of Supervisors, SEALED PROPOSALS will be received in open session of the Board, on MONDAY AFTERNOON, July 13, 1896, from 2:30 to 3 o'clock, to light with electricity the outlying districts of this city and county for a period of two years on and from August 1, 1896, in accordance with the following specifications:

The poles, wires, conductors, lamps, carbon electrodes, and each and every appliance, article or apparatus which may be necessary for electric lighting to be furnished and erected by the successful bidder.

The wires and conductors to be thoroughly insulated and placed in such locations and in such manner as will prevent them from being tampered with or handled by any unauthorized person or persons; it being distinctly understood that the city and county shall not be responsible, but must be held harmless against any claim for damages for any injury or accident which may be occasioned by the wires or conductors, and against any claim for damages by reason of any infringement of any patent right in the use of the lamps, machinery or appliances connected with the said electric light.

The said masts to be erected and maintained at or contiguous to the present locations of the masts erected throughout the city and county, with the distinct understanding that the Board reserves the right to change the location of and designate the character and power of the electric lights and the height of the mast to be used at any particular location during the continuance of the contract upon payment of the actual cost of labor and materials in making said changes or removals.

622 masts 40 feet high, lights 2,000 candle power.

In case any additional lights are needed the same to be erected at such locations as may be determined by the Committee on Street Lights, under the direction of the Board, shall be furnished when required during the continuance of the contract, but in no event shall more lights be erected than can be paid for out of the fund provided for street lighting during the fiscal year.

206 LIGHTING OUTLYING DISTRICTS WITH ELECTRIC LIGHTS.

The lamps to be lighted during the entire night from one hour after sunset until one-half hour before sunrise; provided that during the months of November to February, inclusive, in each year, no lamps shall be lighted during the night of full moon and the night preceding and the night following; also that during the months of March to October, inclusive, in each year, no lamps shall be lighted during the night of full moon, two nights preceding and the night following; provided, however, that the 9 lamps in Chinatown, 1 lamp at the City Receiving Hospital and 1 lamp at the Folsom-street Police Station shall be lighted every night.

No compensation shall be allowed for any lamp or lamps except such as shall be lighted during the whole time provided in the foregoing specifications under which a contract may be awarded; also, that within three days prior to the expiration of each month the Gas Inspector shall furnish the parties to whom the contract is awarded the time during which the lamps shall be lighted and extinguished each and every night and morning of the succeeding month. All bills of the successful bidders, upon the execution of a contract and the performance in compliance therewith, shall be presented and paid monthly at the end of each calendar month.

Bidders will be required to deposit with the Clerk of the Board of Supervisors a certified check, drawn to the order of the Clerk, to be approved by said Clerk, upon some bank in the City and County of San Francisco, in the sum of \$10,000 gold coin, conditioned if the proposal is accepted and the contract awarded; and if the bidder shall fail or neglect to execute a written contract therefor, and give a good and sufficient bond, with two sureties, in the sum of \$35,000, for the proper fulfillment of said contract, within four days after the award is made, then and in that case the said sum shall be paid into the City and County Treasury by said Clerk as liquidated damages for such failure and neglect.

NOTICE—Bidders will estimate and state the price for each lamp of 2,000-candle power, as herein provided for, per night. No bids will be received or entertained from parties who estimate on any contingent event, or who cannot comply with, or who are not prepared or qualified to carry out the terms and conditions herein imposed.

Also, that the party or parties to whom a contract is awarded will be required, prior to or at the time of the execution of the contract, to pay the cost of advertising this notice in three daily newspapers.

Blank proposals furnished by the Clerk.

JNO. A. RUSSELL, Clerk.

A proposal of the Edison Light and Power Company was received at a meeting of the Board, held on July 13, 1896, offering to supply posts, lamps and light the same for the sum of fifty-five cents each light of 2,000 candle power, as per specifications. The Board awarded the contract by Resolution numbered 14,822 (Third Series), which was finally passed on July 27, 1896, by a unanimous vote, receiving the approval of the Mayor on August 3, 1896. The following is a copy of the award:

TO THE EDISON LIGHT AND POWER COMPANY.

RESOLUTION No. 14,822 (THIRD SERIES).

RESOLVED, That the contract to light with electricity the outlying districts of this city and county for a period of two years on and from August 1, 1896, in accordance with specifications, and with the advertisement calling for proposals, be and the same is hereby

LIGHTING PUBLIC BUILDINGS WITH GAS.

207

awarded to Edison Light and Power Company, provided the sureties on its bond, which is hereby fixed at \$35,000, are satisfactory to the Committee on Street Lights of this Board, who are hereby authorized to enter into said contract, it being the lowest responsible bidder therefor, at the following price, viz.:

For each light, per night.....55 cents.

In Board of Supervisors, San Francisco, July 27, 1896.

After having been published five successive days, according to law, taken up and passed by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Dunker, Taylor, Morgenstern, Hobbs, Wagner.

Absent—Supervisors Hughes, Spreckels.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, August 3, 1896.

ADOLPH SUTRO,

Mayor and ex-officio President of the Board of Supervisors.

The contract was duly executed on August 10, 1896, on the part of the Edison Light and Power Company by J. E. Green, Secretary and Manager, and a satisfactory bond given in the sum of \$35,000 for its faithful performance, with L. P. Drexler and W. E. Brown as sureties, and on the part of the City and County by the Committee on Street Lights of the Board of Supervisors consisting of Supervisors Hirsch, Hughes, Hobbs, Morgenstern, Scully.

The amount of \$95,954.30 was paid the Edison Light and Power Company for furnishing masts, keeping in repair, cleaning lamps and for electric lights during the fiscal year ending June 30, 1896.

LIGHTING PUBLIC BUILDINGS.

The contract for lighting the public buildings expiring on April 30, 1896, the Board of Supervisors by Resolution No. 14,106 (Third Series), directed the Clerk to advertise for proposals to light the public buildings for a term of two years from May 1, 1896.

The Board pursuant to public notice on April 20, 1896, received bids from the San Francisco Gas Light, and the Pacific Gas Improvement Company to furnish gas at the rate of \$1.60 per thousand cubic feet, and the Edison Light and Power Company to furnish incandescent electric light at 11 cents per thousand watt hours. The following is a copy of the advertisement calling for proposals embracing the specifications, to-wit:

PROPOSALS FOR LIGHTING PUBLIC BUILDINGS AND OFFICES.

CLERK'S OFFICE, BOARD OF SUPERVISORS, }
SAN FRANCISCO, April 13, 1896. }

In accordance with Resolution No. 14,106 (Third Series) of the Board of Supervisors SEALED PROPOSALS will be received in open session of the Board on MONDAY AFTERNOON, April 20, 1896, from 2:30 to 3 o'clock, for furnishing gas of the standard quality and illuminating power of not less than seventeen candles or incandescent electric lights of not less sixteen candle power for lighting all of the public buildings and offices of this city and county for a period of two years from May 1, 1896, to April 30, 1898, in accordance with the following specifications:

SPECIFICATIONS.

Gas or incandescent electric light of the quality and illuminating power above stated to be furnished for the lighting of the following buildings and offices (also such other buildings and offices as may be erected or used during the said term of two years), to-wit:

NAME OF BUILDING.	LOCATION.
New City Hall Building.....	
County Jail No. 1	Broadway, between Kearny and Dupont streets.
County Jail No. 2	Industrial School Building.
County Jail No. 3	House of Correction.
Coroner's Office.....	Dunbar alley.
Fire Alarm Telegraph.....	Brenham place.
Exempt Engine Company	Brenham place.
Engine No. 1.....	419 Pacific street.
Engine No. 2.....	412 Bush street.
Engine No. 3.....	1315 California street.
Engine No. 4.....	142 Second street.
Engine No. 5.....	1219 Stockton street.
Engine No. 6.....	311 Sixth street.
Engine No. 7.....	Sixteenth street and Albion avenue.
Engine No. 8.....	1616 Pacific street.
Engine No. 9.....	318 Main street.
Engine No. 10.....	516 Bryant street.
Engine No. 11.....	Fifteenth avenue south, near Railroad avenue.
Engine No. 12	Drumm and Commercial streets.
Engine No. 13.....	1428 Valencia street.
Engine No. 14.....	1017 McAllister street.
Engine No. 15.....	2114 California street.
Engine No. 16.....	Tennessee, bet. Twentieth and Twenty-second streets.
Engine No. 17.....	9 Mint avenue.
Engine No. 18.....	Duncan, between Church and Sanchez streets.
Engine No. 19.....	120 Waller street.
Engine No. 20	2119 Filbert street.
Engine No. 21.....	1120 Oak street.
Engine No. 22.....	1815 Post street.
Engine No. 23.....	3022 Washington street.
Engine No. 24	Douglass, near Twenty-first street.
Engine No. 25.....	2517 Folsom street.
Engine No. 26.....	Second avenue, near Point Lobos road.

NAME OF BUILDING.	LOCATION.
Engine No. 27.....	613 Hermann street.
Engine No. 28.....	Southwest corner Francisco and Stockton streets.
Engine No. 29.....	Bryant, opposite Eleventh street.
Engine No. 30.....	Waller between Shrader and Stanyan streets.
Engine No. 31.....	1214 Pacific street.
Engine No. 32.....	Seventeenth, between Folsom and Division streets.
Engine No. 33.....	Broad street, near Plymouth avenue.
Truck No. 1.....	22 O'Farrell street.
Truck No. 2.....	627 Broadway street.
Truck No. 3.....	1425 Market street.
Truck No. 4.....	1616 Pacific street.
Truck No. 5.....	1815 Post street
Truck No. 6.....	1120 Oak street.
Truck No. 7.....	2517 Folsom street.
Chemical No. 1.....	142 Second street.
Chemical No. 2.....	1425 Market street.
Chemical No. 3.....	112 Jackson street.
Chemical No. 4.....	634 Eddy street.
Chemical No. 5.....	1804 Stockton street.
Chemical No. 6.....	311 Sixth street.
Chemical No. 7.....	Sixteenth street and Albion avenue.
Water Tower No. 1.....	104 New Montgomery street.
Department Stables.....	Tenth, between Bryant and Division streets.
Corporation Yard No. 1.....	50 Sacramento street.
Corporation Yard No. 2.....	Francisco and Stockton streets.
Carpenter Shop.....	Thirteenth, between Fillmore and Steiner streets.
Plumbing Shop.....	1119 Ellis street.

POLICE STATIONS.

NAME OF BUILDING.	LOCATION.
Central Station.....	New City Hall.
California-street Station.....	536 California street.
North End Station.....	North side Washington street, between Polk and Van Ness avenue.
Southern District Station	827 Folsom street.
Seventeenth-Street Station.....	207 Seventeenth street.
South San Francisco Station.....	Easterly side of Railroad avenue, between Fourteenth and Fifteenth avenues South.
Potrero Station.....	Southeast corner Twentieth and Kentucky streets.
Ocean View Station.....	Plymouth street, near Sagamore.
Harbor Station.....	32 Sacramento street.
Boarding Station.....	Foot of Powell street.
City and County Hospital.....	Potrero avenue.

The contractor to run service pipes or wires, and place meters whenever designated by the Gas Inspector, free of charge to the city.

Should any of the buildings or offices above provided for be vacated by the city and county, such building or offices will be thereafter exempt from the conditions of the contract.

No bids will be received from parties engaged in the manufacture or supply of gas or incandescent electric light, unless said parties have made or will make connections with the apparatus in the office of the Gas Inspector, New City Hall building, and have had the illuminating power of said gas and electric light tested, and all bids received will require to be accompanied by a certificate from the Gas Inspector, to that effect.

NOTICE.—Bidders will estimate and state a price per 1,000 cubic feet for which they will furnish gas for each and every public office, building and department of not less than the standard quality called for. Bidders will also estimate and state a price per 1,000 Watt hours, for which they will furnish Incandescent electric light, with the understanding that the gas or electric light furnished for and used in the Gas Inspector's office must be furnished free of charge; also, bidders will be required to deposit with the Clerk of the Board of Supervisors a certified check drawn to the order of the Clerk, to be approved by said Clerk, upon some bank in the City and County of San Francisco, in the sum of \$1,000 gold coin, conditioned, if the proposal is accepted and the contract awarded, and if the bidder shall fail or neglect to execute a written contract therefor, and give a good and sufficient bond with two sureties in the sum of \$10,000, for the proper fulfillment of said contract, within four days after the award is made, then and in that case the said sum shall be paid into the City and County Treasury by said Clerk as liquidated damages for such failure and neglect.

It is also to be distinctly understood that the Board reserves the right to award the lighting of the different buildings enumerated separately with either gas or incandescent electric light; also, that in the event of an installation of an electric plant in the New City Hall during the continuance of a contract for the lighting of said building with electric lights, said contract, in so far as it relates to the New City Hall, shall become null and void.

Also, that the party or parties to whom the contract is awarded will be required, prior to or at the time of execution of the contract, to pay the cost of advertising this notice in three daily newspapers, as follows: Each building to be charged with (1-70) one-seventieth portion of one-half the cost, the City Hall to be charged with the remaining one-half the cost.

Blank proposals furnished by the Clerk.

JNO. A. RUSSELL, Clerk.

The San Francisco Gas Light Company and the Pacific Gas Improvement Company bid on separate buildings where their mains and pipes were laid. Contracts to furnish gas for the respective buildings bid upon were awarded to said companies by Resolutions Nos. 14,271 and 14,272 (Third Series), finally passed on May 4, 1896, and approved by His Honor, Acting Mayor C. L. Taylor, on May 5, 1896, to wit:

AWARD OF CONTRACT TO THE SAN FRANCISCO GAS LIGHT COMPANY.

RESOLUTION NO. 14,271 (THIRD SERIES).

RESOLVED, That the contract to furnish gas to certain public buildings and offices in this city and county for a period of two (2) years from May 1, 1896, to April 30, 1898, in strict accordance with the advertisement calling for proposals, and as per specifications be and the same is hereby awarded to San Francisco Gas Light Company, provided the sureties on its bond which is hereby fixed at \$10,000) are satisfactory to the Committee on Street Lights of this Board, who are hereby authorized to enter into said contract, it being the lowest responsible bidder therefor, at the following price, viz.:

For gas, per 1000 cubic feet..... \$1.60

To be supplied to the following public buildings and offices:

LIGHTING PUBLIC BUILDINGS WITH GAS.

NAME OF BUILDING.	LOCATION.
Fire Alarm Telegraph.....	Brenham place.
Exempt Engine Company.....	Brenham place.
Engine No. 7.....	Sixteenth street and Albion avenue.

In Board of Supervisors, San Francisco, May 4, 1896.

After having been published five successive days, according to law, taken up and passed by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, May 5, 1896.

C. L. TAYLOR,

Acting Mayor and ex-officio President of the Board of Supervisors.

The contract to supply incandescent electric light for offices in New City Hall, Engine House No. 2 and Truck House No. 1 was awarded to the Edison Light and Power Company by resolution, to wit:

AWARD OF CONTRACT TO THE EDISON LIGHT AND POWER COMPANY.

RESOLUTION No. 14,273 (THIRD SERIES).

RESOLVED, That the contract to furnish incandescent electric lights to certain public buildings and offices in this city and county for a period of two (?) years from May 1, 1896, to April 30, 1898, in strict accordance with the advertisement calling for proposals, and as per specifications,

Be and the same is hereby awarded to Edison Light and Power Company (provided the sureties on its bond, which is hereby fixed at \$10,000, are satisfactory to the Committee on Street Lights of this Board), who are hereby authorized to enter into said contract, it being the lowest responsible bidder therefor, at the following price, viz.:

For incandescent electric light, per 1,000 Watt hours.....11 cents

To be supplied to the following public buildings and offices:

New City Hall building.

Engine No. 2, 412 Bush street.

Truck No. 1, 22 O'Farrell street.

In Board of Supervisors, San Francisco, May 4, 1896.

After having been published five successive days, according to law, taken up and passed by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, May 5, 1896.

C. L. TAYLOR,

Acting Mayor and ex-officio President of the Board of Supervisors.

The sum of \$9,814 58 was paid the San Francisco Gas Light Company and the sum of \$13,345 01 to the Pacific Gas Improvement Company for furnishing Gas to public buildings during the fiscal year, also to the Edison Light and Power Company the sum of \$13,093.11 for furnishing incandescent electric light to public buildings during the fiscal year, as per report of the Gas Inspector, making the aggregate cost of lighting public buildings, except school buildings, \$41,252 70 during the fiscal year.

FINANCIAL EXHIBIT AND REVENUE ORDERS.

The unusual high rate of taxation for City and County and State purposes for the fiscal year 1895-96, amounting to \$2 25 on each one hundred dollars' valuation of real and personal property, with the depression in business and commercial circles, created a demand that the levy for taxes for the fiscal year 1896-97 should be materially reduced, so as not to be as oppressive as the former tax rate, the business interests of the community requiring an enforced retrenchment in the expenditures of the municipal government.

The Finance Committee, consisting of Supervisors Taylor, Hobbs and Benjamin, realizing the condition and the many demands that would be made to influence the members of the Board to make provision for miscellaneous expenditures, which, if acquiesced in, would swell the levy to an extent that business interests could not bear, concluded that the policy and intentions of the Board should be defined, and its desire to refrain from making any appropriations that might have such an effect determined prior to considering and acting upon the levy for the fiscal year 1896-97. Acting upon this decision, the Finance Committee reported to the Board their views as to the action to be taken, which report was adopted by the Board on June 15, 1896.

The following is a copy of the report, to wit:

REPORT OF THE FINANCE COMMITTEE.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: In the matter of the tax levy for the fiscal year 1896-97, it appears from the present conditions that the taxpayers deprecate and dread the imposition of an onerous tax rate, believing that if an excessive rate was imposed, it would be a grievous burden, and disastrous in its effects at this juncture, when business and business prospects are far from alluring. The decadence in values caused by a decrease in rentals, and the many unoccupied buildings and portions of buildings in various portions of our city, demand as light burdens in a tax rate as can be imposed. In addition to the tax rate, street improvements are to be met by property owners, and all the expenditures which have to be provided for, necessary to the maintenance of business, and the repair and improvement of premises to keep pace with growing wants, in the endeavor to realize some returns on investments.

Your committee cannot shut its eyes to the signs of the times and the present needs of our citizens, the most important of which is the tax rate, and for relief from an excessive rate it looks to the members of the Board.

In the imposition of a levy of \$1 56½, in addition to the State levy of 68½ cents on each

\$100, making a total of \$2 25 for the fiscal year 1895-96, our citizens were appalled and have not recovered, but now simply dread any such tax rate being imposed under present conditions.

While it is true that the last Legislature aided greatly to increase the levy, yet the Supreme Court, in its decisions, has substantially decided that it is the duty of the Board of Supervisors to levy a sufficient amount to provide and pay all liabilities that may occur, and which, in the exercise of a wise discretion, is simply a matter of impossibility to provide for, yet in order to avoid and hold the city harmless for paying just claims, such is the dictum of the Court and therefore the law, because it is the construction placed upon the constitutional provision which inhibits expenditures in excess of the revenue.

The dollar limit pledge of conventions was a boon to the taxpayers and was such a pledge as protected all the material interests and checked to some extent extravagant expenditures.

All went well, and for years the pledge was recognized and steadily adhered to, but by the extravagant expenditures of departments having independent powers, and subsequent decisions of the Supreme Court, larger amounts than were appropriated were paid out of the Treasury, and legitimate demands were practically declared illegal, thus creating an indebtedness which the Court decides can never be paid out of the Treasury. In addition the Court decides it to be your duty to provide sufficient funds to meet all liabilities.

The custom heretofore pursued in making the levy was for your honorable Board to make reasonable estimates of what proper expenditures should be made for the various municipal purposes, and in making such estimates the dollar limit pledge was kept in view, so that the total levy would not exceed that pledge. At the close of the fiscal year certain indebtedness in excess of the revenue often occurred, but it was never contemplated that this indebtedness should be repudiated, but by common consent was paid, and the government went on without violating its tax pledge.

It now appears from the position heretofore assumed by officers of the city, and the consequent decisions of the Supreme Court, that unless sufficient revenue is provided in any one year no expenditures of that year in excess of the revenue can be paid and that the tax levy must be increased beyond any reasonable requirements to meet expenditures that could not be estimated as provided for.

Your committee feels that your Honorable Board is placed in a false position—in other words, after using your best judgment in estimating and providing for reasonable expenditures, the onus and liability is imposed upon the Board if for any cause the revenue provided is not sufficient to meet the expenditures, and while such a conclusion is unjust, yet the Supreme Court holds that to be the law, and this Board, unless indemnified against liability, must, against its own best judgment, impose such a tax rate which, as individuals, they cannot indorse.

Your Finance Committee feels, and so expresses its views, believing that all the members of your Honorable Board will indorse such action as will insure a low and sufficient tax rate for the ordinary expense of the government, that if a representative body of our fellow citizens will indorse such a proposition and will pledge its support in case of expenditures by independent departments in excess of appropriations, that said bodies will aid in absolving this Board from any liabilities in case of such expenditures creating a deficiency, that there will be no question that your Honorable Board will cheerfully respond to making appropriations that will impose only such a levy as will be indorsed by our citizens.

Your committee, in order that the feeling of trepidation and unrest in the minds of our citizens may be allayed, will, on receiving the audited estimates this month, proceed at once and revise and make estimates, so that the amount of the tax rate may be determined, and

such rate levied on the third Monday in September next, as required by law, and so that the different departments may be advised of the appropriation to be made for the fiscal year and govern themselves accordingly.

C. L. TAYLOR,
J. K. C. HOBBS,
CHAS. E. BENJAMIN.

The Board of Supervisors, in making the levy of taxes for the year 1895-96 acted under the provisions of Section 3,714 of the Political Code, and simply adopted the order in lieu of, as in former years, complying with the provisions of Section 68 of the Consolidation Act, which required every order levying tax or assessment to be published at least five successive days before final action by the Board, and then, after final action, to be submitted to and approved by the Mayor before it took effect.

The question as to the power of the Board to act under the general revenue provision was decided by the Supreme Court on the application of I. J. Truman for a writ of mandate to compel the Board to pass the order as required by the Consolidation Act, and submit the same to the Mayor. The following is a copy of the decision holding that the Board of Supervisors solely possessed the power to pass the levy:

DECISION OF SUPREME COURT.

Filed November 19, 1895.

IN BANK.

I. J. TRUMAN ET AL.,

VS.

BOARD OF SUPERVISORS OF THE CITY
AND COUNTY OF SAN FRANCISCO.

} S. F. No. 272.

BY THE COURT.

Petition for a writ of mandate.

Assuming, but not deciding, that this Court could control legislative action of the Board of Supervisors, as prayed for in this proceeding, the writ must be denied because, under present statutory law, the Board of Supervisors of the City and County of San Francisco have the power to fix the rate of taxation, and the Mayor has no veto of their action in that matter. If other duties of the Court permit, reasons for this conclusion will be more fully given in an opinion to be hereafter prepared.

The writ is denied, and the proceeding dismissed.

McFARLAND, J.,
HARRISON, J.,
HENSHAW, J.,
GAROUTTE, J.,
VAN FLEET, J.,
BEATTY, C. J.

REVENUE ORDERS.

219

On June 22, 1896, the Auditor, William Broderick, Esq., filed with the Board his estimate of the Revenue and Expenditures for the fiscal year 1896-97.

The expenditures were estimated at \$5,315,580; the revenue to be derived from taxation was estimated at \$3,861,000, and \$1,454,580 from other sources. The valuation of real and personal property subject to taxation was estimated at \$330,000,000, necessitating a tax of \$1 17 on each \$100 valuation of property; the revenue to be derived from other sources than taxation being estimated as follows:

Fees of City and County officers.....	\$230,000 00	
Fines imposed in Police Courts.....	30,000 00	
Fines imposed in Superior Courts.....	1,000 00	
Licenses, City and County.....	380,000 00	
Licenses, Municipal.....	80,000 00	
Licenses, Stock Certificate Taxes.....	1,200 00	
Quarantine Fees.....	5,000 00	
Subsistence of United States Prisoners....	1,500 00	
Sundries	9,880 00	
		\$738,580 00
 School Fund—		
State Apportionment of School Moneys	\$630,000 00	
Rents of School Property	45,000 00	
		675,000 00
 Street Department Fund—		
Licenses on Vehicles.....	\$26,000 00	
Percentage on Gross Income of Street Railroads	10,000 00	
		36,000 00
 Park Improvement Fund—		
Fines and other sources.....		2,000 00
 Free Public Library Fund—		
From Fines.....		1,000 00
 Sinking Funds—		
From Interest on Loans ...		2,000 00
		\$1,454,580 00

The estimate of the Auditor was referred by the Board to the Finance Committee consisting of Supervisors Taylor, Hobbs and Benjamin to consider and report the appropriations required to be met in the levy to be fixed on the third Monday in September, 1896, for the fiscal year 1896-97.

The Finance Committee at its sessions considered the appropriations as recommended by the Auditor and heard various parties relative thereto, and on Thursday evening, July 23, 1896, held a special session for the purpose of hearing the representatives of all public departments, and all associations, improvement clubs, and persons who had filed applications for appropriations.

At that meeting Dr. Clinton, J. F. Crossett, A. P. Van Duzer, Judge Van Reynegom, E. Sbarboro, ex-School Director Woodward, Dr. Hart (member of the Board of Health), School Directors Murdock and Knox, Babcock, Superintendent of the Common Schools, Daniel Sullivan, Chas. A. Ellis, N. C. Weinholz, H. E. Law, President of the Van Ness Im-

provement Club, E. T. Russell, S. B. Knowland, of the Fourth-street Improvement Club, M. S. Kohlberg, of the Merchants' Association, and Peter T. Seculovitch were heard.

The Committee on Finance on August 3, 1896, presented a report on the condition of the funds and accounts at the close of the fiscal year, 1895-96, and the amount of surplus to be transferred to the several funds of the fiscal year, 1896-97; the estimated expenses of the fiscal year for the several municipal purposes and recommending the tax levy be fixed at \$1.05 on each \$100 valuation of assessable property, on the third Monday in September.

The following is a copy of the report, to-wit:

REPORT OF FINANCE COMMITTEE ON ESTIMATED EXPENDITURES.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: Your Finance Committee would respectfully state that the balances in the Treasury to the credit of the several funds over which your Honorable Body have control are, as reported by the Auditor, after deducting all demands for the fiscal year 1895-96, as follows:

General Fund.....	\$134,118 46
Street Light Fund.....	4,856 08
Police Relief and Pension Fund.....	32,909 32
Disinterment Fund.....	3,050 00
Street Department Fund.....	9,719 73
	<hr/>
Total balance.....	\$244,653 59

As your Honorable Board, on the recommendation of your Committee, transferred the sum of \$150,000 to the General Fund of this present fiscal year to meet expenditures, the balance in that fund, and amounts that can be transferred from other funds are recommended to be more to reduce the limit of taxation and to meet expenditures for liabilities not yet accrued, to-wit:

The sum of \$20,000 from the General Fund of 1895-96, which, with the unexpended balance on the Street Department Fund of said year, amounting to \$9,719 73, to the Street Department Fund of the present year to meet liabilities not yet accrued, to-wit: for grading a portion of Lafayette Park, establishing grades south of Golden Gate Park, constructing the Presidio sewer, etc.

The balance remaining in the General Fund of 1895-96, amounting to \$24,118 46, the unexpended amount of \$4,856 08 in the Street Light Fund, the sum of \$22,909 32 from the Police Relief and Pension Fund, and the sum of \$1,050 from the Disinterment Fund, aggregating \$52,933 86, to the General Fund of this year.

The remaining balances of \$10,000 in the Police Relief and Pension Fund of 1895-96 to the fund of the present year, and of \$2,000 in the Disinterment Fund to the fund of the present year, to meet liabilities accruing.

The transfers to the General Fund, less the sum of \$7,000 due on preparation of official map, aggregate \$195,933 86 from the surplus in the Treasury, as per Auditor's statement, is for the purpose of meeting expenditures of the present fiscal year, and to that extent decrease the amount to be raised for the expenditures of the present fiscal year.

The expenditures of the government have been estimated at the sum of \$5,308,810, of

which it is proposed to raise by taxation the sum of \$3,658,200, the revenue from other sources being estimated by the Auditor at \$1,454,580, which, with the amount of \$195,933 carried forward from the fiscal year 1895-96, make up the grand total.

The estimated valuation of property to cover all contingencies upon which your committee have fixed the levy, is \$348,400,000, which will necessitate a levy of \$1 05 upon each \$100 valuation of property to provide the amount of \$3,658, 200 by taxation.

Your committee beg leave to submit for the careful and unprejudiced consideration of our citizens that, while many improvements have been urged and which under different circumstances ought to be provided for, it must be borne in mind that the general good must predominate, and, as it appears to your committee an excessive tax levy in a period of depression as at present experienced by our merchants, business men and property owners, would be a great hardship bearing oppressively on all our citizens.

These reasons, important as they are, could not be overlooked, and led your committee to recommend as light a tax rate as could consistently be made, in view of the fact that our Supreme Court has determined it to be the duty of the levying power to provide sufficient funds, exercising reasonable and proper discretion, for the expenditures of the government.

In the performance of this duty it is to be regretted that many of the appropriations made to departments are not controlled and kept within the appropriations made, and thus result in creating an indebtedness which cannot always be foreseen and which are seemingly bound to occur until the courts determine that beyond the appropriations made therefor no department can expend a greater amount than provided for it. This subject, and the evils of the system now prevailing and allowed, have been reported on time and time again, and no remedy has yet been evolved to check and prevent such outlays.

The resolution to be introduced will present the result of your committee's labor, showing the purposes and the several appropriations made therefor, and which, in the exercise of economy, if the power vested in the Board to control the same would have resulted in many reductions being made. As it is, the power has been exercised so as to show that a discretion has been exercised to provide sufficient and reasonable appropriations to meet all expenditures.

As many of our departments and citizens have impressed the committee with their views on many public requirements, it is but just to state that, but for the conditions existing, these requirements would have been provided for. Among many, none appealed to your committee more strongly than the appropriation asked for a High School Building at the Mission, but as the appropriation for the School Department was \$1,000,000 your committee could not see their way clear to add \$200,000 to the levy this year for that purpose, although it is conceded a High School should be located in that section of our city.

Your committee was not unanimous in the matter, as Supervisor Hobbs was urgent as to the necessity of providing his constituents with their demand for higher educational facilities.

The importance of carrying out the improvements and preserving those already made in Golden Gate Park appealed to your committee, and after due consideration the sum of \$225,000 00 was allowed, as liberal an appropriation as could be made, and which no doubt will be ample to maintain the Park as at present. Supervisor Benjamin, while dissenting to this amount as being insufficient, was willing to allow \$250,000.

The attention of your committee was called to the action of the Grand Jury in determining that the sum of \$84,000 was a sufficient appropriation for the conduct of the County Clerk's department in the payment of salaries, and with that view your committee coincides and have fixed the appropriation at that amount. The appropriation for the County Clerk's

department for the last fiscal year, ending June 30, 1896, was \$126,000, which was all expended in the payment of salaries, and the position taken by the County Clerk has been sustained by the Courts as to the expenditures so made. However that may be, there is no question as to the \$84,000, or \$7,000 per month, being sufficient, and in that view your committee here recommended that amount as the appropriation for the present fiscal year.

In this view Supervisor Benjamin dissented, for the reason that the County Clerk, in expending \$40,000 more than the appropriation made for his department, would create a deficiency and deplete appropriations made for other purposes, and thus prevent payment of demands provided for.

In the matter of the application of the Board of Health for a large increase in their appropriation, supported by the Merchants' Association, your committee allowed the sum of \$25,000, being \$7,000 increase over the allowance made last year. The Board of Health will undoubtedly keep within the appropriation made, as the times do not call for or permit of expenditures in excess of appropriations, even for laudable purposes.

In the matter of providing funds for the Street Department, an appropriation of \$475,000 has been allowed, which includes \$120,060 for street sweeping. As this expenditure has shown the best results in cleaning and keeping clean our streets, it is believed that this will insure all that is required and keep in operation the system for which our citizens are indebted to the Merchants' Association in their demonstration of how to do this work. For repaving and repairing accepted streets the sum of \$200,000 is provided. The other appropriations are sufficient under the present conditions to afford all that can reasonably be expected.

In the matter of appropriations made in excess of statutory enactments for the Fire Department and the Fire Alarm and Police Telegraph, rendered necessary to afford adequate protection to our citizens, it must be borne in mind that these statutory allowances were made eighteen years ago, and are wholly insufficient to maintain these departments at the present time. This is apparent, as improvements have been made over a large territory and have steadily progressed in outlying portions of our city, while the demands for protection against fire have necessarily compelled the levying of a sufficient amount to keep pace with these demands.

In this connection your committee report that judgments amounting to \$2,140 95 have been provided for out of the Surplus Fund of this fiscal year, and that the amount of \$300,800 remains in the Public Building Fund for the erection of the municipal buildings, which was raised by the levy of last year.

Your committee, in conclusion, state that they have considered the various municipal requirements, and have made reasonable appropriations to provide for the same, and have exercised that power which a prudent expenditure on the part of the municipal departments will justify, believing that an enforced economy is required in the best interests of this community.

C. L. TAYLOR,
J. K. C. HOBBS,
CHARLES E. BENJAMIN.

The Committee on Finance also presented a resolution showing the appropriations as estimated and provided for the approval of the Board, as based on the report; their resolution as presented was amended as follows:

On motion by Supervisor Benjamin by adding \$25,000 to the appropriation for Golden Gate Park: Supervisors Hirsch, Dimond, Dunker, Taylor and Hobbs voting against. On

motion of Supervisor Hobbs by adding \$200,000 to the School Department Fund to purchase a lot and erect a high school building in the Mission District; Supervisors Dimond, Hughes, Dunker, Taylor and Spreckels voting against.

On motion of Supervisor Taylor by adding \$2,000 to the appropriation for employees of the Health Department.

As amended the resolution offered by the Finance Committee was adopted. The effect of the action of the Board was to raise the estimate \$227,000, which would make the levy to be fixed \$1.1152 in lieu of \$1.05 as recommended by the Finance Committee.

On August 12, 1896, a communication was received from the State Board of Equalization, with notice that it proposed to increase the total assessment of real and personal property on the assessment book of the City and County, to make the assessment conform to the true value in money in order to equalize the value of the taxable property of the several counties in the State, and notifying the Board that it would hear and consider all objections to such increase on Wednesday, the 19th day of August, 1896, of which the following is a copy:

NOTICE OF STATE BOARD OF EQUALIZATION.

OFFICE OF
STATE BOARD OF EQUALIZATION,
SACRAMENTO, August 11, 1896. }

*To Jno. A. Russell, Esq., Clerk of the Board of Supervisors
Of the City and County of San Francisco—*

SIR: Please take notice and inform the Board of Supervisors of the City and County of San Francisco, that the State Board of Equalization, having examined the assessments upon the Assessment Book or Roll for the year 1896 for said county, proposes to increase the entire Assessment Book or Roll of said county for said year, except property exempt from increase, for the purpose of making the assessments conform to the true value, in money, of the property contained on said roll, so as to equalize the value of the taxable property of the several counties in the State for the purpose of taxation.

The Board will consider all objections which may be made to such increase at its office in the Capitol at Sacramento on Wednesday, the 19th day of August, 1896, between the hours of 9:30 A. M. and 4 P. M.

Respectfully yours,

C. M. COGLAN,
Clerk State Board of Equalization.

The service of the notice was duly acknowledged and the fact of the Board of Supervisors having taken a vacation until September 21, 1896, communicated to the State Board of Equalization.

The members of the Finance Committee, as well as His Honor, Mayor Sutro, the Auditor as well as the Assessor, were informed by notices of the intention of the State Board of Equalization.

On August 18, 1896, after consultation, in view of the impression that a raise of the assessment had been determined upon by a majority of the members of the State Board, it was deemed advisable not to appear before the State Board. The Chairman of the Finance Committee, however, made a written statement of the case of San Francisco, showing that the assessment was an increase of \$29,740,784 over that of last year, and that the total assess-

FINANCIAL EXHIBIT AND

ment of 1896-97 was an over assessment, property having been steadily decreasing in value for several years.

The following is a copy of the protest against the proposed action of the State Board of Equalization forwarded to said Board on August 18, 1896, by Supervisor Taylor.

PROTEST AGAINST PROPOSED ACTION OF THE STATE BOARD OF
EQUALIZATION.

CLERK'S OFFICE, BOARD OF SUPERVISORS }
San Francisco, August 18, 1896. }

To the Honorable State Board of Equalization.

Sacramento, California—

GENTLEMEN: I have the honor to acknowledge the receipt of your notice that it is the intention of your Honorable Board to increase the assessment of all taxable property in this City and County to make it conform to its true value, and that objections will be heard to said proposed increase on Wednesday, August 19, 1896.

It does appear that a wrong impression must exist in the minds of the members of your Honorable Board in reference to the assessment of property in this City and County, for the facts are that property has been assessed far in excess of its true value, and to such an extent that in all fairness a reduction on the aggregate amount of the assessment should be considered in lieu of a proposed increase.

Your attention is respectfully called to the total assessed value of property in the past year, 1895-96, which was \$327,845,342, while this year, 1896-97, after correction of assessments on verification by the Auditor, the aggregate assessed valuation is \$357,586,126, or an increase of \$29,740,784 over the last year, and this increase over last year is on personal property \$19,437,814 and on real estate \$10,302,970.

The question that presents itself as to what is the cause, especially when it is well known that during the last three or four years business has been greatly depressed, the commercial and manufacturing interests have steadily suffered in a loss of trade, and real estate has experienced that decline so that the values of property in this City and County, except on one street, Market street, have steadily fallen, until at the present time, except in the most favored localities, but sixty per cent of the values of property in 1893 or 1894 could be obtained if a purchaser can be found. This certainly is no news to the members of your Honorable Board; business houses have been reducing their stocks of goods so as to conform to the loss of trade, and many mercantile firms and manufacturers continue in business although expenses are not realized, in the hope of a revival in trade and commerce.

This condition it is hard to acknowledge, but facts are stubborn and cannot be gainsaid and but for the seeming proposed injustice of still further increasing the burdens, are these facts brought to your attention.

The City and County of San Francisco shares in the general progress of the State, and until a natural advancement is made, this City and County can not advance its commercial or manufacturing interests, for like a barometer indicating weather, San Francisco indicates either the increase or decadence of the prosperity of the State.

The action of the Assessor in making application on behalf of himself and the owners of property for a reduction of thirty per cent on the assessed valuation of property south of

Golden Gate Park and west of First Avenue, was the result of many applications from the owners of property for a reduction of at least fifty per cent of the assessed value, and from the fact that the Assessor based his opinion through error on the value of this property by deeds placed on record this year from sales made years ago on the installment plan when buyers were misled by a so-called real estate boom, to pay fancy prices. The investigation clearly disclosed that this property was assessed not less than fifty per cent over and above its actual cash value, while property in the sand dunes was assessed at not less than sixty per cent over and above its actual cash value.

This is equally true in degree of assessments in other portions of this city and county. The decadence in values has not been considered, but sales of years ago have been taken as a basis of valuation wholly uncalled for and far in excess of actual values.

The reductions made by the Board of Supervisors, including \$2,583,700 on franchises, aggregated \$2,972,986, while the reductions on the application of the Assessor and from clerical errors aggregated \$1,006,445, or a total of \$3,979,431. It may be pertinent to your inquiry in this matter to state that, with the single exception of the reduction made on franchises, the Assessor recommended after investigation all the other reductions made.

In presenting the case of San Francisco, your attention is called to the arguments made before your Honorable Board last year as containing the facts upon which this city and county looks for relief to your Honorable Board, and to the well known decadence in values of realty and to the contraction of business which for the last few years has been disastrous in its effects on our merchants, manufacturers and business men.

In conclusion, in a matter of so much importance to our taxpayers, as well as in justice to the taxpayers of this State, your Honorable Board is respectfully requested to consider the case of San Francisco without prejudice, for it is certainly within your knowledge that the steady decline of the values of realty in this city and county should be the means of considering, in place of an increase, what reduction should be made in the aggregate valuation.

As many of the members of the Board of Supervisors are absent from the city, having adjourned over for that purpose, and as no committee will appear before your Honorable Board, the undersigned presents this statement as a simple plea for justice at your hands.

C. L. TAYLOR,

Chairman of Board of Equalizers of the City and County of San Francisco,

The hearing of the case of San Francisco by the State Board was on August 15, 1896, postponed to Wednesday, September 2, 1896, of which the officers were duly notified.

A. Chesebrough, Esq., the member of the State Board of Equalization from San Francisco, made an extended investigation into the assessments made in this county and consulted the Assessor as to the principles that governed that officer in making assessments, and at the meeting of the State Board presented the case of this city and county and represented the injustice that would be perpetrated in making any increase of the total assessed value of the property as proposed. Notwithstanding the vigorous defense made by A. Chesebrough, Esq., on September 8, 1896 the State Board raised the assessment of this city and county twenty per cent, Messrs Arnold, Beamer and Morehouse voting for, and Messrs. Colgan and Chesebrough against the increase.

The following is a copy of the official notice received by the Auditor, William Broderick, Esq., from the State Board, requiring the said increase of twenty per cent be made to all property except the property exempt by law from such increase.

NOTICE TO AUDITOR FROM THE STATE BOARD OF EQUALIZATION.

OFFICE OF STATE BOARD OF EQUALIZATION, }
 SACRAMENTO, September 10, 1896. }

To William Broderick, Esq.,

Auditor of the City and County of San Francisco—

SIR: Please take notice that on the 8th day of September, 1896, the State Board of Equalization ordered that the entire Assessment Roll, or Book, for 1896, of the City and County of San Francisco be increased by adding twenty (20) per centum to the valuation of all the property listed therein, exclusive of the apportionment made by this Board of the assessment of railways to said county, so as to equalize the assessment of the property contained on said Assessment Roll, and make the assessment conform to the true value in money of the property contained on said roll; provided, that neither moneys, solvent credits, nor mortgages, deeds of trust, contracts or other obligations by which a debt is secured are raised above their face value.

When the property to be raised is not subject to a deduction by reason of a mortgage or deed of trust, the per centum may be added to the amount of the total column valuation.

In all cases where the property is subject to a mortgage or trust deed, the percentage must first be added to the assessment of the property affected and the deduction made from the increased assessment, and the change must correspondingly be made in the total value column; otherwise there will be a less amount of taxes raised than is necessary for State purposes. To illustrate; Suppose "A" is assessed for a tract of land valued at \$1,000, subject to a mortgage for \$500; the remainder assessed to "A" would be \$500, and the percentage (say 10 per cent added) would be \$50, and the amount upon which taxes would be levied upon "A's" property would be \$550. But as the increase by the State Board is based upon the theory that "A's" property has been so undervalued as to need an addition of 10 per cent to bring it to an approximate true value, it is evident that the 10 per cent should be added to such property. The addition of the 10 per cent would increase its assessed value to \$1,100, and the remainder, after deducting the mortgage, would be \$600 subject to taxation.

Where a mortgage, deed of trust, contract or other obligation by which a debt is secured appears to have been assessed below the amount due thereon, as is often done by Assessors to scale it down to the low assessment of property affected, you will add the per centum to the valuation of the property affected, and then to the value of the mortgage, deed of trust, etc., and also to the amount to be deducted, provided such addition does not raise such instrument above its face value.

L. C. MOREHOUSE,
 Chairman State Board of Equalization.

C. M. COGLAN,

Clerk of the State Board of Equalization.

Owing to the repeal at the session of 1895 of the Act of the Legislature of 1873-74, wherein the levy for city and county purposes was made on the fourth Monday in June in each year, the Auditor had no recourse but to comply with the provisions of the Revenue Code and add to the valuation of property the twenty per cent for city and county as well as for State purposes, it being the duty of the Board of Supervisors to fix the levy on the said valuation as fixed by the State Board of Equalization on the third Monday in September. As the Board of Supervisors fixed the levy subsequent to the action of the State Board of Equaliza-

tion since the repeal of the Act of 1873-74, which was supplementary to and amendatory of the Consolidation Act, the decision of the Supreme Court in the case of Baldwin vs. Ellis is certainly applicable.

The scope of the decision in the case of Baldwin vs. Ellis is predicated on the fact that no injustice can be done by the imposition of greater burdens than contemplated, in determining that there can be but one valuation of property for State and County purposes because the power is vested in the County Boards to fix the tax rate subsequent to the action of the State Board, as the following extract from said decision shows, to-wit:

"If it was not the scheme of the law that there should be but one true valuation, and that the one fixed by the State Board, why the enactment that the County Board shall fix the rate of taxation after the former Board has acted? It would seem as if this was the true rule of law in the matter, as then only can it be definitely known upon what total amount the rate of taxation is to be based, and a taxpayer cannot be damaged under this construction of the statutory enactment, for if the valuation were less the percentage of taxation would be of necessity larger, and if by the action of the State Board the valuation be higher, the percentage to meet County and State expenses would be less."

This logical reasoning is very plain; there can be but one valuation, because the taxpayer cannot be presumably damaged, as the statute in these cases provides a remedy, the levy for county purposes not being fixed until after the action of the State Board the revenue for county purposes is adjusted either by a reduction or an increase in the levy, according as the assessment roll is reduced or increased by the State Board.

The Auditor, however, after consultation and desirous of aiding if practicable in resisting this unjust imposition, submitted the matter to his legal adviser, who, after an examination of the provisions of the Revenue Code and the decisions of the Supreme Court, gave it as his opinion that the assessments required to be increased for City and County as well as State purposes.

The following is a copy of the opinion:

OPINION OF GARRET W. McENERNEY.

SAN FRANCISCO, Sept. 11, 1896.

William Broderick, Esq.,

Auditor of the City and County of San Francisco—

DEAR SIR—I beg to acknowledge the receipt of your communication asking for my opinion as follows:

Does the recent action of the State Board of Equalization in increasing the assessment roll of San Francisco twenty per cent. necessitate an increase of twenty per cent. upon the assessed value of the property within the City and County of San Francisco as well for municipal purposes as for State purposes?

In my judgment, you are required by the action of the State Board to increase the roll twenty per cent. for all purposes, municipal as well as State.

My reasons for that opinion are the following:

Until March 28, 1895, the levy and the collection of taxes for city and county purposes

within San Francisco were governed and controlled by the Consolidation Act, the provisions of which were different from those contained in the Political Code, by which the levy and the collection of taxes in the counties of this State for county purposes were controlled. Under the provisions of the Consolidation Act relating to the levy of taxes it was provided that the rate should be fixed in June of each year. Now it is provided that the rate shall be fixed in all counties and cities and counties on the third Monday of September of each year. The State Board of Equalization is required to equalize the assessment in the counties, and to raise or lower the assessment rolls, if it be minded to do so, between the first Monday of August and the second Monday of September of each year. Consequently last year was the first time since the adoption of the new Constitution that the tax rate in San Francisco was fixed after the State Board of Equalization had an opportunity to raise or lower the assessment roll; or, in other words, the Supervisors of San Francisco, from 1879 to 1895, fixed the tax rate upon the assessment roll and were by law required to do so before the State Board of Equalization established the assessment roll for the year.

In every county in the State since the time of the adoption of the Constitution the Supervisors have fixed the tax rate after the assessment roll had been equalized by the State Board of Equalization.

In 1886, the Supreme Court decided the case of E. J. Baldwin vs. Asa Ellis, Tax Collector of Los Angeles county (68 Cal. 495). In that case the State Board of Equalization had increased the assessment roll of Los Angeles county. The Tax Collector computed the taxes for State purposes and for county purposes upon the roll as it was fixed by the State Board of Equalization. Mr. Baldwin was required to pay the taxes as they were so computed, and subsequently brought an action against the Tax Collector claiming that the State Board of Equalization has authority to raise the assessment roll of the county for State purposes only, and that the increased taxation which he was required to pay for county purposes was illegally exacted. The Supreme Court, however, decided that the State Board of Equalization had authority to increase for county purposes as well as for State purposes, and that there could be but one valuation of property for the purposes of assessment and taxation. The Court further pointed out that the rule so laid down by it could not damage the taxpayer for the reason that the amount of taxes to be raised was determined by the amount of the assessment roll, and if the roll was increased the rate would be decreased, and that it was practically the same thing for all general purposes. This decision has never been overruled and stands to-day unreversed.

In June, 1891, the Board of Supervisors of this city and county fixed the tax levy for the ensuing fiscal year at 1.03. Subsequently, and in September of the same year, the State Board of Equalization increased the assessment roll of San Francisco thirty per cent. It will be observed that the tax levy was then fixed and was not capable of change. If the thirty per cent. had been added to the municipal taxes of the year, the taxpayers of the city and county would have been required to pay \$900,000 and over into the Treasury for city and county purposes, although it had been determined by the Supervisors that 1.03 on the roll as it existed before it was raised by the State Board of Equalization was sufficient for all purposes.

To avoid levying this additional \$900,000 on the taxpayers, Mr. Sanderson, then Mayor, and Mr. Ellert, then the Chairman of the Finance Committee, obtained the opinion of Judge McKinstry to the effect that as San Francisco was governed by the provisions of the Consolidation Act it did not come within the rule of the Supreme Court in Baldwin vs. Ellis. He pointed out that in that case much stress was laid upon the fact that the tax rate was fixed

after the roll had been equalized by the State Board of Equalization, and he gave it as his opinion that the raise did not involve the collection of the additional \$900,000 for municipal purposes.

Consequently, in that year the city taxes were collected upon the valuation by the Supervisors, acting as a county board of equalization, and the State taxes collected upon the assessment roll as it was fixed by the State Board of Equalization, which increased the amount of it thirty per cent. If the Consolidation Act still continued to govern the collection of taxes in San Francisco, the same course would probably be pursued this year; but in March, 1895, the Legislature passed an act repealing the provisions of the Consolidation Act with reference to the levying and collection of taxes in San Francisco, and therein provided that the provisions of the Political Code in relation to the levy and collection of taxes should apply as well to all of the cities and counties as to the counties of the State.

Consequently our tax rate last year was fixed on the third Monday of September. This year it will be fixed on the third Monday in September. We are, therefore, precisely in the same situation that Los Angeles county was in when the Supreme Court decided Baldwin vs. Ellis. The Legislature has put us upon the same plane. We fix our tax rate after the amount of the assessment roll has been established by the State Board of Equalization. Consequently, under the decision of the Supreme Court there can only be one assessment roll, and that for both municipal purposes and State purposes.

I am informed by you that the rate which has been practically agreed upon by the Board of Supervisors, based upon the assessment roll before it was increased by the State Board of Equalization, namely, 1.07, can be reduced to about eighty-five cents on the \$100; or, in other words, eighty-five cents on the \$100, computed on the assessment roll as fixed by the State Board of Equalization, is equal to \$1 07 collected on the amount of the assessment roll fixed by the Board of Supervisors, acting as a county board of equalization.

This change, however, will not bear equally upon all persons. Under the law, mortgages and money are assessed at their face value. Consequently, when the assessment roll of a county is raised, neither mortgages nor money can be raised in point of assessed value, except that where mortgages have been assessed for less than their face value, which occasionally, though rarely, occurs, they may be raised to the amount of their face value. Consequently, there will be no increase in the amount of the assessment levied upon mortgages or money, but the tax rate upon which their taxes will be computed will be decreased, if the figures above quoted hold out, from \$1 07 on the \$100 to eighty-five cents on the \$100.

But, however, the change in the valuations may result, your duty under the law is clear. By the action of the State Board of Equalization the roll is increased twenty per cent. It is your duty to increase the roll accordingly. And, under Baldwin vs. Ellis, that increase in the assessment roll is the basis for the entire rate of taxation for the present year, both State and municipal.

Respectfully,

GARRET W. McENERNEY.

The increase made to the assessable value of property as estimated by the Auditor is as follows:

Real Estate assessment.....	\$275,334,295 00
Twenty per cent increase.....	55,066,659 00

\$330,401,154 00

FINANCIAL EXHIBIT AND

Personal property.....	\$47,073,097 00	
Twenty per cent increase.....	9,414,619 00	
		<u>56,487,716 00</u>

Money and solvent credits—

Personal property book.....	\$11,706,396 00	
Real estate book.....	33,472,338 00	
		<u>35,178,734 00</u>

Total valuation, State Board of Equalization.....	422,067,604 00
Total valuation, Assessor.....	357,586,126 00
Increase made by State Board of Equalization.....	<u>\$64,481,478 00</u>

The assessed valuation of property the preceding year, 1895-96, was \$327,845,342. The assessment this year, 1896-97, was \$357,586,126, or an increase of \$29,740,784 over the preceding year. This, with the increase made by the State Board of Equalization of \$64,481,478, made an increase of \$94,222,262 in the assessment of property for this year, 1896-97, over the assessment for the preceding year, 1895-96.

In order to illustrate the peculiar action of the State Board of Equalization in the hazard treatment of San Francisco, the annexed table shows the valuation of the assessable property of the City and County as returned by the Assessor with the action of the State Board of Equalization.

YEAR.	AMOUNT OF ASSESS- MENT ROLL.	ACTION OF STATE BOARD.	STATE TAX CENTS
1881-2....	\$222,433,400	8 per cent. increase.....	.655
1882-3....	202,162,007	No action.....	.596
1883-4....	221,225,245	15 per cent. increase.....	.497
1884-5....	223,509,560	10 per cent. increase.....	.452
1885-6....	227,609,348	12½ per cent. increase.....	.544
1886-7....	230,151,009	No action.....	.560
1887-8....	251,746,111	No action.....	.608
1888-9....	273,389,616	No action.....	.504
1889-9)....	306,040,405	5 per cent. decrease.....	.722
1890-1....	301,444,140	No action.....	.580
1891-2....	311,509,034	30 per cent. increase.....	.446
1892-3....	346,224,706	20 per cent. increase.....	.434
1893-4....	342,644,179	No increase.....	.576
1894-5....	325,109,018	15 per cent. increase.....	.493
1895-6....	327,845,342	No increase.....	.685
1896-7....	357,586,126	20 per cent. increase.....	.429

The Chairman of the Committee on Finance consulted Harry T. Creswell, Esq., the City and County Attorney, and the Hon. E. W. McKinstry as to the effect of the action of the State Board of Equalization, and as to whether this proceeding might be judicially reviewed and reversed. The Merchants' Association and the citizens generally gave public expression to their indignation at the uncalled-for action of the State Board of Equalization, and forwarded their protests against this unjust exaction. Notwithstanding the representations made, the State Board of Equalization determined the total valuation of assessable property in the different counties and fixed the rate of State taxation at 42.9 cents on each one hundred dollars valuation of property.

At a meeting of the Board of Supervisors held on September 14, 1896, Supervisor Taylor called attention of the Board to the action of the State Board as follows:

STATEMENT OF SUPERVISOR TAYLOR.

GENTLEMEN: I desire to call your attention to the standup of this city by the Board of State Equalizers, notwithstanding the abundance of evidence sent them from this city by the Merchants' Association, the Assessor and the local Board of Equalizers, through its chairman, that the assessment was already too high.

There has been a great crime perpetrated upon the taxpayers of San Francisco under the guise of the law. It is none the less a crime, even if the law gave them the power.

The great injustice is palpable in the fact that \$2,750,000 is to be taken from the pockets of the taxpayers of this city without justification.

It is worse than highway robbery, for the latter requires courage and the individual runs the risk of his life in the performance of his business, while these officers skulk behind the protection of the law. The facts are evident that they are either incompetent or corrupt, and that they are wholly unfit for a great public trust, as I propose to show. I desire to call attention to the fact that the raise applied to this city in the last six years is 27½ per cent. and the raise in all the balance of the State is 1½ per cent; also the fraud perpetrated by the farcical amount assessed on solvent debts and moneys in banks in Los Angeles County.

Los Angeles County, with a population of 150,000, was assessed this year for money, \$314,950, and solvent credits, \$479,855.

One of its banks alone, the Farmers' and Merchants' Bank, if assessed according to the Bank Commissioners' report, should have been assessed for over \$700,000 in money and solvent credits.

According to the Bank Commissioners' report the banks of the City of Los Angeles had \$1,267,368 in money on hand in March of this year, yet the whole county is assessed for only \$314,950 in money.

Mr. Arnold, the State Equalizer who hails from Los Angeles, and who purposed to raise San Francisco's assessment 25 per cent., in order to equalize between the two counties, as he called it, holds up Los Angeles County as an example of good assessment. If the rest of its property is assessed in the same proportion as its money and solvent credits it makes a very poor showing.

Mr. Arnold, in moving to increase San Francisco's assessment 25 per cent., is quoted by the newspapers as having stated: "I do this because I think that inasmuch as Los Angeles has appeared before the Board with a raise of 30 per cent. San Francisco should have done as well. She has increased her roll by about 5 per cent.," and if his motion was carried he thought it would "equalize matters between the two counties."

If Mr. Arnold has been quoted correctly, and I have no reason to doubt that he has, we can only say: "God save us from such equalization."

Los Angeles County was assessed in 1895 at \$82,544,875; in 1896 at \$98,797,180, being an increase of 20 per cent., and not 30 per cent., as Mr. Arnold says. San Francisco was assessed in 1895 at \$337,805,147; in 1896 at \$357,586,126, being an increase of 9 per cent., and not 5 per cent., as Mr. Arnold says.

Hence Mr. Arnold's premises and conclusions are wrong. He has assisted in raising San Francisco 31 per cent. over its assessment of 1895. To make San Francisco's increase of assessment equal to that of Los Angeles (providing Los Angeles is as well assessed as San Francisco) San Francisco should have only been raised 10 per cent. instead of 20 per cent. But even a raise of 10 per cent. is out of question when you consider that the whole county of Los Angeles has been assessed for \$314,950 in money only.

I hereby enter my most earnest protest against the action of the State Board of Equalization.

The law says that there is no wrong without a remedy, but in this case I think that the quotation falls. This is a great wrong and I fail to see a remedy except through legislation, and at the present time this is too far off to do us any good.

Thereupon, Supervisor Taylor presented, and on his motion, the following resolution was adopted, to-wit:

RESOLUTION No. 14,919 (THIRD SERIES).

WHEREAS, Whatever injustice has been perpetrated by the State Board of Equalization in arbitrarily and without cause raising the assessed value of real and personal property twenty per cent for the fiscal year 1896-97, there appears to be no action whereby our citizens can be relieved therefrom; and

WHEREAS, The question of increasing the assessed value of real and personal property as fixed by the State Board of Equalization is vested in the Auditor, who has been advised that it is his duty to increase the assessment, pursuant to the provisions of the Political Code and the direction of the State Board of Equalization; therefore,

Resolved, That no remedy except by legislation presents itself to the judgment of this Board to remedy this arbitrary and unjust action, as heretofore decided by the Supreme Court.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hughes, Dunker, Taylor, Morgenstern, Wagner.

Absent—Supervisors Hirsch, Dimond, Spreckels, Hobbs.

JNO. A. RUSSELL, Clerk.

On the 14th day of September, 1896, a communication was received from the State Board of Equalization fixing the rate of the State tax at 42.9 cents on each \$100 valuation of taxable property in the State, of which the following is a copy, to wit:

REVENUE ORDERS.

COMMUNICATION FROM STATE BOARD OF EQUALIZATION.

OFFICE OF STATE BOARD OF EQUALIZATION, }
 SACRAMENTO, September 8, 1896. }

To the Board of Supervisors of San Francisco County—

The rate of State tax, fixed this day by the State Board of Equalization as the ad valorem rate of taxation levied and to be collected upon each one hundred dollars of the assessed valuation of the property of the State, to raise the specific amount of money required to be raised for the forty-eighth fiscal year, is 42.9 cents, and the said rate was fixed and apportioned as follows:

For the General Fund.....	22.4 cents
For the School Fund.....	18.3 cents
For the Interest and Sinking Fund.....	1.2 cents
Total rate of State tax.....	41.9 cents

And the Board also this day, in pursuance of law, declare the levy of an ad valorem tax of one cent upon each one hundred dollars of value of the taxable property of the State for the support of the University of California (see Statutes 1887, p. 2), making a total tax of forty-two cents and nine mills.

You are, therefore, as provided by Section 3,714 of the Political Code, required, on the third Monday of September, to levy the said rate of State taxation upon the taxable property in the county.

L. C. MOREHOUSE,
 Chairman of State Board of Equalization.

Attest:

C. M. COGLAN,
 Clerk of the State Board of Equalization.

The Committee on Finance, after reviewing the former estimate of expenditures and making provision for various purposes rendered necessary by decisions of the Supreme Court, presented a report to the Board on September 21, 1896, reciting that owing to the action of the State Board of Equalization the levy for city and county purposes was based on a valuation of four hundred and eighteen million dollars, and recommended that the levy of taxes be fixed at 96 2-10 cents on each \$100 valuation of property, to provide the revenue required for the estimated expenditures. The following is a copy of the report, to wit:

REPORT OF FINANCE COMMITTEE.

To the Honorable the Board of Supervisors
 Of the City and County of San Francisco—

GENTLEMEN: Your Finance Committee respectfully report that, pursuant to the un-called-for and vicious action of a majority of the members of the State Board of Equalization in carrying out their pre-determined action in increasing the assessed valuation of the property in this city and county twenty per cent; with the action of the Assessor in increasing the valuation over that of last year \$29,740,784, in face of the great shrinkage in values

consequent upon the general depression in business, have had the effect of increasing the valuation of the property in this city and county \$94,222,262, upon which basis of value citizens will be required to pay their taxes.

The aggregate valuation of property after increase by the State Board of Equalization amounts to \$422,067,604, upon which your committee, after making all allowances, base the tax levy upon a valuation of \$418,000,000, necessitating a tax of 96.20 cents on each \$100 valuation of property for city and county purposes. The State tax, as fixed by the State Board of Equalization being 42.90 cents, makes the total levy for State, city and county purposes \$1.3910 on each \$100 valuation of property.

Your committee also submit an order providing for a levy of \$10.20 on the enhanced values of property for the widening of Dupont street, that being the amount required as per oral estimate of the Auditor.

Also submit a resolution providing for refunding the excess of amounts collected by the Assessor as the tax on personal property for the year 1896.

Your committee also recommend the rescission of the action whereby a Veterinary Surgeon was appointed for horses of the various municipal departments except the Fire Department, and for an increase of one police officer to the police force who shall be a veterinary surgeon, and whose duty it shall be to attend to horses of the Police and other departments, except the Fire Department.

C. L. TAYLOR, ;

J. K. C. HOBBS,;

C. E. BENJAMIN.

The order providing revenue for municipal purposes for the fiscal year ending June 30, 1897, and fixing the levy at \$0.9620 on each \$100 valuation of property for city and county purposes, was amended, on motion of Supervisor Spreckels, by adding \$30,000 to the appropriation in the General Fund for purposes of the Health Department (being an addition of 72 mills to the General Fund), Supervisors Hirsch, Taylor and Hobbs voting against, and Supervisor Dimond being excused from voting.

A motion of Supervisor Wagner, to add \$150,000 to the Street Department Fund for the special purpose of paving Market street from the ferries to Sixteenth street with a noiseless pavement, was lost, Supervisors Scully, Benjamin, Hirsch, Hughes, Dunker, Spreckels and Hobbs voting against, Supervisors Dimond and Taylor being excused from voting.

The order as amended was adopted and numbered 3,016, fixing the tax levy for city and county purposes at 96 92-100 cents on each one hundred dollars valuation of property, Supervisors Hirsch, Dimond and Taylor voting against its passage.

The following is a copy of the order passed, to wit:

ORDER No. 3016.

PROVIDING REVENUE FOR MUNICIPAL PURPOSES FOR THE FISCAL YEAR ENDING JUNE 30, 1897.

The People of the City and County of San Francisco do ordain as follows:

SECTION 1. Under and in pursuance of Acts of the Legislature of the State of California and in conformity thereto, and under and in pursuance of various municipal Orders and Ordinances and in conformity thereto, there is hereby levied a tax for city and county purposes for the fiscal year ending June 30, 1897, on all property, both real and personal, in the

City and County of San Francisco, excepting such property as is by law exempt from taxation, the sum of ninety-six 92-100 cents on each one hundred dollars (\$100) valuation of said taxable property upon the assessment books of said fiscal year, which sum of ninety-six 92-100 cents on each one hundred dollars (\$100) valuation, as aforesaid, is hereby apportioned to the funds and accounts known and designated as follows:

General Fund.....	\$0.5757
Street Light Fund.....	.0718
Street Department Fund.....	.1050
School Fund.....	.1256
Library Fund.....	.0125
Park Improvement Fund.....	.0593
Interest Account, Park Improvement bonds.....	.0067
Interest Account, City Hall Construction bonds.....	.0010
Sinking Fund, City Hall Construction bonds.....	.0067
Sinking Fund, Park Improvement bonds 1872-73.....	.0026
Sinking Fund, Park Improvement bonds 1874-75.....	.0023
Total.....	.9692

In Board of Supervisors, San Francisco, September 21, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hughes, Dunker, Morgenstern, Spreckels, Hobbs, Wagner.

Noes—Supervisors Hirsch, Dimond, Taylor.

JNO. A. RUSSELL, Clerk.

The Order reciting the amount of the levy for State purposes fixed by the State Board of Equalization at 42 9-10 cents on each \$100 valuation of property as determined by that Board, making the total levy for State, City and County proper \$1.3982 on each \$100 valuation of property was adopted on September 21, 1896, and numbered 3014. The following is a copy of the Order, to-wit:

ORDER No. 3014.

PROVIDING REVENUE FOR STATE PURPOSES FOR THE FISCAL YEAR
ENDING JUNE 30, 1897.

The People of the City and County of San Francisco do ordain as follows:

SECTION 1. Under and in pursuance of the Political Code and of the statutes of the State of California and in conformity thereto, and in pursuance of the action of the State Board of Equalization and in conformity thereto, there is hereby levied a tax for State purposes for the fiscal year ending June 30, 1897, on all property, both real and personal, in the City and County of San Francisco, except such property as is by law exempt from taxation, the sum of forty-two cents and nine mills on each hundred dollars (\$100) valuation of said taxable property upon the assessment roll for said fiscal year, which sum of forty-two cents and nine mills (42.9) on each one hundred dollars (\$100) valuation as aforesaid, is apportioned to the funds and accounts known and designated as follows:

For the General Fund	22.4 cents
For the School Fund	18.3 cents
For the Interest and Sinking Fund.....	1.2 cents
For the support of the University of California.....	1. cent
Total.....	42.9 cents

In Board of Supervisors, San Francisco, September 21, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

The following is a copy of a resolution in reference to the action taken by a majority of the members of the State Board of Equalization, whereby the total valuation of property in this city and county was arbitrarily increased twenty per cent, and acknowledging the vigorous action of the minority of that Board in trying to prevent the unjust discrimination against this city and county, which was introduced by and on motion of Supervisor Taylor adopted, to wit:

RESOLUTION No. 14,934 (THIRD SERIES).

WHEREAS, The majority of the State Board of Equalization, L. C. Morehouse, R. H. Beamer and George L. Arnold, has, in a most unjust manner, without reasonable cause increased the assessment roll of this city and county twenty per cent in excess of its aggregate cash value, in violation of their duty as sworn officers of the State; therefore,

Resolved, That said L. C. Morehouse, R. H. Beamer and George L. Arnold be and are hereby denounced for this most arbitrary proceeding; and further, that the thanks and gratitude of this Board and of the citizens of San Francisco are due to Messrs. A. Chesebrough and E. P. Colgan for their vigorous and manly opposition to the proceedings of the majority of their Board, and for their endeavors to save the people of this city from this most unjust imposition.

In Board of Supervisors, San Francisco, September 21, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Duunker, Taylor, Morgenstern, Hobbs,, Wagner.

Absent—Super visor Spreckels.

JNO. A. RUSSELL, Clerk.

REVENUE ORDERS.

237

The following classification of the estimated expenditures of the Municipal Government, aggregating \$5,681,654, for the fiscal year 1896-97, is herewith presented:

LIMIT OF EXPENDITURE.

In pursuance of the provisions of the statute to regulate and limit the monthly expenditures of the various municipal appropriations, so as to prevent any liability being incurred in excess thereof, which under the constitutional provision and the decision of the Supreme Court could not be paid, as each year's expenditures was required to be provided for by the revenue raised for that year, the Board of Supervisors, on September 28, 1896, passed the following Order to carry out in so far as the Supreme Court would permit the evident purpose of the Constitution restricting all expenditures in any one month to one-twelfth portion of the yearly appropriation, of which the following is a copy, to wit:

ORDER No. 3018,

REGULATING AND DESIGNATING THE LIMIT OF EXPENDITURE OF THE VARIOUS OFFICES AND DEPARTMENTS OF THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1897.

The People of the City and County of San Francisco do ordain as follows: §

SECTION 1. That each and every board, officer and department of the City and County Government shall be and are hereby limited in their respective expenditures during each fiscal year to the actual amount of money estimated as sufficient for such board, officer or department, at the time of making the annual tax providing funds for the maintenance of the City and County Government for such fiscal year, and to one-twelfth thereof each month.

SECTION 2. The amount of such estimate provided by the Board of Supervisors for the various boards, officers and departments for the fiscal year ending June 30, 1897, is:

LIMIT OF EXPENDITURE.

PURPOSES.	AMOUNT.
Advertising for City and County officers.....	\$5,000 00

FINANCIAL EXHIBIT AND

SECTION 4. The Auditor is directed not to audit, nor the Treasurer to pay, any demand in excess of the appropriations herein provided for, unless required so to do pursuant to a decision or by mandate of the Supreme Court.

In Board of Supervisors, San Francisco, September 28, 1896.

Adopted by the following vote :

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Dunker, Morgenstern, Hobbs, Wagner.

Absent—Supervisors Hughes, Taylor, Spreckels,

JNO. A. RUSSELL, Clerk.

The State Board of Equalization assessed for the fiscal year 1896-97 the franchises, road-bed, rails and rolling stock of the Central Pacific Railroad Company, the Southern Pacific Railroad Company and San Francisco and San Mateo Railroad Company, operated in part in the City and County, and, as provided by Section No. 3665 of the Political Code, the Board of Supervisors apportioned the assessment as determined by the State Board of Equalization by Orders Nos. 3019, 3020 and 3021. The assessment as made by the State Board, being as follows:

NAME.	ASSESSMENT.	TRACK, MILES IN		ASSESSMENT. PER MILE	Apportionment, City and County
		State.	City and County.		
Central Pacific R. R. Co....	\$13,000,000	746.76	2.46	\$17,408.53	\$42,825
Southern Pacific R. R. Co..	16,573,334	1,770.95	7.36	9,358.44	68,878
S. F. and San Mateo Ry Co.	120,000	20.729	15.901	5,788.99	92,050

Under the provisions of the Revenue Code the Assessor, upon assessing personal property, the owner of which had no realty, collected the tax on the basis of the prior year's levy. The assessor for the fiscal year, 1896-97, collected a tax of \$2.25 on each \$100 valuation, necessitating the fixing of the tax levy for State, City and County purposes at \$1.3982, of refunding to the respective taxpayers the amount collected in excess of the amount due.

On September 21, 1896, the Committee on Finance reported in favor of and introduced a resolution providing for the Treasurer refunding the excess of amounts collected by the Assessor as the tax on personal property for the fiscal year 1896, which was adopted by the the Board, being as follows:

RESOLUTION No. 14,932 (THIRD SERIES).

Providing for refunding the excess of amounts collected by the Assessor as the tax on personal property for the year 1896.

WHEREAS, Under the provisions of Section 3829 of the Political Code it was the duty of the Assessor to collect the taxes on all personal property not secured by realty assessed for the fiscal year 1896-97; and

WHEREAS, The Assessor collected the sum of \$608,200 97, based on the tax rate of 1895-96, to-wit: \$2 25 on each one hundred dollars valuation of said personal property, as provided by Section 3823 of the Political Code; and

WHEREAS, Such rate of \$2 25 is in excess of \$1 3982, the rate fixed for this year, and the amount so collected by the Assessor in excess of the amount due under the provisions of Section 3824 of the Political Code must be refunded to the persons or their assignees, from whom the several amounts so received were collected; and

WHEREAS, The State Board of Equalization, in increasing the assessed value of real and personal property twenty per cent., increased the percentage in that amount on the valuation of its personal property, on which the estimated amount of taxes were collected by the Assessor; therefore,

RESOLVED, That after the second Monday in October, 1896, all amounts collected by the Assessor as taxes on personal property for the fiscal year 1896, in excess of \$1 3982 (the tax rate as fixed for said fiscal year) on the valuation as fixed by the State Board of Equalization, be and are hereby ordered to be refunded by the Treasurer.

RESOLVED, That on or before the second Monday in October, 1896, the Auditor, under provisions of Sections 3827 and 3823 of the Political Code, is hereby required to certify to the Treasurer from the Assessment Book the amount of the excess paid in each case on personal property assessment collected by the Assessor, and the total amount of the excess so paid as shown thereon.

RESOLVED, That the Treasurer, on receiving said certified list of payments in excess of amounts due, is hereby required to set aside from the amount collected and paid into the Treasury by the Assessor the said total amount of the said payments in excess and place the same in a special fund, to be designated Over-payment of Personal Property Taxes, the moneys in said fund to be used in refunding to the persons entitled thereto of the respective amounts, as certified to by the Auditor.

RESOLVED, That the Treasurer, on the presentation of a receipt of the Assessor for the payment of the taxes on personal property for the fiscal year 1896, is hereby empowered under the provisions of Section 3824 of the Political Code, to refund the amount so paid in excess, as shown by the certificate of the Auditor, heretofore provided for, and, upon such payment, to endorse the date and the amount so refunded, in red ink, across the face of said receipt.

RESOLVED, That the Auditor and the Treasurer be and are hereby required to take this and such other action as may be required to carry out the provisions of this resolution.

In Board of Supervisors, San Francisco, September 21, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

The Board, by Resolutions Nos. 15,023 and 15,232 (Third Series), extended the time for refunding to December 2, 1896.

PUBLIC CONTRACTS AWARDED

Under the Act of the Legislature of April 3, 1876 (Statutes 1875-76, page 854), the Board of a longer period than two years.

The following schedule comprises a list of all the contracts awarded (annually, except and supplies furnished the different institutions enumerated, which are all required to streets; and lighting public buildings and streets, etc.; with the names of the contractors for Public Buildings, in addition to all supplies and articles enumerated and noted with a Houses and Public Buildings when required. All other supplies are to be delivered upon contractors at their respective places of business in this city and county.

MUNICIPAL BUILDING ON THE OLD CITY HALL SITE.

The proceedings instituted by the Board of Supervisors (as shown in Appendix to Municipal Reports of the fiscal year 1894-95, page 325) to acquire the three lots adjoining the site of the Old City Hall, so that the city and county would own the entire property bounded by Kearny street, Dunbar alley, Washington and Merchant streets, in order to widen Dunbar alley for the convenience of the municipal departments, were abandoned, it being ascertained that the owners or agents of these properties, believing that these lots were indispensable to the city in the erection of a suitable building, demanded prices therefor largely in excess of their value, and as, under the circumstances, the public requirements did not necessitate the acquisition of a larger area of land than the city and county owned, to erect a municipal building thereon, the Special Committee, consisting of Supervisors Wagner, Benjamin and Hughes, appointed by Resolution No. 12,834 (Third Series), to ascertain and report the proper action to be taken, on December 16, 1895, presented a report, of which the following is a copy, to wit:

REPORT OF SPECIAL COMMITTEE ON ACQUIREMENT OF PROPERTY.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco:

GENTLEMEN: Your special committee, appointed by Resolution No. 12,834 (Third Series) on behalf of your Honorable Board to ascertain what the three lots adjoining the site of the Old City Hall building could be purchased for, and to report thereon to your Honorable Board, so that if the prices demanded were in excess of their true value, action might be had thereon and condemnation proceedings instituted:

Would respectfully report that your committee, on proceeding to perform the duty imposed, ascertained that it involved so much labor and required peculiar and recognized knowledge of realty values that it would be advantageous to secure the services of an expert, to avoid any mistakes in the matter of determining the true values of the lots sought to be acquired.

To that end your committee employed Mr. R. P. Hammond, a gentleman well known and thoroughly familiar with the values of real estate, to interview the owners or their agents, with a full knowledge that nothing but a fair and reasonable price would be paid. A great many difficulties were encountered, notably the lot owned by the Cohen estate, in which the heirs had to be consulted. Different propositions were made and entertained from day to day. It was understood that the lot could be obtained for \$30,000; the price asked for the Schmidt lot was \$18,000, and for the Schwerin & Schad lot \$20,000, making a total of \$68,000. These prices were asked for the lots, notwithstanding the efforts of Mr.

Hammond, who represented that the amounts respectively asked were in excess of any value that under any circumstances could be placed upon the property.

At a meeting of your committee held on December 4, 1895, after hearing Mr. Hammond, he was instructed to inform the owners or their agents that the committee would not recommend the purchase unless the total amount asked did not exceed \$50,000, and Mr. Hammond was authorized, on that basis, to interview the parties and ascertain whether any reasonable prices could be agreed upon for the respective properties, not to exceed in the aggregate the amount named.

Your committee met on December 11, 1895, and received the report of Mr. R. P. Hammond, who, in addition to recounting his labors in the endeavor to induce the owners to sell for a reasonable figure, filed his report thereon, which is herewith annexed as a portion of this report. That report shows that, while placing the actual value of the lots at \$57,000, the owners or their agents ask \$71,000. The fact remains apparent, being the old story, the owners are under the impression that the city and county must have their lots, and with that view they imagine that the city and county must pay the price demanded; but they have overreached themselves—their cupidity must remain unsatisfied. In this connection the singular phase of their assessed valuation, in contradiction to the owners' opinion of the value, is in strong contrast:

Lot and improvements No. 1, for which \$34,000 00 is asked, is assessed at.....	\$9,059 00
Lot and improvements No. 2, for which 17,000 00 is asked, is assessed at.....	4,850 00
Lot and improvements No. 3, for which 20,000 00 is asked, is assessed at.....	6,250 00
Or, a selling value of.....	\$71,000 00, against assessed valuation of.....
	\$ 0.150 00

On a full consideration of this subject it appears unwise to attempt any proceedings to acquire the property. The Old City Hall building was ample, until a few years ago, to accommodate all the public departments, and now, when required for only the criminal departments of the Superior Court, Police Courts and Stations, Prison, Morgue, Coroner's office and other incidental municipal usés, the land the city now owns is amply sufficient. As your committee view the matter, the property was deemed judicious to acquire principally to enable the city to widen Dunbar alley so as to give a wide entrance and exit in the rear, but as the prices asked are exorbitant, the city, in the opinion of your committee, can get along well enough without making this improvement.

Your committee therefore report against the purchase of said lots or their condemnation under the law of eminent domain, as originally contemplated, for no reason exists for the acquisition of additional property, the present site being large enough for all municipal purposes, and the money saved thereby can better be expended and to more advantage in the erection of a creditable building.

Your committee recommend the payment of the bill of R. P. Hammond in the sum of \$250 for services rendered in this matter.

Also report in favor of rescinding Resolution No. 12,697 (Third Series), directing the City and County Attorney to proceed under the law to condemn these several lots. Further, that proceedings be had, as contemplated by the statute, to provide for the construction of a municipal building on said Old City Hall site.

E. L. WAGNER,
C. E. BENJAMIN
E. C. HUGHES.

MUNICIPAL BUILDING ON OLD CITY HALL SITE.

271

SAN FRANCISCO, December 11, 1895.

Supervisor E. L. Wagner, Chairman Committee on Old City Hall Building:

DEAR SIR: Pursuant to the request of your Honorable Committee, I have examined the property designated as Nos. 1, 2 and 3 on attached diagram, and hereby report as to their respective values:

	No. 1.	
Land and improvements.....		\$23,000 00
	No. 2.	
Land and improvements		16,000 00
	No. 3.	
Land and improvements.....		18,000 00
Total.....		<u>\$57,000 00</u>

The above figures represent the full values,

I have interviewed the respective owners of the property as designated above, and they have authorized me to offer your Honorable Committee their respective properties at the following prices, viz.:

	No. 1.	
Estate of Charles Cohn.....		\$34,000 00
	No. 2.	
John A. Schmidt.....		17,000 00
	No. 3.	
Henry Schwerin and Theresa Schad.....		20,000 00
Total		<u>\$71,000 00</u>

I consider the above figures, and especially the amount asked by the representative of the Charles Cohn estate, to be much more than the value of the properties. After repeated interviews, held separately and jointly with the owners, I have failed to secure prices which I can conscientiously recommend to your Honorable Committee as reasonable. I have given much time and attention to this matter, and regret that the views of the owners of the several properties are so much at variance with their actual values.

Very respectfully,

Your obedient servant,

R. P. HAMMOND.

At the foregoing meeting the Board rescinded all proceedings looking to the purchase or condemnation of the lots referred to and appointed a Standing Committee on Municipal Building, consisting of Supervisors Benjamin, Spreckels, Wagner, Hirsch and King, to report the proper action to be taken by the Board in the erection of the proposed building on the site of the Old City Hall.

The following is a copy of the resolution, to wit:

RESOLUTION No. 13,436 (THIRD SERIES).

WHEREAS, It having been determined by this Board that no necessity exists for the acquirement of the lots adjoining the site of the Old City Hall; and,

WHEREAS, The proposed building, to be erected under the appropriation made therefor, should be at once proceeded with, and plans and specifications prepared therefor, as contemplated by the statute; therefore,

Resolved, That Supervisors Benjamin, Spreckels, Wagner, Hirsch and King be and are appointed as members of a standing committee hereby created on municipal building, to report the proper action to be taken in the preparation of plans and specifications for the erection of said building, and such other action as may be required to proceed under the statute in the erection of the municipal building on the site of the Old City Hall lot.

In Board of Supervisors, San Francisco, December 16, 1895.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Hughes, Dunker, Morgenstern, Wagner.

Noes—Supervisors Dimond, Taylor, Hobbs.

Absent—Supervisor Spreckels.

JNO. A. RUSSELL, Clerk.

The Committee on Municipal Building, as constituted, requested the Surveyor to make a survey of the Old City Hall site and file a diagram showing the obstructions, if any, existing thereon, for the purpose of causing their removal, it being understood that the owners of adjoining buildings were using walls belonging to the city and county which had not been removed by the contractor; also provided for the preparation of general instructions to architects, with the view of inviting competitive plans and specifications, etc., and on December 23, 1895, presented a report, of which the following is a copy, to wit:

REPORT OF COMMITTEE ON MUNICIPAL BUILDING.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: Your Committee on Municipal Building in the matter of making preliminary arrangements in the matter of the erection of the proposed building on the site of the Old City Hall for municipal uses, would respectfully report that under the Statute of 1893, conferring power upon your honorable Board, competitive plans and specifications must be invited for the building, by publication for ten days, and to that end general instructions must be formulated.

As the Statute and the municipal requirements contemplate that accommodation be provided for the Criminal Departments of the Superior Court, Police Courts, Police Station, Prison, Morgue and Coroner's Office, also a Drill Room for the Police, it became necessary to have prepared general instructions to architects, so that the information as to what was wanted might be intelligently furnished as a guide in the preparation of plans and specifications. The labors required the services of an architect, who, in the preparation of the general requirements, will consult with the Departments; determine the size of the Court Rooms, Judges' Chambers, Offices for Officers of the Court, Witness Rooms and the conveniences required, and then submit the same for the approval of the Board, prior to competitive

plans being invited, so that the purposes of the building and the location of the offices, chambers and court rooms may be understood. The committee engaged the services of F. Shea, Esq., architect of the New City Hall Building, to prepare the general instructions, at a compensation of \$100, and it is expected that the same will be submitted to your committee at its next meeting to be held on Saturday, January 4, 1896, and report to your honorable Board at the meeting succeeding that date. It is proposed, in order to invite competition, to offer premiums so as to have the best talent enlisted, the architect who submits the plans and specifications adopted by the Board, to be selected as the architect for the building; for the second, third, fourth and fifth plans respectively, the sums of \$1,300, \$500, \$250 and \$100, but this will be submitted to your honorable Board for such action as may be determined best, when the general instructions are prepared; also, if in consonance with the views of the Board, at the same time to locate the Morgue in the present location, and, to that end, to remove and tear down the present building and construct a suitable structure of two stories with all the modern improvements, so that the same may be utilized and proper quarters provided for the bodies of decedents and customary facilities for autopsies, the Coroner's office to be located in the Municipal Building.

In conformity with the provisions of the Statute, and so that the buildings may be awarded under one contract, it appears advisable that the aggregate sum, \$300,000, as the cost of the proposed buildings to be calculated upon, would be to fix the expenditure at not to exceed \$275,000, so that a margin of \$25,000 be reserved for incidental expenses, architects' compensation, inspection over the work, etc.

Your committee have also instructed the City and County Surveyor to make a survey of the Old City Hall site, file a diagram, and report upon the condition of said lots, as to whether any walls, portions of buildings or obstructions are on said lot, and to what extent. It is believed that portions of the walls have not been removed because of the insecurity of the walls of contiguous buildings. If this be so, the contractors must remove the walls and the Fire Wardens compel the owners of the buildings to properly secure or reconstruct the walls that are dangerous

C. E. BENJAMIN,

E. L. WAGNER,

JOS. KING,

ALPHONSE HIRSCH.

The Committee on Municipal Building received a communication, with diagram, showing the survey of the Old City Hall site and the obstructions consisting of walls which had not been removed under the contract awarded by his Honor the Mayor, also the General Instructions to Architects as to the proposed buildings as prepared under their instructions by Frank Shea, Esq., architect, and on January 6, 1896, presented a Report to the Board as to these matters, and recommended that competitive plans and specifications be invited for the Municipal Building proposed to be erected, of which the following is a copy, to-wit:

REPORT OF COMMITTEE ON MUNICIPAL BUILDING.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: Your Committee on Municipal Building beg leave to report in favor of requesting his Honor the Mayor to cause the contractor, J. J. Rauer, to whom was awarded the contract to tear down and remove the old City Hall building, to remove the obstructions on said Old City Hall site, as shown on diagram of survey made by the City and County Surveyor on January 2, 1896, consisting of walls which have been allowed to remain on said lot under the plea that they are party walls, so that the entire site may be cleared off in

compliance with the contract made by his Honor the Mayor for the erection of the proposed Municipal Building, for which competitive plans and specifications are to be invited as required by law.

Your Committee are also in favor of advertising for competitive plans and specifications for Municipal Buildings, one to be erected on the Old City Hall site, fronting on Kearny street on that lot owned by the city and county, being a portion of the block bounded by Kearny, Washington and Merchant streets and Dunbar Alley, for the accommodation of the Criminal Departments of the Superior Court, Police Courts, City Prisons, Police Department, District Attorney and Criminal Department of the County Clerk's Office; also a building to be erected on the lot now used by the Coroner, on the east line of Dunbar Alley, fronting thereon 42 feet with a depth of 23 feet, for a Morgue, Coroner's Office and Autopsy Rooms, according to the general instructions prepared by Frank Shea, architect. The cost of said buildings has been fixed at not to exceed \$275,000 in the aggregate, and the character of the same is required to be modern.

In order to enlist the attention and services of architects, it is recommended that the architect whose plans and specifications are adopted, shall receive the appointment of architect of the building, with a commission of 5 per cent; the architects submitting the second, third and fourth plans selected, to receive premiums of \$750, \$500 and \$250 respectively. The main building on the Old City Hall site is to be not less than five stories in height, and the Morgue building is to have as many stories as will afford the necessary accommodations for the Coroner.

Your committee report in favor of directing the Clerk to advertise for proposals for competitive plans and specifications, as per general instructions to architects, requiring the same to be delivered to the Board in open session on Monday afternoon, February 3, 1896, between the hours of 3 and 3:30 o'clock.

C. E. BENJAMIN,
ALPHONSE HIRSCH,
E. L. WAGNER,
A. B. SPRECKELS,
JOS. KING.

The following is a copy of the General Instructions to Architects, prepared by Frank Shea, Esq., architect, under the direction of the committee as a guide in the preparation of competitive plans and specifications. The diagram accompanying showing those portions of the lots to be built upon:

GENERAL INSTRUCTIONS TO ARCHITECTS.

The Board of Supervisors of the City and County of San Francisco, desiring to erect two buildings, one for the accommodation of the Police Department together with a City Prison, Police Courts, County Clerk's Criminal Department, Criminal Superior Courts and a City Receiving Hospital; the other to be used as a Public Morgue, which building shall possess all the elements of perfect strength, and be provided with ample light, proper heating and ventilation apparatus, most complete sanitary arrangements, and embodying most modern and advanced ideas relative to the housing of prisoners; does herewith, through its Committee on Municipal Building, invite the architects of the City and County of San Francisco to submit in competition, comprehensive designs for said structures in strict accordance with the following conditions, viz:

The buildings, ready for occupancy, complete in every particular, including all necessary appointments throughout, with the exception of all movable furniture, must not exceed in cost the sum of \$275,000, excluding the architect's commission.

The buildings shall be as near fire-proof as the above stated sum of money in the estimation of the competitors will permit.

The principal structure will be erected upon a plot of ground bounded by Kearny, Washington, Merchant streets and Dunbar alley; the other, the Morgue, will be erected on a plot situated on the easterly line of Dunbar alley, between Merchant and Washington streets.

The drawings required for the principal structure will be as follows: Plans of basement and each floor; elevation of facades on Kearny, Merchant and Washington streets and Dunbar alley; transverse sections; longitudinal sections; one perspective view. All drawings must be of a uniform scale of $\frac{1}{8}$ inch to the foot, except the perspective, which must not be drawn to a greater scale than 3-16 inch to the foot.

The drawings required for the Public Morgue will be as follows: Plans of each floor; elevation; section.

The principal structure upon the first floor and basement shall be so planned as to provide for the housing and maintenance of about 300 prisoners, keepers and assembling of police officers; also offices for the Chief of Police, Chief of Detectives, general room for detectives, witness rooms for detectives, Police Property Clerk's and Police License Collector's office; also office for the Chief Clerk of the Police Department and general room adjoining for public use, and a meeting room for the Police Commissioners, as well as space for the City and County Receiving Hospital. It is desired, if possible that the prison, together with the Matron's room, Captain's office, Sergeant's office and assembly room also kitchen, etc., shall be placed in the basement, and the remaining offices of Administration be placed upon the first floor.

The Receiving Hospital shall also be placed on the first floor and basement, providing for accommodation of about forty patients, with all necessary appointments calculated to make the hospital a typical institution of such a character.

Above the level of the second floor and running up to such a number of stories as is necessary, provision must be made for four Police Courts, and four (criminal) Superior Courts, a perfectly appointed County Clerk's criminal department, together with the District Attorney's offices and space for the mobilization of the police force in case of riot.

The approximate floor area required is as follows: For the accommodation of each Police Court, including chambers, court-room, record-room, witness-room, Prosecuting Attorney's room, etc., 2,600 square feet; for the accommodation of each criminal Superior Court, including chambers, court-room, witness-room, jury-room, etc., 3,400 square feet. The criminal department of the County Clerk will require about 1,000 square feet. For mobilization the area should be as extensive as possible and upon the upper floor. Dunbar alley is increased in width eight feet, making it eighteen feet in the clear. A courtyard will be placed opposite the Morgue not less than 40x42 feet.

The main entrance of the first building will be on Kearny street, with side entrances on Washington and Merchant streets, and a prison entrance in the rear courtyard for the convenience of vehicles of the patrol, etc.

The second structure will be utilized entirely as a Public Morgue, and appointments for a most modern institution are desired. The height of the building is not limited, but all space necessary to provide for inquests, autopsies, rooms of exposure, waiting rooms, store-rooms and offices for Coroner and Deputy should be furnished. All drawings will be rendered in black and white (no colors), and be mounted on stretchers or cardboard.

Each competitor must submit in typewritten form a reliable estimate, setting forth the cost of each building as a whole, and a statement in detail designating the character and quantities of materials proposed to be used in the construction of the buildings, and such other information as may be necessary to accurately determine the cost of the buildings.

The Supervisors reserve the right to appoint reputable experts to check said estimates and pass upon the merits of the respective designs before the final award.

From the designs furnished, which conform to the above conditions, the Supervisors shall select the four most meritorious.

The author of the design first in merit, after having furnished a good, sufficient, and satisfactory bond to the city and county, guaranteeing that the cost of the two buildings will not exceed the above stated sum, shall be appointed architect and superintendent of the buildings at a commission of 5 per cent of the total cost of said structures.

The authors of the designs second, third and fourth in merit shall receive prizes in the following order, namely: \$750, \$500 and \$250, respectively. All designs submitted shall remain the property of their respective authors, but the Board of Supervisors may embody in the accepted plan ideas of merit existing in any of the selected numbers.

All designs submitted must be received by the Clerk of the Board of Supervisors at the offices of the said Board on or before 12 m. of February 8, 1896.

The Committee introduced and the Board adopted a resolution on January 6, 1896, requesting the Mayor to cause the contractor to remove the obstructions on the Old City Hall site, of which the following is a copy, to wit:

RESOLUTION No. 13,511 (THIRD SERIES).

RESOLVED, That his Honor the Mayor be and he is hereby requested to cause the contractor, J. J. Rauer, to whom was awarded the contract to tear down and remove the Old City Hall building, to remove the obstructions on said Old City Hall site, consisting of walls, as shown on diagram of survey made by the City and County Surveyor on January 2, 1896, which have been allowed to remain on said lot under the plea that the same are party walls, so that the entire site may be cleared off in compliance with the contract made by his Honor the Mayor for the erection of the proposed municipal building, for which competitive plans and specifications are to be invited as required by law.

At the above meeting the committee introduced and the Board adopted a resolution (No. 13,512, Third Series) directing the Clerk to advertise for competitive plans and specifications, and in compliance with said directions the following notice was inserted and published for ten days in the *Chronicle*, *Post* and *Daily Report* newspapers, inviting and requiring plans and specifications to be filed with the Board in open session on Monday afternoon, February 3, 1896, to wit:

PLANS AND SPECIFICATIONS FOR MUNICIPAL BUILDINGS

CLERK'S OFFICE, BOARD OF SUPERVISORS }
SAN FRANCISCO, January 7, 1896. }

In accordance with Resolution No. 13,512 (Third Series), a copy of which is hereto annexed, public notice is hereby given to architects that competitive plans and specifications for the erection of municipal buildings will be received, according to the general instructions prepared (copies of which can be obtained at this office) in open session of the Board, on Monday afternoon, February 3, 1896, from 3 to 3:30 o'clock, as follows:

On the Old City Hall lot, commencing at the southeast corner of Washington and Kearny streets; thence east on Washington street 70 feet, south 34 8-12 feet, east 47 feet, south 5 8-12 feet, east 20 6-12 feet, south 13 2-12 feet, east 22 6-12 feet to Dunbar alley; south on Dunbar alley 84 feet; west on Merchant street 160 feet; north on Kearny street 137 6-12 feet to the place of beginning; a building not less than five (5) stories in height, for the accommodation of the Criminal Departments of the Superior Court, Police Courts, City Prison, Police Department, District Attorney and Criminal Departments of the County Clerk's office. The portion of the lot to be built on to be as shown on diagram attached to the instructions to architects

MUNICIPAL BUILDING ON OLD CITY HALL SITE. 277

On the Morgue lot, commencing at a point on the east line of Dunbar alley 53 6-12 feet south from Washington street; thence south on Dunbar alley 42 feet by 23 feet in depth, a building for a Morgue, Coroner's office, autopsy rooms, etc.

The said plans and specifications to be in compliance with the General Instructions, and to be so prepared that the cost of both buildings shall not exceed in the aggregate the sum of two hundred and seventy-five (\$275,000) thousand dollars, which sum must cover the entire expense for the erection and completion of the proposed buildings.

NOTICE.—Architects will prepare and submit, with their plans and specifications for said buildings, an itemized estimate of the cost of said buildings, the statute requiring eight (8) hours to constitute a day's work for persons employed on said buildings, with the distinct understanding that no plans or specifications will be entertained or considered of buildings the aggregate cost of which are estimated to exceed the sum of \$275,000. Also, that the architect whose plans and specifications of the buildings are adopted will be appointed Architect and Superintendent of the buildings at a compensation of five (5) per cent of the total cost. The architects submitting plans and specifications determined by the Board to be second, third and fourth in merit will receive premiums of \$750, \$500 and \$250 respectively.

JNO. A. RUSSELL, Clerk.

As required by statute, the following is a copy of the resolution adopted by the Board, inviting competitive plans and specifications:

RESOLUTION No. 13,512 (THIRD SERIES).

RESOLVED, That the Clerk be and he is hereby directed to advertise for proposals inviting competitive plans and specifications for the erection of a building on the site of the Old City Hall, to be not less than five stories in height, for the accommodation of the Criminal Departments of the Superior Court, Police Courts, City Prisons, Police Department, District Attorney and Criminal Department of the County Clerk's office; also, for the erection of a building on the lot now used by the Coroner, fronting 42 feet on the east line of Dunbar alley, with a depth of 23 feet, for a Morgue, Coroner's office and autopsy rooms, according to the general instructions prepared by Frank Shea, architect, which are hereby approved. The cost of said buildings not to exceed \$275,000 in the aggregate, and the character and design of the same are required to be modern.

The architect whose plan and specifications are adopted will receive the appointment of Architect and Superintendent of the construction of the building, with a commission of 5 per cent, and the architects submitting second, third and fourth plans selected shall receive premiums of \$750, \$500 and \$250 respectively.

Proposals to be delivered to the Board in open session on Monday afternoon, February 3, 1896, between 3 and 3:30 o'clock.

In Board of Supervisors, San Francisco, January 6, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

As some of the architects engaged in preparing plans and specifications were unable to complete the same in time for submission to the Board, the committee, in order to give all competitors ample opportunity, postponed the time for receiving the plans, etc., to Febru-

ary 10, 1896, and instructed the following notice to that effect to be published, which was inserted in the papers that published the original notice, to wit:

ARCHITECTS, ATTENTION—MUNICIPAL BUILDINGS.

CLERK'S OFFICE, BOARD OF SUPERVISORS, }
SAN FRANCISCO, January 23, 1896. }

The time for receiving competitive plans and specifications of Municipal Buildings has been extended by the committee to Monday afternoon, February 10, 1896, from 3 to 3:30 o'clock, at which time the same will be received in open session of the Board of Supervisors.

JNO. A. RUSSELL, Clerk.

On February 10, 1896, plans and specifications for the Municipal Buildings were received from the following architects: W. O. Banks, W. Mooser, Jr., Havens & Toepke, DeBrosse & Meusdorfer, Knoth & Behrend, John M. Curtis, Macey & Hochholzer, Ed. Kollofroth, W. M. Curlett, Shea & Shea, Laist & Schwerdt, C. M. Rousseau, Herman & Swain, Martens, Coffey & Kraft, Smith & Freeman, also J. Cather Newsom. The same were referred to the Committee on Municipal Building who, at a meeting held on Tuesday forenoon, February 11, 1896, opened, examined the plans and specifications, and heard all the architects present, who desired, explain generally their designs and the principles under which they have made provision for the departments to be there located.

On March 9, 1896, the Committee on Municipal Building presented a report, of which the following is a copy, on the plans and specifications submitted, and recommending that, with the exception of the plans and specifications of W. O. Banks, Mooser & Mooser, Shea & Shea, Smith & Freeman and J. C. Newsom, the other plans and specifications be no further considered, and relegating to the Board the determination of the plan to be adopted and the plans to be awarded premiums, to wit:

REPORT OF COMMITTEE ON MUNICIPAL BUILDING.

*To the Honorable the Board of Supervisors
Of the City and County of San Francisco—*

GENTLEMEN: Your Committee on Municipal Building would respectfully state that they have devoted considerable time in critically examining the different plans and specifications for the erection of a Municipal Building, and have, from the sixteen different plans, selected those of W. O. Banks, Mooser & Mooser, Shea & Shea, Smith & Freeman and J. Cather Newsom—five in all.

Your committee endeavored to make a selection of four plans to report back to the Board for its determination as to the plans and specifications to be selected, but were unable to agree as to the superiority of the respective plans of Smith & Freeman and J. Cather Newsom.

The plans of W. O. Banks, Mooser & Mooser, Shea & Shea, Smith & Freeman and J. Cather Newsom selected, are those which your committee recommend for the consideration of the Board, to determine the plan and specifications which should be chosen for the erection of the building on the site of the Old City Hall, also the plans, etc., which in respect of merit are entitled to the premiums of \$750, \$500 and \$250 respectively.

Your committee, in view of the number of competitive plans submitted, many of which are meritorious, regret that more premiums were not offered, as many of the architects must have spent considerable time and labor in devising and preparing the plans, specifications and estimates.

Your committee further recommend that the Clerk be directed to return to the respective architects the plans, etc., which have not been selected or recommended by your committee for further consideration.

The submission of the plans as indicated are reported back to your Honorable Board to make the selection according to the best judgment of the Board, your committee not being able to decide upon a recommendation as to the plan to be adopted or as to the plans entitled to receive the respective premiums.

C. E. BENJAMIN.
ALPHONSE HIRSCH.
A. B. SPRECKELS.
E. L. WAGNER.
JOSEPH KING.

At the meeting held on the above date Supervisor Benjamin introduced and moved the adoption of a resolution designating and selecting the plans and specifications of W. O. Banks for the Municipal Building to be erected; also selecting and designating the plans and specifications submitted by Mooser & Mooser, Jr., Shea & Shea and J. C. Newsom as the plans and specifications, in the order named, to be entitled to receive the premiums of \$750, \$500 and \$250 respectively; also instructing the Committee on Municipal Building to review the plans and specifications adopted, also the plans and specifications that were to receive premiums, and, if deemed necessary or expedient, to make use of any of the special features embraced in any of said plans and specifications, and to amend the plans and specifications adopted in these particulars, and report the same back to the Board for approval.

The subject matter was discussed at length, and on motion of Supervisor King the whole matter was referred, to be considered by a Committee of the Whole, so that each member of the Board might be fully advised of the merits of the respective plans, all the competing architects to be notified to be present to make explanations at a meeting to be held for that purpose on Wednesday evening, March 11, 1896; it being understood that the architects of the plans etc., recommended by the committee should first be heard.

The Board met and resolved itself into a Committee of the Whole on the evenings of March 11 and 13, 1896, and all the plans except two, those of DeBrosse & Meusdorfer and Hermann & Swain, who failed to appear, were explained and reviewed by the different architects, and after examination and consideration the Committee of the Whole reported that fact and recommended that the Board, at a future meeting, select and designate the plans, etc., to be adopted and those that were entitled to receive premiums.

On March 16, 1896, the resolution introduced by Supervisor Benjamin at the meeting held on March 9th was taken up, and, on motion of Supervisor Wagner, was indefinitely postponed, and a resolution offered and its adoption moved by Supervisor Wagner, providing that the Board should proceed by roll-call to select and designate the plans and specifications to be adopted, also those that should be awarded the respective premiums of \$750, \$500 and \$250, in the order designated.

After discussion the whole matter, on motion of Supervisor King, was laid over until Friday evening, March 20th, at 7:30 o'clock, at which time the Board met, and after adopting the resolution offered by Supervisor Wagner at the prior meeting, proceeded to vote for the architect's plans to be selected and adopted for the erection of the Municipal Buildings.

The following table shows the Roll Call for March 20 to June 22, 1896, at which date the plans of Shea & Shea, architects, were adopted and that firm appointed as the architects for the Municipal Buildings; to wit:

At a meeting of the board held on June 29, 1896, the Committee on Municipal Building presented a report, of which the following is a copy, recommending provision be made in the plans for locating the prison on the upper floor, and the drill room and dormitories for the police in the basement of the proposed Municipal Building, to be erected on the Old City Hall site, to wit:

REPORT OF COMMITTEE ON MUNICIPAL BUILDING.

To the Honorable Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: Your Committee on Municipal Building would respectfully state, that at a meeting of your Committee, at which Mr. Frank Shea, of Messrs. Shea and Shea, the architects appointed, and Chief of Police P. Crowley were present, the subject of locating the prison on the upper floor, and the drill room and dormitories for the police on basement floor was discussed.

It appears that the drill room, if located on the upper floor, would interfere with the business of the courts and departments below, it being impossible to entirely deaden the sound of a large body of men when drilling; the vibration also would cause damage to the building, notwithstanding all precautions, while the location of the prison in the basement would be undesirable from the odor and smell arising from the kitchen. The location of the prison on the upper floor would allow of perfect ventilation, and be an advantage in the safe keeping of the persons therein confined, while the location of the drill room and dormitories in the basement, would permit the force to be retained and ready for immediate service, which would not be the case if located on the upper floor.

The Chief of Police informed your committee that in the municipal buildings in Philadelphia, the prison was located on the upper floor, and in his opinion it was a good idea and worthy of trial.

Your committee was informed by Mr. F. Shea, that it would take at least five weeks time to prepare plans and specifications to admit of advertising for proposals, and that in order to carry out the intention of the Board, and the wishes of the property owners, he would proceed and work day and night to have the work done. As the buildings to be erected are for the Police and Criminal Departments and for a Public Morgue, and must be let in one contract, bidders will be required to state a specified sum for which the same will be constructed.

The intention as expressed by Mr. F. Shea, is to have the buildings erected and completed in about ten months time from date of award of contract.

Your committee therefore report in favor of instructing Shea and Shea, architects of the municipal buildings to be constructed, to proceed at once and prepare the plans and specifications etc., as soon as practicable, to permit of this Board advertising for proposals and awarding a contract therefor making provision for the location of the prison on the upper floor, and the drill room and dormitories on the basement floor, of the Municipal Building to be erected on the Old City Hall lot, and that upon the filing of said plans and specifications the Clerk is directed to advertise for proposals as and for the time required by law.

C. E. BENJAMIN,
A. B. SPRECKELS,
ED. L. WAGNER,
ALPHONSE HIRSCH,
JOS. KING.

The Board at the said meeting adopted a resolution, of which the following is a copy, requiring the architects to make such changes and prepare plans and specifications, so that proposals to erect the buildings might be invited, to wit:

RESOLUTION No. 14,682 (THIRD SERIES).

Resolved, That Messrs. Shea and Shea, architects of the new municipal buildings, be and are hereby requested to proceed at once and prepare the plans, specifications, etc., as soon as practicable, in order that the Board may advertise for proposals thereon:

Further resolved, That in the preparation of the plans, specifications, etc., that said architects are hereby directed to make provision for locating the prison on the upper floor, and the drill room and dormitories in the basement of the municipal building to be erected on the Old City Hall lot, and upon the filing of said plans and specifications the Clerk of the Board is hereby directed to advertise for proposals thereon as and for the time required by law.

In Board of Supervisors, San Francisco, June 29, 1896.

Adopted by the following vote :

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

The selection of the plans to receive the second, third and fourth premiums for plans submitted of proposed municipal building was postponed from time to time until July 13 1896, when the awards were made respectively to W. O. Banks, Mooser and Mooser Jr. and Havens and Toepke. On the eighth roll call the plans of W. O. Banks were awarded the second premium by the following vote: Supervisors Benjamin, Hughes, Dunker, Morgenstern, Spreckels, Hobbs and Wagner voting for W. O. Banks, Supervisor King voting for Havens and Toepke, Supervisors Scully, Hirsch and Dimond for Mooser and Mooser Jr., and Supervisor Taylor for the plans of W. O. Curlett.

On the first roll call the plans of Mooser and Mooser Jr. were awarded the third premium by the following vote: Supervisors Scully, Benjamin, Hirsch, Dimond, Dunker, Morgenstern and Wagner voting for Mooser and Mooser Jr., Supervisors King, Hughes, Spreckels and Hobbs voting for Havens and Toepke, and Supervisor Taylor voting for the plans of W. O. Curlett.

On the first roll call the plans of Havens and Toepke were awarded the fourth premium by the following vote: Supervisors King, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Spreckels, Hobbs and Wagner voting for Havens and Toepke, Supervisors Scully and Morgenstern voting for the plans of W. O. Curlett.

The following is a copy of the authorization finally passed providing for paying the premiums awarded on July 27, 1896, to wit :

AUTHORIZATION No. 5920.

Resolved, That an expenditure of fifteen hundred dollars (\$1,500.00) be and the same is hereby authorized to be made out of the Public Building Fund, being the amount allowed for premiums for the preparation of plans and specifications for the erection of new Municipal Building on the Old City Hall site, selected as to merit, in accordance with the provisions of Resolution No. 13,512 (Third Series), as follows, to wit :

To William O. Banks, for second premium, the sum of.....	\$750 00	
To Wm. Mooser and Wm. Mooser Jr., for third premium, the sum of.....	500 00	
To Charles I. Havens and Wm. H. Toepke, for fourth premium, the sum of....	250 00	
		\$1,500 00

The Committee on Municipal Building, on July 27, 1896, reported in favor of again requesting His Honor the Mayor to cause the contractor to complete his contract and remove all the walls left of the Old City Hall building to clear the site for the erection of the Municipal Building; also recommended the appointment of Daniel E. Condon as Superintendent of Construction of the said building, his compensation to be fixed after award of contract and commencement of work, to wit:

REPORT OF COMMITTEE ON MUNICIPAL BUILDING.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: Your Committee on Municipal Building would respectfully state that, being desirous of forwarding, in so far as practicable, the work preparatory to the erection of the new Municipal Building on the site of the Old City Hall, the attention of your Committee has been called to the fact that, notwithstanding the prior action of this Board on January 6, 1896, requesting His Honor Mayor Sutro to cause J. J. Rauer, the contractor to whom His Honor awarded the contract of tearing down and removing the material, etc., to comply with the contract, nothing has been done, and walls still remain there, in whole or in part. The bulkhead and foundation walls, as well as the north walls of the old building, are now standing, and unless His Honor the Mayor compels the contractor to live up to and perform his obligations, the city will be put to great expense. The fact appears to be that the contractor has simply left these walls there because the material would not pay for the expense of their removal. It certainly must be an oversight, if not neglect, to allow this contractor to have performed the work as he pleased and left the walls as represented.

The importance of having everything done that is necessary to facilitate the work when the contract is awarded must be apparent, and with that view, on recommendation of the Architect, it was deemed advisable to appoint a Superintendent of Construction of the new building, in order that he might familiarize himself with the plans and specifications and acquire information that would render his services effective.

Your Committee therefore recommend that Mr. Daniel E. Condon be appointed Superintendent of Construction of the Municipal Building, no compensation to be allowed therefor until the commencement of the work, at which time his compensation to be fixed for subsequent services in supervising the work to be done.

C. E. BENJAMIN,
ALPHONSE HIRSCH,
JOS. KING.

The following is a copy of the resolution adopted by the Board appointing Daniel E. Condon Superintendent of Construction of the Municipal Buildings, to wit:

RESOLUTION No. 14,844 (THIRD SERIES).

Resolved, That Daniel E. Condon be and is hereby appointed Superintendent of Construction of the Municipal Buildings, in order to familiarize himself with the plans and spe-

cifications, so that he will be competent to proceed and supervise the work to be done in accordance therewith, on condition that no compensation shall be paid said Superintendent, until the commencement of the work, at which time compensation for subsequent services shall be fixed by this Board.

In Board of Supervisors, San Francisco, July 27, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Dunker, Morgenstern, Hobbs, Wagner.

Absent—Supervisors Hughes, Taylor, Spreckels.

JNO. A. RUSSELL, Clerk.

The Board, at the same meeting, by Resolution No. 14,842 (Third Series), called the attention of His Honor the Mayor to the necessity of causing the contractor, J. J. Rauer, to remove the obstructions, consisting of bulkheads, foundation-walls, and the north wall of the old building on Old City Hall site, so that the erection of the Municipal Building may be proceeded with.

RESOLUTION NO. 14,842 (THIRD SERIES)

Resolved, That the attention of His Honor the Mayor be and is hereby again called to the necessity of causing the contractor, J. J. Rauer, to remove the obstructions, consisting of bulkheads, foundation-walls and the north walls of old building on Old City Hall site, so that the erection of the proposed Municipal Building may be proceeded with

In Board of Supervisors, San Francisco July 27, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Dunker, Morgenstern, Hobbs, Wagner.

Absent—Supervisors Hughes, Taylor, Spreckels.

JNO. A. RUSSELL, Clerk.

At a meeting of the Committee on Municipal Building, held October 6, 1896, Messrs. Shea & Shea, architects, submitted and filed with the Board the plans and specifications for the erection of the two Municipal Buildings, and on said date, at a meeting of the Board, reported as follows: "In the Matter of the Plans and Specifications for the Construction of the New Municipal Building, submitted by Architects, Messrs. Shea & Shea: Your committee report in favor of approving the plans and specifications, and also of directing the Clerk to advertise for proposals for said construction.

"Your committee report and recommend that Messrs. Shea & Shea be authorized to prepare twelve sets of plans and twelve sets of the specifications at an expense not to exceed \$14 per set (a set to comprise the plans and specifications jointly)

"Regarding the matter of the removal of the debris and the walls now on the site of the Old City Hall:

"Your committee report and recommend that His Honor the Mayor be requested to compel the contractor having the contract to remove all debris, etc., from above-mentioned site, to remove all debris and walls standing on said site within ten days from October 8, 1896, and His Honor is particularly requested to see that the contractor complies with his

MUNICIPAL BUILDING ON OLD CITY HALL SITE.

instructions, as it is absolutely necessary that the site upon which the new building is to be erected should be free of all obstructions within the ten (10) days set forth above."

In compliance with the recommendations of the Committee, the Board requested His Honor the Mayor to cause the contractor, J. J. Rauer, to forthwith fulfill his contract to remove the debris and the walls on the Old City Hall site, by Resolution No. 15,031 (Third Series), of which the following is a copy, to wit:

RESOLUTION No. 15,031 (THIRD SERIES).

WHEREAS, His Honor the Mayor has been repeatedly notified by this Board of the failure of the contractor to remove all the debris from the Old City Hall site, as well as the walls built thereon; and

WHEREAS, It is absolutely necessary that the debris and the walls now standing thereon be removed immediately, in order not to delay proceedings in the erection of the new municipal building; therefore,

Resolved, That His Honor the Mayor be and is hereby requested to take the necessary steps to compel the contractor to forthwith remove all debris and the walls now standing on said Old City Hall site, and complete his contract within ten days from October 8, 1896.

In Board of Supervisors, San Francisco, October 6, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Hobbs, Wagner.

Absent—Supervisor Spreckels.

JNO. A. RUSSELL, Clerk.

Also approved and adopted the plans and specifications by Resolution No. 15,033 (Third Series), of which the following is a copy, to wit:

RESOLUTION No. 15,033 (THIRD SERIES).

RESOLVED, That this Board hereby approves and adopts the plans and specifications for the erection of the new Municipal Building on the Old City Hall site, filed in the office of the Clerk on October 6, 1896, by Messrs. Shea & Shea, the architects for the erection of said building.

In Board of Supervisors, San Francisco, October 6, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Hobbs, Wagner.

Absent—Supervisor Spreckels.

JNO. A. RUSSELL, Clerk.

At the said meeting of the Board, on October 6, 1896, the Clerk was directed to advertise for proposals for the erection of said buildings, by Resolution No. 15,032 (Third Series); also, on October 12, 1896, by Resolution No. 15,073 (Third Series), of which the following is a copy, to wit:

RESOLUTION No. 15,073 (THIRD SERIES).

RESOLVED, That the Clerk is hereby directed to advertise for proposals to erect the proposed Municipal Buildings on the Old City Hall site and on the lot on Dunbar alley, in

HALL OF JUSTICE

accordance with the plans and specifications prepared by the architects, Messrs. Shea & Shea, and approved by this Board by Resolution No. 15,033 (Third Series).

The notice inviting proposals to be published in the San Francisco Chronicle, the San Francisco Daily Report, the Evening Bulletin and in the Evening Post newspapers, for a period of ten days, requiring bidders to submit their bids in open session of this Board on Monday afternoon, November 2, 1896, between the hours of 2:30 and 3 o'clock.

FURTHER RESOLVED, That Resolution No. 15,032 (Third Series) be and the same is hereby repealed.

In Board of Supervisors, San Francisco, October 12, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Morgenstern, Hobbs, Wagner.

Absent—Supervisors Taylor, Spreckels.

JNO. A. RUSSELL, Clerk.

In compliance with the instructions of the Board, public notice was given by advertising in the newspapers named in the foregoing resolution, for a period of ten days, inviting bids, to be received in open session of the Board on Monday afternoon, November 2, 1896, from 2½ to 3 o'clock. The following is a copy of the notice published inviting proposals, to wit:

PROPOSALS FOR THE ERECTION OF MUNICIPAL BUILDINGS.

CLERK'S OFFICE, BOARD OF SUPERVISORS, }
SAN FRANCISCO, October 13, 1896. }

In accordance with Resolution No. 15,073 (Third Series) of the Board of Supervisors, also under and pursuance to an Act of Legislature of the State (approved March 27, 1895), sealed proposals will be received in open session of the Board of Supervisors on Monday afternoon November 2, 1896, from 2:30 to 3 o'clock, for furnishing all materials, constructing and completing two Municipal Buildings for the City and County of San Francisco.

The said Municipal Buildings are to be erected in strict conformity to and with the plans and specifications adopted by said Board on October 6, 1896, and prepared by Shea & Shea, architects in charge, at whose office, No. 26 Montgomery street, the same are now open for inspection.

The Municipal Buildings are to be erected on the Old City Hall site and on the site of the present Morgue, on Dunbar alley, and are to be built of stone, terra cotta, brick and iron, around a steel skeleton or frame; the buildings to be supplied with modern elevators, operated by electricity. The building on the Old City Hall site to be heated by steam. Within the said buildings, accommodation is provided for the criminal, police and other municipal departments, as per plans and specifications, to which reference is hereby made.

The entire work is to be bid upon as a whole, as it is required to be performed under one contract, and all materials furnished must be of the best quality and of California manufacture and production, as far as possible, and not otherwise unless permitted by said Board of Supervisors, on application and on recommendation of Shea & Shea, architects. All the work to be performed in a good and workmanlike manner, in strict accordance with the plans and specifications, to the satisfaction and approval of the architects and the Committee on Municipal Buildings.

The work must be commenced within a period of ten days after the signing of the contract, and must thereafter be diligently and continuously prosecuted and completed on or before October 1, 1897, to the satisfaction of the Committee on Municipal Buildings and the architects in charge.

All persons bidding and all parties thereafter interested in the furnishing of material or in the performance of work on the award of said contract are required to take notice that no lien for work, labor or material furnished shall attach to the said buildings, nor the land upon which the same is located, in any manner whatever; and that no change can be made in the plans and specifications, nor can any claim be allowed for work done or materials furnished not embraced in the contract; but the buildings must be erected and completed, and made ready for occupancy, for the price bid to be embodied in the contract.

NOTICE.—Bidders will estimate and state a sum for which the said Municipal Buildings will be fully constructed, ready for occupancy in accordance with the plans and specifications, with the distinct and express understanding that no separate bids for either of the buildings will be entertained, and that the aggregate sum bid for the erection of both of said Municipal Buildings shall not exceed the sum of \$275,000 in gold coin; also, that eight hours shall constitute a day's labor for all persons employed upon the work.

In order to preserve uniformity and facilitate the award, the Board has resolved to receive no bids unless made upon blank forms prepared by the committee, and a certified check for an amount not less than ten (10) per cent of the amount bid deposited by the bidder with and made payable to the Clerk of the Board, conditioned if the proposal is accepted and the contract awarded, and the bidder shall fail or neglect to execute the contract, and give the required bond within six days after, the sum shall be paid into the City and County Treasury by said Clerk as liquidated damages for failure and neglect.

Blanks furnished by the Clerk.

The Board reserves the right to reject all bids, if the public good so require.

JNO. A. RUSSELL, Clerk.

On November 2, 1896, bids were received in open session of the Board, and the names of the bidders and the sum bid by each was embodied in Resolution No. 15,250 (Third Series), which was published (being an abstract of the bids received) as provided by statute, of which the following is a copy, to wit:

(ABSTRACT OF BIDS FOR THE ERECTION OF TWO MUNICIPAL BUILDINGS.)

RESOLUTION No. 15,250 (THIRD SERIES).

WHEREAS, Under and pursuant to the provisions of an Act of the Legislature of this State, entitled, "An Act Conferring Power Upon the Common Council, Board of Supervisors or Other Governing Body of Cities, or Cities and Counties, of Over One Hundred Thousand Inhabitants to Acquire or Condemn Land for a Suitable Site, and Erect Thereon a Suitable Building or Buildings for Municipal Purposes," approved March 27, 1895, bids were invited and received by this Board on Monday afternoon, November 2, 1896, from 2:30 to 3 o'clock, for furnishing all labor and materials for and erecting and completing, ready for occupancy, two Municipal Buildings, one to be erected on the site of the Old City Hall and one to be erected on the site of the present Morgue, on Dunbar alley, in strict conformity to and with the plans and specifications adopted by this Board, as prepared by Messrs. Shea & Shea, architects; and,

MUNICIPAL BUILDING ON OLD CITY HALL SITE. 291

WHEREAS, The said bids were opened and read in open session of this Board, at the meeting held on the said 2d day of November, 1896; and,

WHEREAS, The following is an abstract of said bids, showing the name of each bidder and the price bid for furnishing all labor and material, and for erecting and completing, ready for occupancy, the two Municipal Buildings, as aforesaid, to wit :

NAME OF BIDDER.	AMOUNT OF THE BID.
California Construction Company.....	\$269,883 40
Bateman Bros.....	254,600 00
J. F. Riley.....	274,172 00
M. McGowan.....	273,900 00
James F. Leahy.....	274,350 00

The following bid was offered, but not received for the following reasons, to wit :

Victor Hoffman, in the sum of.....\$296,999 00

The bid was not accompanied by a certified check in ten per cent of the amount bid, and for the further reason that the amount bid was in excess of the amount prescribed for the erection of said buildings.

The following bids were offered, read and rejected for the reason that the amounts bid were in excess of the amount prescribed for the erection of said buildings, to wit :

J. H. McKay, in the sum of.....\$293,200 00

Robert Smilie, in the sum of..... 287,300 00

RESOLVED, That this Board will, on Monday afternoon, November 16, 1896, at 3 o'clock, proceed to examine the several bids and award the contract for doing the work and supplying the material for which proposals were invited, and for none other, to the lowest bidder who shall furnish sufficient sureties to guarantee the performance of the contract, which is for doing the work, supplying the material, erecting and completing the two Municipal Buildings, as aforesaid, ready for occupancy, on or before the 1st day of October, 1897.

RESOLVED, That the Clerk be, and he is hereby, directed to advertise this Resolution, containing an abstract of the bids received, as and for the notice required by law, for a period of five days, in the San Francisco Daily Report newspaper.

In Board of Supervisors, San Francisco, November 2, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Wagner.

Absent—Supervisors Spreckels, Hobbs.

JNO. A. RUSSELL, Clerk.

The bond of Shea & Shea, architects, in the sum of five thousand dollars, with Alva B. Clute and Charles S. Harney as sureties, to secure the faithful performance of the contract to erect Municipal Buildings at a cost not to exceed two hundred and seventy-five thousand dollars, as per estimate, was filed on October 26, 1896.

On November 9, 1896, the Committee on Municipal Building reported in favor of designating the building to be erected on the Old City Hall site as the Hall of Justice, also of changing the name of the New City Hall to City Hall, and the Board on that date by resolution provided for such designation.

RESOLUTION No. 15,263 (THIRD SERIES).

Resolved, That the New Municipal Building to be erected on the Old City Hall site, situated in Block 69, Fifty Vara Survey, bounded by Kearny, Merchant and Washington streets and Dunbar alley, shall be designated and known as the Hall of Justice.

Further Resolved, That the building now occupied by the municipal departments, situated in the triangle bounded by Larkin and McAllister streets and City Hall avenue, and known as the New City Hall, shall hereafter be designated and known as the City Hall.

In Board of Supervisors, San Francisco, November 9, 1896.

Adopted by the following vote :

Ayes—Supervisors King, Scully, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgens-tern, Spreckels, Wagner.

Absent—Supervisors Benjamin, Hobbs.

JNO. A. RUSSELL, Clerk.

The Committee on the above date also recommended provision be made for the placing of a clock in the tower of the Hall of Justice building, and in conformity with said report the Board adopted a resolution of which the following is a copy, directing the architects to prepare specifications, to wit :

RESOLUTION No. 15,264 (THIRD SERIES).

Resolved, That Messrs. Shea & Shea, architects, be and are hereby empowered and requested to prepare plans and specifications for the placing of a clock in the tower of the Hall of Justice building to be erected on the Old City Hall site, with all the necessary appurtenances, machinery and electrical appliances to light the same, the cost of which not to exceed the sum of three thousand (\$3,000) dollars.

In Board of Supervisors, San Francisco, November 9, 1896.

Adopted by the following vote :

Ayes—Supervisors King, Scully, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgens-tern, Spreckels, Wagner.

Absent—Supervisors Benjamin, Hobbs.

JNO. A. RUSSELL, Clerk.

On Monday afternoon, November 16, 1896, at 3 o'clock, the Board proceeded to examine the several bids for the erection of two Municipal Buildings, which were received in open session of the Board on November 2, 1896, and to award the contract to the lowest bidder.

Resolution No. 15,250 (Third Series), containing an abstract of the bids received, was read by the Clerk, and after consideration a resolution was introduced by Supervisor Wagner

MUNICIPAL BUILDING ON OLD CITY HALL SITE. 293

and passed to print, awarding the contract to Bateman Bros. for the sum of \$251,600, they being the lowest responsible bidders.

The following is a copy of the resolution awarding the contract, which was finally passed on November 23, 1896, and approved by the Mayor on December 3, 1896, to wit :

(AWARD OF CONTRACT FOR ERECTION OF MUNICIPAL BUILDINGS.)

RESOLUTION No. 15,353 (THIRD SERIES).

Resolved, That the contract for the performance of all the work and the furnishing of all the materials required for the erection and completion of the entire buildings to be constructed, respectively, on the Old City Hall site and on the site of the present Morgue on Dunbar alley, and to erect, complete and make ready for occupancy the said buildings on or before the first day of October, 1897, in strict conformity to and with the plans and specifications prepared by Messrs. Shea & Shea, architects, and adopted by this Board, be and the same is hereby awarded to Bateman Bros.; provided, the sureties on their bond, which is hereby fixed at the sum of sixty-three thousand and five hundred (\$63,500) dollars, are satisfactory to and approved by this Board as sufficient to guarantee the performance of the contract, they being the lowest responsible bidders therefor, at the following price, viz. :

For furnishing all labor and materials for, and constructing and completing, two (2) Municipal Buildings, two hundred and fifty-four thousand and six hundred (\$254,600) dollars.

Further Resolved, That the City and County Attorney is hereby empowered and instructed, as required by law, to carefully draw said contract in triplicate, for execution on behalf of the city and county by His Honor the Mayor, the said contract to contain detailed specifications of the work to be done, the manner in which the same shall be executed and the time within which the same shall be completed, and to see that said contract is properly executed, filed and disposed of as required by law. The penalty for the non-performance of the contract within the time specified to be one hundred (\$100) dollars for each and every day from and after the first day of October, 1897, unless the time shall be extended on recommendation of the architects in charge.

In Board of Supervisors, San Francisco November 23, 1896.

After having been published five successive days, according to law, taken up and passed by the following vote :

Ayes—Supervisors Kling, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Morgenstern, Spreckels, Hobbs, Wagner.

Absent—Supervisor Taylor.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, December 3, 1896.

ADOLPH SUTRO,

Mayor and ex-officio President of the Board of Supervisors.

The Committee on Municipal Building, on November 23, 1896, reported in favor of accepting the Pacific Surety Company as surety on the bond of Bateman Bros. on the contract to construct the Municipal Buildings, and a resolution to that effect was introduced and adopted by the Board, to wit :

RESOLUTION NO. 15,364 (THIRD SERIES).

Resolved, That this Board hereby accepts the Pacific Surety Company of California as surety on the bond of Bateman Bros., in the sum of sixty-three thousand and five hundred (\$63,500) dollars, for the erection of the new Municipal Buildings on the Old City Hall site and on the site of the present Morgue, on Dunbar alley.

Further Resolved, That the City and County Attorney be and is hereby requested to take notice of the provisions of this resolution.

In Board of Supervisors, San Francisco, November 23, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Morgestern, Spreckels, Hobbs, Wagner.

Absent—Supervisor Taylor.

JNO. A. RUSSELL, Clerk.

The committee, at the same meeting, in the matter of the removal of walls which were left on the Old City Hall site, reported that the contractor, J. J. Rauer, for the removal of said walls, stated that he proceeded with the work under his contract with the Mayor until stopped by Assistant Engineer Shaughnessy, who threatened his arrest if he persisted in taking down the walls without taking steps to support the floors of the buildings. Also stated that if there was work to be done he was willing to pay whatever it might cost in the removal of the walls or debris, so that no delay might be caused in the erection of the proposed buildings.

The committee, after consideration, recommended that the contractors be directed to proceed in the erection of the Municipal Building, to construct the footing course on the lines of the lot, and the walls of the building on the lines at present available, which action was taken by the Board as set forth by resolution, to wit:

RESOLUTION No. 15,365 (THIRD SERIES).

Resolved, That Messrs. Bateman Bros. be and are hereby directed, in the execution of their contract to erect the new Municipal Building on the Old City Hall site, to proceed and construct the footing course on the lines of the Old City Hall site, and to construct the building thereon on the lines at present available, to be done under the direction of the architects in charge.

In Board of Supervisors, San Francisco, November 23, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Morgestern, Spreckels, Hobbs, Wagner.

Absent—Supervisor Taylor.

JNO. A. RUSSELL, Clerk.

The committee further reported back the resolution referred at a prior meeting and recommended fixing the compensation of Daniel E. Condon, Superintendent of Construction of the Municipal Building, at \$250 per month from the time the actual work of construction is commenced, which action was taken by the Board, and a resolution to that effect adopted, of which the following is a copy, to wit:

MUNICIPAL BUILDING ON OLD CITY HALL SITE. 295

RESOLUTION No. 15,343 (THIRD SERIES).

Resolved, That the compensation of Daniel E. Condon, Superintendent of Construction of the Municipal Building known and designated as the Hall of Justice, be and is hereby fixed at the sum of \$250 per month. The compensation provided for to be paid on and from the time the actual work of construction is commenced, under direction of the architect.

In Board of Supervisors, San Francisco, November 23, 1896.

Adopted by the following vote :

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Morgens-tern, Spreckels, Hobbs, Wagner.

Absent—Supervisor Taylor.

JNO. A. RUSSELL, Clerk.

The following are copies of the contract, specifications and bond for the erection of the Municipal Buildings, as prepared by the City and County Attorney and duly executed by the contractors. His Honor Mayor Sutro approved the resolution awarding the contract, but refused or failed up to December 23, 1896, to sign the contract on the part of the City and County, as required by Statute, to wit :

THIS AGREEMENT, made and entered into this — day of December, in the year of our Lord one thousand eight hundred and ninety-six,

By and between J. C. Bateman and M. C. Bateman, co-partners doing business under the firm name and style of Bateman Brothers, of the City and County of San Francisco, State of California, the parties of the first part, and the City and County of San Francisco, a municipal corporation of said State, party of the second part,

Witnesseth, That, whereas, heretofore, to wit, on or about the 13th day of October, 1896, the Board of Supervisors of the City and County of San Francisco, in accordance with and pursuant to the provisions of an Act of the Legislature of the State of California, entitled, "An Act conferring power upon the Common Council, Board of Supervisors or other governing body of cities, or cities and counties, of over one hundred thousand inhabitants, to acquire or condemn land for a suitable site, and erect thereon a suitable building or buildings for municipal purposes," approved March 27, 1895, did advertise for at least ten days in a daily newspaper published and circulated in said city and county for sealed proposals for doing all the work and furnishing all the materials necessary for the completion and erection of two municipal buildings, which said advertisement required that the work upon said buildings and the materials to be used in the erection and completion of the same, should be of the best quality, and which said advertisement contained a general description of the work to be done and the materials to be furnished, the time within which the same is to be done or furnished, and made reference to plans and specifications for such other details as might be necessary to give a correct understanding regarding the said work and materials, and also stated the day and an hour of said day within which said bids or proposals would be received, a copy of which said advertisement is in the words and figures following, to wit :

[Copy of advertisement attached.]

And whereas, upon the day and at the hour so named in said advertisement, the said Board of Supervisors did proceed to open the bids in the presence of the bidders, and an abstract of each bid or proposal was then recorded in the minutes of said Board by the

296 MUNICIPAL BUILDING ON OLD CITY HALL SITE.

Clerk thereof, and a day and hour fixed for considering the same and awarding a contract for the erection and completion of said buildings :

And whereas, after the publication for five days of an abstract of said bids in a daily newspaper of general circulation published in said city and county, the said Board of Supervisors, at the expiration of five days after the first publication of said abstract, and upon a day and hour fixed by said Board, did proceed to consider the several bids and to award the contract for doing the work and supplying the materials for which proposals were invited as aforesaid.

And whereas, said parties of the first part did present to said Board of Supervisors the lowest bid or proposal for doing all of the work and furnishing all of the material necessary to the erection and completion of said municipal buildings in accordance with said advertisement for proposals and the plans and specifications referred to therein, which said bid or proposal was accompanied by a certified check for at least ten per cent of the amount of said bid or proposal, payable to the Clerk of said Board as required by said advertisement for proposals, and which said bid or proposal is in the words and figures following, to wit :

SAN FRANCISCO, November 2, 1896.

To the Honorable the Board of Supervisors

In and for the City and County of San Francisco—

GENTLEMEN : "In compliance with the annexed advertisement we hereby promise and agree to execute the contract specified therein, to the satisfaction of, and under the supervision of your Honorable Board, and your Architect, at the following prices, viz.: For furnishing all materials, for constructing and completing two Municipal Buildings for the City and County of San Francisco, \$254,600.00 (Two Hundred and Fifty-four Thousand Six Hundred Dollars).

[Copy of Advertisement for Proposals attached].

"Know All Men By These Presents : That we, Bateman Bros., are held and firmly bound unto the City and County of San Francisco aforesaid, in the just and full sum of Twenty-seven Thousand and Five Hundred Dollars, for the payment whereof we hereby bind ourselves, our heirs, executors and administrators, firmly by these presents.

Now, the condition of the foregoing obligation is such, that WHEREAS, the above bounden Bateman Bros. are about to hand in and submit to the Honorable Board of Supervisors, in and for the City and County of San Francisco, the foregoing bid or proposal for the performance of the work therein mentioned (which includes the furnishing of all necessary and proper materials therefor), under an invitation of said Board of Supervisors, contained in the notice or advertisement attached to this bid or proposal. Now, if said bid or proposal shall be accepted, and the said work awarded to Bateman Bros. thereupon, by the said Board of Supervisors, and we shall fail or neglect to enter into a contract therefor, within six days after the same may be awarded, and to execute an adequate bond within said time, to the satisfaction of said Committee and Board of Supervisors, with two good and sufficient sureties, conditioned for the faithful performance of such contract on our part, then, and in that case, the above-named obligor authorizes the Clerk of the Board of Supervisors of said City and County to present the certified check deposited with him and collect the sum of Twenty-seven Thousand Five Hundred Dollars as liquidated damages for such failure or neglect.

"BATEMAN BROS."

And whereas said Board of Supervisors did then and there pass and adopt Resolution of Award No, 15,353 (Third Series) awarding the contract for doing all of the work and fur-

nishing all of the materials necessary to the erection and completion of said buildings to the said parties of the first part, which said Resolution of Award is in the words and figures following, to wit:

[Copy of Advertisement of Resolution of Award Attached.]

Now, therefore, it is mutually understood and agreed by and between the respective parties hereto that for and in consideration of the promises, covenants and agreements hereinafter contained, to be performed on the part of the said party of the second part, the said parties of the first part hereby promise, covenant and agree to and with the said party of the second part, that they will, at their own cost, charge, and expense, perform and finish all the work required to be done, and furnish all the materials required to be furnished in the erection and completion and making ready for occupancy of two municipal buildings, to be erected and placed upon two lots of land situate, lying and being in the City and County of San Francisco, and more particularly bounded and described respectively as follows, to wit:

One plot or lot commencing at the southeasterly corner of Washington and Kearny streets, running thence southerly along the said line of Kearny street 137 feet and 6 inches to the northerly line of Merchant street; thence at right angles easterly along said line of Merchant street, 160 feet to the west line of Dunbar alley; thence at right angles northerly along said west line of Dunbar alley 84 feet; thence at right angles westerly, 22 feet 6 inches; thence at right angles northerly, 13 feet 2 inches; thence at right angles westerly, 20 feet 6 inches; thence at right angles northerly, 5 feet 8 inches; thence at right angles westerly, 47 feet; thence at right angles northerly, 34 feet 8 inches to south line of Washington street; thence at right angles westerly along said line of Washington street 70 feet to east line of Kearny street and point of commencement. Being a portion of fifty-vara block No. 69, as the same is laid down and delineated upon the official map of the City and County of San Francisco.

The other plot or lot commences at a point on the east line of Dunbar alley, 53 feet 6 inches southerly from the south line of Washington street running thence southerly along said line of Dunbar alley 42 feet; thence at right angles easterly, 23 feet; thence at right angles northerly, 42 feet; thence at right angles westerly, 23 feet to the east line of Dunbar alley and point of commencement. Also being a portion of fifty vara block No. 69 as the same is laid down and delineated upon the official map of the City and County of San Francisco.

That the said two municipal buildings are to be erected, completed and made ready for occupancy under and by this single contract, and in accordance with the drawings, conditions of contract, and specifications signed by the said parties of the first part, and on the part of the said party of the second part, the City and County of San Francisco, by the Mayor of the said City and County, and which said conditions of contract and specifications are hereunto annexed and made a part of this contract.

And the said City and County of San Francisco, for and in consideration of the aforesaid promises, covenants and agreements on the part of said parties of the first part, to be well and faithfully kept, done and performed, and on the faithful carrying out and execution thereof, does hereby promise and agree to pay to the said parties of the first part in lawful money of the United States, the sum of two hundred and fifty-four thousand, six hundred (\$254,600.00) dollars, said sum to be due and payable only out of the "Public Building Fund" of said City and County of San Francisco, in such installments, and at such periods, and

under such conditions as are set forth and stipulated in the specifications of conditions of contract hereunto annexed.

And it is further understood and agreed, by and between the respective parties hereto, that work shall be begun upon said municipal buildings within ten days from the date of the execution of this contract, and that it must thereafter be diligently and continuously prosecuted and completed, and said buildings, and both of them, be erected and completed, and made ready for occupancy, on or before the 1st day of October, 1897.

And it is further agreed by and between the parties hereto, that the aforesaid conditions of contract and specifications form, and are hereby made, a part of this contract.

In testimony whereof, the said parties of the first part have hereunto set their hands and seals, and the Mayor of the City and County of San Francisco, in his official capacity as such Mayor, and for and on behalf of the said City and County of San Francisco, by virtue of the authority in him vested by said Act of the Legislature, approved March 27, 1895, has, as Mayor and ex-officio President of the Board of Supervisors of said City and County of San Francisco, hereunto set his hand and seal on the day and year first herein above written.

JOHN C. BATEMAN, [SEAL.]

MICHAEL C. BATEMAN, [SEAL.]

Copartners doing business under the firm name
and style of Bateman Bros.

Mayor and ex-officio President of the Board of
Supervisors of the City and County of San
Francisco.

SPECIFICATIONS OF MUNICIPAL BUILDINGS

FOR THE CITY AND COUNTY OF SAN FRANCISCO, SITUATED ON THE
SOUTHEAST CORNER OF WASHINGTON AND KEARNY STREETS.

SHEA & SHEA, ARCHITECTS.

SPECIFICATIONS OF CONDITIONS OF CONTRACT.

1. Each Contractor is to provide all materials and labor necessary for the complete and substantial execution of everything described, shown, or reasonably implied in the drawings and specifications for his part of the work, including all transportation, scaffolding, apparatus, and utensils requisite for the same; all materials to be the best of their respective kinds, and all workmanship to be of the best quality.

2. All work and materials are to comply in every respect with the building laws (see paragraph "Fire Limits"), city regulations, and directions of the Architects, and such laws, ordinances, regulations, and directions are to be considered as a part of this specification and the contract to which it relates.

3. Each Contractor is to give to the proper authorities all requisite notices relating to

work in his charge, obtain official permits and licenses for temporary obstructions, and pay all proper fees for the same and for use of water for building, and entrance into sewers or drains, and is to be solely answerable for all damage, injury, or delay caused to other contractors, to neighboring premises, or to the persons or property of the public, by himself or his men, or through any operations under his charge, whether in contract or extra work. He is to provide and maintain all requisite guards, lights, temporary sidewalks, and fences.

4. The materials are to be supplied, and the work is to be performed and completed in accordance with the accompanying specification of work, and as shown on the contract drawings signed by the Contractor; and also in accordance with such further working and detailed drawings as may be provided from time to time by the Architect in conformity with the said contract, drawings, and specification, and also in accordance with these conditions of contract.

5. If there should be any discrepancy between the several contract drawings, the larger scale drawings shall always have preference over those drawn to a smaller scale; and if there should be any discrepancy between the scale measurements of any of the drawings, the figured dimensions written on any of them, the Contractor must, in all cases, perform the work in accordance with the figured dimensions. In the event of any difference between the character of the work, as shown on any of the drawings, and as described in the specification, the Contractor must perform the work in accordance with the specification. In case there should be any discrepancy in or between the drawings and specifications, which the foregoing portion of this clause will not suffice to settle and determine, such discrepancy shall be settled by the Architect who shall, in such case, determine the correct interpretation of the drawings and specification.

6. The drawings are to be equally binding with the specification, except in the event of any discrepancy as above mentioned; and any work shown or described on any of the drawings, must be included in the contract, and performed by the Contractor, although the same may not be described in the specification (unless where specially excepted by written directions on the drawings); as also, all work described in the specification must be performed by the Contractor as part of his contract, although not shown on any of the drawings.

7. In case any minor items of work, which are usual to be done, and necessary for the proper completion of the work provided for in the contract, shall have been omitted from the drawings and specification, the same shall be provided for by the Contractor in his estimate, and shall be included in the contract, and performed by the Contractor without any extra charge therefor.

8. Although the specification has, for convenience and reference, been divided into different trade sections, it is to be clearly understood that the said specification must be taken in its entirety as bearing and binding upon each and every trade in their respective capacities, the same as though the said division into different trade sections had not been observed therein.

9. The Contractor must set out the lines and levels for all the work, and must be responsible for the correctness of such setting out, and must verify all of the Architect's measurements, and must furnish at all times any assistance that the Architect may require for examining and checking any such lines or levels, or for examining or measuring any part of the work; and must at all times provide and maintain proper scaffolding and ladders for access to the work.

10. In the absence of the Contractor from the work he shall always be represented thereon by a competent and responsible foreman authorized by the Contractor to act as his agent on the work; and who shall be required to observe and comply with all orders or instructions given him by the Architect or the Superintendent; and any orders or notices given to or served on him shall have the same force and effect as if the same had been given to or served on the Contractor personally. The name and place of residence of said foreman to be given in writing by the Contractor to the Architects.

11. Should it appear to the Architects that any foreman, workman, mechanic, or laborer employed on or about the work, is unskillful, incompetent, negligent, or acting in any way at variance with the drawings or specifications, or to the detriment of the work, the Architects shall have power to direct the dismissal and removal of such person from the work, and such person shall thereupon be dismissed and removed by the Contractor or his foreman.

12. In case it should be found, during the progress of the contract, that any work or any portion of any of the work or material included in the contract can, without prejudice to the building, be omitted; or if it is considered desirable or necessary to substitute other work for said work omitted; or if considered desirable for any other reason, the Contractor shall, on receiving the written order of the Architects omit any work or materials as so ordered, or substitute additional work, and such omission or addition, if any, shall not in any wise vitiate or put an end to the contract; but the value of the same shall be ascertained and fixed by the Architects, according to fair and current rates and prices, and the amount thereof, if any, be deducted and kept back from the contract amount, or from any installment or balance due or becoming due to the Contractor on account of the contract.

13. The Contractor shall be responsible for any damage done to the building, or to any adjacent buildings or property in the carrying out by him of the work under contract.

As any defective machinery or hoisting appliances will be liable to result in very serious damage to the building, in the event of heavy weights falling from great heights, the Architects reserve full power to object to any machinery or plant which may not be fully up to the work it is required to perform, and to order its removal.

14. If any material should be brought to the building for use therein, which is not suitable therefor, not of a sufficient good quality, or not in accordance with the drawings, specifications, or contract, the same shall, on the order of the Architects, be immediately removed, and good and proper materials supplied in lieu thereof. And in case the Contractor should refuse or neglect to immediately remove said improper materials and replace same by good and suitable materials, the Architects shall have power to cause the same to be removed and to procure proper material in lieu thereof, and the cost of the same shall be charged against the Contractor, and deducted from any installment or balance due to him on account of the contract.

15. If any portion of the work shall, at any time, be built or performed by the Contractor in an improper or defective manner, or in any respect contrary to or varying from the specification or drawings, the Contractor shall immediately on receiving notice from the Architects take down and remove such work, and alter, re-build, and re-execute the same in accordance with the contract and to the satisfaction of the Architects; and the cost of all materials, which shall have been thereby destroyed or wasted, shall be charged against the Contractor, and the amount thereof be deducted and kept back from any in-

stallment or balance due, or becoming due to him on account of the contract, and in case the Contractor should refuse to alter such defective work as ordered by the Architects, the Architects shall have power to engage men to do said work, and the cost of so doing said work shall be charged against the Contractor, and the amount of said costs may be deducted and kept back from any installment or balance due, or becoming due, to the Contractor on account of the contract.

16. In case any improper or defective workmanship or materials, or any alteration or omission of work contracted for, should at any time escape the notice of the Architects, or pass unobserved by them, such passing over of the same shall not be taken as an acceptance or approval by them of such defective work or material, or alteration, or omission, but the Architects shall be at liberty, at any time prior to the final certificate and settlement of account, to object to any improper work or material or alteration, or omission, and to order the same to be remedied and made good by the Contractor, unless it shall have been performed under the written order of the Architect—it being distinctly understood and agreed that no alteration of any kind is to be made or allowed, except on the written order of the Architect.

17. If at any time during the currency of the contract the Contractor should not be making proper and reasonable progress with the work, or should be unnecessarily delaying the same, either by suspending the work, by neglecting to provide sufficient and suitable material or by not employing a sufficient number of qualified workmen on the same, so as to insure the completion of the contract within the stipulated time, and on the demand of the Architects shall fail to provide sufficient suitable materials or to employ a sufficient number of efficient workmen as required by him, or should in any way neglect to proceed diligently with the work, the Architects shall be at liberty, after giving the Contractor three days' notice, in writing, of his intention so to do, to provide such materials and to employ such workmen as he may consider necessary to proceed with the work; and the cost of the same shall be charged to the Contractor, and the amount be deducted from any installment or balance due, or becoming due, to him on account of the contract.

18. In the event of the Contractor entirely suspending or abandoning the work, or of any act of insolvency or bankruptcy being committed by him during the currency of the contract, the Architects shall be at liberty, if they think fit, to take the work entirely out of his hands, and finish and complete the same in accordance with the drawings and specification, either by purchasing material and employing workmen, or by letting the completion of the work by contract, either by public tender or private agreement, at fair and reasonable rates, to competent persons; in which case the cost of the same shall be deducted from any installment or balance due, or becoming due, to the Contractor, or to his creditors' estate or assignees, on account of the contract; or the Supervisors, if they think proper, may require the Contractor's bondsmen to proceed with and complete the contract.

19. The whole of the work included in the contract must be completed, all rubbish and surplus material cleared away, and the whole left in clean and perfect condition, as per contract, on or before the first day of October, A. D. 1897, and in case any of the work should remain uncompleted, after the said first day of October, A. D. 1897, the Contractor shall pay to the City and County of San Francisco, as and for liquidated damages, the sum of one hundred dollars per day for each and every day on and during which any part of the said work shall remain uncompleted from and after the first day of October, A. D. 1897, and the amount, if any, so becoming due and payable, may be deducted and kept back by the Supervisors from any installment, or balance due or becoming due, to the Contractor on account

of the work; or said amount, or any portion of it, may be recoverable as and for liquidated damages from the Contractor or his sureties, by ordinary course of law. Extension of time for completing the work may be granted under certain circumstances, as hereinafter set forth in these conditions of contract.

Eight hours shall constitute a full day's work for all workmen employed upon any of the work referred to in this specification.

20. In case it should become necessary for the Supervisors to take the contract out of the Contractor's hands, and to complete the same, as stipulated in these conditions of contract; or in case the Contractor's bondsmen should be called on to complete the contract, the preceding clause, No. 19, of these conditions, shall still remain in force, and the Supervisors, or the bondsmen, in such case must use all due and reasonable diligence to complete the work included in the contract on or before the said specified date, or as soon thereafter as possible, and in case of non-completion on or before the said specified date the stipulated amount of liquidated damages for non-completion shall still be due and payable to the City and County of San Francisco, the same as if the Contractor had carried on the work to its final completion.

21. Payments on account of contract amounting to seventy-five per cent of the value of work done and materials delivered are to be made monthly on the certificate of the Architects, if required by the Contractor, provided that in all cases the specification and conditions of contract have been duly complied with. But such payment shall not be considered as an acknowledgment that any or certain portions of the work has been executed in accordance with the plans and specifications; nor shall any of the work be accepted until the whole is completed. Such value to be estimated, in all cases, by the Architect pro rata to the gross amount of the contract. No allowance will be made in progress estimates for scaffolds, plant or hauling.

22. The Contractor shall give written notice to the Architects whenever he requires a payment on account, as provided for in the preceding Clause No. 21, such notice to be given at least three days prior to the date on which the certificate of the Architects is required for such payment; and accompanying such written notice the Contractor must forward to the Architects a correct detail statement of all the work performed and materials delivered under the contract, with a statement also of the amounts received by the Contractor on account of the contract, for the assistance of the Architects in making their estimate and certificate of such payment. Should the Contractor fail or neglect to forward such notice and statement as aforesaid, it is to be understood that he does not require a payment on account at that time; and such payment on account shall be passed over and postponed until the next period for payment provided for in the contract. No payment on account of work, at any time while the same is in progress, shall be made unless the amount of executed work, labor or material, or both, shall exceed \$1,000. This applies to monthly progress estimates.

23. The final statement of the balance due on account of the contract, with any deduction for work omitted, and for liquidated damages, if any, for non-completion, and other deductions, if any, for expenses incurred, as stipulated in these conditions of contract, shall be estimated and prepared by the Architects as soon as practicable after the completion of the work, and the balance so found to be due to the Contractor shall, on the certificate of the Architect and the approval of the Supervisors, be paid to him within thirty-five days after the completion of the work.

24. All payments to the Contractor will be made in United States coin.

25. All material mentioned in these specifications shall be manufactured in the State of California, and all labor necessary in the manufacture of said materials, and all labor necessary in the erection and completion of the work herein mentioned shall be performed by the residents of the State of California. No Chinaman or Mongolian shall be employed in the factory, mill, foundry, workshop, or by the firm, company or person doing any of the work bid and contracted for.

These requirements shall be included in any contract that may be let upon any bid on these specifications, and a violation of the same shall work a forfeiture of the contract and a forfeiture of any and all sum or sums of money that might be due and unpaid at the time of such violation, or that might become due after such violation.

These provisions do not apply to such material as cannot be produced or manufactured in this State.

26. After any material has been delivered on the ground by the Contractor, the same shall be and remain under the charge and at the risk of the Contractor, who shall be responsible for the proper care and preservation of the same until used in the work; and in case of any material being lost or damaged after such delivery, the Contractor shall make good such loss or damage.

27. Parties bidding for the work must forward with their bids a certified check in a sum equal to one-tenth of the amount of their bid, and conditioned for the due entering into the contract by them, in the event of their bid being accepted by the Supervisors. Bids will be opened in the chambers of the Honorable Board of Supervisors of the City and County of San Francisco.

28. The parties to whom the contracts are awarded will be required to enter into a bond in a sum equal to one-fourth of the amount of their contract, signed by two or more good and sufficient sureties, approved by the Supervisors, and conditioned for the faithful performance of the contract, forms of which bonds may be obtained on application to the Clerk of the Board of Supervisors.

29. In case the Supervisors should consider it necessary or desirable, at any time during the currency of the contract, to suspend or delay operations on the work included in the contract, or on any part of the same, they are to be at full liberty to do so; and the Contractor shall, on receiving written order from the Architects, delay the work or suspend operations as ordered; and such suspensions or delay shall not in any wise vitiate or affect the contract, and shall not form any ground or basis for any claim by the Contractor for damages or extra compensation therefor; but in any such case a proportionate extension of time for completing the work shall be allowed to the Contractor, during which extension of time he shall not be liable for the payment of the liquidated damages for non-completion. No extension of any time, except as above specified, will be allowed to the Contractor unless for special cause, considered and allowed by the Supervisors on formal application by the Contractor.

30. As the law provides that no mechanics' or other liens shall be placed on the municipal building, the Supervisors, in order to protect the interests of parties employed by Contractors, shall have power, when complaints shall have been made in writing to them in due time by parties interested, to withhold, whenever considered proper by them, the payment of any installment or balance, or any portion of any installment or balance, due to

any Contractor, or to the estate or administrator of any deceased Contractor, for or on account of any contract for performing work or supplying materials for the building, so long as any claim for money due to any mechanic, laborer, workman, sub-contractor, or any other person, for materials supplied, or for work or services done or rendered, for or on account of the performance of such contract, shall remain unsatisfied.

31. These general conditions are to be taken as being a portion of the specification forming the basis of the contract, and are to be of the same force as, and equally binding with, the other portions of the specification in which the work is set forth and described specifically and in detail.

32. Parties to whom this contract may be awarded are hereby notified that the Board of Supervisors will not pay for, or consider any charge that may be made for materials furnished or labor performed, not embraced in the above and within contract, unless the same may be by the written order of the Architects, and approved at the time by the Board of Supervisors.

33. The ground upon which the municipal building is to be erected being within the fire limits of the City and County of San Francisco, and subject to the Fire Ordinances of the Board of Supervisors of said city and county, attention of Contractors is directed to the same, and strict compliance therewith will be enforced.

34. The Contractor to preserve all drawings entrusted to his care for the execution of the work, and he shall return the same to the Architects, together with all copies of specifications, before the work will be accepted, otherwise a valuation of plans, details, and specifications will be deducted from final estimate.

35. Intending tenderers desiring a copy of this specification, can obtain the same on application to the Architects, Shea & Shea, No. 26 Montgomery street, by receipting therefor, and depositing the sum of twenty-five dollars, which sum will be refunded on its return, and which must be returned on or before the time appointed for receiving the bids at the place required by law, viz.: in the Chambers of the Honorable the Board of Supervisors of the City and County of San Francisco.

SPECIFICATIONS.

GENERAL CLAUSES AND REMARKS.—The following general drawings are referred to, embodied in and made a part of this contract, to wit: Nos. 1 to 22, inclusive. Said drawings being marked as being part of this contract.

The Contractor shall bid for the entire work, set in place and complete in every particular, all in accordance with the following specifications and the accompanying drawings.

Proposals shall be made with the understanding that in case the Architects see fit to vary the weights of members of the structure from those called for by the specifications and contained in the proposals; or, if he chooses to omit some members or add others, by changing the design of minor parts of the structure, he may do so, and the bidders shall state a price or prices per pound at which such variations may be made.

Proposals must be accompanied by a statement of the estimated weight of each class of material.

MUNICIPAL BUILDING ON OLD CITY HALL SITE. 305

A schedule, or detail, of the prices on which the contract is based is to be furnished to the Architects, which schedule shall be the basis for all payments on account of contracts.

The decision of the Architects shall control as to the interpretation of drawings and specification during the execution of work.

The term Architects, when used in these specifications, refers to the Architects duly authorized by the Board of Supervisors to erect the Municipal Building, or their duly authorized assistant.

The Contractor shall guarantee immunity and hold harmless the City and County of San Francisco against suits or damages resulting from the use of patent devices in the construction and erection of the work.

No parts of the work shall be sublet without the consent of the Architects.

The Contractor will be furnished with all necessary details, plans and shop drawings.

The Contractor shall assume all risks of accidents to men or material during the manufacture and erection of the work. (See General Conditions).

The Contractor shall make good, at his own expense, any defect in material or workmanship that may be discovered at any time before the final payment is made.

The Contractor shall take his own measurements from the building, lay out his own work, under the supervision of the Architects; he shall furnish a surveyor, at his own expense, to locate certain points, the accurate determination of which is necessary for the proper completion of the work.

EXCAVATION.—When the lot of ground to be covered by the Municipal Building is entirely and completely cleared of all the walls to their foundation footings, and of all the rubbish which formed a part of the recently removed Old City Hall, together with all the sidewalk and area walls throughout, the Contractor to then take possession of the said premises and proceed with the work hereinafter mentioned in these specifications.

The Contractor to first level off the lot to top of hard-pan clay. Then dig all trenches for piers, walls, sewers, etc., as shown on accompanying drawings.

Then build proper retaining walls to effectually support all street or other embankments. Clear the premises of all superfluous dirt, rubbish, etc.

When foundation walls, piers, sidewalks and area walls, are built up to a line above the level of the proposed basement floors, the space between the bottom line of the said basement floor and the top of the hard-pan to be filled in and covered with clean sharp sand, well leveled and wetted, and thoroughly tamped to afford the concrete floor a perfect bed in every particular.

The excavation around the sidewalk walls must extend at least two feet beyond curb, so as to afford ample clear space for the application of cement and asphalt as hereafter called for.

BRICKWORK.—Obtain permission of the Superintendent of Streets, and construct a fence not less than eight feet in height around the entire lot at about the line of curb.

Said fence to be well and securely built in every particular, that pedestrians may be protected. The Contractor to move the fence nearer the building as the work progresses, and finally to be entirely removed when so directed by the Architects.

306 MUNICIPAL BUILDING ON OLD CITY HALL SITE.

A strong and secure temporary sidewalk over the excavated portion of street to be built wherever necessary or required by the Architects.

All the walls, piers and area, and sidewalk walls, throughout the entire structure, from the bottom line of all the footings to the top line of all fire walls, and extending up in the shape of the tower walls to floor line at base of clock lantern, to be constructed of rough brick and faced up on sides facing all streets, and on all sides of the tower, in the following manner :

The said rough brick walls from line of top of sidewalks on four streets, as shown, to the line of top of sill or cap course on line of second floor of building, to be faced with stone as hereinafter particularly described.

The said rough brickwork, from top of said stone sill course to top of fire walls, including all sides of the main tower, to be faced with terra-cotta and pressed brick, as will be hereafter particularly described.

For thickness, height and exact forms of all brickwork, refer to all drawings, viz.: plans, sections and elevations accompanying these specifications.

The entire rough brickwork to be laid up with the best, square hard-burned San Jose brick, which, in the opinion of the Architects, after investigating, will stand the same test.

All the above brickwork to be laid in cement mortar with close joints, and well bonded. Joints broken in a careful manner and not exceeding three-eighth ($\frac{3}{8}$) inches in thickness.

Every course flushed up solid in mortar and the filling in bricks drawn and rubbed into place so as to leave each joint flush and full of mortar.

All the joints of both the inside and outside faces of the brickwork to be neatly struck as the brickwork proceeds with a flat joint.

All the backing up stonework throughout to be done with the greatest care, and in strong cement mortar. All the bricks throughout to be thoroughly wetted in every particular with water from a hose before being laid in walls. Every fifth course to be a header or bond course throughout the entire work, and no false headers or courses will be allowed. All arches in rough brickwork for doors and windows and other openings are to be laid up in four rowlocks running through the entire thickness of walls. Brick arches to be formed back of entrance stone arch. Brick relieving arches to be formed back of all the heads of windows and door openings in the entire stonework of as many rowlocks as the architects may dictate. Build in thoroughly all the door and window frames throughout. The brick openings to be formed to templates and a reveal left in the brickwork and the frames wedged into place afterwards.

All the sills in the rough brickwork to be formed of a course of rowlocks flush with the face of the wall, laid with a slight pitch and cemented with a heavy coat of cement on top of wash. All the terra-cotta work of entire fronts to be well backed up with brickwork.

The openings of compartments of the said terra-cotta to be filled with brick, the ends of said bricks to be dry and free from all mortar so as to prevent staining the front. All to be done as particularly directed by the architects. The terra-cotta which forms the ornamental bases and capitals of all the columns, pilasters, etc., throughout to be perfectly and thoroughly filled with best concrete before being set in wall, so as to effectually sustain the superincumbent weight or pressure upon same.

The square columns which support the arcades of the pavilion of the upper or jail floor

to be backed up so solidly or filled with brickwork, thereby solidly bedding the steel work in masonry.

The upper open gallery surmounting the tower at base of clock lantern to have the terra-cotta columns and pilasters backed up with brickwork. The terra-cotta of main cornice to be also well filled with brick and mortar, particularly on inner end, so as to make more rigid and firm the overhanging portion of same.

The sidewalk area walls and all walls of building against which rest the soil or earth of the streets, from bottom line of concrete floor of basement to above the street or sidewalk line to be well cemented with strong cement mortar as the work is progressing, and when the cement mortar is dry, the same throughout to be given two good coats of pure asphalt of Alcatraz brand, put on effectually and hot.

It will be necessary in order to do the above work well that the earth around all said walls be removed some distance, say two feet, so as to afford the workmen ample space to work in.

Do all cutting of brickwork, wherever required, or as directed by the architects for the passage of pipes, etc., as ordinarily occur in the construction of a building, and patch up and make good all brickwork wherever necessary at the completion of the work.

Brace and stay from the inside all the retaining walls and the walls on all sides against which there is a pressure of earth until directed to remove same by the architects.

All the footings of piers and under walls to have a double course and as many single courses above as are marked on plans and sections.

The mortar throughout the common brickwork to be composed of fresh burned Santa Cruz lime and clean sharp sand in the proportion of one barrel of lime to four of sand.

The proportion of lime and sand to be accurately measured. A sufficient quantity of water added, and all to be well tempered by manual labor to effectually combine the same.

The proportion of cement to be used is as follows: All brickwork throughout below the line of sidewalk will have one barrel of cement added to the mortar to one barrel of lime used.

This brickwork includes all interior walls, piers, etc. For all the brickwork above this line of sidewalk, the cement to be added to the mortar to be in proportion of one barrel of cement to two barrels of lime used.

All necessary templates and centers throughout to be furnished by the contractor and well placed in position. No centers to be struck until so directed by the Architects.

Brickwork of Morgue Building to be carried up to height as shown on plans.

CEMENTING.—The top of all window sills in rough brickwork and projections, also the backs and tops of all fire walls to be well cemented with cement and sand; the brickwork being well wetted before being put on.

Cement all vent flues shown on plans, from top to bottom, in perfect manner. Neatly point up with cement mortar over all tin flashings of roof, around all firewalls, etc.

Cement the top of all main cornice of terra-cotta throughout to make absolutely tight in every respect.

All the inside of all area walls and piers of sidewalks to be also well cemented from floor to sidewalk.

The smoke flues of heaters, and also flues of kitchens, etc., to be lined with terra-cotta flue lining as called for in San Francisco Fire Ordinance.

All that portion of the sub-basement walls which retains ground or against which the soil rests to be cemented in same manner as called for around all sidewalk area walls.

The entire surface of all brickwork of building and sidewalk walls from top line of street to bottom line of basement concrete flooring to be plastered with good cement mortar, and when said mortar is dry the same to be given one good coat of pure Alcatraz asphaltum put on while hot with large brush. When same is cold give all said asphaltum one more good coat of asphaltum of above brand applied in above manner. A perfectly tight job is to be guaranteed. Cement all exterior walls of Morgue Building including fire walls.

PRESSED ORNAMENTAL BRICK.—From the top of stone sill course of second story, the entire three street fronts including all sides of the building is to be faced up in pressed brick except where distinctly called for in terra-cotta.

The pressed brick is to be of exact shade, quality, and durability as sample brick on file in Architects' office.

The pressed brick is to form all columns, etc., in special patterns, as also all arch brick.

Said brick to return in the jambs, and all outer corners to be made true, square, and plumb. Recesses to be left for all frames, etc. Relieving arches to be built over all openings in the rough brickwork where directed by Architects, as the work progresses. The panels of all pilasters where shown, as well as all arches, to be formed of ornamental moulded pressed brick.

All the bricks for arches to be moulded to exact radius, and to be anchored back with galvanized iron anchors wherever directed by Architects, to insure a perfect job.

Every alternate brick of the bottom course to be a header and to bond into soffit. All the pressed brick to be laid up from scaffold on the front. The scaffolding to be erected entirely independent of the walls, and putting logholes in the face brick will not be permitted under any pretense whatsoever.

The Contractor must cover all projections, sills, etc., with planking, which will not be removed until the job is complete. The bond of the face brick will be that every fifth course will be a header course, clipping headers if necessary. Give bond wherever else possible to make a first-class job.

MORTAR.—The mortar for the pressed brick and terra-cotta, as also for all stone work of all fronts, to be composed of clean, sharp North Beach sand, and lime putty colored the exact shade of the respective materials.

Cement to be used and added to the mortar immediately before using, and in proportion of one barrel of cement to four barrels of mortar.

Great care must be used in coloring said mortar, as no excuse for poor work will be allowed.

The joints in brickwork not to exceed one-eighth inch in thickness, and to be neatly struck and pointed to a clean joint. A perfect job will be required.

At the completion of the brickwork, wash down and clean the entire four fronts of pressed brick with a solution of muriatic acid and water in proportions of one-half pint of acid to one bucket of water, using coloring in the water if necessary.

All the brickwork, terra-cotta, and stone will have to be left by Contractor in a perfect clean, and workmanlike condition, free from all mortar and other stains, etc.

STONE WORK.—From a short distance below the line of the street or sidewalk topping, to the top of sill course of the second story windows, extending on all four fronts, as shown, the entire building is to be faced up with stone set in regular courses, dressed face, viz.: tooled face, as per sample in office of the Architects.

The formation of stone above the first story window sills to be a channel groove with raised face rounded on corners, as shown particularly on the drawings.

The stone work below line of sill of first story windows to be without the raised face, but all stones made flush face throughout, dressed or tooled as above described.

The ends and beds throughout to be perfectly dressed. All stone to be free from stain or every character throughout. No face stone to be less depth than six (6) inches bed on or into the wall. All stones of greater depth in wall will be of size as shown on sectional drawings.

Bond stones to be placed in the fronts where deemed wise or necessary by the Architects, and to run into the wall a depth as deemed necessary by the Architects.

All six (6) inch stones to be anchored back into the brickwork with iron anchors, as directed. The anchors to be one-eighth by one inch, turned up and down at respective ends to fit in holes cut in stone and in joints of brickwork.

The groove holes in stone to be cut on upper side or bed. All reveals of all openings to be flushed tooled face. Particular attention to be paid to the setting of all stones throughout and particularly the arch voussoirs of main entrance.

The entire stonework, including all belts, architraves, key blocks, etc., to be built up of as many courses, and of such size stone as indicated on the several elevations. All the joints throughout to alternate.

All the belt courses, sills, etc., to have a wash or slope top neatly cut, and to return around bases which set thereon, and all projecting sill stones to have a quick groove run on under side to prevent the wash of upper portion of the building staining or marring the sub-structure.

All the carving shown on stone work of the elevations to be neatly and effectually done after models made in strict conformity to details furnished hereafter.

The architrave mouldings around all first story windows and the caps, pilasters, and caps of entrance to be clean cut in every particular, and tooled in direction as dictated by Architects. No rubbing to be done on any of the work.

The entire stonework throughout to be from Sites, the Colusa Sand Stone Quarries of the State of California as per specimen in Architects' office.

The depth of reveals, sills, etc.; see drawings.

The mortar for the stone work to be the same as called for in the pressed brick specification, but of a different color to suit the shade of the stone.

The joints are to be carefully made and to be tuck pointed in first-class style.

The steps to all the entrances to be of California Granite, light in color, long lengths, dressed neatly, and of thickness as shown on drawings.

The curb around sidewalk to be of same quality and workmanship, and of thickness as shown on the several drawings, and all well set and free from all blemishes.

Granite coping also set on area walls on Kearny street fronts which lend light to Shooting Range under sidewalk. All other granite work such as bearing blocks for sidewalk

beams, capping blocks for all piers, etc., as are shown distinctly on drawings, to be of same quality of granite as above, with all beds and tops and exposed faces dressed.

See drawings for all sizes of granite work.

TERRA-COTTA.—All the terra-cotta throughout the entire four street fronts to be made of form and quantity as shown on all elevations and accompanying plans, including tower to base of lantern for clock.

The said terra-cotta throughout to be of exact color and shade as the pressed brick to be used, and as sample of same brick as in office of the Architects.

The terra-cotta above specified to be so treated chemically as to make it impervious to water to the entire satisfaction of the Architects.

All terra-cotta of fronts to be modeled with the greatest care and the model subjected to the approval of the Architects before the work is actually forwarded. All the modeling to be done in strict conformity with the full size details which will be hereafter furnished as the work progresses. All work of terra-cotta will be shown on scale drawings in color as marked, giving exact form and depth, etc. All the bases, caps, etc., of terra-cotta upon which masonry rests to be filled in with solid concrete as particularly specified under brick-work heading of these specifications.

All terra-cotta to be well and thoroughly anchored back into masonry and steel work with strong steel or galvanized iron anchors as directed by the Architects during progress of the work.

All the joints of the terra-cotta to be straight and true and square and carefully laid. The joints of all terra-cotta on the top to have roll tops lapping to the joints to make same perfectly water tight. This applies to all crown moulds, sills, fire-wall cappings, etc., which act as general washes. Great care to be taken in the setting and anchoring of main cornice numbers back in most perfect manner.

The sills of terra-cotta, to run well under the wooden sills of all sash frames. The mortar for terra-cotta to be formed and applied as called for under heading of the pressed brick work. All the terra-cotta to be free from all blemishes throughout. The coping cap on top of all interior walls to be of terra-cotta made in long lengths the full thickness of the walls and well anchored down into same.

The entire light well walls as well as the back wall of center of rear building opposite the Morgue as is clearly shown on drawings, to be laid up in a light-colored terra-cotta well set and anchored to the steel frame back of same.

The sills and sill courses and back wall of center of rear of building opposite the Morgue to be of architectural finished terra-cotta of color as above specified. Other walls of light will be cemented one coat at least $\frac{3}{8}$ -inch thick.

Submit sample of water-proof terra-cotta and brick to Architects for their approval and acceptance.

CONCRETE WORK.—All cement concrete shall be composed of one part of Portland cement, three parts of clean sharp sand, and five parts of approved chip stone of size to pass through a two-inch ring.

The material for concrete must be measured in boxes so as to insure proper proportions being used, incorporated with sufficient water as the Architects may direct, thoroughly mixed, wheeled and tipped into place rammed solid in the forms required, and leveled off on top.

Then when the solid concrete is laid, the same to be covered with a topping of one inch in thickness, one part of cement to one part of clean sharp gravel. When the clean sand-filling heretofore specified under excavation heading has been placed, a concrete floor as above described to be laid over the center lot between the sidewalk walls and all the walls of the substructure, forming the basement floor laid out in blocking at least two and one-half feet square.

The artificial stone sidewalk forming roof to vault to have a bottom of No. 22 corrugated galvanized steel plates with dove-tail grooves forming retaining channels and one and one-eighth inches deep for the cement filling and otherwise to be made as directed. The ends of these steel corrugated plates to lap four inches into each other over the beams on which they rest closely fitting, the top piece overlapping in the direction of the incline of the street, and the space beneath the corrugations beneath it and the top of beams to be solidly filled with a mixture of Portland cement and gravel, hereafter described. A timber to extend from front of building to outer wall in the middle of the space between steel beams supporting the steel plates in the middle of their lengths during the tamping, forming, and hardening of the artificial stone sidewalk, these to remain twelve days after sidewalk is formed.

The corrugated steel plates to have a superposed thickness of artificial stone formed in a plastic state, well compacted, completely filling every retaining channel, and not stopping work in any event until a full thickness is formed of $2\frac{3}{4}$ inches.

In the middle of this thickness, in cross direction to the corrugations, is to be laid galvanized iron wires, twisted the width of sidewalk, three between each pair of beams.

The artificial stone to consist of equal proportions of best Portland cement and clean, sharp, sifted beach gravel and a little water, the top surface to be a quarter of an inch in thickness, of neat Dycherhoff cement or equally dark colored strong cement. The top surface finished and laid off into squares.

The illuminating portions of sidewalk to be the same construction as before described, but with holes formed between the retaining channels of steel plates, and blocked with glass lenses acceptable to the Architect, $2\frac{1}{2}$ inches in diameter by 1 inch thick, artificial stone filling, etc.

The sidewalk and illuminating portion to be water-tight, and capable of sustaining over four hundred pounds per foot, as required by City Ordinances. The bottom of the galvanized steel to have two coats of white lead and linseed oil.

After completion of sidewalk, it is to be covered with wet sand, and to be kept wet and to have an upper covering of boards protecting sidewalk, leaving an open space between; these to remain not less than fifteen days after making sidewalk. Put in most approved cast-iron ventilators, with pan, etc., complete, and of number and size as marked on the plans.

When the concrete floors of first, second and third floors in hallways have been laid to a level of top of flooring strips in adjoining rooms, the said surface to be covered with a one-inch topping of cement and sand, in proportion of one of cement and one of sand, as per topping for all of the basement flooring.

When the floor of upper jail is brought to a level $1\frac{1}{2}$ inches above the top of beams, as called for under heading of floor construction, the said surface to be then covered with a layer of pure Alcatraz asphalt put on in the most perfect manner, and turned up around all

steel columns. Interior partitions and outside walls to be a height of say 14 inches above the floor level. The said asphalt to be one inch in thickness.

CEMENT.—The cement used for masonry, etc., to be selected by the Architects from the following brands: Alsen, Hilton, Jossen, Gillingham.

CONSTRUCTIONAL STEEL.—1. The Contractor shall furnish and set in place all the steel trusses, columns, purlins, tees, girders, beams, channels, etc., as shown on general drawings, and in accordance with detail drawings to be furnished by the Architects during the progress of the work.

2. The Contractor shall furnish and set in place all the necessary steel framework for all skylights.

3. Steel may be made either by the open hearth or Bessemer process.

4. The tensile strength, limit of elasticity, shall be determined from a standard test piece, cut from the finished material, and planed or turned parallel; the piece to have as near one-half square inch sectional area as possible, and elongation to be measured on an original length of eight inches, two test pieces to be taken from each heat or blow of finished material, one for tension, and the other for bending. All facilities for inspection of the materials and workmanship shall be furnished by the Contractor. He shall also furnish without charge, such specimens (prepared) of the steel to be used as may be required to determine their character.

5. The Contractor shall furnish the use of a testing machine capable of testing the specimens at all mills where the steel may be manufactured, free of cost.

6. Full-sized parts of the structure may be tested at the option of the Architect; but if tested to destruction, such material shall be paid for at cost, less its scrap value, to the Contractor, if it proves satisfactory. If it does not stand the specified test, it will be considered rejected material, and be solely at the cost of the Contractor.

7. Every finished piece of steel shall be stamped on one side, near the middle, with the blow number, identifying the melt. Rivet and lacing steel, and small pieces for plates and stiffeners, may be shipped in bundles, securely wired together, with the melt number on a metal tag attached.

8. Finished bars must be free from injurious seams, flaws, or cracks, and have a workmanlike finish.

9. Steel must be of the grade known as Medium.

10. Specimens from finished material for test, cut to size specified above, shall have an ultimate strength of 60,000 to 68,000 pounds per square inch; minimum reduction of area at fracture, 40 per cent. This grade of steel to bend cold 180 degrees to a diameter equal to the thickness of the piece tested, without crack or flaw on the outside of the bent portion.

11. The variation in cross section or weight of more than 2½ per cent from that specified will be sufficient cause for rejection.

12. Full-sized bars of a sectional area of two (2) square inches shall have an ultimate strength of at least sixty thousand (60,000) pounds per square inch, and stretch at least ten (10) per cent in the whole length.

Bars of larger sectional area than two (2) square inches will be allowed a reduction of one thousand (1,000) pounds per square inch for each additional square inch of section down to a minimum of fifty-five thousand (55,000) pounds per square inch. ;

13. Inspection of work shall be made as it progresses, and at as early a period as the nature of the work permits. The Architects will ordinarily inspect the material, supervise the work at the shops, the work of erection and all the tests to be made. All finished parts may be inspected and weighed by the Architects before shipment.

14. All workmanship must be first class. All abutting surfaces of compression members must be planed or turned to even bearings, so that they shall be in such contact throughout as may be obtained by such means. All finished surfaces must be protected by white lead and tallow.

15. The rivet holes for splice plates of abutting members shall be so accurately spaced that when the members are brought into position the holes shall be truly opposite before the rivets are driven.

The pitch of rivets in all classes of work shall never exceed six (6) inches, nor sixteen times the thinnest outside plate, nor be less than three (3) diameters of the rivet. The rivets used shall be $\frac{3}{4}$ inches diameter. The distance between the edge of any piece and the center of a rivet hole must never be less than $1\frac{1}{4}$ inches, except for bars less than $2\frac{1}{2}$ inches wide. When practicable, it shall be at least two diameters of the rivet. Rivets must completely fill the holes, have full heads concentric with the rivets, of a height not less than 6-10 the diameter of the rivet, and in full contact with the surface, or be countersunk when so required, and machine driven wherever practicable.

The diameter of the punch shall not exceed by more than 1-16 inches the diameter of the rivets, and all holes must be clean cut, without torn or ragged edges. Rivet holes must be accurately spaced; the use of drift pins will be allowed only for bringing together the several parts forming a member, and they must not be driven with such force as to disturb the metal about the holes.

16. Built members must, when finished, be true and free from twists, kinks, buckles, or open joints, between the component pieces.

17. In all cases where a steel piece in which the full strength is required has been partially heated, the whole piece must be subsequently annealed. All bends in steel must be made cold, or if the degrees of curvature are so great as to require heating the whole piece must be subsequently annealed.

18. All surfaces inaccessible after assembling must be well painted, two coats, before the parts are assembled.

All new steel and iron work must be cleaned of scales and dirt, and shall receive one coat of best oxide of iron (subject to the Architect's approval), ground in pure boiled linseed oil; and all machined surfaces are to be coated with pure white lead and tallow before leaving the shop. After erection all work is to receive one additional coat of paint. If work is not accessible after erection, it shall be given two coats before erection.

All recesses which will retain water, or through which water can enter, must be filled with thick paint, or some water-proof cement, before receiving the final painting.

All loose scales, rust, or dirt must be removed in the shop, as well as on the site, and be inspected before oil or paint is applied. If necessary, wire brushes and chemical processes shall be used.

19. The Contractor must drill all holes and furnish all bolts required for the work.

The base plates of all columns shall be bolted to the granite bearing blocks by means of

stone bolts, $\frac{3}{4}$ -inch diameter, 4 bolts to each column. He shall furnish all bolts, and set to place with sulphur

20. All screw threads must be cut to U. S. standard.

All rods with screw ends shall be upset at the ends, so that the diameter at the bottom of the threads shall be 1-16-inch larger than any part of the body of the bar, and so that they shall break through the body of the bar instead of the thread.

21. All bearing or bed plates for girders, and base plates of columns, must be of such dimensions that the greatest pressure upon the granite blocks shall not exceed 250 pounds per square inch, and on brick masonry 150 pounds per square inch.

22. The bearings of all beams, girders, etc., must not be less than six inches at each end, and as much more as is shown on drawings.

23. Connections between members of all kinds must be made as strong or stronger than the members themselves, and must be made in accordance with the detail drawings, which will be furnished by the Architect as the work progresses.

All connections, etc., shown on the general drawings will be subject to change.

24. Girders formed of two or more beams shall have inserted between the webs, not more than 5 feet apart, cast-iron separators to fit accurately the form of the beams, with two bolts for 12-inch beams and over, and one bolt for $10\frac{1}{2}$ -inch beams and under.

JAIL.

For steel Jail Cells, with corridors, to be erected on the fourth floor of the New Municipal Building. The cells will be divided into the following departments: Hardened Criminal, General Misdemeanor, First Offense, Boys, Females, Juveniles.

The number and size of the cells in each department will be as follows: Hardened Criminal Department, twelve (12) cells, 6 feet wide, 8 feet deep, from front to rear, and 7 feet 6 inches high in the clear, with the center corridor 10 feet wide.

General Misdemeanor Department, fourteen (14) cells 6 feet wide, 8 feet deep from front to rear, and 7 feet 6 inches high in the clear, with a center corridor 10 feet wide.

First Offense Department, twelve (12) cells, 6 feet wide, 8 feet deep from front to rear, and 7 feet 6 inches high in the clear, with a center corridor 10 feet wide.

Boys' Department, six (6) cells 6 feet wide, 8 feet deep from front to rear, and 8 feet high in the clear, with a side corridor 4 feet 6 inches wide.

Female Department, eight (8) cells, 6 feet wide, 8 feet deep from front to rear, and 7 feet 6 inches high in the clear, with a center corridor 10 feet wide.

Juvenile Department, six (6) cells, 5 feet 6 inches wide, 8 feet deep from front to rear, and 7 feet 6 inches high in the clear, with a center corridor 10 feet wide.

All the above enumerated cells are to be constructed of open hearth steel.

The locking arrangements for all cell doors in all departments are to be such that the doors can be opened or closed, and locked or unlocked, by the guard from the outside without entering the prisoners' corridor, and to be so arranged so that any number of cell doors can be operated in this manner at the same time, and it is understood that the same is to be

guaranteed to be in good working order when the work is completed, and that any number of cell doors can be operated as above provided. The above described locking and unlocking device is patented by the Parly Jail Company of St. Louis.

PLATE WORK.--All plate to be of the best open hearth steel for the outside, and partition plated, also ceilings and floors of all cells. For size and thickness of material see Plans and Details. At the rear of each cell, next to the partition, there will be one foot of solid plate work, so as to prevent prisoners in one cell from passing articles to the prisoners in other cells. The grated work at the rear of each cell, as also the front and rear end of the corridors, will be made in the shape and style as shown by detail, also giving the size of material. Said grating to be constructed in the best and most workmanlike manner, to the satisfaction of the Architect. All corners in all cells to be put together with open hearth steel angles, using 2-inch by 2 inch by $\frac{1}{4}$ -inch on the inside, and $2\frac{1}{2}$ -inch by $2\frac{1}{2}$ -inch by $\frac{1}{4}$ inch on the outside corners. All joints in the plate work, wherever necessary, are to be battened on the outside with 3-inch by $\frac{1}{4}$ -inch open-hearth steel battens. All riveting throughout is to be done with $\frac{3}{8}$ -inch and $\frac{1}{2}$ -inch counter-sunk, oval-head Norway iron rivets, counter-sunk, riveted on the inside, rivets to be spaced from 3 inches to 4 inches from centers, as the nature of the work may require. At the rear end of each cell there will be provided a food opening about $4\frac{1}{2}$ inches by $6\frac{1}{2}$ inches. Below this food opening there will be provided a shelf or bracket with perforated bottom, large enough to receive a water pail and strong enough to carry the pail filled with water, so the prisoners can reach out through the opening and obtain their drinking water if they so desire. At the sides between the cells and the wall, at the front end of the various departments, as shown, there will be grating work, with door in the same, to cut off the guards' corridor around the cells. Said gratings to be of open hearth steel and constructed in the same manner as the grating for the cells. The style of this grating is as per detail, which will also give the size of material.

Each cell is to have a door about 2 feet wide and 6 feet high, constructed of the same thickness and kind of material as the fronts of the cells. The doors to be securely hung in the manner as shown by detail, and to be properly stiffened and panelled as the nature of the work requires.

On the inside, around the opening, will be provided 2 inch by 2 inch by $\frac{1}{4}$ inch angle frame, forming a rebate for the door to strike against. The arrangement for locking the cell doors is already described herein. The locking arrangements are to be securely locked in place into lock boxes on the outside as shown by the plans.

These lock boxes are to be locked by means of a combination lock, which closes the key hole with a plate.

The corridor doors leading to prisoners' corridors are to be locked by means of heavy bolts, one near the bottom and one near the top. These bolts, when the doors are in a closed position, are to be locked with heavy jail padlocks. This, however, is not necessary until closing the prisoners for the night, otherwise they can be moved by the Guard easily. The bolt at the bottom to be on the cell side and long enough so as to throw the padlock out of the reach of the prisoners from the corridor. The bolt near the top is to slide through the lever box and is to be locked on the inside of the lever box with a heavy jail padlock.

The grating at the entrance end to the corridor is to be covered with heavy wire screen, so as to prevent any articles, tools, etc., being passed through to the prisoners while in conversation with any one on the outside who come to visit them. Said wire screening to be

secured to the grating in the most approved manner. The wire screening to consist of No. 14 wire, woven together as closely as can be made.

Each cell, except the shower bath, in each of the departments is to be provided with three (3) iron bunks, two (2) swinging, and one (1) stationary. The stationary bunk to be placed 17 inches from the floor, and is to be used by the prisoners for a seat. The swinging bunks are to be arranged so that they can be swung up out of the way when not in use, and when down and ready for use are to be supported by suspension chains or bars.

The bunks to consist of an angle frame made of $1\frac{1}{2}$ inch by $1\frac{1}{2}$ inch by 3-16 angles, in one continuous piece, and securely riveted at the one corner, the bottom to consist of $1\frac{1}{2}$ inch by No. 18 hoop iron interlaced, and securely riveted at each end to the angle frame.

PAINTING.—All of the cell work is to receive a coat of mineral paint before leaving the factory and is to receive two (2) additional coats after being erected in the building.

ENTRANCE DOORS.—There will be twelve (12) entrance doors to the various departments as shown on the plan, provided with a basket. The doors to be about 2 feet 8 inches wide and 6 feet 8 inches high, made of 3-18 inch thick open hearth steel plate, stiffened around the edge on the inside with a 2 inch by 2 inch by $\frac{1}{4}$ inch angle, securely riveted on. Doors to be hung on heavy hinges to a $2\frac{1}{2}$ inch by $2\frac{1}{2}$ inch by $\frac{1}{4}$ inch angle iron frame, and to be secured with a good strong five tumbler jail lock arranged so as to lock and unlock from both sides. Wall jambs to be made of No. 14 steel plate. There will be a basket in each door about 12 inches by 18 inches, made of $\frac{3}{4}$ inch round bars set about $2\frac{1}{2}$ inches from centers, and morticed and riveted at top and bottom into plates of $\frac{1}{4}$ inch thick steel plate. On the opposite side from basket there will be a shutter to same, secured with padlock. All plate work throughout to be $\frac{1}{4}$ inch thick.

GRATINGS.—There will be two (2) gratings made of open hearth steel the same as the gratings for the cells, leading to the kitchen and store rooms around elevators and staircase, extending from floor to ceiling. Said gratings to have doors in them where shown of same size as the doors above specified, and to be provided with a basket, the same as above described.

WINDOW GUARDS.—There will be window guards around all windows of sizes as shown on plan. Said window guards to be made stationary, and the cross bars are to extend into the brickwork or iron work as suggested or required at each side about six inches, and there to be securely anchored.

These guards to be placed on the inside and to be made in two (2) halves. Each half sliding in the opposite direction, or on hinges, and turned so the windows will be accessible for cleaning.

These guards to hang on pulleys at the top if sliding, and to have a track both at the top and bottom.

This work to be done in the most approved manner, and in accordance with the detail furnished by the Architect.

These guards when closed to be locked with two (2) heavy jail padlocks.

GUARDS, CORRIDORS, PARTITIONS.—The grated partition between the guards' corridor, as shown on plans, is to extend from floor to ceiling, and is to be made of the size material

as shown on detail and plan, said material to be of open hearth steel, bars are to be set on an angle on the order of a Venetian blind, so as to prevent any one from looking through to the prisoners as well as preventing the prisoners from looking through, and at the same time allow the light and air to pass through.

The bars to be spaced about $1\frac{1}{4}$ inches on centers, and to be secured into the frame bars at each end. This grating to be made in sections of 5 or 6 feet in width, and each section to be provided with a frame as size material as shown. All to be put up in the most secure and approved manner. All of the doors, gratings, window guards, and partitions are to receive a coat of mineral paint before leaving the factory and two additional coats after being erected.

CEILING OF ALL CORRIDORS IN THE DIFFERENT DEPARTMENTS.—All corridors are to have a double ceiling, creating a space of 12 inches for the purpose of concealing the mechanism of the locking devices, so that the prisoners cannot in any way tamper or handle the machinery. There will be steel beams twenty pounds to the foot placed every four feet, to which the upper and lower ceilings shall be securely riveted. There will also be plates four inches by 3-16 of an inch placed on all joints. These are to form battens and be securely riveted to both plates. Rivets $\frac{3}{8}$ of an inch spaced every four inches.

ELEVATORS.—There shall be deducted from the amount of this contract the sum of \$14,000 for the purchase of all the elevators shown on plan, being the prisoners' elevators, two passenger elevators for main building, one for the hospital and an elevator for the morgue.

When the time for placing the elevators is at hand the Architects shall select for the above amount the elevators then in the market, which in their opinion are most proper from a constructive and economical standpoint.

The elevators shall be electric and the above amount includes cage, motor gearing, safety devices complete.

VENTILATION.—The contract shall provide a ventilating system, including roof vents, wall vents, etc., of Abrahamson's system. All to cost complete the sum of two thousand five hundred (\$2,500) dollars, all subject to the direction and full approval of the Architects.

VAULTS.—The Contractor shall provide vaults as shown to cost the sum of one thousand five hundred (\$1,500) dollars. The said vaults, doors, etc., selected by the Architects.

HARDWARE.—Furnish hardware for entire building to the amount of three thousand eight hundred dollars (\$3,800) to be selected by the Architects.

GLASS.—The entire sash throughout the building, excepting sash doors, to be glazed with best quality 28 oz. crystal sheet glass, all well bedded in putty and perfectly clamped with approved wedged clamps. All doors where marked glass to be glazed with best American plate glass.

All glass throughout to be free from all defects, blemishes, etc.

PLASTERING.—The entire metal lathing, as above described, to receive two coats of plaster of a thickness of full $\frac{3}{4}$ -inch from face of lath to finished white coat.

The hospital portion to be covered with the Royal Cement Plaster put on the above

thickness with one brown coat well rubbed down and then finished with hard white coat, as per sample of work in Architect's office.

All the other portion of the lathing of entire building to be covered with a heavy coat of brown mortar formed of best Santa Cruz lime, clean sharp sand and long hair, well manipulated and made up at least ten days before using.

When the brown coat is thoroughly dry cover same with a coat of hard finish, perfectly put on and finished down free from all defects of whatever character throughout. All corners plumb and square. Plastering run to floor in all cases. Arches to be straight with rule joints.

Plaster of Paris center pieces to be put up wherever shown on plans and of design as selected by the Architects.

Plaster of Paris brackets to all arches.

GALVANIZED IRON WORK—All the galvanized iron where marked on plans to be of No. 22 iron of first quality. All the mouldings to be worked out with greatest care and supported with all necessary bracketing, etc.

The ornamental work to be cast white metal of proportion of seventy per cent. pure zinc, twenty per cent. pure tin and ten per cent. pure copper, all put on with greatest care.

All made perfectly tight and secure in every respect. The above galvanized iron work to include the entire lantern of the main tower, balustrade, and ornaments and brackets of top of main tower and other ornamental work, such as tops of all corner pedestals, skylights, etc., and all other work which is clearly shown on accompanying drawings.

CARPENTRY AND MILLWORK.—When the concrete floors or cinder filling of all the first, second and third story floors are up to proper level, Oregon pine strips, $1\frac{1}{8} \times 2\frac{1}{8}$ inches, to be set in same, and well bedded to receive the flooring boards throughout said floors.

The main halls and sub-halls not included in the above as same will have concrete topping.

The said strips to be covered with $1\frac{1}{8} \times 4$ inch pine flooring straight grained, soft, light, and well seasoned, and of selected quality, and all tongued and grooved, and well driven into each other, and blind butt and top-nailed in the most effective manner.

Boards to be in longest lengths and smoothed down when completed. The basement floor, as well as the entire jail floor, to be without wood topping, but concreted, as called for in other portions of these specifications.

SASH.—All the sash throughout the building to be $1\frac{3}{4}$ inches thick, to be of well seasoned Eastern oak, straight grained. All to be double hung in box frames. The box frames to have $1\frac{1}{2}$ -inch pine pulley stiles, with $1\frac{1}{2}$ -inch front, back and inside lining. Sills to be 2-inch weathered and rabbeted.

Mouldings all around to set closely up against the masonry and wooden frames. At angles all the above except otherwise specified, to be of well seasoned redwood, well painted on all sides before being put in place. The frames in which transoms set to be boxed heads, so as to permit the hangings of transoms with weights same as sash.

All the above sash to be extra heavy in width, to have strong meeting and bottom rails grooved and lapped, all to conform with details hereafter furnished.

All transom bars to be made of solid timber, and of such form to suit details. All

frames to be perfectly anchored to the masonry and the still work, as directed. All windows to be hung with weights, chain, etc., as selected by the Architects.

Outside door frames throughout, except the main entrance on Kearny, Washington, and Merchant streets, to be of oak 1 $\frac{3}{4}$ inches thick, rabbeted and well secured to brickwork. The door frames for all interior openings or doors to be of oak, as above described, 1 $\frac{3}{4}$ -inch jambs, rabbeted. Casings 1 $\frac{3}{8}$ inches by 7 inches, moulded as per detail, together with all plinth blocks. All to be of oak, as above.

The inside finish around all window openings to be the same as around doors, with panel backs, plinths, etc., complete, all of oak, and made as per details.

The wainscoting to be of same oak, as called for above, and to be of height and extent as shown on sectional drawings.

The cap to be a two member finish, and the base to be capped with a 2 $\frac{1}{2}$ -inch moulding, as shown. The wainscot proper to be made of $\frac{3}{8}$ -inch boards, laid horizontally in long lengths, grooved into each other, and one lapped on top of the other. The upper end of each board to be thinner than the bottom, permitting a perfect lap. The wainscoting around all columns to be panelled same as shown. All to be perfectly seasoned and put up in perfect workmanlike manner.

The walls and ceilings of vestibules to be finished in oak, as shown on drawings. All doors inside to be of oak, and where marked "T," to have transoms of same wood at least three feet high, and to hang on pivots to swing.

The front doors, as shown on Kearny, Washington, and Merchant streets, to be of wood, and covered with sheet copper on all sides, with large nail heads, as shown, in most perfect manner. The frames of front doors to be of cast-iron polished to a high degree, and then copper-plated electrically two pounds to the foot, and given the tone or effect as directed by the Architects.

The above work must be a perfect job.

Flag staff, 40 feet in length, got out of an 8x8-inch Oregon pine timber, to be set on top of lantern tower, and running down, connecting solidly with steel frame of same. All made as per details to be furnished.

PLUMBING AND GAS FITTING.

PLUMBING.—It is thoroughly understood that the plumbing hereafter specified is to be done in the very best manner, perfect in every particular, left in complete working order, and guaranteed to be kept in repair for a term of two years from date of completion of same.

The plumber to comply with all the rules and regulations governing the plumbing and house drainage of the City and County of San Francisco.

All pipes to be tested for leaks in a proper manner by having a full pressure of water left on for some days before the plastering is commenced.

All joints between lead and iron pipes to be made with brass ferrules, and all joints to be wiped joints.

The size given for all pipes throughout the building means inside diameter in every case.

MAIN DRAIN OR SEWER.—Run one line of six inch extra heavy cast iron pipe from N. W. corner of building at Washington and Kearny streets, running easterly along the north wall to a point far enough easterly to drain all the fixtures on said wall side; thence out into Washington street to connect at a proper point with Washington street sewer. Run also a six inch extra heavy cast iron pipe commencing at the S. W. corner of building, thence along inside of southerly wall to Dunbar alley, thence along Dunbar alley out into Washington street. A sewer pipe of six inch extra heavy pipe as above described to connect both of the pipes just mentioned running along the westerly wall.

The Dunbar alley sewer will be eight inch iron stone pipe, and will receive all the drainage from basement and all floors of building at rear end. And also all the drainage of the Morgue. All the interior sewer pipes such as the drains above described, except Dunbar alley, drain to run along wall near ceiling of basement, and to be perfectly clamped and strapped to wall every five feet apart.

Drains to be given a good and sufficient pitch in every particular.

Pipes made perfectly smooth on the inside, properly and carefully trapped and graded and all joints caulked flush with oakum and lead.

Running traps placed in main drain in each portion that they may be easily cleaned.

Fresh air inlets placed where directed by the Architects. All cast iron pipe to be thoroughly and evenly coated with asphalt.

SOIL AND WASTE PIPE.—Soil pipes throughout to be of cast-iron and carried up two feet above main roof as a vent. All connections in both horizontal and vertical pipes to be made with "Y" branches and one-eighth bends. All cast-iron pipes to be properly supported with wrought-iron hooks and hinges wherever required.

All joints made with oakum and molten lead and well caulked. The inside of all pipes to be perfectly smooth and covered with a good coating of coal tar applied hot.

All main soil and waste pipes to extend above the roof as before described, and to terminate with ventilating cap.

Main vertical lines of soil pipes from the upper or prison floor to be five inch extra heavy cast-iron pipe with four inch branches, all to have four inch brass clean-outs on all ends of pipes. Said ends to extend to a convenient point easy of access in case of stoppage.

All water-closets throughout to have four inch extra heavy cast-iron pipe. Waste pipes from sinks and urinals to be three inch extra heavy. Basins to have two inch extra heavy pipe as above, with all necessary and corresponding traps.

SUPPLY PIPES.—Connect all pipes with main in street. Run a supply two inches in diameter from main to building and then back to below boiler room, thence up to top of building to a distance of four feet above roof line. From this supply take off branches on each floor and carry same to supply all fixtures as shown on the plans. The said supply to be of ample size to supply abundantly all fixtures, or as directed by the Architects.

Make all necessary connections for basins, closets, sinks, etc., and all the fixtures, as required by the plans. A shut off cock with handle under each fixture.

WASH BASINS.—Basins to have simply cold supply through $\frac{3}{4}$ -inch pipe and to waste through $1\frac{1}{2}$ -inch pipes, with $1\frac{1}{2}$ -inch trap.

All the basins on prison floor and in public lavatories to be enameled iron with all con-

nections, etc., as is particularly shown in Standard Manufacturing Company's Catalogue, and numbered Plate 45. All other basins as shown in offices, judges' chambers, jury rooms, etc., to be of form as shown on plans, with bowls 16 inches in diameter.

All these basins thoroughly clamped onto underside of slab and to have silver-plated plugs, chain, and washer with ring cups. Slabs to be moulded $1\frac{1}{2}$ inches thick and counter-sunk. Marble sides and backs 18 inches high. Marble aprons 6 inches deep for all basins.

Slabs to be supported with nickel-plated brackets of design as selected. All plumbing to be open plumbing and pipes, traps, etc., must be nickel-plated. The marble of all basins to be Tennessee marble highly polished. Fuller's basin cocks complete for all basins.

All fittings etc., done in the best manner. Trap all basins with Bower's improved trap.

WATER-CLOSETS.—Water-closets, as specified, to be properly set and connected with soil pipes with heavy six-pound lead traps. Water supplied through a one-inch pipe.

The prison water-closets to be Ferguson's flushing rim closet, as particularly shown in the above-mentioned Standard Catalogue, in plate No. 359.

The public closets or latrines in public lavatories, and off the Police drill-room, etc., to be the automatic syphon jet extension water-closet, enameled as per Standard Manufacturing Company's Plate 362, of as many sections as shown on plans, and with all the accompanying fixtures, partitions, tanks, etc., as shown on plate.

All the other private water-closets to be the Douglass Leader, with Grecian woodwork and nickel-plated supply pipes. Tank, brackets, etc., complete.

All to be ventilated in the most approved manner as required by Rules and Regulations of the San Francisco Board of Health. All fixtures to have shut off cocks underneath with handles, etc. All supplied with air chambers.

URINALS.—All the urinals throughout to be the Standard urinal troughs with automatic tanks and brass flush pipes complete, as is particularly shown enameled on Plate No. 268.

BATH TUBS.—The bath tubs in the prison or upper floor to be a cast iron tub of pattern as is shown in Standard Catalogue, Plate No. 522. Same to be painted, not enameled, and set on legs, and provided with all necessary fittings, trap plug, chains, etc., complete. All other tubs, such as in hospital, to be of same character and plate, but to be enameled.

SLOP SINK.—Slop sinks throughout to be of such pattern as is shown in Standard Catalogue, Plate 851, painted, and set up complete, in conformity with plate, with roll rim, strainer, bibbs, and trap standard, etc.

COCKS AND VALVES.—All water supply pipes to sinks, basins, and closets, tanks, etc. are to be fitted with universal slip joints, angle valves, and all fixture connections are to be made with universal pipe joints. Cocks for all fixtures not before mentioned are to be Fuller's nickel-plated.

SINKS.—Wherever sinks are called for on plans, same to be of steel, large size, and of porcelain lined with plated strainer, and faucets, plug, chain, and strainer complete. Three-inch cylindrical trap, 3-inch trap screw accessible, with all necessary vents, etc.

SAFES.—All lavatories to have the floors of the same pitched to center and formed into a safe to drain same in case of overflow. Same to have $1\frac{1}{4}$ -inch lead pipe waste, $2\frac{1}{2}$ pounds to the foot, to run to outside of walls.

Marble safes under all office basins with above character of waste and brass strainer at top of outlet. Marble safes as above under all showers for the Police drill-room, with waste strainer, etc., complete.

322 MUNICIPAL BUILDING ON OLD CITY HALL SITE.

SHOWERS.—The showers, as shown in all compartments for prisoners, to be set in center of special bath cell or against wall, with extended projected overhead shower, such as is shown in Standard Catalogue Plate No. 712.

The showers in room off drill-room of Police, in basement, to be as shown in Standard Catalogue, Plate 708, with hose rubber, curtain, etc., complete. All nickel plated.

The prison showers to have automatic treadle platform, with enameled sink supply and waste fittings. The floor and sides of the prisoners' shower cells to be lined with heavy six-pound lead well secured to walls of cells. The plumbing of all the cells to be drained in exact conformity with directions of Architects during progress of work.

GAS-FITTING.—Use best wrought-iron gas-pipe of the various sizes required by law to supply the number of outlets as marked on plans. Main run as direct as possible and graded perfectly. Pipes well secured with hold-fasts, iron straps and screws. Pipes run to supply outlets where marked with letter "G" on plans, and should check be omitted in any place, supply same as directed by Architects. All joints put together in red lead. All pipes to be capped, tested and caps then left on. Place meter where directed. The plumber to pay for all gas and water services required, and furnish certificate for same.

LEADERS.—All the leaders from roof and upper balconies to be of four-inch cast-iron pipe. Extra heavy pipe placed where shown on the plan of roof and upper story. See drawings for all leaders of light-well.

Leaders, except light-well, to be brought down inside of wall in chases or flues prepared for same. The pipe to be put in with greatest care, to be perfectly jointed, calked with oakum and molten lead, and securely attached to brickwork every few feet, as directed.

Strainers of brass placed at head of same, as also basket strainers over same, of heavy wire securely attached.

TRAPS.—Furnish two Titus traps, one 8-inch and one 6-inch, and place where directed.

ELECTRIC LIGHT WIRING.

WIRING.—All risers and mains shall consist of three wires, but the neutral wire shall consist of two wires, each equal in cross-section to the outside wires, or of one wire equal in cross-section to the two outside wires combined, in order that, if desired, all lights may be operated on the two-wire system; if two neutral wires are run, they shall be permanently connected at each cut-off box. All distributing circuits shall consist of two wires only, except to outlets for a group of twenty 16 c. p. lamps or more, and for special circuits specially mentioned. Care should be taken in connecting up the distributing circuits at distributing centers, to have the same number of lamps on each side of the three-wire riser system, and that no circuit shall be connected across the outside wires. The neutral shall in all cases be properly tagged, and shall be run between the outside wires.

CIRCUITS.—The circuits are to be estimated for the operation of 100 volt, 16 c. p., incandescent lamps, each consuming one-half ampere of current.

SYSTEM.—The system of wiring will start from such point in the basement as will be designated by the Architects. Same then to be carried up in a chase in the wall to the upper floor. Sub-mains, or branches, to be taken off at each floor into a cut-off cabinet located

where directed by the Architects. Sub-mains, or branches, to run from said cabinet along the wall surface to respective ceilings, and thence to all outlets or fixtures where marked with the letter "G."

LOSS.—The drop in potential on each main or riser shall not exceed 2 per cent at full load, and the drop in potential on each sub-main and branches shall not exceed 1 per cent at full load.

WIRE.—In the general system of interior wiring, only such grades of insulated wire can be used as is acceptable to the Board of Fire Underwriters, and a sample of such wire that is to be used to be submitted to the inspection of the Architect for his acceptance. All wire must be braided or taped, and as free from joints and splices as mechanical practicability will permit.

JOINTS AND SPLICES.—All joints and splices in wiring will be of the Western Union twist, thoroughly soldered and wiped free from flux, then covered with at least two layers of rubber tape, such as Clark's joint gum or Grimshaw Akonite or Kirite Compound; upon these at least three layers of approved non-abrasive or fibrous adhesive tape shall be tightly wound and then covered with a heavy coat of P. & B. compound.

CUT-OUT.—The wires on each floor are to be brought to a cut-out cabinet on such floor to be located where directed by the Architects, and connected with mains by a double pole and double jaw switch and cut-out.

Cabinets to be covered with a brass plate $\frac{1}{8}$ -inch thick, with beveled edges, and put in place with four brass, round-headed screws.

SWITCH-BOARD.—A suitable switch-board, to be made of such material as may be selected by the Architects, to be placed in the basement for all main terminals, instruments, meters, etc.

CONCEALED WIRING.—All wiring concealed throughout the entire system, in approved separate and continuous insulating tubing or conduits, or, where directed by the Architect, in double molding (placed as a baseboard or otherwise, as directed) of approved form, all so placed and constructed that all wires may be freely withdrawn or exposed for examination, replacement or repair, at any time during the construction or after the completion of the building. No conduit having an inside diameter less than one-half of an inch to be used, excepting in cases when the use of this size is impracticable, in which case Contractor may use smaller size, provided he receive a written permit from the Architect. All conduits used must be at least one-quarter of an inch larger in diameter inside than the diameter of the wire which it is to receive. At all local centers of distribution service boards of thoroughly seasoned kiln-dried oak, same heavily coated with P. & B. paint, bedded and secured in place, forming a background for all ultimate tubes and circuits for each respective local center. Same shall extend to (rigidly and separately secured at service boards) and beyond, to the proper cut-out connections.

Throughout the system, all joints of insulating tubing must be made by reaming the ends of tubes to fit the metal sleeves rigidly and with ends abutting squarely. The ends must be painted with P. & B. paint, and the metal sleeves then placed and properly secured by means of coupling, both while still wet, with P. & B. paint.

Cover the sleeves with a coat of the above paint, then cover the same by a layer of fibrous, non-abrasive, adhesive taps, and finish with a final coat of the above designated paint.

In running the angular conduits, only standard tee and elbow tubes designated for such purposes, or flexible conduit tubing, can be used.

Where tubes run parallel with floor, that is, crossing iron beams, or metal work of any kind, a continuous support of thoroughly seasoned, well dried pine timber shall run and form bed for all leads, with notched cleats securing each tube in place, and same placed approximately four feet on centers throughout such runs.

ACCESSIBILITY.—On or before the completion of this work, and to the end that each and every wire may be at all times accessible for inspection, repairs or renewals, the Contractor of this work must file with the Architects blue prints or plans showing the location of all circuits, sectional division joinings, intermediates and terminating elbows, moldings, the placing of switches, cut-outs, junction boxes, if any, and terminals at fixtures, outlets with number of lights, this with the size of wires and length of feet of each respective circuit.

To insure the accessibility of each wire, no permanent or "fish" wire must be placed in any conduit or molding until the entire system is completed. Each individual circuit, after completion, is to be tested by a bridge set, and must show a resistance of at least 1,200,000 ohms between each wire and the ground and between each wire.

CERTIFICATE AND GUARANTEE.—All parts of the herein described electrical work will be executed in accordance with the rules and requirements of the Underwriters' International Electric Association, governing the installation of low potential electric lighting and power system, and to be adhered to in full and proper certificate of inspection obtained from the Underwriters' Association of San Francisco, and delivered to the Architects.

Contractor will file with Architects a guarantee to keep work in order for at least two years from date of completion of said work.

The plans of the foregoing floors will show outlines of all gas lines and terminals of all electric circuits, and designate at such outlets and terminals the number of lights required, which will be the minimum in all cases.

The above will be subject to change by Architects before the commencement of the work.

SPECIFICATIONS FOR A LOW-PRESSURE STEAM HEATING PLANT.

METHOD.—The heating system shall be erected according to the Single Pipe System of Steam Heating, the steam to circulate under a pressure of 5 pounds per square inch gauge pressure at the boilers, conveyed to the heating surfaces by a system of piping to be erected as shown on the plans, the water of condensation to be returned to the boilers by gravity alone.

HEATERS.—Erect and place on foundation three 23 H. P. Monarch Sectional Steam Heaters, as manufactured by the George H. Tay Company. Each boiler to have a grate area of 1,500 square inches and guaranteed to carry 2,700 square feet of radiation. Said boilers to be tested to 100 pounds hydraulic pressure.

BOILER SETTING.—Boilers to be erected in battery in sub-basement, where shown on plans. Boilers to be set in brick-work; walls to be 8 inches thick; brick to be hard-burned and laid in courses with break joints, with cement mortar not more than ¼-inch thick Bond courses of headers to be laid every five courses. Boilers shall be provided with fire clean-out and ash-pit doors, of such form and size, and set in such a position, as to make all parts of the boiler accessible. The boilers also to be provided with ornamental cast-iron front.

FIXTURES AND TRIMMINGS.—Each boiler is to be provided with the following fixtures, viz.: One 5-inch brass-bound, low-pressure steam gauge with stopcock and syphon, low-

pressure safety valve with weight, one column fitted with three brass trycocks, one glass water gauge with two guard rods, one automatic damper regulator with connections for operating drafts doors and cold air check, automatic water feed of approved make; also, all necessary blow-off cocks, valves, pipes and fittings necessary to render the connection of all of the above to the boiler complete.

Each boiler also to be provided with a complete set of firing tools, consisting of poker, hoe, tube scraper, etc.

BACKUS LOW WATER ALARM.—Place one Backus Low Water Alarm on each heater, and place in building where directed at least two alarm bells. Electrical connections to these alarms to be made in such a manner that either or all three alarms can be switched into the circuit.

SMOKE PIPE AND SMOKE FLUE.—The heating Contractor shall connect boilers to smoke flue, as shown on drawings; the smoke pipe to be made of No. 16 galvanized iron. The diameter of smoke pipe from each heater to be 12 inches; where it enters the smoke flue to be 18 inches.

CROSS-CONNECTING.—The three heaters to be cross-connected, as show on plans, so that one, two or three heaters may be used, as desired. Each boiler to be connected to main line, as shown on drawings, with a 5-inch pipe, a gate valve to be placed on each. The 4-inch return is to be connected to each heater with a 2½-inch pipe, a gate valve and a swing check valve to be placed on each.

SYSTEM OF PIPING.—System of piping to be the Single Pipe Gravity System, the pipe to run where shown on plans and of the sizes marked. The mains to be graded ½-inch in 10 feet, and to run as close to the ceiling as possible. All fittings used on mains in basement to be long radius fittings. In sub-basement 8-inch main is to be graded from boilers and bled back to boilers, from point where the rise is made to basement ceiling with a 1½-inch bleeder. In the basement it is to be run on an up-grade to the point where 4-inch and 6-inch mains are taken off. At point where 2-inch bleeder is taken off 6-inch main, the main is to be reduced to 4 inches and raised to highest point possible and again graded to end. All riser connections are to be taken off the top of mains.

In the Receiving Hospital quarters, where radiators are placed on basement floor, the risers are to be bled and the radiator connections taken from this bleeder, and the condensation is to be returned as shown on plans.

Place a Gate valve on each branch connection from main, so that each riser can be controlled. Place a Gate valve on 8-inch main and on 4-inch return, so that the entire system can be shut off. Where returns run in basement floor, run-ways will be left in concrete. All piping above basement to be concealed wherever the construction of the building will permit, and run in recesses left in walls. All radiator connections are to be concealed wherever possible. Connections to radiator valves to be one size larger than valve.

The heating Contractor to be careful that all expansion is well taken care of, and use expansion joints wherever necessary.

It is desired to wash the cells with live steam. In order to accomplish this, run a 2-inch main direct to the attic, and run the pipe so that two 1½-inch connections can be placed in each section of cells, where the Architects may direct. Place on the end of each connection one 1½-inch Gate valve with hose connection. This pipe is not to be covered. Where the 2-inch main leaves boiler, place a Gate valve for the control of the system.

When all risers and mains are roughed in, the same shall be tested to a hydraulic pressure of 100 pounds to the square inch, in the presence of the Architects.

RADIATION.—Radiators are to be of the sizes marked and located where shown on plans;

the pattern to be used is the Italian flue pattern, as manufactured by the American Radiator Company, of Chicago.

The following rooms are to be heated by direct radiation of the following amounts; height of radiators set opposite each window:

First Floor—Height of radiators, 32 inches.

Office of Chief of Police, 1 Radiator, 9 Sections, $51\frac{3}{4}$ sq. ft.

Office of Chief of Detectives, 1 Radiator, 6 Sections, $34\frac{1}{2}$ sq. ft.

Office of General Detectives, 1 Radiator, 8 Sections, 46 sq. ft.

Property Room, 4 Radiators, 7 Sections, each 161 sq. ft.

Corridor, 1 Radiator, 6 Sections, $34\frac{1}{2}$ sq. ft.

Corridor, 1 Radiator, 4 Sections, 23 sq. ft.

Waiting Room, 1 Radiator, 10 Sections, $57\frac{1}{2}$ sq. ft.

Police Commission, 2 Radiators, 7 Sections, $80\frac{1}{2}$ sq. ft.

Lobby, 1 Radiator, 3 Sections, $17\frac{1}{4}$ sq. ft.

Chief's Private Office, 1 Radiator, 4 Sections, 23 sq. ft.

Grand Hall, 2 Radiators 17 Sections each

1 Radiator, 5 Sections, $264\frac{1}{2}$ sq. ft.

Second Floor—Height of radiators, 26 inches.

Judges, No. 1, 1 Radiator, 8 Sections, 36 sq. ft.

Witness, No. 1, 1 Radiator, 6 Sections, 27 sq. ft.

Prosecuting Attorney, No. 1, 1 Radiator, 8 Sections, 36 sq. ft.

Prosecuting Attorney, No- 2, 1 Radiator, 8 Sections 36 sq. ft.

Jury, No. 2. 1 Radiator, 6 Sections, 27 sq. ft.

Judges, No. 2, 1 Radiator, 8 Sections, 36 sq. ft.

Judges, No. 3, 1 Radiator, 8 Sections, 36 sq. ft.

Jury, 1 Radiator, 6 Sections, 27 sq. ft.

Prosecuting Attorney, No. 3, 1 Radiator, 5 Sections, $22\frac{1}{2}$ sq. ft.

Prosecuting Attorney, No. 4, 1 Radiator, 8 Sections, 36 sq. ft.

Judge's Chambers, No. 4, 1 Radiator, 10 Sections, 45 sq. ft.

Corridor, 1 Radiator, 5 Sections, $22\frac{1}{2}$ ft.

Grand Hall, 2 Radiators, 17 Sections each

1 Radiator, 12 Sections, 207 sq. ft.

Jury, 1 Radiator, 5 Sections, $22\frac{1}{2}$ sq. ft.

Third Floor—Height of Radiators, 26 inches.

Judge's Chambers, No. 1, 1 Radiator, 8 Sections, 36 sq. ft.

Jury Room, No. 1, 1 Radiator, 6 Sections, 27 sq. ft.

District Attorney, Room No. 1, 1 Radiator, 8 Sections, 36 sq. ft.

District Attorney, Private, 1 Radiator, 8 Sections, 36 sq. ft.

Jury Room, No. 2, 1 Radiator, 6 Sections, 27 sq. ft.

Judge's Chambers, No. 2, 1 Radiator, 8 Sections, 36 sq. ft.

Judge's Chambers, 1 Radiator, 8 Sections, 36 sq. ft.

Jury, 1 Radiator, 6 Sections, 27 sq. ft.

Witness, 1 Radiator, 5 Sections, $22\frac{1}{2}$ square feet.

Jury, 1 Radiator, 8 Sections, 36 sq. ft.

Judge's Chambers, No. 4, 1 Radiator, 10 Sections, 45 sq. ft.

Corridor, 1 Radiator, 5 Sections, $22\frac{1}{2}$ sq. ft.

Grand Hall, 3 Radiators, 12 Sections, each 162 sq. ft.

Jury, 1 Radiator, 5 Sections, 22½ sq. ft.

Fourth Floor—Height of Radiators, 38 inches.

Main Room, 2 Radiators, 7 Sections each, 98 sq. ft.

Room, 1 Radiator, 5 Sections, 35 sq. ft.

The following rooms are to be heated by Direct-Indirect radiation of the following amounts; height of radiators set opposite each window:

First Floor—Height of Radiators, 33½ inches.

Clerk's Office,	2 Radiators, 12 Sections each.
	1 Radiator, 18 Sections, 24½ sq. ft.
Receiving Hospital,	3 Radiators, 7 Sections, 120¼ sq. ft.
Physician's Office,	1 Radiator, 4 Sections, 23 sq. ft.
Dormitory,	1 Radiator, 4 Sections, 23 sq. ft.
Dormitory,	1 Radiator, 4 Sections, 23 sq. ft.
Dormitory,	1 Radiator, 4 Sections, 23 sq. ft.
Dormitory,	1 Radiator, 4 Sections, 23 sq. ft.
License Col. Office,	1 Radiator, 13 Sections, 74¾ sq. ft.
Receiving Hospital,	2 Radiators, 7 Sections each, 80½ sq. ft.
Criminal Dept.,	2 Radiators, 13 Sections each, 149½ sq. ft.

Second Floor—Height of Radiators, 27½ inches.

Police Court No. 1,	3 Radiators, 19 Sections each, 256½ sq. ft.
Clerk Police Court,	2 Radiators, 9 Sections each, 108 sq. ft.
Police Court No. 2,	3 Radiators, 19 Sections each, 256½ sq. ft.
Police Court No. 3,	3 Radiators, 19 Sections each, 256½ sq. ft.
Police Court No. 4,	2 Radiators, 16 Sections each
	2 Radiators, 19 Sections each, 315 sq. ft.

Fourth Floor—Height of Radiators, 39½ inches.

Cell No. 1,	3 Radiators, 12 Sections each, 252 sq. ft.
Cell No. 2,	2 Radiators, 9 Sections each, 126 sq. ft.
Cell No. 3,	2 Radiators, 9 Sections each, 126 sq. ft.
Cell No. 4,	3 Radiators, 12 Sections each, 252 sq. ft.
Cell No. 5,	3 Radiators, 12 Sections each, 252 sq. ft.
Cell No. 6,	3 Radiators, 12 Sections each, 262 sq. ft.
Cell No. 7,	2 Radiators, 6 Sections each, 84 sq. ft.
Cell No. 8,	2 Radiators, 6 Sections each, 84 sq. ft.
Corridor,	1 Radiator, 6 Sections each, 42 sq. ft.
Main Room,	2 Radiators, 12 Sections each.
Two Radiators,	6 Sections each, 252 sq. ft.
Basement—Direct Radiation.	Height of Radiators 26 inches.
Corridor,	1 Radiator, 10 Sections, 45 sq. ft.
Direct-Indirect Radiation—Height of Radiators,	27½ inches.
Room No. 1,	1 Radiator, 10 Sections, 45 sq. ft.
Room No. 2,	1 Radiator, 9 Sections, 40½ sq. ft.
Room No. 3,	1 Radiator, 10 Sections, 45 sq. ft.
Room No. 4,	1 Radiator, 10 Sections, 45 sq. ft.
Room No. 5,	1 Radiator, 7 Sections, 21 sq. ft.

WALL BOXES.—Each Direct-Indirect Radiator is to be provided with a wall box, as manufactured by the American Radiator Company. These boxes are to be furnished to the Mason

Contractor, and to be placed in position by the same contractor. These boxes are to be connected to their respective radiators by No. 24 galvanized iron boxes.

RADIATOR VALVES AND AIR VALVES.—Radiator Valves are to be Jenkins' Disc, full nickel plate, rough body, finished trimmings and wood handle. The valves will be either Angle or Corner Valves, as the case may require, in order to conceal the connections.

Air Valves are to be Van Anken Automatic Air Valves.

PIPE COVERING.—All flow and return pipes in sub-basement and all main steam pipe and riser connections in basement are to be covered with Alumnia Sectional Covering, as manufactured by the De Solla Deussing Company of San Francisco, Cal. All exposed risers are to be covered with the same material.

PAINTING AND BRONZING.—All radiators are to be bronzed or painted in colors as the Architects may select. All pipe covering in sub-basement and basement to be given two coats of boiled linseed oil and white lead, tinted as the Architect may select. All exposed iron work to be given two coats of black Japan varnish. The covering on exposed risers is to be painted to match finish of room.

SIZES OF VALVES FOR RADIATORS.—Radiators having 24 square feet and under, 1 inch. Above 24, but not exceeding 60 sq. ft., 1½ inch. Above 60 sq. ft., 1½ inch.

GATE VALVES.—All valves used on flow and return pipes to be Gate valves, of approved pattern. All valves 2½ inches and over to be of iron body, with brass trimmings; and valves 2 inches and under to be of best steam metal.

The above rule also applies to swing check valves. All valves 4 inches and over to be flanged.

HANGERS.—All flow and return pipes shall be supported by chain adjustable pipe hangers, securely fastened to "I" beams, with I beam clutches as near 10 feet apart as possible, and so constructed as to permit free expansion and contraction of piping.

FLOOR AND CEILING PLATES.—Wherever pipes pass through floors or ceilings, nickel-plated floor or ceiling plates shall be used. Where pipes pass near wood work the same shall be finished to comply with the ordinance of the Fire Wardens of the City and County of San Francisco.

MATERIAL AND WORKMANSHIP.—All materials used on this work to be the best of their respective kinds and none but skilled workmen to be employed. It is the intention of these specifications to include all materials and labor necessary to the installation of this plant, and any materials not specifically mentioned, but requisite to the installation of this plant, are to be furnished by Heating Contractor without extra charge.

ROOF COVERING.

MATERIALS.—The entire roof of both buildings to be covered with the Pacific Refining and Roofing Company's best saturated Stringed Roofing Felt five thicknesses or plies to weigh not less than seventy-five pounds to the square of roof.

Pacific Refining and Roofing Company's Pitch or Roofing Composition to be distilled to a temperature of not less than 575 F., and not less than 125 pounds to be used to the square.

Gravel of small and even size, none larger than will pass over a No. 6 screen, to be clean and dry. Counter flashings for edges, walls and openings to be No. 24 galvanized iron.

MANNER OF APPLYING.—One ply of the felt to be laid over the prepared bed singly, with edges lapped; then three ply laid shingle fashion, with a coating of pitch between the

laps; then the fifth ply, or cap sheet to be cemented to the others solid with hot pitch. All this pitch to be spread with large mops made of cotton yarn.

All edges, walls, and openings to be secured with galvanized iron strips or flashings; the felt to run up walls or around openings at least 6 inches, flashings of iron to cover the same and counter flashings put on and cemented into walls.

After the cement has been laid and secured in the above manner the whole surface is to be flooded with a heavy coating of the hot pitch, spread evenly with large mops, and the gravel applied while the pitch is in a liquid state, so as to secure perfect adhesion and a perfect covering.

TINNING.—All portions of the building where marked "tin," as galleries, balconies, decks at base of lantern tiros, roof of open gallery at top of tower proper, etc., to be covered with best brand of Menlo tin, well dipped. Same to be laid well and turned up perfectly for all flashings, etc. All well soldered and secured in most perfect manner to complete satisfaction of Architects. All to be painted on under side one coat, and on upper face three good coats of Metallic Paint.

TILING.—Place in the main vestibule on the platform where marked on plans tiling at the cost of one dollar per foot. All well set in solid bed of concrete and in the most perfect manner. The tiling to be selected by the Architects.

MORGUE.—It is to be understood when the entire frame and interior of the Morgue building is removed, that these specifications refer as directly to the Morgue building as the Main building in each and every item, and in considering the plans of same they must be taken as a part of the principal structure as far as these specifications are concerned. The roof, floors, partitions, steel work, finish glass, stairs, brickwork, etc., are all of same character as in main structure.

The entire front of the Morgue building, except cast-iron pilasters, first story, etc., to be put up in copper 18 ounce, in form as shown on elevations and plans, all well secured to frame in perfect manner. The first story pilasters to be of cast iron, of half-inch metal, and put up in the best manner.

The entire outside of all exterior brick work of Morgue to be cemented a good coat of cement mortar $\frac{3}{4}$ inch thick from top to bottom, together with fire walls, etc., the same.

PAINTING.—All the tinning throughout to receive two good coats of Prince's Metallic Paint on outside and one coat of same on underside.

All the exterior wood work, such as window frames and mouldings, and all galvanized iron work, as also all cast-iron pilasters of Morgue throughout the entire buildings, to receive three good coats of Pioneer white lead and pure linseed oil paint, free from all adulteration and of exact color of the terra-cotta work of the main building. The entire woodwork of inside as well as the vestibule, which is of oak, to be well filled with best wood filler on coat of shellac, and then to receive two good coats of Tamm's and Nolan's Rubbing Varnish, all well rubbed down to a good polish. All the nail holes to be well puttied with colored putty so as to make a perfect job throughout.

The painting of iron work, steel work, jail, etc., is found under the respective heads.

STAIRS.—All the inside stair-cases throughout the building to be of cast-iron of style and dimensions as shown. The metal to be not less than $\frac{3}{8}$ inches thick.

The treads and risers to fit snugly into the side strings, which will be of same thickness metal, with brackets on sides to receive the steps in perfect. The treads to have corrugated top with moulded nosing, etc., complete. The rail of the stair for the prisoners' staircase to

be 2-inch gas pipe with standards as shown, well secured to string, all to have the necessary tees, elbows, etc., as particularly shown on sections.

The staircase for prisoners to have open risers, plain nosing with bottom angle flange as shown. The morgue staircase and the stair for the hospital, also the staircase to sub-basement, to be built in the same manner as the prisoners' staircase.

Stairs to tower from the jail floor:—The second run of steps in the main vestibule, the staircase in Washington street entrance, as also the main staircase in grand hall, to be made with solid risers and corrugated treads, moulded nosing set in moulded stringer on each side. The rail of main hall staircase to be ornamental cast-iron polished and then electroplated two pounds to the foot. All as shown on the drawings or sections. The rail for Washington street steps to be of 1½-inch brass set upon brass brackets well secured to side walls, all as shown.

GRILL WORK.—The grill work around elevators in main hall to be as shown and of wrought-iron neatly polished and electroplated two pounds to the foot in best possible manner. The columns at the corners of the elevator grill work to be finished in polish brass.

INTERIOR FIRE PROOFING.—Floors: All the floors of that portion of the basement immediately over the sub-basement; also the floors of the 1st story, 2nd story, 3rd story, 4th story of the Municipal building; also the 5th and 6th story floors of the main tower of same; also the several floors of the Morgue building, together with the ceilings of all the stories throughout the above mentioned building, shall be of the suspension system built by the San Francisco Fire Proofing Company, according to the plans herewith accompanying these specifications. The said system to consist of suspended straps of steel expanded metal throughout the entire floor areas at bottom of floor slab, and that material of balance of construction be of cinder concrete.

The basement floor, the Morgue floors, the 1st story, 2d story, and 3rd story floors of Municipal building, as well as the 5th and 6th story floors of the main tower, to be designed to carry a safe load of 150 lbs. to the square foot (with a factor of safety of four), and the 4th story or jail floor to be designed to carry a safe load of 225 lbs. per square foot with the same factor of safety.

When the several floors are finished to the top line of the upper flange of all girders, there will be spiked into concrete 1¾-inch wood strips, spaced two feet apart, said strips to be well set and leveled. Between these strips when spiked the fire-proofing contractor will lay a strip of filling mixture, composed of one part of cement to ten parts of cinders.

The wooden floor strips above mentioned are called for under another heading. The composition of all concrete material which composes the fire-proof floors throughout the buildings is as follows: One part of Alsen's or Josson's brand of Cement, two parts of clean sharp North Beach sand, and four parts of clean cinders, free from all grit and well soaked with clear water before being mixed and manipulated, as directed by the Architects during progress of work.

The floors to be placed with greatest care, all centering to be set and securely braced. The floor of the jail not having strips of wood, the concrete filling to be spread evenly over the entire area to the thickness of 1 inch above top of the beam. When said surface, after being well tamped, will receive the asphalt top, as called for under other heading.

Ceilings: Under all floors throughout forming ceiling for stories immediately below and on under side of all roof rafters and purlins forming ceiling for jail floor, a flat ceiling shall be furnished, composed of 1x1½-inch angles, spaced 16 inches on centers, to which the

metal lath shall be securely wired the same to be suspended by hangers from the concrete and metal floor in the manner shown on the plans, all ceilings to be furnished, ready in every respect, for the plaster.

PARTITIONS—The corridor partitions only in the first story, and all the partitions of all other stories throughout shall be composed of 4-inch built steel channels of 1-inch angles at each side, tied together with lattice straps irons. Said channels spaced 14 inches apart and lathed on both sides with expanded lath. The intermediate partitions between the offices in the first story shall be built of $\frac{3}{4}$ -inch channels, viz.; Iron studs spaced 14 inch centers and lathed on one side with expanded metal lath. Care to be taken that the studs are set perfectly plumb and true to line and securely bolted and fastened at the top and bottom. The junction of walls, girder sides, partitions, etc., with ceiling throughout, except basement story, Morgue, and jail floor, to be made with large cove form so as to prevent sharp corners in any of these bases.

The lath, a sample of which is to be found in the Architect's office, to be firmly wired to the studs with No. 18 annealed lacing wire, each sheet of metal being wired at least four times to each stud with ends of sheets properly lapped and laced together.

The entire surface of all outer walls of buildings to be furred with same character of expanded metal lath called for in partitions, the same to be secured to brick walls by steel thimbles which will allow an air space of at least $\frac{1}{2}$ -inch between lath and masonry or steel work, all put up in as substantial a manner as partitions.

Column and Plaster Covering—All interior columns and all wall columns, not otherwise protected, shall be wrapped with expanded metal lath placed on steel fonnns where necessary, the same to conform to the finished sizes required by the plans. The lath in all cases to stand slightly free from contact with steel columns. All steel floor beams and false beams in hallway projecting below the ceiling shall be enclosed with expanded metal lath, placed on moulded fonnns 16 inches apart, where necessary, and made to form with the shades required on the plans. All the work throughout shall be first-class in every particular, and guaranteed to meet all the requirements specified.

The angles of purlins of roofs to have set in same 3x4 Oregon pine, as shown on drawing. Nailed to said 3x4 there will be surfaced $1\frac{1}{4}$ -inch by 6-inch tongued and grooved Oregon pine boards, well driven together and most thoroughly nailed to the said boarding to form all gutters, etc., throughout. The above will form bed for the roof covering, as called for in other section. The lantern on top of tower to be also boarded with same character of boarding, where deemed necessary to form a bed for the galvanized iron finish of which the lantern is formed.

The clock is not to be included in this contract.

BOND.

Know all men by these presents, that we, John C. Bateman and Michael C. Bateman, composing the firm of Bateman Brothers, as principals, and the Pacific Surety Company, a corporation, organized under the laws of the State of California as surety, are held and firmly bound unto the City and County of San Francisco in the just and full sum of sixty-three thousand six hundred and fifty (\$63,650.00) dollars, lawful money of the United States of America, for the payment whereof well and truly to be made, said John C. Bateman and Michael C. Bateman, composing the firm of Bateman Brothers, hereby bind themselves,

their heirs, executors and administrators, and said Pacific Surety Company binds itself, its successors and representatives, jointly and severally, firmly by these presents.

In witness whereof said principals have hereunto affixed their seal and signatures, and said Pacific Surety Company has caused its corporate seal to be hereunto affixed, and the same to be attested by the signatures of its President and Secretary this seventh day of December, A. D. 1896.

The condition of the foregoing obligation is such, that whereas the above bounden John C. Bateman and Michael C. Bateman, composing the firm of Bateman Brothers, have entered into a contract, of even date herewith, with the City and County of San Francisco, to furnish all the material and perform all work for constructing and completing two municipal buildings in said city and county, for the sum of two hundred and fifty-four thousand, six hundred (\$254,600) dollars, as will more fully appear from said contract hereto annexed, reference to which is hereby made.

Now, therefore, if the above bounden John C. Bateman and Michael C. Bateman, composing the firm of Bateman Brothers, shall well and truly perform, or cause to be performed, every and all requirements of said contract, as in said contract set forth, then this obligation to be null and void, otherwise to remain in full force and effect.

JOHN C. BATEMAN,
MICHAEL C. BATEMAN,

[SEAL.]
Pacific Surety Company.

Composing the firm of Bateman Brothers,
PACIFIC SURETY COMPANY,
WALLACE EVERSON, President.
A. P. REDDING, Secretary.

STATE OF CALIFORNIA }
CITY AND COUNTY OF SAN FRANCISCO, } ss.

On the seventh day of December, 1896, before me, personally appeared Wallace Everson, President of the Pacific Surety Company, with whom I am personally acquainted, who being by me duly sworn, said that he resided in the City of Oakland, County of Alameda, State of California, that he was the President of the Pacific Surety Company of California; that he knew the corporate seal of said company; that the seal affixed to the within instrument was such corporate seal; that it was affixed by the order of the Board of Directors of said company; that he signed said instrument as President of said company by like authority; that said company had a paid up capital of not less than one hundred thousand dollars; and that the liabilities of the company do not exceed its assets as ascertained in the manner provided in Section one thousand and fifty-six (1056) Code of Civil Procedure; and the said Wallace Everson further said that he was acquainted with A. P. Redding and knows him to be the Secretary of said company; that the signature of the said A. P. Redding subscribed to the said instrument was in the genuine handwriting of the said A. P. Redding, and was thereto subscribed by the like order of said Board of Directors and in the presence of him, the said Wallace Everson.

Subscribed and sworn to before me on the day and year first above written.

WALLACE EVERSON.

On December 7, 1896, on motion of Supervisor Benjamin, the Grand Lodge of Free and

MUNICIPAL BUILDING ON OLD CITY HALL SITE. - 333

Accepted Masons were, in conjunction with His Honor, the Mayor, and the members of the Board, invited to lay the corner stone of the Hall of Justice Building, as per a resolution of the Board, of which the following is a copy; to wit:

RESOLUTION No. 15,495 (THIRD SERIES).

Resolved, That the Grand Lodge of the Masons of the State of California be and is hereby invited to act in conjunction with His Honor the Mayor and the members of the Board of Supervisors of the City and County of San Francisco in the laying of the corner stone of the Hall of Justice, to take place on the 19th day of December, 1896, at 2 o'clock P. M.

In Board of Supervisors, San Francisco, December 7, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

A communication accepting the invitation was received, signed by the Grand Secretary of the Grand Lodge, to wit:

COMMUNICATION FROM THE GRAND LODGE F. & A. M.

GRAND LODGE F. AND A. M. OF CALIFORNIA,
OFFICE OF THE GRAND SECRETARY, MASONIC TEMPLE,
SAN FRANCISCO, December 8, 1896.

Jno. A. Russell, Esq., Clerk of the Board of Supervisors

Of the City and County of San Francisco—

DEAR SIR: Yours of the 7th inst., being an invitation from the Board of Supervisors of the City and County of San Francisco to the Grand Lodge F. and A. M. of California to lay the corner-stone of the Hall of Justice on Saturday, the 19th inst., is at hand, and I am directed by the Grand Master to say that the invitation is accepted and that the Grand Lodge and the various uniformed Masonic bodies of this city and Oakland have been notified to assemble at the Masonic Temple, corner of Post and Montgomery street, at 1 o'clock P. M. on that date.

I would be glad to consult with the committee having the matter in charge, or some member thereof, at as early a date as possible, with reference to details. With all respect and every feeling of regard, I am,
Yours very truly,

GEO. JOINSON, Grand Secretary.

The Committee on Municipal Buildings on December 14, 1896, presented a report in reference to the laying of the Corner Stone, of which the following is a copy:

REPORT OF COMMITTEE ON MUNICIPAL BUILDING.

To the Honorable the Board of Supervisors

Of the City and County of San Francisco—

GENTLEMEN: Your Committee on Municipal Building would respectfully report:

That the Grand Lodge of F. and A. M. of the State of California has accepted the invitation of your Honorable Board and will lay the corner stone of the Hall of Justice Build-

334 MUNICIPAL BUILDING ON OLD CITY HALL SITE.

ing on Saturday afternoon, the 19th inst., at 2 o'clock, and for that purpose the Masonic bodies will convene on the afternoon of that day at the Masonic Temple, on Post and Montgomery street, at 1 o'clock, to proceed to the site of the Hall of Justice Building, on Kearny street between Merchant and Washington streets.

Your committee report in favor of inviting the heads of departments and all City and County officers, also the Mayor and Supervisors-elect, to be present on that occasion, and to meet at the Masonic Temple at 1 o'clock on the afternoon of Saturday next, where carriages will be in waiting for their conveyance.

The box to be placed in the corner stone will contain papers, public documents and newspapers, and such other matters of interest as will be contributed by our citizens commemorative of San Francisco as of to-day.

C. E. BENJAMIN,
A. B. SPRECKELS,
JOS. KING,
E. L. WAGNER.

At the above meeting the Board of Supervisors provided for inviting the City and County officers and the Mayor and Supervisors-elect to participate in the ceremonies of laying the corner stone of the Hall of Justice Building, as shown by resolution of the Board as follows:

RESOLUTION No. 15,520 (THIRD SERIES.)

RESOLVED, That all City and County officers and heads of departments of the City Government, also the Mayor and Supervisors-elect, be and they are hereby cordially invited to attend the ceremony of laying of the corner stone of the Hall of Justice Building on Kearny street, between Washington and Merchant streets, by the Grand Lodge of F. & A. M. of the State of California, on the afternoon of Saturday, the 19th inst., at 2 o'clock, and for that purpose to assemble at the Masonic Temple, on Post and Montgomery streets, at 1 o'clock P. M. of that day, where carriages will be in waiting for their conveyance.

Further resolved, That the Committee on Municipal Buildings be and is hereby instructed to procure carriages for invited guests, and authority is hereby conferred upon said committee to incur such expense as may be required to obtain any articles that may be deemed desirable to deposit in the corner stone.

In Board of Supervisors, San Francisco, December 14, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimon, Hughes, Dunker, Morgenstern, Spreckels, Hobbs, Wagner.

Absent—Supervisor Taylor.

JNO. A. RUSSELL, Clerk.

On December 14, 1896, the Board, by resolution approved the bond of Bateman Brothers for the construction of the Municipal Buildings; to-wit:

RESOLUTION No. 15,521 (THIRD SERIES).

RESOLVED, That the bond of Bateman Brothers, in the sum of sixty-three thousand and six hundred and fifty (\$63,650) dollars, for the erection of the new Municipal Building

on the Old City Hall site and on the site of the present Morgue on Dunbar alley, with the Pacific Surety Company of California as surety thereon, be and the same is hereby approved by this Board.

In Board of Supervisors, San Francisco, December 14, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Morgenstern, Spreckels, Hobbs, Wagner.

Absent—Supervisor Taylor.

JNO. A. RUSSELL, Clerk.

The following is a list of articles placed in the box in the corner stone of the Hall of Justice Building, to wit:

SWEEPING AND CLEANING STREETS.

The sweeping and cleaning of the public streets was performed from November 1, 1895, to November 30, 1896, under specifications formulated by the Merchants' Association and approved by the Board of Supervisors. As shown in the Appendix to the Municipal Reports of 1894-95, the contract was awarded to the City Street Improvement Company at 49% cents per thousand square yards, the work being performed by that company up to July 1, 1896, under their contract, and subsequent thereto, up to and including November 30, 1896, by authority of the Board, as expressed by Resolution No. 14,686 (Third Series), to wit:

RESOLUTION No. 14,686 (THIRD SERIES).

RESOLVED, That the City Street Improvement Company, the present contractors for the sweeping, cleaning and keeping clean the public streets, be and is hereby requested to continue the performance of said work on and from July 1, 1896, under the terms and conditions of its present contract, and in conformity with the specifications thereof, until such time as this Board awards a contract for the performance of said work.

In Board of Supervisors, San Francisco, June 29, 1896.

Adopted by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

The amounts allowed and ordered paid for this service from November 1, 1895, to November 30, 1896, were as follows:

MONTHS.	AMOUNT.	MONTHS.	AMOUNT.
November.....	\$10,299 57	Brought forward	\$68,368 28
December.....	8,946 85	June.....	8,990 39
January	7,876 25	July.....	11,710 02
February	11,107 81	August	11,003 72
March	9,589 62	September.....	10,554 74
April	9,702 72	October.....	10,637 22
May	10,845 46	November.....	8,599 52
Carried forward.....	\$68,368 28	Total.....	\$129,863 89

The specifications as originally prepared by the Merchants' Association provided for sweeping, cleaning and sprinkling the public streets, but as the proposition of sprinkling met with opposition the specifications were revised so as to leave sprinkling to be paid for by the merchants and property owners who desired that boon.

The sprinkling, therefore, under the present, as in the past, specifications, was simply to lay the dust, etc., and prevent it from being distributed on the sidewalks and in the stores during sweeping.

The Committee on Streets, on October 12, 1896, reported in favor of the adoption of the specifications submitted, and of directing the Clerk to advertise for proposals, to wit

RESOLUTION 3No. 15,094 (THIRD SERIES).

RESOLVED, That the revised specifications for the sweeping and cleaning of the public streets, which were prepared by the Merchants' Association and filed in the office of the Clerk on September 26, 1896, be and are hereby approved and adopted by this Board.

And the Clerk is hereby directed to advertise for proposals for the sweeping and cleaning of the public streets for a period of two years from December 1, 1896, in accordance with the said specifications.

In Board of Supervisors, San Francisco, October 12, 1896.

Adopted by the following vote :

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hugnes, Dunker, Morgenstern, Hobbs, Wagner. 7

Absent—Supervisors Taylor, Spreckels.

JNO. A. RUSSELL, Clerk.

In accordance with the directions of the Board, as expressed in the foregoing resolution, the following notice was published as required by law, inviting sealed proposals for the performance of the work, as follows :

PROPOSALS FOR SWEEPING AND CLEANING THE PUBLIC STREETS.

OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS OF THE }
CITY AND COUNTY OF SAN FRANCISCO, October 20, 1896. }

In accordance with Resolution No. 15,094 (Third Series) of the Board of Supervisors, sealed proposals will be received in open session of the Board on Monday afternoon, November 2, 1896, from 2:30 to 3 o'clock, for sweeping and cleaning the public streets for a period of two (2) years from December 1, 1896, in accordance with the revised specifications prepared by the Merchants' Association and filed September 26, 1896, in the office of the Clerk of the Board of Supervisors, and adopted and approved October 12, 1896, by Resolution No. 15,094 (Third Series), copies of which can be had on application at this office.

The bidders will be required to deposit with the Clerk of the Board of Supervisors a certified check drawn to the order of said Clerk, to be approved by said Clerk, upon some bank in the City and County of San Francisco, in the sum of \$10,000 gold coin; conditioned, if the proposal is accepted and the contract awarded, and if the bidders shall fail or neglect to execute a written contract therefor, and give the bond of \$25,000 required within six days after the award is made, or fail to commence the work when directed by the Superintendent of Streets, then and in that case the said check in the sum of \$10,000 shall be collected and

SWEEPING AND CLEANING STREETS.

paid into the City and County Treasury by said Clerk as liquidated damages for such failure and neglect.

Eight hours to constitute a day's work for men employed on the work.

Blank proposals furnished by the Clerk.

NOTICE.—Bidders will estimate and state a price for one thousand square yards in measurement of streets, alleys and portions thereof swept and cleaned by hand and machine labor, it being understood and provided that all the work that is done on streets designated in the schedule of streets as of the first class shall be charged and paid for at an increase of twenty-five per cent over and above the price bid.

The Board reserves the right to reject all bids if the public good so require; also, that the party or parties to whom the contract is awarded will be required, prior to or at the time of the execution of the contract, to pay the cost of advertising this notice in three daily newspapers; also, that the further right is reserved by the Board to terminate the contract at any time, if the party or parties to whom the same shall be awarded shall not perform the work to the entire satisfaction of the Superintendent of Public Streets and the Board.

JNO. A. RUSSELL, Clerk.

On November 2, 1896, the following proposals were received in open session of the Board, read and referred to the Committee on Streets:

John Tuttle.....	48½	cents per 1,000 square yards
California Construction Company.....	40	cents per 1,000 square yards
City Street Improvement Company.....	39 9-10	cents per 1,000 square yards

On November 9, 1896, the Committee on Streets reported in favor of awarding the contract to the City Street Improvement Company, and introduced a Resolution to that effect, which was passed for printing, finally passed on November 16, 1896, and approved by His Honor Mayor Sutro on November 20, 1896, of which the following is a copy, to wit:

(GENERAL AWARD OF CONTRACT.

RESOLUTION No. 15,286 (THIRD SERIES).

RESOLVED, That the contract for sweeping and cleaning the public streets for a period of two years from December 1, 1896, in strict accordance with specifications and the advertisements calling for proposals,

Be, and the same is hereby awarded to City Street Improvement Company; provided that the sureties on its bond (which is hereby fixed at \$25,000) are satisfactory to the Committee on Streets, Wharves, etc., of this Board, who are hereby authorized to enter into said contract, it being the lowest responsible bidder therefor, at the following price, viz.:

For sweeping and cleaning the streets, per 1,000 square yards.....39 9-10 cents

In Board of Supervisors, San Francisco, November 16, 1896.

After having been published five successive days, according to law, taken up and passed by the following vote:

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor Morgenstern, Spreckels, Wagner.

Absent—Supervisor Hobbs.

JNO. A. RUSSELL, Clerk.

Approved, San Francisco, November 20, 1896.

ADOLPH SUTRO,

Mayor and ex-officio President of the Board of Supervisors.

The contract was executed on November 24, 1896, by the City Street Improvement Company, by J. W. McDonald, President, and a bond given in the sum of \$25,000, with A. Walrath and James H. O'Brien as sureties.

The following is a copy of the specifications, containing the conditions under which the public streets are to be swept and kept clean for two years from December 1, 1896, to wit :

SWEEPING AND CLEANING STREETS.

GENERAL CONDITIONS.

The work to be done consists of sweeping, cleaning and keeping clean the paved streets and alleys of San Francisco, and those streets that may hereafter be paved, all in the manner as hereinafter provided.

The sweeping, cleaning and keeping clean of said streets are to be performed under the direction and to the satisfaction of the Superintendent of Public Streets and the Committee on Streets of the Board of Supervisors, or any other authorities that may hereafter be delegated, through change of the municipal law, to have power and supervision over such work.

The purpose of these specifications is to secure clean, wholesome streets. The work is to be done principally by hand labor, and, except as hereinafter specified, by permission of the Superintendent of Streets, where the grade of streets and nature of pavement permit by good and efficient machines, supplemented by hand labor, so that no dirt shall be left upon the streets.

HAND LABOR

Must be done between the hours of 6 A. M. and 5 P. M., except in those sections where it is inconvenient to work during business hours. In such sections the work must be done at such hours during nighttime or daytime as may be designated by the Superintendent of Streets.

MACHINE LABOR

Must be done between the hours of 6 P. M. and 5 A. M., except where special permission is given by the Superintendent of Streets and the Street Committee of the Board of Supervisors to sweep by machines in certain parts of the city during the daytime.

Machine labor shall not be used on streets of the first class.

In those portions of the city where machine work is permitted, the work must be designated on continuous and adjacent streets. All separate blocks or crossings not connected with one or more blocks shall be swept by hand labor where and when required.

SCHEDULES.

Schedules of streets to be swept, and crosswalks and sidewalks to be cleaned, are hereby annexed and made part of these specifications.

Any streets not included in this schedule shall be rated and classified according to the similar streets in the same or adjacent sections.

Where it is specified that the streets or parts of streets shall be swept so many times per month or week, it must be understood that they shall be swept at the regular intervals designated by the schedule.

CHANGES IN SCHEDULE.

Changes may be made by the Superintendent of Streets in the classifications above referred to, subject to the approval of the Board of Supervisors, except in streets and alleys designated in the sweeping schedule as of the first class; such streets and alleys of the first class shall not be subject to reduction except through inclement or rainy weather, or other acts of Providence. When on streets designated in the sweeping schedule as of classes 2 to 7, both inclusive, changes are made, which are an advance from one class to a higher class

which means an increase or repetition of the sweepings, then the compensation for each sweeping shall remain as bid.

Should the changes reduce the sweepings and cleanings of the streets and alleys, either from shortage of funds or from any other reason than inclement and rainy weather and other acts of Providence, and by such reduction cause such streets and alleys as are designated in classes 2 to 7, inclusive, to be reduced from the original schedule, then, and until said streets are changed again to their original class, the compensation shall be as follows:

When the reduction is from one of said classes to the one next below it, the additional compensation shall be 20 per cent. on the total amount, as computed by the multiplication of the number of square yards swept by the contract price, as for example:

When reduced from 2nd to 3d class..... 20 per cent additional

When reduced from 2nd to 4th class 40 per cent additional

When reduced from 2nd to 5th class..... 60 per cent additional

When reduced from 2nd to 6th class..... 80 per cent additional

When reduced from 2nd to 7th class..... 100 per cent additional

and all other and intermediate reductions in like proportion.

And in case of such reduction of the schedule and in order to more fully justify the penalty for same, the contractor shall be required to leave the streets, alleys, or portions thereof, as clean after each sweeping as they would have been had said schedule not been reduced.

And when the proper authorities conclude to make such reduction, the Superintendent of Streets shall notify the contractor, in writing, at least seven (7) days previous to the day on which such reduction shall go into effect, such notice to specify the exact changes to be made, enumerating the streets or portions of same which are to be changed, and the number of sweepings which each street, portion or portions thereof, are thereafter to receive.

ROUTES.

The contractor shall each day, before 2 p. m., submit to the Superintendent of Streets, for his approval, the routes proposed to be cleaned according to the schedules on the following day. Said routes shall be considered as approved by the Superintendent of Streets if not objected to, in writing, by 5 o'clock p. m. of the day on which submitted. Streets of the first and second classes, being designated for daily cleaning, are exempt from the foregoing requirement of daily submission to the Superintendent of Streets for his approval.

PREVENTION OF DUST WHILE SWEEPING.

Sweeping by hand labor on streets designated in the schedule as of the first class, shall be preceded by sufficient sprinkling by a watering cart or hand sprinkling, so that no dust arises from or during the sweeping.

Sweeping by machine labor shall be preceded by the sprinkling of the entire surface of the roadway by a watering cart, except when rendered impracticable by reason of the grade, and on such streets, or portions thereof, the sprinkling shall be performed in such a manner as may be directed by the proper authorities, so that no dust arises from or during the sweeping.

SWEEPING AND CLEANING STREETS AND ALLEYS OTHER THAN ALL DAY.

CLASSES 2 TO 7, INCLUSIVE.

The entire surface of the roadway of each street, alley, or portion thereof, unless prevented by obstructions, is to be thoroughly swept; the sweepings to be immediately removed from the street, and, if any of the sweepings should be deposited upon the sidewalks, or remain in the gutters or upon the cesspool covers at the corners of the streets, the same shall be taken up and removed at the same time as the rest of the sweepings; and all the work shall be done and performed to the entire satisfaction of the Superintendent of Public Streets.

EXTRA CREW FOR MACHINE GANGS.

The contractor shall be required to furnish and maintain, in addition to the present mode of sweeping by machinery, one crew to each section or division of the machine labor gangs. Each of said crew shall consist of two one-horse carts with drivers, and two sweepers. The duties of such crews shall be to follow immediately after each division of the machine gangs, sweep together and remove such dirt as may have been left by the machine gangs in consequence of uneven pavements or from other causes, within five feet of the curb on each side of the street.

ALL DAY SWEEPING AND CLEANING.

Such streets and alleys and portions thereof designated in the following schedule as of the first class, and such portions of Market street as are designated in the schedule as of the second class, shall be swept and cleaned by hand labor only, in the manner hereinafter provided, and kept clean each and every day between the hours of 6 A. M. and 5 P. M. (Sundays excepted). No dirt, rubbish or manure shall be allowed to remain on said streets or alleys of the first class, or portions thereof, for any period of time whatever, and the contractor shall be required to keep the sidewalks of streets of the first class, where not obstructed, free from papers and other debris, between the hours of 9 A. M. and 5 P. M., except sweepings or rubbish from stores. In order to insure perfectly clean streets, as contemplated by these specifications, the contractor shall be required to keep men actually engaged in sweeping and cleaning such streets and alleys of the first class as follows:

Not less than 14 men between East and Second streets.

Not less than 14 men between Second and Sixth streets.

Not less than 8 men between Sixth and Tenth streets.

One man to each block terminating at right angles on the southerly side of Market street.

Two men on each block on streets situated southerly of and running parallel with Market street.

One man to every three thousand square yards in measurement on all streets swept and cleaned that are situated westerly of Powell street and terminating at Market street from a northerly or northwesterly direction.

On all other streets lying northerly of Market street which are designated as of the first class, the number of men required shall be as follows:

Not less than 2 men on Powell street from Eddy to Post.

Not less than 2 men on Stockton street from Ellis to Sutter.

Not less than 3 men on Grant Avenue from O'Farrell to Bush.

Not less than 6 men on Kearny street from Geary to Pacific.
 Not less than 6 men on Montgomery street from Post to Jackson.
 Not less than 4 men on Sansome street from Sutter to Jackson.
 Not less than 5 men on Battery street from Bush to Jackson.
 Not less than 4 men on Front street from Market to Jackson.
 Not less than 3 men on Davis street from Pine to Jackson.
 Not less than 3 men on Drumm street from California to Jackson.
 Not less than 3 men on California street from Drumm to Kearny.
 Not less than 3 men on Pine street from Davis to Kearny.
 Not less than 2 men on Bush street from Battery to Grant Avenue.
 Not less than 2 men on Sutter street from Sansome to Grant Avenue.
 Not less than 2 men on Post street from Montgomery to Powell.
 Not less than 2 men on Geary street from Kearny to Powell.
 Not less than 1 man on O'Farrell street from Grant Avenue to Powell.
 Not less than 1 man on Ellis street from Stockton to Powell.

It is permitted that the men may assist each other in the adjoining blocks to those apportioned to them, provided, that at no time the number employed in all day work be less than the minimum number fixed as above provided.

When, through accident or for any other unavoidable reason, less than the minimum number shall be at work on all day streets, the contractor shall immediately replace them, and, failing to do so, a pro rata reduction shall be made from the contract rate for such streets, or portions thereof, whenever such shortage occurs.

When, on streets of the first class, where all day labor is provided, work is suspended, during the day on account of rain or for other reasons, the compensation for sweeping shall be at the rate of $\frac{1}{3}$ per hour of the amount that would be allowed per day for such streets, if they had been swept the full time,

STREETS OUT OF REPAIR.

It is provided that no block or crossing of streets, alleys, or portions thereof, shall be swept or cleaned while the pavement of the same is out of repair or in the course of repair, or broken from any cause, to such an extent as to render, in the judgment of the Superintendent of Streets, such cleaning and sweeping impracticable; but, when any portion of such blocks or crossings or portions thereof shall be ordered to be swept and cleaned by the Superintendent of Streets, then the contractor shall receive pay for the sweeping and cleaning of all such blocks or crossings of streets at the rate of the contract price.

OBSTRUCTIONS ON STREETS.

The contractor shall not be required to sweep up or to remove any sand, dirt or rubbish laid upon any streets by railroad companies, corporations, or individuals, in the laying and repairing of streets, tracks, pipes, sewers, or any other work by which sand, dirt or rubbish shall have been deposited upon any streets.

The contractor, in the performance of his work under these specifications, shall each day report, in writing, to the Superintendent of Streets, the presence upon the streets of any piles of sand, dirt, rubbish or materials of any character whatsoever that are there in violation of any of the city ordinances.

SUSPENSION DURING BAD WEATHER.

Whenever, in the judgment of the Superintendent of Streets and the Street Committee of the Board of Supervisors, the sweeping and cleaning of the streets, or any parts thereof, be deemed inexpedient on account of inclement or rainy weather, then the work shall be suspended by the contractors, during such inclement weather, on written notification to that effect.

CROSSWALK AND SIDEWALK CLEANING.

The contractor shall, during such rainy weather, cause to be cleaned and kept clean each day (Sundays excepted), between the hours of seven (7) A. M. and five (5) P. M., such public crosswalks as may be designated by the Schedule for Crosswalks hereunto annexed and made part of these specifications; and also clean and keep clean the sidewalks of such streets as are enumerated in said schedule for sidewalk cleaning, and the contractor shall be compensated for such cleaning of sidewalks and crosswalks as follows:

TEN CENTS—For each single set of crosswalks, consisting of one or more rows of parallel flags of stone, crossing a street at intersections or between corners on streets.

TWELVE AND ONE-HALF CENTS—For each 100 lineal feet of sidewalk computed once for each side of the street. On such days as the cleaning of sidewalks is rendered unnecessary during a portion of the day, owing to the cessation of the rain and the drying of the sidewalks, the compensation for cleaning said sidewalks shall be at the rate of one-eighth per hour of the amount that would be allowed per day for such sidewalks, if they had been swept the full time.

The compensation for cleaning sidewalks, as provided above, shall only apply when such cleaning is done in rainy weather, during which no street cleaning is done; and shall not apply to sidewalk sweeping which is done in connection with street cleaning as provided in line 18, page 340, and for which there shall be no extra compensation.

RECEPTACLES FOR STREET CLEANING.

The contractor shall furnish and maintain in good condition and at his own cost, on streets of the First Class, not less than 450 metal dirt receptacles, as serviceable as those now in use, and also such brooms, scoops and other tools as may be required for the purpose of carrying out his contract. The metal dirt receptacles, or any other additional receptacles that may be provided shall not be used for advertising purposes, but shall bear in a conspicuous position the words, "For Clean Streets," and the name and address only of the contractor.

It is expressly understood that said receptacles shall be provided with suitable covers, and shall not be allowed to remain uncovered on the streets for any length of time whatever.

UNIFORM FOR SWEEPERS.

The contractor shall furnish and maintain, at his own expense, for such sweepers working on streets of the First Class, a neat uniform, consisting of a denim or duck blouse and overalls of a uniform color, and of such character as will not be inconvenient for the men to wear continually in warm weather, together with a suitable helmet to match, said helmet to be provided with a numbered badge. It is distinctly understood that sweepers shall not work on the streets for a longer time than one day without being provided with uniforms,

and they shall not be permitted to lay aside any portion of their uniforms while engaged in sweeping.

CLEANING OF GUTTERS.

The contractor shall furnish one horse, cart and driver, and three laborers, whose duties shall be to clean gutterways and crossings, and to attend to other necessary cleaning between the intervals of regular sweeping and cleaning the streets; and the work of such crew shall be confined to the district specified in the "Schedule for Special Crew" attached to these specifications. The contractor shall, when required by the Superintendent of Streets, furnish one other crew of like size, whose duties shall be the same and whose work shall be confined to the district lying southerly of Market street. The compensation of both crews, while so employed, shall be—

20 cents per hour for each laborer;

40 cents per hour for each horse, cart and driver.

Whenever the accumulation of dirt is such that the three laborers can gather and pile more debris than can be removed by the horse, cart and driver, as above provided, then the contractor shall be required to furnish, instead of said horse, cart and driver, a team of two horses attached to a vehicle of a carrying capacity of not less than 2½ cubic yards in measurement, together with a driver, and the compensation for such two-horse team, vehicle and driver, shall be 50 cents per hour.

HOLIDAY AND SUNDAY CLEANING.

The contractor shall be required by the Superintendent of Streets to furnish not exceeding three laborers to work on holidays and Sundays from 6 to 10 o'clock A. M., at a compensation of 30 cents per hour per man, while so employed.

The work to be done is the cleaning of gutters on the north side of Market street from Larkin to East, or any part thereof, and on such other streets as may be designated by the Superintendent of Streets, and of gathering the waste paper and other rubbish that may have been blown by the winds on the sidewalks along such streets, and depositing such sweepings and waste in the receptacles kept on the streets for that purpose.

REMOVAL OF SWEEPINGS.

All sweepings, dirt and waste gathered must be immediately removed, at the contractor's expense, in suitable carts or wagons, and delivered to such dumps as are designated for that purpose, excepting that where barrels or other receptacles are provided for that purpose, the sweepings and waste may first be deposited in such receptacles, so that, after being swept together, no dirt remains on the street for any length of time whatever.

Such receptacles must be emptied and contents taken to the dumps as often as necessary. And the contractor shall be required to furnish suitable covers for such wagons or carts as are used in removing sweepings from streets between the hours of 6 A. M. and 5 P. M.; such covers to be spread after the vehicle is loaded, so that no dirt shall escape by reason of the blowing of the wind or other causes.

In order to obviate the disagreeable features caused by the emptying of dirt receptacles while on the street, the contractor shall be required to provide suitable vehicles for the removal of such receptacles, so that they will be emptied at the dumping place only, and the contractor shall be required to leave an empty receptacle in the place vacated by the full one that is being hauled away to be emptied.

DUMPS.

The Superintendent of Streets or the Street Committee of the Board of Supervisors shall fix one dumping place, reasonably accessible by the present mode of hauling street sweepings in each of the districts hereinafter described, and any public park or plaza shall be considered accessible to receive the sweepings from any part or from all of the district in which said public park or plaza be situated.

One dumping place in each of the portions of the city bounded as follows:

1st. Beginning at the easterly termination of Channel street, along Channel to Ninth, along Ninth to Market, across Market to Larkin, along Larkin to Sutter, along Sutter to Kearny, along Kearny to Broadway, along Broadway to Battery, along Battery to the Bay, along the Bay line to point of beginning.

2nd. Beginning at the intersection of Ninth and Brannan streets, along Ninth to Market, along Market to Haight, along Haight to Steiner, along Steiner to Market to Castro, along Castro to Twenty-sixth, along Twenty-sixth to Guerrero, along Guerrero to Thirtieth, along Thirtieth to Mission, along Mission to Twenty-sixth, along Twenty-sixth to Potrero avenue, along Potrero avenue to the point of beginning.

3d. Beginning at the intersection of Larkin and Market streets, along Market to Haight, along Haight to Broderick, along Broderick to Geary, along Geary to Central avenue, along Central avenue to Broadway, along Broadway to Larkin, along Larkin to the point of beginning.

4th. Beginning at the intersection of Sutter and Larkin streets, along Sutter to Kearny, along Kearny to the Bay, along the Bay line to Larkin, along Larkin to the point of beginning.

SWEEPINGS FOR GOLDEN GATE PARK.

Whenever the Board of Park Commissioners, through the proper city authorities, requests the contractor to deliver the street sweepings for Golden Gate Park to any point designated by the Park Commissioners, the contractor shall comply; provided, the location selected shall permit of good service in removing and shall be readily accessible for the transportation of the sweepings from the streets; and, provided, that the expense of transportation shall not exceed the cost of transferring said sweepings from the different districts, heretofore described, to the several dumping places in said districts. In case the cost of transportation of said sweepings to the point designated by the Park Commissioners shall exceed the cost of transferring said sweepings from the different districts to the said dumping places in said districts, the contractor shall be compensated by the Park Commissioners for such additional expense, as may be ascertained by fair experiment. Such request of said Board of Park Commissioners shall be made in writing and shall be delivered to the contractor at least ten (10) days before the said service is required.

DIVERSION OF STREET SWEEPINGS.

The contractor shall be liable for the forfeit to the city in the sum of one dollar (\$1 00) for each and every load of street sweepings that is or shall be diverted from the public parks when there required under the specifications. The said amount or amounts so forfeited for non-compliance with the specifications in this respect, to be deducted each month from the bill rendered for the work performed.

GENERAL CONDITIONS.

The contractor shall be required to report, or cause to be reported, in writing, to the office of the Superintendent of Streets by 12 o'clock *m.* daily, the streets and alleys or parts thereof cleaned during the twenty-four hours preceding.

The Superintendent of Streets, or a deputy assigned for that purpose, shall make examination daily of all streets and alleys, or parts thereof, so reported as having been cleaned during the last preceding twenty-four hours, and if the Superintendent of Streets is satisfied with the manner in which such work has been performed, he shall have entered in a book kept for that purpose the names of the streets and alleys, and parts thereof, so accepted, and the number of square yards cleaned.

If, upon examination, the Superintendent of Streets or his deputy shall find that the streets or alleys, or parts thereof directed to be cleaned, and so reported by the contractor as having been cleaned, are not done to his satisfaction and approval, he shall make a statement in writing of such blocks and parts of streets as have not been done to his satisfaction, and deliver the same to the contractor upon the same day; and the contractor shall not be credited with the same or allowed any payment therefor. Should the contractor feel aggrieved by reason of such action of the Superintendent of Streets, he may appeal therefrom to the Committee on Streets of the Board of Supervisors at their next meeting, who, after consideration, may remedy and correct the action of the Superintendent of Streets, and the decision of said committee shall be final and conclusive in the matter when ratified by the Board of Supervisors.

The number of square yards of the streets swept and cleaned during the month shall be made out at the end of each month from the book of record kept by the Superintendent of Streets, and payment made monthly therefor at the rate of the accepted bid.

MANNER OF BIDDING.

Bidders will estimate and state a price per thousand square yards in measurement of the streets, alleys or portions thereof, swept and cleaned by hand and machine labor, it being understood and provided that all the work that is done on streets designated in the schedule of streets as of the First Class shall be charged and paid for at an increase of 25 per cent over and above the price bid.

In order that the entire responsibility may be properly and efficiently concentrated, it is the purpose and intent of these specifications to let the entire work to one contractor, whose bid or bids shall be the best for the city and county.

The word "contractor," as used in these specifications, will be considered in the singular and plural as regards firms or corporations.

It is distinctly specified that eight hours' labor shall constitute a legal day's work, as provided by Section 3,245 of the Political Code.

Each bidder shall be required to deposit with the Clerk of the Board of Supervisors a certified check, drawn to the order of said Clerk upon some bank in the City and County of San Francisco, in the sum of \$10,000 00 U. S. gold coin, conditioned, if the proposal be accepted and the contract awarded, and if the bidder shall fail or neglect to execute a written contract therefor, and give the bond required, which is hereby fixed at \$25,000 00, within six (6) days after the award is made, or fail to commence the work on the execution of the contract, when directed by the Superintendent of Streets, then and in that case the said sum shall be paid into the City and County Treasury by said Clerk as liquidated damages for such failure and neglect.

SWEEPING AND CLEANING STREETS.

DUPONT STREET WIDENING.

Under an Act of the Legislature of March 24, 1876, Dupont street was widened between Market and Bush street, to a uniform width of seventy-four feet. The amount required to pay for the various pieces of property and improvements condemned was to be obtained from the sale of Dupont street bonds, which bonds were to be redeemed during a period of twenty years by the district benefited, by means of a tax fixed each year, by the Board of Supervisors, on the enhanced value of property, as fixed by the Commission appointed and as per their report confirmed by the County Court on December 20, 1876.

The amount of bonds issued was \$1,000,000 in the fiscal year 1876-7, of which \$655,000 have been redeemed, leaving outstanding \$345,000. The bonds draw interest at the rate of seven per cent per annum, and five per cent of the principal is to be redeemed each year.

The amounts levied for this special purpose on each \$100 valuation of property, as fixed by said Commission at \$796,947, have been as follows :

1877-78.....	\$13 00	1887-88.....	\$14 35
1878-79.....	15 00	1888-89.....	14 35
1879-80.....	13 53	1889-90.....	14 35
1880-81.....	13 11	1890-91.....	14 35
1881-82.....	14 50	1891-92.....	14 35
1882-83.....	14 43	1892-93.....	13 91
1883-84.....	12 43	1893-94.....	13 68
1884-85.....	12 43	1894-95.....	13 68
1885-86.....	12 43	1895-96.....	12 63
1886-87.....	35	1896-97.....	10 20

The following is a copy of the Order passed for the fiscal year 1896-97 :

ORDER No. 3015.

TO PROVIDE REVENUE AND PAY INTEREST AND FIVE PER CENT OF THE PRINCIPAL OF THE DUPONT STREET BONDS FOR THE FISCAL YEAR ENDING JUNE 30, 1897.

The People of the City and County of San Francisco do ordain as follows :

SECTION 1. Under and in pursuance of an Act of the Legislature of the State of California, entitled "An Act to Authorize the Widening of Dupont Street in the City and County of San Francisco," approved March 18, 1876, there is hereby levied for the purpose of paying the interest and five per cent of the principal of the Dupont street bonds for the fiscal year ending June 30, 1897, on the enhanced values of the lands within the district described in Section 3 of said Act, between Bush and Market streets, as fixed in the final report of the Board of Dupont Street Commissioners, the sum of ten dollars and twenty cents (§10 20-100) on each one hundred dollars of said enhanced values.

In Board of Supervisors, San Francisco, September 21, 1896.

Adopted by the following vote :

Ayes—Supervisors King, Scully, Benjamin, Hirsch, Dimond, Hughes, Dunker, Taylor, Morgenstern, Spreckels, Hobbs, Wagner.

JNO. A. RUSSELL, Clerk.

The litigation commenced in 1879 in the name of Wm. Lent et al. vs. Tillson, Tax Collector, to enjoin the sale of real estate for delinquent street assessment, and to declare the assessment void, was finally decided by the United States Supreme Court on May 11, 1892 (vide Municipal Reports 1890-91, page 223), and the proceedings and assessment affirmed.

The Tax Collector, as provided by law, proceeded to collect the assessments, but various suits were commenced to restrain the Tax Collector from selling the property of plaintiffs on Dupont street for delinquent assessments against said property for the payment of the principal and interest of the Dupont Street Widening Bonds, setting up that the levies made since 1877 were not made at the time as required by law, also that in the making of the levies the amount required for interest and sinking funds was not separately assessed. These actions have been demurred to and are now pending in the Superior Court.

The amounts delinquent, not including any percentage for delinquency which, in the opinion of the City and County Attorney (vide Appendix Municipal Reports, 1890-91, page 232), could not attach or be collected, aggregating \$451,711.58, are as follows:

DUPONT STREET WIDENING.

1877-79.....	\$591 01	1887-88.....	25,745 51
1878-79..	14,089 50	1888-89.....	25,644 97
1879-80.....	24,183 16	1889-90.....	25,743 62
1880-81.....	23,428 45	1890-91.....	25,745 38
1881-82.....	26,011 42	1891-92.....	25,746 55
1882-83.....	25,887 32	1892-93.....	24,859 57
1883-84.....	22,313 32	1893-94.....	24,448 48
1884-85.....	22,313 31	1894-95.....	31,584 42
1885-86.....	22,313 25	1895-96.....	35,317 86
1886-87.....	25,744 48	Total.....	\$451,711 58

The amount of taxes due on the assessment for the fiscal year 1896-97, in addition, aggregate \$81,289.

The payments under protest up to July 1, 1895, aggregate \$1,021,665 73. These payments were made under the provisions of an Act of the Legislature approved February 27, 1893 (Section 3819 Political Code), which allowed the owners of property assessed to pay the taxes due on the property, when the same become payable, to the Tax Collector, under a written protest, specifying whether the whole or any portion of the assessment was claimed to be void, and giving the owners the right, within six months after such payment, to bring an action against the county in the Superior Court to recover back the taxes so paid under protest. Suits have been brought by the parties paying under protest.

In the case of D. E. Easterbrook, appellant, vs. the City and County, the Supreme Court held that the City and County was not liable and that no recovery could be had of the taxes so paid under protest.

The following is a copy of the decision, to-wit:

ACTION TO RECOVER FROM THE CITY AND COUNTY OF SAN FRANCISCO MONEY PAID UNDER
PROTEST AS TAXES FOR WIDENING DUPONT STREET.

Filed May 1, 1896.

DEPARTMENT ONE.

D. E. Easterbrook, Appellant.
vs.
The City and County of San Francisco, Respondent. } S. F. No. 187.

This is an action brought by the appellant to recover from the respondent money paid under protest for Dupont street taxes, levied under authority of the act of March 23, 1876, entitled "An act to authorize the widening of Dupont street, in the city of San Francisco." Statutes 1875-6, p. 433.

A demurrer was interposed to the complaint by defendant, which was sustained by the Court and, plaintiff declining to amend, judgment was entered in favor of defendant, from which judgment plaintiff appeals. The cause comes up on the judgment roll, and the sufficiency of the complaint constitutes the sole question for consideration.

The action is prosecuted under Section 3,819 of the Political Code, adopted February 27, 1893 which is in part as follows:

"At any time after the duplicate assessment book has been received by the tax collector, and the taxes have become payable, the owner of any property assessed therein, who may claim that the assessment is void in whole or in part, may pay the same to the tax collector under protest, which protest shall be in writing, and shall specify whether the whole assessment is claimed to be void, or, if that part only, what portion, and in either case the grounds upon which such claim is founded; and when so paid under protest the payment shall in no case be regarded as a voluntary payment, and such owner may at any time within six months after such payment bring an action against the county in the Superior Court to recover back the tax so paid under protest," etc.

The residue of the section provides that if a judgment be recovered against the county in such a case, and a portion of the tax has been paid over to the State treasury, the treasurer shall be allowed therefor and the amount so paid over deducted in the next settlement of the county treasurer with the controller, as provided in Section 3,871 of the Political Code.

Plaintiff filed a written protest averring that the entire tax was void, and within six months after paying the tax brought this action to recover the tax so paid from the city and county.

The question in the Court below seems to have turned not upon the validity of the tax, but upon the liability of the defendant, if the invalidity be conceded.

The statute under which the tax was levied provided for the widening of Dupont street (now Grant avenue) in the city and county of San Francisco.

The act provided that the value of the land taken for the widening of the street and the damages to improvements thereon, or adjacent thereto, injured thereby, and all expenses whatsoever incident to the widening of said street, shall be held to be the cost of widening the street, and shall be assessed upon a described and limited district adjacent to the street to be benefited by such widening.

The mayor of the city and county of San Francisco, the auditor and county surveyor of said city and county and their successors in office were constituted a "board of Dupont street commissioners," with power, among other things, to determine the damages sustained by the several owners on account of property taken and damaged. Also to determine the benefits to be derived by the several lot owners within the district described in the statute, by reason of the improvement, "relatively to the benefits accruing to other lots of land within the said designated district."

The expenses were to be met by issuing twenty-year coupon interest bearing bonds of the city and county of San Francisco—interest, seven per cent. per annum, etc.—to be designated as the "Dupont street bonds," to be delivered to the persons in whose favor damages were awarded, or upon their refusal to accept such bonds they were to be sold and cash payments made to the persons so damaged.

The liability of the city and county was guarded against by Section 22 of the act as follows:

"The completion of the work described in this act shall be deemed an absolute acceptance by the owners of all lands affected by this act, and by their successors in interest, of the lien created by this act, upon the several lots so affected, and it shall operate as an absolute waiver of all claim in the future upon the city and county of San Francisco for any part of the debt created by the bonds authorized to be issued by this act, and their successors in interest. This shall be regarded as a contract between said owners and the holders of said bonds and said city and county, and this provision shall be stated on the face of the bonds."

These bonds and the accruing interest thereon were to be met by the levy of an annual tax upon the lands in the designated district, to be adjusted and distributed according to the enhanced values of the respective parcels of land as fixed by the commissioners.

The taxes when collected were to be paid over to the treasurer of the city and county, and to "constitute a part of the 'Dupont Street Fund,' and to be paid out by said treasurer only in pay-

DUPONT STREET WIDENING.

ment of the coupons attached to said bonds, as the same from time to time become due," and the sums collected to meet the principal were to be received, treated and paid out in like manner.

From these brief references to the statute it is apparent:

1. That what is termed the tax is a special assessment levied for a specific purpose upon a designated district, to be collected in proportion to benefits.
2. That when collected it is placed in a special fund, and can only be used in payment of the principal and interest of the bonds provided for in the statute.
3. That the city and county is not liable for the payment of the bonds, and has no control over the specific fund raised for their liquidation.

Under these circumstances we do not see that the city and county can be held liable in this action.

The case is, we think, brought within the spirit of the rule enunciated by the United States Circuit Court in *Liebman vs. San Francisco*, 11 Sawyer, 147, and in *Elberg vs. San Luis Obispo County*, decided by Department Two of this Court August 3, 1895 (Pac. Reporter, Vol. 41, p. 475), and *Pacific Mutual Life Ins. Co. vs. San Diego County*, decided August 21, 1895 (Pac. Reporter, Vol. 41, p. 423).

A rehearing was granted in the last two cases above mentioned,*and after mature consideration by the Court in Bank the conclusion reached by the Department has been approved.

We recommend that the judgment appealed from be affirmed.

SEARLS, C.

We concur:

BRITT, C.,

BELCHER, C.

For the reasons given in the foregoing opinion the judgment appealed from is affirmed.

GAROUTTE, J.,

VAN FLEET, J

HARRISON, J.

FINANCIAL CONDITION

OF THE CITY AND COUNTY OF SAN FRANCISCO ON THE FIRST
DAY OF OCTOBER, 1896.
